FOREWORD

1. This training document is developed under the authority of the Chief of Naval Staff (C Naval) Commander Royal Canadian Navy (CRCN) through its Training Authority (TA), Naval Personnel and Training Group (NPTG) and in accordance with the following references:

   a) A-P9-050-000 Series, Canadian Forces Manual of Individual Training and Education (CFITES);

   b) A-PD-055-002/PP-001 MOSID 00207, Job Based Specification (JBS) for MARS Officer dated 14 December 2012;

   c) A-PD-055-003/PQ-001 Occupational Specialty Specification (OSS) AIUA Coastal Operations Officer dated 2 October 2003.

2. This QSP consists of specific Performance Objectives (POs) in Chapter 2 and Lesson Specifications and Enabling Objectives (EOs) in Chapter 4. A trainee will achieve the qualification when the standards listed in the POs have been met.

3. This QSP is effective upon approval and supersedes previous versions.

4. Suggestions for amendments to this QSP may be initiated by anyone and shall be forwarded in writing to the CCA for approval.

5. The designated CCA(s) for this training is indicated below:

CCA	Phase / Module	MITE Course ID	NQual

CHAPTER 1: TRAINING MANAGEMENT DETAILS

AUTHORIZATION FOR THIS CHAPTER AND AMENDMENTS MUST BE GRANTED BY COMMANDER, NAVAL PERSONEL AND TRAINING GROUP (CNPTG)

AIM

1. The aim of the Coastal Operations Course is to provide selected MARS Officers with the skills and professional knowledge required to conduct the duties and responsibilities of an Operations Officer on board a Minor Warship or within an NRD or Operations Centre. This QSP is designed to assist training establishments in developing, conducting, evaluating and validating the training.

2. Structure:

a. **COPS Module I** is intended primarily for Reserve Force Officers. This module provides them with the planning and organizational skills needed to coordinate unit level activities (PO 001). The training objectives are structured to reflect the knowledge base requirements of an Operations/Training Officer.

b. **COPS Modules II and III** are tailored to meet the training requirements of a Minor Warship Operations Officer. The course is comprised of two Performance Objectives:

(1) PO 002 – Direct C4ISR; and

(2) PO 003 – Direct Ship's Operations.

COURSE DURATION

3. Course duration is calculated in accordance with NPTORD 4500-60 – RCN Course Scheduling. For this course, a period of instruction is 50 minutes in duration.

	Periods
Actual Training Time (ATT) (Sum of all EOs/POs excluding PC/ECs)	58
Enabling Checks (ECs)	8
Performance Checks (PCs)	4
Base Administrative Time (BAT)	0
Training Travel Time (TTT)	0.0
Sub-total	70 10 **trg days**
Training Administrative Time (TAT) / Physical Training (PT) * **min of 2-3 PT periods per week IAW MARGEN 009-09** * **partial periods must be rounded up / no part periods for TAT/PT**	10.0
Course Duration Calculation (ATT+PCs/ECs+BAT+TTT+TAT/PT) **7 periods** * **Partial days must be rounded up**	20 **trg days**

RESOURCES

4. Key personnel and facilities required to conduct the training. Additional training establishment resources are listed in Annex H.

COURSE CAPACITY

5. Planning for the conduct of training is based on the RCN Production Books following guidelines in NPTORD 4500-60 – RCN Course Scheduling:

COPS I

a. Maximum – 12;

b. Minimum – 4; and

c. Optimum – 8.

COPS II and III

a. Maximum – 8 (based on simulator and support staff resources);

b. Minimum – 4; and

c. Optimum – 6.

MITE

6. Loading. The authority to load members onto this course lies with the Career management authority NAVRES. Coastal Formations, Ships with candidates NTPG is to be included as an INFO addressee on all loading messages.

7. Scheduling. Each session of this course shall be scheduled in MITE by the Training Establishment conducting the training IAW NPTORDs 4500-60 RCN Personnel Production and Scheduling and 4500-77 RCN Course Scheduling. The course length in MITE is to be based on the course duration. Course sessions may be scheduled during training system holidays.

8. Prerequisites. To be selected for this course the loading authority must ensure that trainees have the following prerequisites:

COPS I

a. Hold the rank of Lieutenant (Navy) or above;

b. Basic/Naval Operations Course (BOC/NOC) qualified or BWK post 2014; and

c. Preferably be Maritime Warfare Basic course qualified (MWBC);

COPS II and III

a. Completed Module I (Reserve Force) or D-Level qualified (Regular Force);

b. Selected/identified to be posted as an OPSO on board a Minor warship;

c. Canadian Force Maritime Warfare Basic course qualified;

d. Minimum of six months sea time; and

e. Be recommended by their Commanding Officer.

9. Qualification. Successful completion of this course constitutes the primary means of attaining the 00207 MARS COPS Qualification (Competency Code: AIUA). Additionally, the following MITE Course IDs will be granted:

a. COPS Module I - MITE 115705;

b. COPS Module II - MITE 115706; and

c. COPS Module III - MITE 115707.

COURSE REPORTING

10. Upon passing this course, trainees shall receive a Course Report (CF 377) and/or Certificate of Military Achievement (CF 289) completed IAW CMP Instruction 01/06 - Course Reporting and Certificates and DAOD 5031-9 - Course Reporting and Certificates. Students shall not receive a rank or grade on their Course Report which shall only include Basic Assessment and Narrative Description IAW NPTORD 4500-65 - Course Reporting and Certificates.

EVALUATION

11. Program evaluation shall be conducted IAW the guidance provided in A-P9-050-000 CFITES Vol. 11 - Evaluation and Validation Techniques and NPTORD 4500-66 - Course Evaluations. Programme evaluation will be conducted by the School TDO in conjunction with the Standards representative and the Course Director.

12. Students shall be evaluated IAW the evaluation matrix included at Annex K.

VALIDATION

13. This training will be validated every five years IAW A-P9-050-000 CFITES Vol. 8 - Validation of Instructional Programs and NPTORD 4500-70 - Naval Performance Improvement based on the task list in Annex B.

PRIOR LEARNING ASSESSMENT AND RECOGNITION (PLAR)

14. PLARs shall be conducted in accordance with

    a. NPTORD 4500-28 – PLAR,

    b. DAOD 5031-1 – Canadian Forces Military Equivalencies Program; and

    c. A-P9-050-000 – CFITES Vol 12

SPECIAL INSTRUCTIONS

15. The course is separated in the following manner:

    a. COPS I (CFFSQ): PO 001; and

    b. COPS II and II (Coast): PO 002 and PO 003.

CHAPTER 2: PERFORMANCE OBJECTIVES

AUTHORIZATION FOR THIS CHAPTER AND AMENDMENTS MUST BE GRANTED BY CFFSQ COMMANDANT

PO 001 Coordinate Unit Level Training and Operations

1. Performance. Coordinate Unit Level Training Exercises and Operations

2. Conditions.

   a. Given:

      (1) Doctrinal, procedural, technical, legal and regulatory references;

      (2) Classified and unclassified IT/IS Support;

      (3) Message drafting program;

      (4) Assistance from trained departmental personnel and external SMEs; and

      (5) Command Supervision and Direction.

   b. Denied: N/A

   c. Environmental:

      (1) Operations conducted alongside within an NRD;

      (2) 24/7 operations;

      (3) Operating tempo varies from benign to intense;

      (4) Operating environment varies from benign to high-stress (including combat) while subject to fatigue;

      (5) Operating within a low threat environment

3. Standard. The Operations Officer shall coordinate unit level training and operations, IAW refs, by:

   a. Coordinating NRD training and operational readiness to include:

      (1) Individual trade training;

      (2) Refresher training serials;

      (3) Collective training requirements;

      (4) Technical and material readiness requirements;

      (5) Small boat capabilities and PIDT operations;

      (6) Support for Domestic Operations (Contingency/Routine).

   b. Developing Courses of Action (COAs) in support of Command utilizing the Operational Planning Process (OPP) by:

      (1) Conducting the Initiation Phase (OPP Stage 1) to include:

         (a) Receiving the task (Initiating Directive or Warning Order); and

         (b) Defining the Mission by correctly interpreting the Commander's intent;

         (c) Conducting an initial assessment including a time appreciation for planning process and battle rhythm;

(d) Gathering the tools and information needed to conduct mission analysis and upcoming briefings;

(e) Identify threats (Risk Management);

(f) Implement Commander's Initial Guidance; and

(g) Generate Warning Orders to Subordinate/Supporting Formations as required.

(2) Orienting the Situation (OPP Stage 2) to include:

(a) Extracting mission relevant information from references;

(b) Review the Situation;

(c) Review and identify the Critical Facts and Assumptions;

(d) Identify Constraints/Restraints;

(e) Identify and determine the Centre of Gravity (COG);

(f) Outline Tasks that are assigned/implied;

(g) Identify Commander's objectives/End State/Criteria for Success;

(h) Identify the Command and Control structure required for the mission;

(i) Identify and assess risk; and

(j) Develop a proposed timeline/scheme of maneuver.

(3) Developing COAs (OPP Stage 3) to include:

(a) Review Commander's Planning Guidance;

(b) Conduct a detailed Staff Analysis of key factors;

(c) Develop Enemy Forces Course of Action;

(d) Develop Own Forces Course of Action;

(e) Conduct a comparison of own COAs and adversary COAs;

(f) Conduct a COA viability test to confirm that it is:

i. Suitable;

ii. Feasible;

iii. Acceptable;

iv. Exclusive; and

v. Complete.

(g) Present an Information Brief;

(h) Validate the Courses of Action selected by Command;

(i) Conduct COA Decision Brief; and

(j) Prepare and issues the Commander's CONOP.

(4) Developing the Plan (OPP Stage 4/5) to include:

(a) Generating a CONOP;

(b) Conduct periodic plan review revision;

(c) Selecting appropriate annexes; and

(d) Submitting OP O for review, and ensuring it :

i. Is correctly formatted;

ii. Accurately interprets:

- Situation;
- Mission;
- Execution
- Service Support; and
- Command and Signals.

iii. Accurately reflects Command Direction; and

iv. Accomplishes the mission in a logical sequence.

(5) Presenting a Mission Brief IAW the standard briefing structure using all critical information from the OP O following SMESC format to include:

(a) Clear Situation definition;

(b) Clear Mission statement;

(c) Execution which is:

i. Logical;

ii. Sequential; and

iii. Capable of meeting mission objectives;

(d) Comprehensive Service and support requirements;

(e) Command and signals (must identify the proper chain of command);

(f) Clear and logical communications plan;

(g) Correctly interprets the Commanders intent; and

(h) Structured and delivered in a professional manner.

PO 002 Direct C4ISR

1. Performance. Direct Command, Control, Computers, Communications, Intelligence, Surveillance and Reconnaissance (C4ISR)

2. Conditions.

   a. Given:

      (1) A minor warship;

      (2) Command Direction; and

      (3) References.

   b. Denied: N/A

3. Environmental:

      (1) all maritime conditions within a domestic or continental theatre of operations ; and

      (2) possibility of operating during periods of intense activity.

4. Standard. The Operations Officer shall direct C4ISR operations on board a KIN Class vessel in support of Command by:

   a. Coordinating C4 by:

      (1) Enforcing Command and Control (C2) concepts;

      (2) Coordinating tactical employment of sensors and communication equipment;

      (3) Employing C4 principles to manage the collections, display and recording of information; and

      (4) Processing and drafting operation correspondence.

   b. Directing Communications by:

      (1) Using internal/external communications IAW EMCON;

      (2) Supervising communication Anti-Jam procedures;

      (3) Directing use of internal/external communications;

      (4) Coordinating communication plan;

      (5) Supervising communications operations;

      (6) Coordinate communication resources; and

      (7) Directing employment of networks.

   c. Directing Intelligence Surveillance and Reconnaissance (ISR) by:

      (1) Directing Evidence Gathering team

      (2) Directing Intelligence Collections team

      (3) Generating request for surveillance information and support; and

      (4) Utilizing the Surveillance/reconnaissance process.

d. Directing Operations Room Activities by:

(1) Executing an EMCON Plan;

(2) Coordinating Battle Rhythm; and

(3) Monitoring operational state boards

PO 003 Direct Ship's Operations

1. Performance. Direct operations within a multi-threat environment.

2. Conditions.

   a. Given:

      (1) A minor warship;

      (2) Shore simulator;

      (3) Command Direction;

      (4) Scenario; and

      (5) References.

   b. Denied: Assistance

   c. Environmental:

      (1) all maritime conditions within a domestic or continental theatre of operations;

      (2) possibility of operating during periods of intense operations activity; or

      (3) ashore simulated training exercise.

3. Standard. The candidate shall direct ship's operations IAW references to include:

   a. Conduct Tactical Level Planning to include:

      (1) Correlate and interpret direction from Command;

      (2) Time and Space Appreciation;

      (3) Battle Procedure;

      (4) COA Development;

      (5) Decision Making (plan development);

      (6) Brief a mission plan in the SMESC format; and

      (7) Execution.

   b. Employ ROE IAW Use of Force principles in CAF operations to include:

      (1) Applying International law pertaining to Naval Operations;

      (2) Recognizing of Coastal nations claims and Canada's position; and

      (3) Briefing Command.

   c. Direct Force Protection:

      (1) Apply Force Protection Concepts (National Threat Levels and FP States);

      (2) Direct Alongside Force Protection Organisation;

      (3) Direct Underway Force Protection Organisation; and

      (4) Direct Escort Operations

   d. Direct Maritime Interdiction Operations and ALEA:

(1) Direct Naval Boarding and LEDET Operations;

(2) Direct Counter Drug Operations; and

(3) Direct Maritime Security Operations.

e. Direct the Manoeuvering of the Ship:

(1) Supervise Tactical Signals for Fleet Manoeuvring; and

(2) Code for unplanned encounter at sea.

f. Direct Surface Warfare Requirements:

(1) Plan and coordinate a BASIC and an ADVANCED SURFIREX;

(2) Demonstrate knowledge of KIN Class weapons systems capabilities and limitations; and

(3) Demonstrate an advanced knowledge of weapons systems and capabilities on IRO and HFX Class.

g. Direct Multi-Threat Operations:

(1) Demonstrate knowledge of AsuW in fleet operations;

(2) Demonstrate knowledge of asymmetrical threats within a maritime environment;

(3) Building the Recognized Maritime Picture (RMP);

(4) Maximizing early warning;

(5) Defining the threat axis;

(6) Direct weapons and sensor systems;

(7) Direct Bridge Warning Organization;

(8) Direct C2; and

(9) Direct operations procedures and tactics in countering FAC/FIAC.

h. Direct SAR Operations:

(1) Coordinate SAR Operations;

(2) National SAR organization;

(3) Division of responsibilities (RCC/OSC);

(4) Government vessels and aircraft available for SAR;

(5) Search planning;

(6) SAR communications and vessel traffic accounting;

(7) Response to Mass casualties;

(8) Refugees'

(9) SAR Reports;

(10) Submarine SAR procedures; and

(11) Direct Ship's SAR Organization

j. Direct Air Operations:

(1) Fixed and Rotary Wing Aircraft capabilities and employment;

(2) Shipboard Helicopter Operating procedures (SHOPS);

(3) Air control definitions; and

(4) Air related messages.

k. Direct Mine Warfare:

(1) Demonstrate knowledge of Mine Warfare concepts;

(2) Demonstrate knowledge of mine threats;

(3) Coordinate Mine Warfare Self Protective Measures; and

(4) Conduct lead through operations.

CHAPTER 3: ASSESSMENT OF TRAINEE

AUTHORIZATION FOR THIS CHAPTER AND AMENDMENTS MUST BE GRANTED BY CFFSQ COMMANDANT

GENERAL

1. All Performance Checks (PCs) are based on Performance Objectives (POs) in Chapter 2 of this QSP and the standard listed must be met to achieve this qualification. PCs will be administered in the form of PRACTICAL examinations and the trainee must obtain a pass in all POs to successfully complete this course. The Assessment Plan can be found at Annex K.

ENABLING AND PERFORMANCE CHECKS

Enabling Checks (ECs). ECs are formative tests that help the trainee and the instructors recognize progress or gaps in learning, so that confirmation or corrective action (such as additional practice or remedial instruction) can be provided. They also reinforce learning, so that it will be better retained for longer periods. Formative tests are designed to give feedback to both the instructor(s) and trainees. Each EO must have at least one EC. Marks for ECs are not calculated in the trainee's final mark.

Performance Checks (PCs). PCs are summative tests used to determine if the trainee has met the standard under the conditions (where possible) of the PO and hence can do the job. Supplemental PCs are administered upon failure of a PC and must be in the same format and have the same standard as the original PC.

RESPONSIBILITY FOR TESTING

Assessment of trainees is to be done IAW CFITES Vol. 7 – Evaluation

Standards provide quality control by designing, administering and scoring all Performance Checks. Any PC not administered or invigilated by standards staff will be administered by a non-involved instructor designated by the senior instructor. Enabling Checks are the responsibility of the Instructional Staff.

PROGRESS MONITORING

Monitoring learning is the responsibility of all instructional and standards staff and instructional supervisors. Monitoring, including unsatisfactory progress, is done IAW CFITES Vol 6 - Conduct of Instruction Programmes and TE SOs or SOPs.

Continuous monitoring of candidate progress is required on this course in order to provide the following:

a. Early warning of trainee difficulties;

b. Feedback on the effectiveness of training;

c. Information for the TRB or PRB (if required); and

d. Information to assist in completion of the CF 377 Course Report.

Trainees experiencing difficulty in any area of performance are to be counselled with regard to the nature of their shortcomings and suggested corrective action IAW Training Establishment SOs or SOPs.

PC failures and supplemental PC failures are to be handled IAW Training Establishment SOs or SOPs. Supplemental ECs and PCs shall not be given prior to 24 hours having elapsed since trainee was informed of their EC or PC failure.

TRAINING REVIEW BOARD

TRBs shall be convened and conducted IAW with NPTORD 4500-5 – Training Review Board Process.

COURSE REPORTS

Course reports (CF 377) shall be prepared and distributed IAW CFAO 26-12, NPTORD 4500-65 and applicable Training Establishment directives.

Trainee will be graded pass or fail IAW NPTORD 4500-65 Course Reporting and Certificates, students will not be ranked.

Where necessary for Rank Qualifications, the narrative will indicate trainee's strengths and weaknesses based on PC results to provide information to the Career Manager.

Training limitations and/or incomplete training must also be included in the course report.

Record of trainee counselling is to be maintained by the training establishment.

Material and Facilities Instructions

1. Trainer / Classroom.

Arrangements and Procedures

EC 001.01 will be a written assessment based on content from EO 001.01.

Pass / Fail or Pass mark will be 80%.

Time required: 1 x 50 min period(s).

References will be provided.

PART II – WRITTEN ASSESSMENT INSTRUCTIONS GIVEN TO TRAINEE

1. EC 001.01 will be a written assessment based on content from EO 001.01.

Ensure your desk is clear of material except for the test booklet and / or equipment necessary for this exam.

Do not open the booklet until you are told to do so.

Write your name on the answer sheet and all scrap paper. Ensure all scrap paper is attached to the appropriate answer sheet.

Work carefully. Do not spend too much time trying to answer question(s) with which you have difficulty. Continue the assessment then come back to the problem question(s).

Read each question carefully, and all responses fully, before answering the question.

If you have any questions during this assessment, raise your hand.

References will be provided.

Pass / Fail or Pass mark is 80%.

You will have 1 x 50 min period(s) to complete this assessment.

Do you have any questions before you start?

Teaching Points (TP)	Description	Instructional Method	Reference	Time
Stage 1 - Initiation TP2. Commander's Initial Planning Guidance (CPG)	Direction and guidance provided to activate the planning process and make an initial assessment regarding the mission. This may also include a determination as to how the OPP will be abbreviated if necessary, an initial time allocation for planning, and a recce.	Interactive Lecture Exercise planning	CFJP 3.0 CFJP 5.0 CFJP 5.1 AJP 5	50 min
Stage 2 - Orientation TP3. Staff Analysis (Mission Analysis)	Identify the factors and the derived deductions relevant to the operations being planned. Mission analysis is cognitive and can be initiated with a brainstorming exercise between the commander and key staff. This analysis has two objectives; a) to determine the nature of the problem; and b) confirm the results to be achieved.	Interactive Lecture Exercise planning	CFJP 3.0 CFJP 5.0 CFJP 5.1	50 min
TP4. Situation review and Higher Level Direction.	This stage is used to allow the student the means to identify the boundaries of the problem. It is the first look at determining and identifying the environmental, political, and geographic factors of the problem.	Interactive Lecture Exercise planning	CFJP 3.0 CFJP 5.0 CFJP 5.1	50 min
TP5. Analysis of critical factors in planning.	In this analysis process, the following factors must be considered: a. Critical facts and assumptions; b. Constraints and restraints; c. Key Strengths and weaknesses (Own and Enemy); d. Tasks (Assigned/Implied) e. Objectives; f. End State; g. Force Capabilities and Groupings; h. Command and Control Structure required; i. Assess Risk; and j. Proposed Timeline.	Interactive Lecture Exercise planning	CFJP 3.0 CFJP 5.0 CFJP 5.1	50 min
TP6. Mission Statement	The Mission statement must achieve the end state and answer these questions related to the operations: a. Who (what type of forces) will execute the action? b. What type of action is contemplated? c. When will the action commence? d. Where will the action? e. Why (for what purpose) will each force conduct its part of the operation?	Interactive Lecture Exercise planning	CFJP 3.0 CFJP 5.0 CFJP 5.1	50 min

Teaching Points (TP)	Description	Instructional Method	Reference	Time
TP7. Mission Analysis Brief	The Mission Analysis brief summarizes the directives, decisions, initial concerns, and describes the mission perceived by the commander. Its purpose is to integrate the mission analysis and to solicit any additional guidance from the Commander.	Interactive Lecture Exercise planning	CFJP 3.0 CFJP 5.0 CFJP 5.1 – (Annex C Ch. 5)	50 min
Stage 3 – COA Development TP8. Commander's Planning Guidance review	COA development begins with a review of the Commander's Planning Guidance.	Interactive Lecture Exercise planning		50 min
TP9. Enemy COAs	Synthesize all of the accumulated intelligence and information available to derive COA's that are realistically open and viable to the opposing force/element. Once these courses have been defined, determine the advantages and disadvantages to the enemy for each course to deduce the most likely and most dangerous enemy course(s).	Interactive Lecture Exercise planning	CFJP 3.0 CFJP 5.0 CFJP 5.1	50 min
TP10. Own COAs	Follow a process that considers advantages and disadvantages relative to the accomplishment of the aim and the degree of risk involved.	Interactive Lecture Exercise planning	CFJP 3.0 CFJP 5.0 CFJP 5.1	50 min
TP11. COA Info Brief	Commander briefed on all aspects of OPP covered in order to provide further guidance and direction.	Interactive Lecture Exercise planning	CFJP 3.0 CFJP 5.0 CFJP 5.1	50 min
TP12. COA Validation	Consider additional planning guidance from Command and refine COA's as necessary. This process includes a viability assessment of the COA's selected to achieve the Commander's intent. This validation process may include a decision or synchronization matrix to compare the suitability of each COA briefed to Command.	Interactive Lecture Exercise planning	CFJP 3.0 CFJP 5.0 CFJP 5.1	50 min
TP13. COA Decision Brief	This is a formal briefing developed and presented following a logical sequence so that the Commander's choice for the best COA is clearly articulated.	Interactive Lecture Exercise planning	CFJP 3.0 CFJP 5.0 CFJP 5.1 (Annex D)	50 min

(1) Standards and requirements

(2) Movements;

(3) Medical:

(4) Personnel Replacement; and

(5) Holding and Finance.

f. Clearly identifying Command and Signals to include:

(1) Command construct; and

(2) Signals and Communications.

g. Situating the planning process to the environment the student is operating within;

h. Generating a CONOP to include:

(1) Selecting appropriate annexes; and

(2) Submitting OP O for review ensuring it :

(a) Is correctly formatted;

(b) Accurately interprets:

i. Situation;

ii. Mission;

iii. Execution;

iv. Service Support; and

v. Command and Signals.

(c) Accurately reflects Command Direction; and

(d) Accomplishes mission in a logical sequence.

i. Conduct Mission Brief.

4. Time Required.

a. EO – 8 x 50 min period

b. EC – 1 x 50 min period

c. PC – 1 x 50 min period.

10. Teaching Points.

Teaching Points (TP)	Description	Instructional Method	Reference	Time
Stage 4/5 – Plan Development TP1. CONOP Development	Translating the COA selected by Command into a Concept of Operations CONOP. The CONOP is usually a brief statement, later incorporated into the OP O, FRAGO, or OPLAN, which provides a clear and concise statement on the line of action chosen by the Commander in order to accomplish the mission.	Interactive lecture Exercise planning	CFJP 3.0 CFJP 5.0 CFJP 5.1	100 min
TP2. Plan Development (Mission Brief)	This phase is used to prepare the plan and its distribution. This portion of the plan includes the development of the actual conduct of the operation, identifying/resolving issues or shortfalls, and preparation of the Mission Brief conducted in the SMESC format.	Interactive lecture Exercise planning	CFJP 3.0 CFJP 5.0 CFJP 5.1	100 min
TP3. Issue the Approved Plan.	The approved plan will be issued to those units/formations that will be responsible for its execution. This will be articulated through an OP O.	Interactive lecture Exercise planning	CFJP 3.0 CFJP 5.0 CFJP 5.1	100 min
TP4. Plan Review	The outcome of this step is an updated plan and its family of supporting plans to adjust the execution of an operation.	Interactive lecture Exercise planning	CFJP 3.0 CFJP 5.0 CFJP 5.1	100 min

The students will summarize the directives, initial concerns, decisions, and describe the mission perceived by the Commander and articulate this information through a structured briefing format IAW ref CFJP 5.0 (Annex C, Chapter 5).
The Mission Analysis is cognitive and can be initiated with brainstorming exercise between the Commander and his staff. The Mission Analysis has two objectives: it determines the nature of the problem, and confirms the results to be achieved.

9. Remarks.

g. Two periods of lectures will be provided in a classroom environment;

h. One period of practical training will be conducted through a directed exercise; and

i. Students will provide a Mission Brief during the Simulator and Sea Phase to demonstrate their understanding of **Battle Procedure**, ability to plan, coordinate and articulate the direction of operations at the tactical level.

10. Teaching Points.

Teaching Points (TP)	Description	Instructional Method	Reference	Time
1. Explain and understand the tactical and operational levels of conflict.	Develop an understanding of the tactical and operational levels of conflict.	Lecture/Discussion	CFJP 5.0 CFJP 3.0 Basic Battle Procedure for RCN Officers	25mins

Teaching Points (TP)	Description	Instructional Method	Reference	Time
2. Define and explain the 15 steps of Battle Procedure.	Formally define this process and identify its use in daily operations when mission planning for single and multi-ship operations. This process includes the following steps: (a) Receive Warning Order; (b) Conduct a Quick Map Study/Time Estimate; (c) Receive Orders; (d) Conduct Mission Analysis; (e) Issue Warning Order; (f) Detailed Time Estimate; (g) Map Study/Outline Plan; (h) Prepare Recce Plan; (i) Conduct Reconnaissance; (j) Complete Estimate; (k) Issue Supplementary Warning Order; (l) Prepare/Issue Orders; (m) Coordinate Activities; (n) Supervise Deployment; and (o) Execute Mission.	Lecture/Discussion	CFJP 5.0 CFJP 3.0 Basic Battle Procedure for RCN Officers	25mins
3. Define and explain the Estimate process, and how it is applied at the tactical level.	The estimate process is a flexible tool that can vary in format in relation to an individual`s mental process. It is conducted concurrent to, and as an integral part of, the 15 steps of BP. This process allows for a thorough analysis of the situation while also permitting concurrent activity to take place, facilitating a more rapid execution of the plan, It includes: (a) Conduct Mission Analysis; (b) Consideration of Factors; (c) Consider Courses Open – Development, Validation and Evaluation of COAs; and (d) Choose and Issue Plan.	Lecture/Discussion	CFJP 5.0 CFJP 3.0 Basic Battle Procedure for RCN Officers	25mins
4. Develop an understanding of environmental and mission critical factors that impact single-ship and multi-ship operations.	Review of Consideration of Factors – a list of tasks, constraints and points for clarification that underpin future detailed planning. Evaluation of Factors – The factors that bear upon the Mission Analysis are then considered in order to deduce or identify: tasks, constraints or requests for information (Request For Information – RFI`s)	Lecture/Discussion	CFJP 5.0 CFJP 3.0 Basic Battle Procedure for RCN Officers	25mins

Teaching Points (TP)	Description	Instructional Method	Reference	Time
5. Develop and deliver an **Information Brief** IAW the Commander`s direction.	This portion is generally completed via PPT, with briefing aids, but can be done verbally if time is short. The aim of this Brief is to confirm that the student has understood the Commander`s intent and has a firm understanding of the situation of the situation and the assigned task. This Brief should include the following elements: (a) Area of Operations (AO) Overview; (b) Mission & Superior Commander`s Intent – 2 Up; (c) Mission & Superior Commander`s Intent – 1 Up; (d) Initial Information Preparation of the Battlefield; (e) Specified/Implied/Essential Tasks; (f) Constraints; (g) Critical Factors and Assumptions; (h) Own Mission and Intent; (i) Friendly Forces Available; (j) Risk Analysis; (k) Recommended Initial CCIR; (l) Recommended Timeline; (m) Recommended Mission Statement; (n) Initial Commander`s Intent; and (o) Commander`s Initial Planning Guidance.	Practical	CFJP 5.0 CFJP 3.0 Basic Battle Procedure for RCN Officers	25mins
6. Develop and deliver a **Decision Brief** IAW the Commander`s intent.	This portion is generally presented through PPT, or with briefing aids. The aim of this Brief is to outline the viable COAs for the Commander and make a recommendation. The product of this Brief will be the selection of an approved COA that will be turned into formal orders. The following in an exhaustive list of topics to discuss. These topics can be expanded upon, minimized or removed based on their relevance: (a) Situation Update; (b) Mission Statement; (c) Superior Commander's Intent; (d) Centers of Gravity; (e) CCIR; (f) Assumptions; (g) Method of War gaming; (h) Outline Available COAs;and (i) COA Comparison & Recommendation.	Practical	CFJP 5.0 CFJP 3.0 Basic Battle Procedure for RCN Officers	25mins
7. Develop and promulgate formal orders and **Mission Brief** by utilizing the SMESC format.	Based on the outcome and direction received from these briefs, a Commander will be able to proceed with putting together formal orders in the standard SMESC format. PART B – PRACTICAL ASSESSMENT INSTRUCTIONS GIVEN TO TRAINEE

1. EC 003.03 will be a practical assessment based on content from EO 003.03, TP 3 -5.

2. During this practical assessment, the Student will be required to perform the duties of FPO. You are required to create brief slides and provide a force protection brief based on the information provided.

3. There is one checklist; however, timing constraints prevent both portions being done simultaneously. The brief should be conducted in advance of the simulated passage.

4. References will be provided.

5. Pass mark is 70% (10/14). You must achieve a SAT on the checklist to achieve an overall SAT for EC 004.01 Part B.

6. You will have 3 x 50 min periods to complete the brief, and 1 x 50 min period to complete the practical assessment in the Nav Simulator.

   c. Employ ROE

   d. Direct Force Protection Organization; and

   e. Direct Bridge Warning Organization.

4. Time.

   10 training days as a minimum

5. Method/Media.

   Practical

6. References.

   All required tactical publications

7. Training Aids.

   a. Simulator;

   b. Scenario and script; and

   c. Applicable operational messages.

8. Test Details.

   This EO will be tested as part of PC 004. There will be a developmental and practical portion to this EO

9. Remarks.

a. This EO is a practical application of previously instructed material in POs 002 and 003. The focus is on performance as an Operations Officer in a multi-ship/multi-threat environment while developing and demonstrating knowledge and skills in AWW threats, Asymmetrical threats, Force Protection, ROE implementation, Mine Warfare, weapons and sensors systems, command and control, operational procedures, and tactics.

b. Multi-ship is defined as operations in a force composition up to and including the Multi-National Task Group with supporting OGD, submarine and air assets as appropriate. For a scheduled sea or simulator phase,

c. CFFS(Q) shall provide students with a scenario for which they will be responsible to produce a detailed plan, conduct a Commander's estimate, brief Command and promulgate all operational messages.

d. As a minimum, students will be presented with the following opportunities: 4 developmental runs (Developmental Runs) followed by four assessed runs (PC). Each run will be on average 1 hour in duration;

e. The allocated training time must develop progressively. If a sea phase has provided for, it shall be constituted as the assessment portion of the course. If a Simulator Phase has replaced the Sea Phase, it shall be constituted as the assessment portion of the course. As such the following phases and timings are recommended:

SIM Phase:

1. **Exercise Bridge Warning Organization (2 days):** One surface contact at a time. Ships will operate in company within a multi-threat, controlled environment. Units will conduct resolve procedures with surface contacts, Alarm Procedures, and respond to FIAC/FAC multi-surface threats;

2. **Developmental Runs (2 days):** Limited overlap of up to two warfare areas or operations, (MIO/Escort/Interdiction Operations/Search and Rescue). Complexity of threat and planning increased. Add injects or provide force assets to include CAP/AEW; and

3. **Scenario (Assessment Phase – 4 Days):** Simultaneous actions in different warfare areas. A major scenario made of a complex surface threat (including FIAC/FAC/CCOI), and intelligence support. A major scenario with a complex threat (SAR), Allied resources, transit operations, water space management and overlap of long range/close range resources will be generated by a script. ROE consideration will be included..

4. **Sea Phase (if scheduled):**

a. Simultaneous actions in different warfare areas in a simulated threat environment, conducting multi-ship operations. A major scenario made of a complex surface threat (including FIAC/FAC/CCOI), and intelligence support. A major scenario with a complex threat, Allied resources, transit operations, water space management and overlap of long range/close range resources will be generated by a script. ROE consideration will be included;

b. Students should be debriefed as soon as possible after each run;

c. The student Operations Officer will be required to act as OTC or as a Warfare Commander in developmental and assessed runs; and

d. A general briefing by the Operations Officer students prior to the run is required.

10. Teaching Points.

a. The specific areas of knowledge and skills involved have been instructed in PO's 002 and 003; and

b. CFFS(Q) staff will provide the selected assessment scenario, OPORD and OPGEN. All other applicable operational messages will be developed by the students for the assessment portion.

ANNEX E – ON JOB PERFORMANCE RECORD (OJPR)

(Certificate of Qualification)

_____

Name and Initials Rank SN

_____

Date Training Started Expected Date of Completion

THE OJPR MUST BE COMPLETED IN ACCORDANCE WITH THE INSTRUCTIONS BELOW. INCORRECT OR INCOMPLETE OJPR WILL BE RETURNED FOR RE-SUBMISSION.

INSTRUCTIONS

1. One copy of this OJPR, hereinafter referred to as the master copy, shall be made up for each individual beginning OJT. It shall be kept and maintained by the supervisor. The Training Establishment shall make a duplicate copy for retention by the trainee for the purpose of recording and reviewing individual progress. The CCA for the OJPR must maintain Training Tracker fields as outlined in Monitor Mass.

2. As the trainee completes each Performance Objective (PO) to the required standard, the Training Officer will date and sign the applicable item on the master and duplicate copies of the OJPR sheet and inform the individual of the action taken.

3. It may not be possible to conduct OJT for some POs if, for example, the necessary equipment is not fitted on a ship, is not on issue to the unit, or is otherwise unavailable. If the training Officer encounters any of these issues they are directed to contact Standards at the appropriate TE for guidance.

4. If an individual demonstrates the ability to perform additional duties not specified in this QSP, an appropriate entry shall be made under “Additional Duties” at the end of the OJPR.

PROGESS REVIEW

5. Progress review shall be carried out quarterly by the Training Officer.

ANNEX J – COURSE HISTORY

This annex is to record course history issues such as explanations of amendments, pertinent findings, trends, resource problems and modifications. Focus should be given to both excellent and questionable issues of the course. Capturing important course history information is a useful managerial tool for amendment considerations by future course developers.

Note: This annex shall NOT be deleted. This annex must be annotated with every update or modification to this QSP. This is in addition to making the appropriate entry in the Record of Amendments table. Details as to the nature and reasons for amendments are to be provided here.

QSP review conducted between Jun 14 to Feb 16	
Members : Stds Div Cdr : LCdr Pedrick Course Director : Lt(N) Gorham Stds Rep: Lt(N) Couillard	Other members invited on a need basis: Trg Div Cdr : LCdr Laplante TDO: Capt D'Astous CM : LCdr Bisson MW Officer : LCdr Botting
Items Reviewed	**Remarks**
Tasks	It was confirmed by DGPR that the COPS course is an SS and the review was conducted based on the A-PD-055-003/PQ-001 dated 2003/10/02, SS AIUA COASTAL OPERATIONS OFFICER
No more sea phase	In 2014, NPTG instructed that sesa-phase for the purpose of training would no longer be entertained. TEs were directed to modify their methods/Training Aids and for COPS, the simulator was the option chosen.
Chapter 1	Scope: COPS Module I focuses on Operationnal planning process and COPS II/III is intended for those Officers, Regular or Reserve, identified or posted as Operations Officer on board a Minor Warship. It was agreed that the current scope and content of the course is beyond the practical skill sets of MARS Officers that have not served for significant periods at sea. It was discussed that COPS Module 1 could be offered to non-MARS officers of the Naval Reserve to build their skills in order to be ready to assume OPSO or Trg O position in NRDs. CFFS(Q) has determined that a TNA will be required from NAVRES before CFFSQ could solidify this recommendation into policy. It is also recommended that COPS II/III be transitioned to

	the Coast and conducted at either NOTC Venture or CFNOS. The training architecture in place(simulator) provides the needed resources to conduct this training.
Chapter 2	The course will be structured around three Performance Objectives vice six. COPS I will be comprised of EO's tailored for COPS I, that is specific to planning and coordinating NRD activities. COPS II/III is tailored to reflect the current scope and operations of the KIN Class. The pratical trg obj outlined in PO002 and PO 003 can be achived within a synthetic tg environment (simulator).
	Under NPTG 's direction ther would be no more training onbloard platforms and we needed to adapt to a simulator phase for meeting objective.
2014	Last BOC Course and no more sea phase.
