ROYAL CANADIAN NAVY
QUALIFICATION STANDARD AND PLAN (QSP)

Naval Combat Information Operator (NCIOP)
MOSID 00114

Naval Warfare Officer (NWO)
MOSID 00207

Information Warfare Director (IWD)/ Officer (IWO)
NATIONAL Qualification: ALBT

MITE Course IDs

Residential Phase – 115544

RECORD OF AMENDMENTS

1. This Qualification Standard and Plan (QSP) is developed under the authority of the Royal Canadian Navy (RCN) through the Training Authority (TA), Naval Personnel and Training Group (NPTG) and the Training Development Center Atlantic (TDC(A)). The approval or revision date should appear in the footer of every page as an additional means of verification. Details on the changes must be amplified in Annex J "Course History".

Revision	Approval date	Authority
Chapters 1 & 2 Provisional	01 August 2008	3371-4798-1 (DMTE 2-2-2/152953)
Chapters 3 & 4 Provisional	11 July 2008	CFNOS 4500-1 (CT/CCIS)
Chapters 3 & 4	05 February 2010	CFFSE Cmdt
Chapters 1 – 4	17 October 2011	CFFSE Cmdt

FOREWORD

1. This training document is developed under the authority of C/NPTG and in accordance with (IAW) the following references:

2.

a. A-P9 – 050 Series, Canadian Forces Manual of Individual Training and Education (CFITES);

3.

a. A-PD-055-002/PP-003 Canadian Forces Officer General Specification 23 April 2014;

4.

a. A-PD-055-002/PP-002 Non-Commissioned Member General Specification dated 09 February 2011;

5.

a. A-PD-055-002/PP-001 Maritime Surface and Sub-Surface (MARS) Job Based Specification dated 01 March 2015;

b. A-PD-055-002/PP-001 Naval Combat Information Operator (NCIOP) Job Based Specification dated 14 January 2016;

6.

a. A-PD-055-003/PQ-001 Information Management Director Specialty Specification dated 12 December 2014;

7.

(1) NAVORD 4500-0; and

8.

(1) NPTORD 4500-22.

9.

10. This QSP consists of specific Performance Objectives (POs) in Chapter 2 and Lesson Specifications and Enabling Objectives (EOs) in Chapter 4. A trainee will achieve the qualification when the standards listed in the POs have been met.

11.

12. This QSP is effective upon approval and supersedes previous versions.

13.

14. Suggestions for amendments to this QSP may be initiated by anyone and shall be forwarded in writing to TDC(A), who will forward to NPTG for approval, as appropriate.

15.

16. The designated TEs for this training is indicated below:

17.

21. NFS(A)	22. All Modules	23. TBD	24. ALBT
25. NFS(P)	26. All Modules	27. TBD	28. ALBT
29.	30.	31.	32.

CHAPTER 1: TRAINING MANAGEMENT DETAILS

AUTHORIZATION FOR THIS CHAPTER AND AMENDMENTS MUST BE GRANTED
BY
COMMANDER NAVAL PERSONNEL AND TRAINING GROUP (C/NPTG)

AIM

1. The aim of this Qualification Standard and Plan (QSP) is to provide NCIOP 00114 and NWO 00207 personnel with the tasks and knowledge required to perform Information Warfare Director (IWD) duties. This QSP is designed to assist NTDC(A) in developing, Naval Fleet Schools in conducting and evaluating, and NPTG in validating the training.

COURSE DURATION

2. Course duration is calculated in accordance with (IAW) NPTORD 4500-22, para 4.5. For this course, a period of instruction is 50 minutes in duration.

Course Duration Calculation	
Allocation of ATT	**Periods**
Sum of all EOs/POs	293.0
Enabling Checks (ECs)	36.0
Performance Checks (PCs)	52.0
Actual Training Time (ATT) Sub-total	381.0 48 **trg days**
Allocation of BAT, TAT, TTT and PT IAW NPTORD 4500-22, Table 5.5	
Base Administrative Time (BAT)	13.0
Training Administrative Time (TAT)	13.0
Training Travel Time (TTT)	5.0
Physical Fitness (PT)	33.0
Sub-total	64.0 9 **trg days**
Course Duration Calculation (<u>ATT+BAT+TTT+TAT+PT</u>) **8 (50 min) periods** * **Partial days must be rounded up**	445.0 56 **trg days**

RESOURCES

3. Identify key personnel and facilities required to conduct the training. Additional TE resources can be listed in Annex H, if required.

Required Course Staffing				
Position	Rank	Qualifications Required	Qty	PO/EO
Course Officer	Lt(N)	AJMS, AEJH, ALBT	1	
Senior Instructor	PO1	AJOP, ALBT	1	
Invigilator	Lt(N)/PO1 or above	AJMS, AJOP, ALBT	2	PC 005 to augment staff (if available)
Phase Instructor	PO1/PO2	00299 NAVCOMM - AIXD	1	EO 002.01/02
Phase Instructor	Lt(N)	00213 INTO - AJEL	1	PO 004
Phase Instructor	LS or above	Authorized special user Instructor (MARLANT/ MARPAC request form)	1	EO 003.01 (5 days)
Phase Instructor	MTT JIIFC	MITE: 119407	1	EO 002.01 (2 days)
DMOC Manager	Civ	N/A	1	PC 005 **NFS(A) only**
Guest Lecturers	Various	IAW Annex H		

Critical Training Resources		
CFB Esquimalt	**CFB Halifax**	**No of Days**
Multimedia Classroom (13 DWAN and CSNI workstations)	Classroom	57
Classroom with Unclassified VTC	Classroom with Unclassified VTC	1
	SECRET Research LAB	16
	DMOC	5
SEACOT	SEACOT	4
HMC Ship with CMS flashed up	HMC Ship with CMS flashed up	1
	DWAN/ GPNet workstation	1
	GCCS Lab	0.5

COURSE CAPACITY

4. Planning for the conduct of training is based on the guidelines in NPTORD 4500-40.

a. Maximum – 12;

b. Minimum – 6; and

c. Optimum – 8.

MILITARY INDIVIDUAL TRAINING AND EDUCATION (MITE)

5. Loading. The authority to load members onto this course lies with the TE. NPTG is to be included as an INFO addressee on all loading messages.

6. Scheduling. Each session of this course shall be scheduled, in MITE, IAW NPTORD 4500-1 and NPTORD 4500-40 by the TE conducting the training, and NPTG through the Quantity Control section. The course length in MITE is to be based on the course duration, planned annual leave, training breaks, weekends and training system holidays. Course sessions for Naval Reserve Force may be scheduled during training system holidays.

7. Prerequisites. To be selected for this course, the loading authority must ensure that trainees have the following prerequisites:

a. NWO candidates must:

(1) Possess Naval Officer Professional Qualification (NOPQ);

(2) Be recommended by their Commanding Officer; and

(3) Possess a current level 3 security clearance or have one in progress.

b. NCIOP candidates must:

(1) Possess the NCIOP ORS AAXA qualification;

(2) Must be selected by merit list; and

(3) Possess a current level 3 security clearance or have one in progress.

8. Qualification. Successful completion of this course constitutes the primary means of attaining the Information Warfare Director Qualification, competency code ALBT (MITE code 115544).

COURSE REPORTING

9. Upon passing this course, trainees shall receive a Course Report (CF 377) and/or Certificate of Military Achievement (CF 289) completed IAW CMP Instruction 01/06 and NPTORD 4500-51.

EVALUATION

10. Program evaluation shall be conducted IAW the guidance provided in CFITES Vol. 11.

VALIDATION

11. This training will be validated every five years CFITES Vol. 8 and based on the task list in Annex B.

PRIOR LEARNING ASSESSMENT AND RECOGNITION (PLAR)

12. PLARs shall be conducted IAW NPTORD 4500-27, DAOD 5031-1 and CFITES Vol. 12.

SPECIAL INSTRUCTIONS

13. Nil

CHAPTER 2: PERFORMANCE OBJECTIVES

AUTHORIZATION FOR THIS CHAPTER AND AMENDMENTS MUST BE GRANTED
BY
COMMANDER NAVAL PERSONNEL AND TRAINING GROUP (C/NPTG)

PO 001 Process Operational Information

1. **Performance**: Process Operational Infomation.

2. **Conditions**:

   a. Given:

      (1) References;

      (2) Operational messages;

      (3) IWO/IWD workstation;

      (4) Applicable software; and

      (5) Command Directives.

   b. Denied: Nil.

   c. Environment: All naval environmental conditions ashore or at sea.

3. **Standard**: The IWO/IWD shall process operational information(A0030, B0015, B0045, B0140, B0570, B0580, T0005, T0007) by:

   a. Managing IW webpage (B0005, B0010) IAW C9, C10, C13, D17, D18 and D21; and

   b. Disseminating operational information IAW A2, A9, A19, A21, A28, A 29, A46, A48, A49, A51, B11, B13, B28, B37, B38, C9, D1, D5, D8, D9, D11, D15 and D19.

4. **Training Limitations**:

PO 002 Operate C4I Systems

1. **Performance**: Operate C4I Systems (D0045)

2. **Conditions**:

   a. Given:

      (1) References;

      (2) Operational messages;

      (3) IWO/IWD Workstation;

      (4) Applicable software; and

      (5) Command Directives.

   b. Denied: Nil.

   c. Environment: All naval environmental conditions ashore or at sea.

3. **Standard**: The IWO/IWD shall operate C4I systems (C0060, T0002, D0045) IAW A9, A53, A54, B23, B28, C1, C2, C11, C12, D9, by conducting the co-ordination, operation and defence of IS and CS in the Operations Room.

4. **Training Limitations**: Trainees will only have access to DWAN, CSNI and GPNet for practical training on networks.

PO 003 Coordinate Special Operations

1. **Performance**: Coordinate Special Operations.

2. **Conditions**:

   a. Given:

      (1) References;

      (2) Operational messages;

      (3) IWO/IWD Workstation;

      (4) Applicable software; and

      (5) Command Directives.

   b. Denied: Nil

   c. Environment: All naval environmental conditions ashore or at sea.

3. **Standard**: The IWO/IWD shall coordinate special operations (A0005, A0015, A0020, A0045, C0065 by:

   a. Conducting evidence gathering (C0020, C0030) IAW A17, A19, A22, A23, A25 and C14 ; and

   b. Contributing to SAR picture compilation (C0060) by IAW A23, A26, A28, A40, A47 and B4.

4. **Training Limitations**: Nil.

PO 004 Manage Intelligence

1. **Performance**: Manage Intelligence (B0500).

2. **Conditions**:

   a. Given:

      (1) References;

      (2) Operational messages;

      (3) IWO/IWD Workstation;

      (4) Applicable software; and

      (5) Command Directives.

   b. Denied: Nil.

   c. Environment: All naval environmental conditions ashore or at sea.

3. **Standard**: The IWO/IWD shall manage Intelligence (B0500) by:

   a. Contributing to intelligence gathering operations (C0025) IAW A13, A17, A37, A21, A32, A33, A51, B8, B9, B24, B35, B36, C4, D9, D10, D13 and D14;

   b. Displaying intelligence information (C0035) IAW A32, A33, A37, B8, B13, B24, B25, B35, C4, D9, D10 and D13;

   c. Evaluating intelligence requirements (B0510) IAW A52, D9 and D13; and

   d. Disseminating intelligence information (C0040) IAW A21, A32, A51, B38, B13 D3, D9, D10, D13 and D14.

4. **Training Limitations**: Nil.

PO 005 Advise Command on Information Warfare

1. **Performance**: Advise Command on Information Warfare

2. **Conditions**:

   a. Given:

      (1) References;

      (2) Operational messages;

      (3) IWO/IWD Workstation;

      (4) Applicable software; and

      (5) Command Directives.

   b. Denied: Nil.

   c. Environment: All naval environmental conditions ashore or at sea.

3. **Standard**: The IWO/IWD shall advise Command on information warfare (IW), IAW A1, A2, A4, A11, A18, A20, A21, A22, A31, A37, A38, A39, A43, A44, A45, A55, B13, B15, B22, C3, D9 and D11 by recommending courses of action to Command through the coordination of the IW plan (B0550, T0001), maintenance of unit battle rhythm identify (B0035), monitoring and reporting all CBRN hazards(E0015) within the maximum range of ships sensors.

4. **Training Limitations**: Nil.

CHAPTER 3: ASSESSMENT OF TRAINEE

AUTHORIZATION FOR THIS CHAPTER AND AMENDMENTS MUST BE GRANTED BY COMMANDING OFFICER TRAINING DEVELOPMENT CENTER ATLANTIC (TDC(A))

GENERAL

1. All Performance Checks (PCs) are based on Performance Objectives (POs) in Chapter 2 of this Qualification Standard and Plan (QSP) and the standard listed must be met to achieve this qualification. PCs will be administered in the form of a performance-based assessment and the trainee must obtain a pass in all POs to successfully complete this course.

ENABLING AND PERFORMANCE CHECKS

2. Enabling Checks (ECs). ECs are formative tests that help the trainee and the instructors recognize progress or gaps in learning, so that confirmation or corrective action (such as additional practice or remedial instruction) can be provided. They also reinforce learning, so that it will be better retained for longer periods. Formative tests are designed to give feedback to both the instructors and trainees. Each EO must have at least one EC. Marks for ECs are not calculated in the trainee's final mark.

3. Performance Checks (PCs). PCs are summative tests used to determine if the trainee has met the standard under the conditions (where possible) of the PO and hence can do the job. Supplemental PCs are administered upon failure of a PC and must be in the same format and have the same standard as the original PC.

RESPONSIBILITY FOR TESTING

4. Assessment of trainees is to be done in accordance with (IAW) CFITES Vol. 7.

5. The Training Establishments (TE) provide quality control by designing, administering and scoring all Performance Checks. Any PC not administered or invigilated by standards staff will be administered by a non-involved instructor designated by the senior instructor. Enabling Checks are the responsibility of the Instructional Staff.

PROGRESS MONITORING

6. Monitoring learning is the responsibility of all instructional staff and instructional supervisors. Monitoring, including unsatisfactory progress, is done IAW CFITES Vol. 6, and TE SOs or SOPs.

7. Continuous monitoring of candidate progress is required on this course in order to provide the following:

a. Early warning of trainee difficulties;

b. Feedback on the effectiveness of training;

c. Information for the Training Review Board (TRB) or Progress Review Board (PRB) (if required); and

d. Information to assist in completion of the CF 377 Course Report.

8. Trainees experiencing difficulty in any area of performance are to be counselled with regard to the nature of their shortcomings and suggested corrective action IAW TE SOs or SOPs.

9. PC failures and supplemental PC failures are to be handled IAW TE SOs or SOPs. Supplemental ECs and PCs shall not be given prior to 24 hours having elapsed since trainee was informed of their EC or PC failure.

TRAINING REVIEW BOARD

10. TRBs shall be convened and conducted IAW with NPTORD 4500-54.

COURSE REPORTS

11. Course reports (CF 377) shall be prepared and distributed IAW CFAO 26-12 and NPTORD 4500-51.

12. Trainee will be graded pass or fail. Students will not be ranked IAW NPTORD 4500-51.

13. Where necessary for Rank Qualifications (RQ), the narrative will indicate trainee's strengths and weaknesses based on PC results to provide information to the Career Manager. Training limitations and/or incomplete training must also be included in the course report. Record of trainee counselling is to be maintained by the TE.

CHAPTER 4: LESSON SPECIFICATIONS

AUTHORIZATION FOR THIS CHAPTER AND AMENDMENTS MUST BE GRANTED
BY
COMMANDING OFFICER OF THE TRAINING DEVELOPMENT CENTER ATLANTIC
(TDC(A))

AIM

1. The aim of the training resulting from this Training Plan (TP) is to prepare personnel who can perform the duties of an Information Warfare Director**.**

OUTLINE OF TRAINING

2. This TP contains Lesson Specifications with associated Enabling Objectives (EOs), Enabling Checks (ECs) and Performance Checks (PCs) that the candidate shall achieve.

TRAINING STRATEGY

3. The training requirement will be achieved through the following modules:

Module	Delivery	Reg/P Res	MITE ID	NQual
Mod 1	In-house	Reg/P Res	115544	ALBT

4. Further details can be found at Annex G – Modularization and Suggested Timings.

OCCUPATION REQUIREMENT ORGANIZATION

5. Occupation requirements were organized under the following categories:

PO	EO	Maintain Readiness	Plan	Train	Execute
001	**01**	Manage IW webpage			
	02	Disseminate operational information			
002	**01**	Operate Information Systems			
	02	Employ Cyber Defence Policies			
	03			Operate Combat Systems	Operate Combat Systems
003	**01**			Conduct evidence gathering	Conduct evidence gathering
	02			Contribute to SAR picture compilation	Contribute to SAR picture compilation
004	**01**		Contribute to intelligence		

			gathering operations		
	02		Display intelligence information		Display intelligence information
	03		Evaluate intelligence requirements		Evaluate intelligence requirements
	04				Disseminate intelligence information
005	**01**		Coordinate IW plan		
	02			Maintain unit Battle Rhythm	Maintain unit Battle Rhythm
	03			Advise Command on CBRN hazard avoidance	Advise Command on CBRN hazard avoidance

PO 001 Process Operational Information

EO 001.01 Manage IW Webpage

1. **Performance**: Manage IW Webpage (B0010).

2. Conditions:

a. Given:

(1) References;

(2) Computers;

(3) Applicable software;

(4) Information technology (IT) Support; and

(5) Command Directives.

b. Denied: Nil.

c. Environment: UNCLAS/CLASS Networked classroom.

3. **Standard**: The trainee shall manage IW Webpage (B0010), IAW C9, C10, C13, D17, D18 and D21, by designing an IW Webpage (B0005).

4. **Time Required**:

a. EO – 18 x 50 min periods; and

b. EC – 1 x 50 min periods.

5. **Instructional Methods**:

a. Interactive lecture;
b. Demonstration - performance;
c. Study assignment;
d. Self-study;
e. Tutorial; and
f. Self-paced CBT (asynchronous).

6. **Training Aids**:

a. Computer with DWAN access;
b. Microsoft Expression Web Software;

c. Visual Aids; and
d. MLPs.

7. **Test Details**: EO 001.01 will be tested in EC 001.01 and PC 001. PC 001 will be assessed with PC 002, 004, and 005 on the completion of EC 005.03.

8. **Remarks**: Nil.

9. **Teaching Points**:

Main Teaching Point	Instructional Technique (Time in min)			References	Delivery Approach/ Spirals	Comments
	T	D	P			
Design IW Webpage (B0005) IAW ref.						
Describing treasury board consolidation format to include: heading, menu, body, etc.	50			D18 Web Accessibility, & Web Interoperability, and Draft MARPAC Website content templates (DOC Version, 565 KB)	S1: Guest Lecture S2: Self-Paced CBT S3: DL	Guest lecture-MARLANT/ MARPAC Webmaster lecture
Create webpage using Web Expression Web software to: 1) create and edit Web pages 2) work with text and hyperlinks 3) insert pictures 4) import files 5) modify a website navigation structure 6) save your work 7) apply text styles and formatting 8) create hyperlinks 9) preview and test a website in a Web		150	250	C9Expression Web, C10, C13	S1: Guest Lecture S2: Self-Paced CBT S3: DL	Trainees will develop individual Ship IW website to be used on the end Mission PC.

Material and Facilities Instructions

1. CSNI workstation;

2. Web page development software; and

3. Classroom.

Arrangements and Procedures

4. EC 001.01 will be a practical assessment based on content from EO 001.01.

5. To pass this EC, the trainee must achieve 7/10 SATs .

6. Time required: 1 x 50 min period(s) per trainee (# total (time per trainee x number of trainees)).

7. References will/will not be required.

PART II – PRACTICAL ASSESSMENT INSTRUCTIONS GIVEN TO TRAINEE

8. EC 001.01 will be a practical assessment based on content from EO 001.01.

9. During this practical assessment, you will be required to manage IW Webpage. You must pass this EC to pass EO 001.01.

10. References will/will not be provided.

11. Pass mark is 7/10 SATs IAW ECL 001.01.

12. You will have 1 x 50 min period(s) to complete this assessment.

13. Do you have any questions before you start?

PART III – ENABLING CHECK NOTES

14. Nil.

Enabling Check – EO 001.02 Disseminate Operational Information

PART I – ADMINISTRATIVE INSTRUCTIONS

Material and Facilities Instructions

1. ECL 001.02;

2. DWAN and CSNI Workstation; and

3. Classroom.

Arrangements and Procedures

4. EC 001.02 will be a practical assessment based on content from EO 001.02.

5. To pass this EC, the trainee must achieve 21/29 SATs .

6. Time required: 2 x 50 min period(s) per trainee (# total (time per trainee x number of trainees)).

7. References will be required.

PART II – PRACTICAL ASSESSMENT INSTRUCTIONS GIVEN TO TRAINEE

8. EC 001.02 will be a practical assessment based on content from EO 001.02.

9. During this practical assessment, you will be required to disseminate operational information. You must pass this EC to pass EO 001.02.

10. References will be provided.

11. Pass mark is 21/29 SATs IAW ECL 001.02.

12. You will have 2 x 50 min period(s) to complete this assessment.

13. Do you have any questions before you start?

PART III – ENABLING CHECK NOTES

14. Trainees will manipulate databases using Excel software and a downloaded version of the TRAINSKED (available on NPTG website), draft an iORR message using department content created for EC and create a folder management structure on CSNI IAW ECL:001.02.

PART IV – ENABLING CHECK LIST

Item	EC 001.02 DISSEMINATE OPERATIONAL INFORMATION	SAT	UNSAT	Remarks
Manipulating information processing software with Excel IAW EC instructions				
Format table by making header font Italics, Bold, Red, and size 16 pt		☐	☐	**Download and use current TRAINSKED from NPTG site**
Create formula by Summing column K on training Schedule		☐	☐	
Apply Filters: filter spreadsheet to see NCIOP trade only		☐	☐	
Sort Data: Sort column C from Z to A		☐	☐	
Export data into a Word Document		☐	☐	
Alter Page layout from landscape to portrait		☐	☐	
Embed a print screen into the file		☐	☐	
Hyperlink your IW webpage into the A3 cell		☐	☐	**If trainee has not completed EO 001.1 provide a webpage to hyperlink**
Charts: create a 2-D line chart based on fiscal year and NCI OP courses		☐	☐	
Macros: change date on C4I Jr supervisor course to next month, process update in 2-D line chart using Macros function		☐	☐	
Drafting iORR message for HMCS PASSION				
Correct Addressees		☐	☐	
DTG update		☐	☐	
Security classification		☐	☐	
Appropriate SIC used		☐	☐	
Correct References		☐	☐	
Caveat reads « Exercise Do Not Transmit »		☐	☐	
Correct Subject line		☐	☐	
Signature Block correct		☐	☐	
PART 1 COLLECTIVE TRAINING STATE		☐	☐	
PART 2 PERSONNEL		☐	☐	
PART 3 MATERIEL/TECHNICAL STATE		☐	☐	

Item	EC 001.02 DISSEMINATE OPERATIONAL INFORMATION	SAT	UNSAT	Remarks
PART 4 CO'S FREE TEXT PARTS I, II, III		☐	☐	
Collective training status is correct		☐	☐	
Refresher training correct		☐	☐	
CRR status correct		☐	☐	
Manipulating Databases (B0045)				
Create master folder called "Op (current mission)"on CSNI workstation		☐	☐	**This folder will be used in Mission PC**
Create subfolders : HOD DSR/OPSUM injects Mission Messages Lessons learned Webpage docs FLEX Evening Brief injects		☐	☐	
Move mission messages into mission messages folder		☐	☐	
Re-name mission messages IAW file naming conventions		☐	☐	

Score: /29

The trainee must achieve 21/29 SATs to pass this EC.

   b. Executing SAR SOPs.

4. **Time Required**:

   a. EO – 6 x 50 min periods;

   b. EC – 1 x 50 min periods; and

   c. PC – 12 x 50 min periods.

5. **Instructional Methods**:

   a. Interactive lecture;
   b. Demonstration - performance;
   c. Guided discussion;
   d. Role play;
   e. Case study;

f. Field trip;
g. Self-paced CBT (asynchronous);
h. Virtual classroom (synchronous); and
i. Video teleconference.

6. Training Aids:

a. SAR Board template; and
b. MLPs.

7. **Test Details**: EO 003.2 will be tested in EC 003.2 and PC 003.

8. **Remarks**: Nil.

9. **Teaching Points**:

Main Teaching Point	Instructional Technique (Time in min)			References	Delivery Approach/ Spirals	Comments
	T	D	P			
Conduct SAR Response team SITREP IAW ref.						
Compile SAR information to include: 1) Explain the role of the IWO 2) Use Information systems 3) Interoperability with JRCC and other units 4) Common SAR products 5) Confirm SAR complan with ORS	75			A23 2002 & 2009, A28 CH. 3 para. 317, A40, B4 COMPLAN, A26 Ch. 1 and A47 1/02	S1: Reading Assignment:	
Describe common SAR board items						
SAR Record keeping IAW Evidence Gathering and SAR SOP						
Execute SAR SOPs						
Internal SAR Organization roles and responsibilities: 1) XO	25			A23 2002 & 2009, A28 CH. 3 para.	S1: Reading Assignment	

2) ORO/OpsO 3) HODS/CHODS 4) IWD/O 5) SAC 6) ORS 7) OOW				317, A40, B4 COMPLAN, A26 Ch. 1 and A47 1/02		
Roles, authority and responsibilities of external SAR agencies 1) RJOC 2) JRCC	200			A23 2002 & 2009, A28 CH. 3 para. 317, B4 COMPLAN, A26 Ch. 1 and A47 1/02	S1: Tour MARLANT/ MARPAC RJOC and JRCC	

Enabling Check – EO 003.02 Contribute To SAR Picture Compilation

PART I – ADMINISTRATIVE INSTRUCTIONS

Material and Facilities Instructions

1. SAR Scenario based on content from EO 003.02;
2. Computer with DWAN access;
3. SAR board template;
4. SAR SOP with aide memoire cards; and
5. UNCLAS/CLASS Networked classroom.

Arrangements and Procedures

6. EC 003.2 will be a practical assessment based on content from EO 003.02.
7. To pass this EC, the trainee must achieve 7/10 SATs .
8. Time required: 1 x 50 min period(s) per trainee (# total (time per trainee x number of trainees)).
9. References will be required.

PART II – PRACTICAL ASSESSMENT INSTRUCTIONS GIVEN TO TRAINEE

10. EC 003.02 will be a practical assessment based on content from EO 003.02.
11. During this practical assessment, you will contribute to SAR picture compilation. You must pass this EC to pass EO 003.02.
12. References will be provided.
13. Pass mark is 7/10 SATs IAW ECL 003.02.
14. You will have 1 x 50 min period(s) to complete this assessment.
15. Do you have any questions before you start?

PART III – ENABLING CHECK NOTES

16. See Assessment Plan EC 003.02.

PART IV – ENABLING CHECK LIST

Item	EC 003.02 CONTRIBUTE TO SAR PICTURE COMPILATION	SAT	UNSAT	Remarks
Participate in SAR Response Team IAW ref				
Record Timeline info: a. Call received b. ETA		☐	☐	
Investigate Assets available		☐	☐	
Conduct data mining of vessel/area		☐	☐	
Determine Comms a. Internal b. External		☐	☐	
Receive WX/Astro		☐	☐	
Compile additional information required		☐	☐	
Execute SAR SOPs				
Brief team on required record keeping IAW SAR SOP: a. Ops Room Log b. FORMEX 101 c. GCCS-M / SDM d. CMS History (DCA) e. Bridge		☐	☐	
Obtain SAR SOP		☐	☐	
Extract information for SAR board and fill in known data including timeline		☐	☐	
Distribute key player aid memoire cards (Exec; MET, FP Officer, NavO / Medical / Logistics / Air Det / MSE / CSE / Deck / Combat…)		☐	☐	

Score: /10

The trainee must achieve 7/10 SATs to pass this EC.

Performance Check – PO 003 Coordinate Special Operations

PART I – ADMINISTRATIVE INSTRUCTIONS

Material and Facilities Instructions

1. Scenario based on Assessment Plan PC 003;

2. Evidence gathering kit bag containing evidence bags, ruler, gloves, etc., and forms IAW SSOs Vol II Art. 2002;

3. DSLR camera with SD card;

4. Mock evidence;

5. Available space(office, classroom, etc.) to set up;

6. Computer with DWAN access;

7. SAR board template;

8. SAR SOP with aide memoire cards; and

9. UNCLAS/CLASS Networked classroom.

Arrangements and Procedures

10. PC 003 will be a practical assessment based on content from PO 003.

11. To pass this PC, the trainee must achieve 13/18 SATs.

12. Time required: 1 x 50 min period(s) per trainee (12 periods total (time per trainee x number of trainees)).

13. References will be required.

PART II – PRACTICAL ASSESSMENT INSTRUCTIONS GIVEN TO TRAINEE

14. PC 003 will be a practical assessment based on content from PO 003.

15. During this practical assessment, you will coordinate special operations. You must pass this PC to pass PO 003.

16. References will be provided.

17. Pass mark is 13/18 IAW PCL 003.

18. You will have 1 x 50 min period(s) to complete this assessment.

19. Do you have any questions before you start?

PART III – ENABLING CHECK NOTES

20. See assessment plan PC 003.

PART IV – PERFORMANCE CHECK LIST

Item	PO 003 PC 003 Coordinate Special Operations	SAT	UNSAT	Remarks
Conduct Evidence Gathering				
Evidence kit contains required material		☐	☐	
Debrief with boarding Officer for evidence turnover		☐	☐	
Confirmed pictures logged correctly		☐	☐	
Evidence bagged on scene/ sealed properly before turnover to instructor		☐	☐	
Evidence Chits correct		☐	☐	
Evidence Register correct		☐	☐	
Chain of Custody correct		☐	☐	**Critical**
Record of Access correct		☐	☐	**Critical**
Contribute to SAR picture compilation				
Record Timeline info: a. Call received b. ETA		☐	☐	
Investigate Assets available		☐	☐	
Conduct data mining of vessel/area		☐	☐	
Determine Comms a. Internal b. External		☐	☐	
Receive WX/Astro		☐	☐	
Compile additional information required		☐	☐	
Inform all stations to begin record management:		☐	☐	

Item	PO 003 PC 003 Coordinate Special Operations	SAT	UNSAT	Remarks
	a. Ops Room Log b. FORMEX 101 c. GCCS-M / SDM d. CMS History (DCA) e. Bridge			
	Obtain SAR SOP and proceed to assigned muster location	☐	☐	
	Extract SAR board and fill in known data including timeline	☐	☐	
	Distribute key player aid memoire cards (Exec; MET, FP Officer, NavO / Medical / Logistics / Air Det / MSE / CSE / Deck / Combat…)	☐	☐	

Score: /18

Trainee must achieve 13/18 SATs on non-critical factors **AND** all critical factors to pass this PC.

Positive Feedback	Improvement Feedback

Met Standard	**Did Not Meet Standard**
Assessor I have discussed the results of PC 003 with the candidate.	**Candidate** I have been debriefed on the result of PC 003.

PO 004 Manage Intelligence

EO 004.01 Contribute to Intelligence Gathering Operations (C0025)

1. **Performance**: Contribute to intelligence gathering operations (C0025).

2. **Conditions**:

   a. Given:

      (1) References;

      (2) Computers;

      (3) Applicable software;

      (4) Information technology (IT) Support; and

      (5) Command Directives.

   b. Denied: Nil.

   c. Environment: UNCLAS/CLASS Networked classroom.

3. **Standard**: The trainee shall contribute to intelligence gathering operations (C0025) IAW A13, A17, A37, A21, A32, A33, A51, B8, B9, B24, B35, B36, C4, D9, D10, D13 and D14 by:

   a. Explaining intelligence support at sea; and

   b. Conducting intelligence gathering (C0015).

4. **Time Required**:

   a. EO – 17 x 50 min periods;

5. **Instructional Methods**:

   a. Interactive lecture;
   b. Demonstration - performance;
   c. Guided discussion;
   d. Role play;
   e. Case study;
   f. Field trip;
   g. Self-paced CBT (asynchronous);
   h. Virtual classroom (synchronous); and

i. Video teleconference.

6. **Training Aids**:

a. Networks and Communication access (Class/Unclass);
b. Mission OPORD;
c. Visual Equipment; and
d. MLP.

7. **Test Details**: EO 004.01 will be tested in EC 004.04 and PC 004. PC 004 with take place during the final Mission scenario with PC 001, 003 and 005.

8. **Remarks**: For PO 004, Guest lectures should tailor training around PC 005 Mission AOR real world intelligence and be provided relevant Mission related orders and messages.

9. **Teaching Points**:

Main Teaching Point	Instructional Technique (Time in min)			References	Delivery Approach/ Spirals	Comments
	T	D	P			
Explain intelligence support at sea						
Why conduct intelligence? 1) Threats to DND; 2) What is intelligence? (Intel vs info) 3) Who conducts intelligence?; and 4) Fundamentals of Intelligence	100			A13, A17, A37 Ch. 3, 5, 6 & 7, A21 INTEL, A32, A33, A51 Sect. 2000, B8, B9, B24, B35, B36, C4, D9, D10, D13 CCIRM SOPs Ch. 5 and D14	S1-Guest Lecture Instructor led guided discussion	INTELLIGENCE PLANS COORDINATOR and Fleet IntO/ Trinity Int/ MARPAC N2 and Intel Cell staff. Trainees are to be provided with ECL 004.04, at beginning of PO 004, and PC 005 Mission OPORD. They are expected to use this
Explain the purpose of intelligence at sea; 1) Components of a deployed intelligence cell; a) Indigenous; and b) Non-indigenous. 2) Contributions to the RMP; and 3) Developing the COP/CIP 4) Formation Imagery	50			A13, A17, A37 Ch. 3, 5, 6 & 7, A21 INTEL, A32, A33, A51 Sect. 2000, B8, B9, B24, B35, B36, C4, D9, D10, D13	S1-Guest Lecture Instructor led guided discussion	

a) Section; b) Priorities; c) Services; d) Capabilities; and e) Imagery support to operations.	50			CCIRM SOPs Ch. 5 and D14		information and knowledge from PO 004 TPs to create a Geopolitical situation brief for EC 004.04.
Conduct intelligence gathering (C0015)						
Intelligence gathering team duties and responsibilities to include: 1) Intelligence cycle: a) Direction; b) Collection; c) Processing; and d) Dissemination. 2) Agencies allied Intel orgs/ maritime Intel org: a) Canadian intelligence community; b) Allied intelligence community overview; and c) CAF Maritime intelligence organizations; d) J2 Pacific; and e) MARPAC J2. 3) ACINT briefing: a) Sources and agencies; i) Acoustic sensors; ii) Collection procedures and methods; and iii) Capabilities and limitations. b) Analysis methods; and c) Uses of ACINT products and	200 100 50			A13, A17, A37 Ch. 3, 5, 6 & 7, A21 INTEL, A32, A33, A51 Sect. 2000, B8, B9, B24, B35, B36, C4, D9, D10, D13 CCIRM SOPs Ch. 5 and D14	S1-Guest Lecture Instructor led guided discussion	

analysis to resolve intelligence gaps.						
Intelligence gathering techniques to include: 1) Intelligence support to Naval boarding parties (NBP): a) Background; b) Tasks; c) Types of boarding's; and 2) Intelligence support to NBP operations.	50			A13, A17, A37 Ch. 3, 5, 6 & 7, A21 INTEL, A32, A33, A51 Sect. 2000, B8, B9, B24, B35, B36, C4, D9, D10, D13 CCIRM SOPs Ch. 5 and D14	S1-Guest Lecture Instructor led guided discussion	
Intelligence gathering collection requirements to include: 1) Civil Maritime Analysis: a) Background; i) MARLANT/ MARPAC waters; ii) NAFO and regulatory areas; b) Fishing activity; c) Research activity; d) Petroleum activity; e) Arctic activity; f) Protest activity; and g) CMA Products. 2) Threat weapon and tactics: a) Background Intelligence on weapon and tactics; b) Background Intelligence on above water warfare; c) Background Intelligence on under water warfare; d) Background Intelligence on	50 200			A13, A17, A37 Ch. 3, 5, 6 & 7, A21 INTEL, A32, A33, A51 Sect. 2000, B8, B9, B24, B35, B36, C4, D9, D10, D13 CCIRM SOPs Ch. 5 and D14	S1-Guest Lecture Instructor led guided discussion	Trainees to review current TRINITY/J2/ N2 AGI lists and brief Intelligence collection capabilities of instructor designated platform; 5 minute briefs.

regional maritime capabilities; and e) Introduction to TRINITY/J2 Pacific ORBAT repositories. 3) Background intelligence on AGI's						

PO 004 Manage Intelligence

EO 004.02 Display Intelligence Information

1. **Performance**: Display intelligence information (C0035)

2. **Conditions**:

   a. Given:

      (1) References;

      (2) Computers;

      (3) Applicable software;

      (4) Information technology (IT) Support; and

      (5) Command Directives.
      10.

   b. Denied: Nil.

   c. Environment: UNCLAS/CLASS Networked classroom.

3. **Standard**: The trainee shall display intelligence information (C0035) by:

   a. Identifying CAPS and LIMs of platforms (C0130) IAW B24, B25 and C4; and

   b. Processing all source information IAW A32, A33, A37, B8, B13, B35, D9, D10 and D13.

4. **Time Required**:

   a. EO – 30 x 50 min periods.

5. **Instructional Methods**:

   a. Interactive lecture;
   b. Demonstration - performance;
   c. Guided discussion;
   d. Role play;
   e. Case study;
   f. Field trip;
   g. Self-paced CBT (asynchronous);
   h. Virtual classroom (synchronous); and

i. Video teleconference.

6. **Training Aids**:

a. Networks and Communication access (Class/Unclass);
b. Mission OPORD and ORBAT;
c. Visual Equipment; and
d. MLP

7. **Test Details**: EO 004.02 will be tested in EC 004.04 and PC 004. PC 004 with take place during the final Mission scenario with PC 001, 003 and 005.

8. **Remarks**: For PO 004, Guest lectures should tailor training around PC 005 Mission AOR real world intelligence and be provided relevant Mission related orders and messages.

9. **Teaching Points**:

Main Teaching Point	Instructional Technique (Time in min)			References	Delivery Approach/ Spirals	Comments
	T	D	P			
Identify CAPS and LIMs of platforms (C0130)				IAW ref.		
Mission ORBAT			100	B24, B25 and C4	S1 SGTA	Trainees to review current mission ORBAT and brief C4ISR capabilities of instructor designated platform; 5 minute briefs.
Process all source information						
Explain Agency vs. source: 1) Role; 2) Sources vs. agencies; 3) Types of sources; 4) Sources; 5) Open source data (OSD); 6) Open source information (OSIF); 7) Open source intelligence (OSINT);	650			A37 Ch. 3, 5, 6, & 7, A32, A33, B8, B35, B13 Annex A Appendix 1, D9, D10 and D13	S1-Guest Lecture Instructor led guided discussion	INTELLIGENCE PLANS COORDINATOR and Fleet IntO/ Trinity Int/ MARPAC N2 and Intel Cell staff.

8) Validated OSINT; 9) Value; 10) Collection services; 11) Processing services; 12) Analysis and production; and 13) Collection.						
SIGINT CDSE capabilities and limitations Ops liaison (briefed by CDSE team leader who has sea time followed by discussion of CDSE/IWD liaison): 1) Background; Capabilities, mission, support, and tasking; 2) Sanitation; 3) Direction finding; 4) Communications; 5) Personnel on ships; 6) CDSE shore support; and 7) SIGINT support office.	25			A37 Ch. 3, 5, 6, & 7, A32, A33, B8, B35, B13 Annex A Appendix 1, D9, D10 and D13	S1-Guest Lecture Instructor led guided discussion	
SIGINT Tactical Receive Segment (TRS): 1) Architecture; 2) Advantages/disadvantages; 3) Electronic Parameters List (EPL); 4) How do we use the information; and 5) Why does the NAVY want tactical receive segment (TRS)?	25			A37 Ch. 3, 5, 6, & 7, A32, A33, B8, B35, B13 Annex A Appendix 1, D9, D10 and D13	S1-Guest Lecture Instructor led guided discussion	
Maritime Air Intelligence Support: 1) 12 Wing Shearwater support to Air Intelligence; 2) 14 Wing Greenwood support to Air Intelligence; 3) 19 Wing Comox support to Air	100			A37 Ch. 3, 5, 6, & 7, A32, A33, B8, B35, B13 Annex A Appendix 1, D9, D10 and D13	S1-Guest Lecture Instructor led guided discussion	

Intelligence;						
Current Intelligence Support and MSOC: 1) Introduction to current intelligence support through the Regional Joint Operations Centres in Halifax and Esquimalt; and 2) Introduction to Other Government Departmental support through the Maritime Security Operations Centres (MSOC) in Halifax, Niagara on the Lake and Esquimalt.	100			A37 Ch. 3, 5, 6, & 7, A32, A33, B8, B35, B13 Annex A Appendix 1, D9, D10 and D13	S1-Guest Lecture Instructor led guided discussion	
Allied and national Produced Intelligence Products: 1) Chief of Defence Intelligence (Canada) Weekly Intelligence Digest (WID);	50			A37 Ch. 3, 5, 6, & 7, A32, A33, B8, B35, B13 Annex A Appendix 1, D9, D10 and D13	S1-Guest Lecture Instructor led guided discussion	
TRINITY/J2 Pacific produced intelligence products; 1) Civil Maritime Analyst (CMA); 2) Maritime Intelligence Report (MARINTREP); 3) Introduction to TRINITY/J2 Pacific MARINTREP sites; 4) Morning Intelligence Briefing Note (MIB); 5) MARPAC CIB (Canada, J2 Pacific); 6) Threat 7) Assessments (TA) JTFA/JTFP; 8) TRINITY Country Quick Looks; and 9) J2 Pacific Country products.	150			A37 Ch. 3, 5, 6, & 7, A32, A33, B8, B35, B13 Annex A Appendix 1, D9, D10 and D13	S1-Guest Lecture Instructor led guided discussion	

Capabilities and Limitations of Communications intercept organizations to include: 1) Communications Security Establishment Canada (CSEC): a) SIGINT; b) Support to military Operations (SMO); c) Support to Navy; d) Equipment/ systems/ software; and e) Datalinks. 2) SIGINT Interoperability with 4 eyes: a) Definitions; b) SIGINT authorities; c) CF SOC watch Center; d) Background; and e) CSSE shore support. 3) SIGINT allied partnership: a) SIGINT allies; b) Resources; c) Communications; d) Operations; and e) Training.	100			A37 Ch. 3, 5, 6, & 7, A32, A33, B8, B35, B13 Annex A Appendix 1, D9, D10 and D13	S1-Guest Lecture Instructor led guided discussion	
Exercise data mining of available intelligence products. Research and conduct country brief			200	A37 Ch. 3, 5, 6, & 7, A32, A33, B8, B35, B13 Annex A Appendix 1, D9, D10 and D13	S1-SGTA	Trainees to review current OPORD and data mine on AOR and brief Command on current situation; 10 minute briefs.

PO 004 Manage Intelligence

EO 004.03 Evaluate Intelligence Requirements (B0510)

1. **Performance**: Evaluate Intelligence Requirements (B0510)

2. **Conditions**:

   a. Given:

      (1) References;

Exercise submission of intelligence reports: 1) INTREP/INTSUM; 2) MARINTREP; and 3) CIB/CIRs. Exercise submission of intelligence imagery.			400	B13 Annex A Appendix 1, A51 Series 2000, B38, A21 MIO, RMP and INTEL, D9, D10, D13 and D14	S1: Practical	

Enabling Check – EO 004.04 Disseminate Intelligence Information

PART I – ADMINISTRATIVE INSTRUCTIONS

Material and Facilities Instructions

1. Networks and Communication access (Class/Unclass);
2. Mission OPORD and intelligence related products;
3. Applicable software and visual equipment;
4. GEOPOL brief template; and
5. Trainer/ UNCLAS/CLASS Networked classroom.

Arrangements and Procedures

6. EC 004.04 will be a practical assessment based on content from EO 004.01 to EO 004.04.
7. To pass this EC, the trainee must achieve 7/10 SATs.
8. Time required: 8 x 50 min period(s) per trainee (8 total (30 min per trainee x number of trainees)).
9. References will/will not be required.

PART II – PRACTICAL ASSESSMENT INSTRUCTIONS GIVEN TO TRAINEE

10. EC 004.04 will be a practical assessment based on content from EO 004.01 to EO 004.04.
11. During this practical assessment, you will disseminate intelligence information.
12. You must pass this EC to pass EO 004.01-EO 004.04.
13. References will be provided.
14. Pass mark is 7/10 SATs IAW ECL 004.04.
15. You will have 8 x 50 min period(s) to complete this assessment.
16. Do you have any questions before you start?

PART III – ENABLING CHECK NOTES

17. See assessment plan EC 004.04.

PART IV – ENABLING CHECK LIST

Item	EC 004.04 Disseminate intelligence information	SAT	UNSAT	Remarks
Conduct Mission Brief including:				
AOR Map overview		☐	☐	**Use Google Earth**
Protagonist slide		☐	☐	
Political situation		☐	☐	
Historical summary		☐	☐	
Enemy/Neutral/ Friendly Force dispositions		☐	☐	
Timeline of significant events		☐	☐	
UNSCR's/ policies in effect		☐	☐	
NATO/ CAN intentions		☐	☐	
Track Mission RFI/RFS				
Status of RFI/RFS database		☐	☐	
New/ answered RFI/RFS		☐	☐	

Score: /10

The trainee must achieve 7/10 SATs to pass this EC.

PO 005 Advise Command on Information Warfare

EO 005.01 Coordinate IW Plan

1. **Performance**: Coordinate IW plan.

2. **Conditions**:

   a. Given:

      (1) References;

      (2) Computers;

      (3) Applicable software;

      (4) Information technology (IT) Support; and

      (5) Command Directives.

   b. Denied: Nil.

   c. Environment: UNCLAS/CLASS Networked classroom.

3. **Standard**: The trainee shall coordinate IW plan by:

   a. Facilitating Ships/Unit's situation awareness (SA) IAW A2, A4, A20, A21, A37, A39, A43, A45, B13, B15 and D11; and

   b. Collaborating in Mission Analysis IAW A1, A38 and A44 .

4. **Time Required**:

   a. EO – 28 x 50 min periods; and

   b. EC – 2 x 50 min periods.

5. **Instructional Methods**:

   a. Interactive lecture;
   b. Demonstration - performance;
   c. Guided discussion;
   d. Study assignment;
   e. Self-study;
   f. Simulation;
   g. Role play;

h. Case study;
i. Field trip;
j. Self-paced CBT (asynchronous);
k. Virtual classroom (synchronous); and
l. Video teleconference.

6. **Training Aids**:

a. Maritime Tactical Planner handbook;
b. Network access (UNCLAS/CLASS);
c. PC 005 Mission OPORD and related messages/orders;
d. Decision Brief template; and
e. MLP.

7. **Test Details**: EO 005.01 will be tested in EC 005.01 and PC 005.

8. **Remarks**: Guest lecture shall tailor training around PC 005 Mission OPORD and be provided relevant Mission related orders and messages.

9. **Teaching Points**:

Main Teaching Point	Instructional Technique (Time in min)			References	Delivery Approach/ Spirals	Comments
	T	D	P			
Facilitating Ships/Unit's SA						
Identify IWO/IWD Role in Operations to include: 1) AAW; 2) ASuW 3) ASW; 4) Mine Warfare; 5) Maritime Interdiction Operations (MIO); 6) Sovereignty and Surveillance Ops; 7) Arctic Operations; 8) Carrier operations; 9) Force protection; 10) Humanitarian assistance; 11) Non-combatant evacuation operations (NEO);	100			A2 Ch. 1 Annex A, A4 7105 MARTI Annex A & TACNOTE 6600, A20 OP LENTUS OPORD, A21 AAW, ASuW, ASW, IM, NMW, MIO, INTEL & RMP A37 Ch. 6, A43 3-2, 3-3, 3-4.1, 3-5, 3-10, B15 Ch. 7 Sect I & Ch.	S1: Guided discussion	

12) WEB Manager; 13) CRR Coordinator; 14) Flex Manager; 15) Lessons Learned.; and 16) AGI Operations Over/Covert.				14 Sect IV para 14402 and D11

Performance Check – PO 001 Process Operational Information, PO 002 Operate C4I System, PO 004 Manage Intelligence, and PO 005 Advise Command on Information Warfare

PART I – ADMINISTRATIVE INSTRUCTIONS

1. Networks and Communication access (Class/Unclass);

2. Mission OPORD and intelligence related products;

3. Applicable software and visual equipment;

4. Trainee generated products from POs 001, 002, 004 and 005; and

5. DMOC NFS(A)/Classroom NFS(P).

<u>Arrangements and Procedures</u>

6. PC 001, 002, 004, 005 will be a practical assessment based on content from PO 001, 002, 004, and 005.

7. To pass this PC, the trainee must achieve the following:

   a. PCL 001 – 7/10;
   b. PCL 002 – 7/8;
   c. PCL 004 – 5/7; and
   d. PCL 005 – 7/10.

8. Time required: 4 x 50 min period(s) per watch (40 periods total (600 mins/watch developmental and 400 mins/watch assessed)).

9. References will be required.

PART II – PRACTICAL ASSESSMENT INSTRUCTIONS GIVEN TO TRAINEE

10. PC 001, 002, 004, 005 will be a practical assessment based on content from PO 001, 002, 004, and 005.

11. During this practical assessment you will: process operational information, operate C4I system, manage Intelligence, and advise Command on IW . You must pass this each PC to pass PO 001, 002, 004, and 005.

12. References will be provided.

13. Pass mark is IAW PCLs 001, 002, 004 and 005.

14. Trainees will receive a minimum of 600 mins of on-watch development, followed by a minimum of 400 mins of assessment.

15. Do you have any questions before you start?

PART III – PERFORMANCE CHECK NOTES

16. Trainees will be grouped into syndicates and join designated HMC ship in a 1 in 2 watch rotation. During the development and assessment periods, each trainee will execute the duties and responsibilities of IWO/IWD. Each watch will be assessed IAW assessment plan PC 005 and PCLs 001, 002, 004 and 005. On watch trainees will be designated a workstation and conduct watch IAW assessment plan PC 005 watch schedule. The off watch trainees will be prepping for their next watch in an alternate classroom/ trainer.

PART IV – PERFORMANCE CHECK LIST

Item	PC 001 Process Operational Information	SAT	UNSAT	Remarks

ANNEX B – TASK LIST

Task #	Task Statement	T/NT	PO
Duty Area A - COMMUNICATIONS	**NCIOP**		
A0005	Perform communications checks (comm checks)	T	003
A0015	Conduct circuit management functions	T	003
A0020	Operate C4I Inter-Ship circuits	T	003
A0030	Extract information from COMPLANS, EMCON Plans and Frequency Plans	T	001
A0045	Perform Search and Rescue (SAR)/Distress/SUBSMASH communications procedures	T	003
Duty Area B - INFORMATION SYSTEMS MANAGEMENT			
B0005	Web page design	T	001
B0010	Manage Information Management Warfare (IMW) Web Page	T	001
B0015	Operate Netcentric Warfare Systems	T	001
B0020	Advise on C4ISR	T	005
B0025	Analyze Information Exchange Requirements (IER)	T	005
B0035	Implement information management battle plan	T	005
B0045	Manipulate Databases	T	001
Duty Area C - OPERATIONS			
C0015	Conduct intelligence gathering	T	004
C0020	Conduct evidence gathering	T	003
C0025	Contribute to Intelligence-gathering operations	T	004
C0030	Contribute to evidence gathering operations	T	003
C0035	Display intelligence information	T	004
C0040	Disseminate intelligence information	T	004
C0060	Contribute to SAR picture compilation	T	002
C0065	Maintain operational logs	T	003
C0125	Coordinate Ship’s/Unit's Request for Information (RFIs)	T	004
C0130	Identify CAPS and LIMs of platforms	T	004
C0145	Enforce Emission control(EMCON) restrictions	T	005
C0150	Adhere to Emission control(EMCON) restrictions	T	005
Duty Area D - COMBAT INFORMATION ORGANIZATION (CIO)			
D0045	Operate C4I systems	T	002

Duty Area E - CHEMICAL, BIOLOGICAL, RADIOLOGICAL, NUCLEAR CONTAMINATION DEFENCE			
E0015	Coordinate Chemical, Biological Radiological, Nuclear Defence (CBRN) information	T	005
E0020	Advise command on hazard avoidance	T	005
E0025	Conduct CBRN Defence hazard prediction	T	005
E0030	Interpret CBRN Defence Information	T	005
E0035	Assess the implications of an CBRN event on ships operations	T	005
E0040	Assist with formation and ship CBRN Defence SOPs	T	005
E0045	Identify and report CBRN Defence lessons learned	T	005
	MARS		
DUTY AREA B - NAVAL OPERATIONS			
B0140	Prepare evaluation operational reports	T	001
B0250	Contribute to the Recognized Maritime Picture (RMP)	T	004
B0490	Organize intelligence	T	004
B0500	Manage intelligence	T	004
B0510	Coordinate intelligence requirements	T	004
B0550	Plan shipboard information management	T	005
B0560	Advise on information Warfare	T	005
B0570	Coordinate the operational input to classified web sites	T	001
B0580	Manage Classified Standard Documents (CSD)	T	001
	OSS ALBT		
T 0001	Execute duties of Information Management Director	T	005
T 0002	Advise COMMAND on C41SR issues	T	002
T 0003	Manage information transfer	T	004
T 0004	Manage information exchange	T	005
T 0005	Manage Message Files	T	001
T 0006	Promote COMSEC, ITSEC and IMSEC	T	005
T 0007	Manage Operational network information	T	001

ANNEX C – QSP WORKING GROUP RECORD OF PROCEEDINGS

Dates: Apr 18th-May 26th, 2017

Location: Naval Training Development Center Atlantic

Working Group Members:

Surname	Initials	Rank	MOSID	Unit
Boudreau	SL	Lt (N)	00207	NTDC(A)
Thibert	S	CPO2	00114	NTDC(A)
Ventham	RC	PO1	00114	NTDC(A)
Whitman	B	PO1	00114	
Breland	MI	Lt	00211	NTDC(A)

Working Group Objective:

1. To create a new QSP for the IWO/IWD course that is performance oriented and based around a mission scenario.

Specification Task – No Train Decisions:

Task #	Task Statement	Substantiation
A 0015	Conduct circuit management functions	Taught at P02 Level
A 0020	Operate C4I Inter-Ship circuits	Previously covered
A 0030	Extract information from COMPLANS, EMCON Plans and Frequency Plans	Taught at OS-SLt level
A 0045	Perform Search and Rescue (SAR)/Distress/SUBSMASH communications procedures	Taught in prior courses
B 0015	Operate Netcentric Warfare Systems	Wording was not clear. Board used Operate IS instead.
B 0020	Advise on C4ISR	Too vague. Board covered it with multiple tasks in PO 005
B 0025	Analyze Information Exchange Requirements (IER)	NT ORS and NAVCOM function
B 0035	Implement information management battle plan	Board added a new task that had better clarification “Maintain Unit battle rhythm”.
B 0250	11. Contribute to the Recognized Maritime Picture (RMP)	12. Learned on the job

B 0550	Plan shipboard information warfare	Board added the task “coordinate IW plan” instead to reflect IWO’s role.
B 0580	Manage Classified Standard Documents (CSD)	Taught Prior courses
C 0065	Maintain operational logs	Taught Prior courses
C 0145	Enforce Emission control(EMCON) restrictions	Taught Prior courses
C 0150	Adhere to Emission control(EMCON) restrictions	Taught Prior courses
E 0040	Assist with formation and ship CBRN Defence SOPs	Covered on a later course (not part of the current job)
T 0001	Execute duties of Information Management Director	Covered in prior tasks
T 0002	Advise COMMAND on C41SR issues	Board used “advice Command on information warfare”
T 0003	Manage information transfer	Covered in prior tasks
T 0004	Manage information exchange	Covered in prior tasks
T 0005	Manage Message Files	Covered in prior tasks
T 0006	Promote COMSEC, ITSEC and IMSEC	Taught Prior courses
T 0007	Manage Operational network information	Covered in prior tasks
E0015	Coordinate Chemical, Biological Radiological, Nuclear Defence (CBRN) information.	Not required for IWO/IWDs
E0040	Assist with formation and ship CBRN Defence SOPs	Not required for IWO/IWDs
E0045	Identify and report CBRN Defence lessons learned	Not required for IWO/IWDs

Discussions / Decisions:
Of note received non concurrence letter from NPTG, letter directed that all tasks lists will be revereted to original form and all tasks on original task list must be trained. Amendments to task made 19/09/2018.

18 Apr 2017

2. The QSPWB TDO provided a short brief on the objectives, rules, conduct, milestones required for the working group. She then briefed the Board on the Canadian Forces Individual Training and Education System (CFITES).

3. Commenced updating Chapter One: Remove from prerequisite - “NOPQ Qual with minimum 6 months consolidation”; and add Security Clearance level 3 requirement.

4. Board members met with the CO for the initial working group brief. The CO provided direction for the IMD course. The CO directed the board to change the title “Information Management Director” to “Information Warfare Director” throughout the QSP and courseware.

5. Assigned first task – discover mission brief that CO mentioned during his RQPO1 IWD intentions meeting.

6. Started discussing Modularization: P RES MOD will be at the end.

7. Establishing VTC: No success connecting with NFS(P).

8. Dismissed until 0900 19 Apr 2017 for members to action assignment.

<u>19 Apr 2017</u>

9. The QSPWB TDO, LT Breland, provided a short brief on the train/no train, and scalaring required for the working group.

10. Board completed the train/ no train task list.

    a. Train – No Train Decisions:
        i. A0015 – NT – Taught on prior course;
        ii. A0030 – NT – Taught on prior course;
        iii. A0045 – NT – Taught on prior course;
        iv. B 0035 Implement information management battle plan –NT-added Maintain Unit battle rhythm
        v. C0065 – NT - Taught on prior course;
        vi. C0145 – NT - Taught on prior course;
        vii. C0150 – NT - Taught on prior course;
        viii. B0580- NT-Taught on prior course;
        ix. T001 – NT – Covered in previous tasks;
        x. T003 – NT – Covered in previous tasks;
        xi. T004 – NT – Covered in previous tasks;
        xii. T005 – NT – Covered in previous tasks;
        xiii. T006 – NT – Covered in previous tasks; and
        xiv. T007 – NT – Covered in previous tasks.

    b. Board changed Task wording:
        i. B0560 – Change “Advise on Information Management” to read “Advise Command on Information Warfare”.

    c. Board decided that the following tasks should be added to the task list and specs:

i. C0045 – T – Operate Combat System;
ii. C0080 – T – Operate Data Collection Equipment;
iii. C0135 – T – Operate Imagery Equipment; and
iv. C0205 – T – Process Digital Imagery.

11. Board VTC with NFS(P) to discuss train/ no train list. Board stared dividing tasks into two groups (Mission or Independent Operations) as per the CO's direction.

12. Recessed for the day to reconvened 20 Apr 2017, after NFS (P) IWD Instructor provides the currently used final assessment plan.

<u>20 Apr 2017</u>

13. Board reviewed the documents sent from NFS (P) IWD Instructor.

14. Board reviewed task list and added task "Draft Operational Correspondence" A0065

<u>21 Apr 2017</u>

15. Board started at 0900 and reviewed the ROP.

16. The board discussed the tasks and made the following changes:

a. Board decided that the following tasks should be added to the task list and specs:

i. Disseminate operational information;
ii. Operate Information Systems (IS);
iii. Operate C2 Systems;
iv. Coordinate Information Warfare (IW) plan;
v. Maintaining unit Battle Rhythm; and
vi. Employ Cyber Defence Policies.

- Tasks were added to the task list with "N" for "New" tasks

b. Board decided
i. Task E0040-Assist with formation and ship CBRN Defence SOPs would be NT because it was not a task covered at the director level.
ii. Task E0015 Coordinate Chemical, Biological Radiological, Nuclear Defence (CBRN) information is a NT because it was not part of an IWO/D's job.
iii. B0250 Contribute to the Recognized Maritime Picture (RMP) NT because it was learned on the job and includes many tasks.

17. The board starting scarlaring the tasks.
18. The board ended

<u>24 Apr 2017</u>

19. Board reviewed the ROP
    a. Board changed the wording of the following tasks to reflect IWO/D's job:
        i. B0150 Coordinate intelligence requirements to evaluate intelligence requirements.
        ii. C0080 Operate DCE to Employ DCE
        iii. B0010 Manage information management Warfare (IMW) Web page to Manage IW web page
        iv. B0005 WEB Page Design to Design IW Webpage to have the verb come first.
        v. B0570 Coordinate the operational input to Classified Sites to Coordinate the operational input to CAF Sites

20. While reading the IWO/IWD roles in the SSOs they are unsure the responsibilities in the IM and IR committees mentioned. The board agreed to do some additional research before adding any additional tasks to the list.

21. The board continued scalaring. They have broken the IWO/IWD into 5 POs so far.

<u>25 Apr 2017</u>

22. The board had a SME who recently been on course and in the IWO/IWD role come and talk to them. A few things that were noted during that visit was:
    a. Some excel coding added to the training would be useful for when they got on the job;
    b. Having NSWAN demo to students at D201 (conference rm A) and "J" chat would improve the course
    c. Naming convention were not standardized
    d. Lessons learned was taught on DL and in the classroom (a lot of duplication). The SME said the classroom portion was more useful.
    e. Evidence gathering portion was good on course
    f. There was a lot of "free time" during the end PC.

23. The board then finished the scalaring.

<u>26 Apr 2017</u>

24. The QSPWB TDO provided a short brief on the design portion of the QSP.

25. The board started creating the EC checklist for EO 1.02 together.

26. At 1300 the board had a VTC with the West coast SME to discuss the progress thus far. The SME was concerned with having level 3 security clearance as a pre-requisite for the course because the process takes a long time. The board decided to amend it to must have a level 3 or the application is in progress.

27 Apr 2017

27. Board worked individually on EC checklists.
28. Board dismissed until Monday morning at 0900

May 1st

29. Board reviewed and edited the EC checklist which were completed individually.
30. Board developed the Activity Plan for PC 003
31. Board completed the teaching points table for PO 003

May 2nd-May 8th

32. Board worked on PO 004 and PO 005 individually.
33. Board went over the ECs and Teaching table as a group to discuss timings and delivery methods. It was suggested to review all the timings again at the end of the week to see if extra time could be added to the Mission PC.

May 9th-10th

34. Board research mission scenarios for the final PC.
35. The board discussed that the CBRN portion of the current course does not reflect the new CBRN responsibilities of the IWD/IWO, so the board worked on creating new EC/PC assessments.
36. The follow were recommendations on timings from a SME through email:

- 4 periods on course start for Orientation, CMDT Welcome, and Standards/course conduct brief and IMD role in Ops.
- 4 periods Base Admin Time (BAT) for in routines, etc. at course start and 8 periods for out routine, etc. at course end (total 12 BAT periods)
- 2 periods for Graduation requirements
- 2 periods for End Course Divisional Interviews
- 2 periods for End Course Critiques (done online)
- 2 Training Admin Time (TAT) per week, not to include the Shore Practical Phase (20 periods total)
- 4 PT Periods per week (2 per day on 2 days per week), not to include the Shore Practical Phase (40 periods total)
- No training Travel Time is required, as all training is completed in one location
- I would recommend that each EC and PC receive 2 periods (instead of 1) for review, etc.
- 1 period at the end of every phase (1-5) for End Phase Critique
- Bandwidth management (EO 002.01 Operate Information System) requires 8 periods (1 day) for the guest instructor

- EO 002.03 contains a lot of Link info that is taught on TDL 100 and 200, and Link operation doesn't really fall under the IWD responsibilities. Operating Link is 'good to know' for SNR NCIOPs and not really required by IWO's.
- EO 003.01 takes 16 periods: 2 for the Military Police Lectures, 6 for Instructor lectures, 8 for practical/demo.
- SAR Products: Set up – SAR Packs, SAR Board (set up in WDRM), Comms, references (in SAR Pack), initial and follow up reports to HQ/CMD and RJOC and/or RCCs and SIRs as required.
- For INTEL, recommend 2 periods for EC, 16 periods for PC (8 prep and 8 presentation). Also, currently, the INTEL staff of guest lecturers uses 56 periods. From Critiques, we could probably take away 4 periods from that, so 52 periods.
- PO005 currently has 88 periods: 8 intro/prep, 64 developmental, 16 assessment. Recommend 8 intro/prep, 56 developmental and 24 assessment for the new QSP

<u>May 11th-24th</u>

37. Board reviewed ROP and edited the timings for some teaching points based on the recommendations above.
38. The board developed activity plans for EC 004. They decided trainees would be required to prepare and conduct a brief based on a given Geopolitical situation.
39. The board developed activity plans for EC 005.01 and EC 005.02
40. Board discussed the gap in training for NWO IWOs WRT multi-link and it was determined that the Tactial Data Link (TDL) 100 course should be completed before obtaining the IWO/D NQual.
41. The board broke the IWO/D course into 4 Modules. Mods 1 and 2 can be PLARed by candidates with the requirements listed in chapter 1. Additionally, Mod 3 and 4 were broken into 2 modules allowing reservists with limited availability the option of completing the course over time. (NPTG directed NTDC(A) to remove Mods via non concurrence letter).

<u>Lessons Learned</u>:

42.

<u>Guidance to Development and/or Instructional Staff</u>:

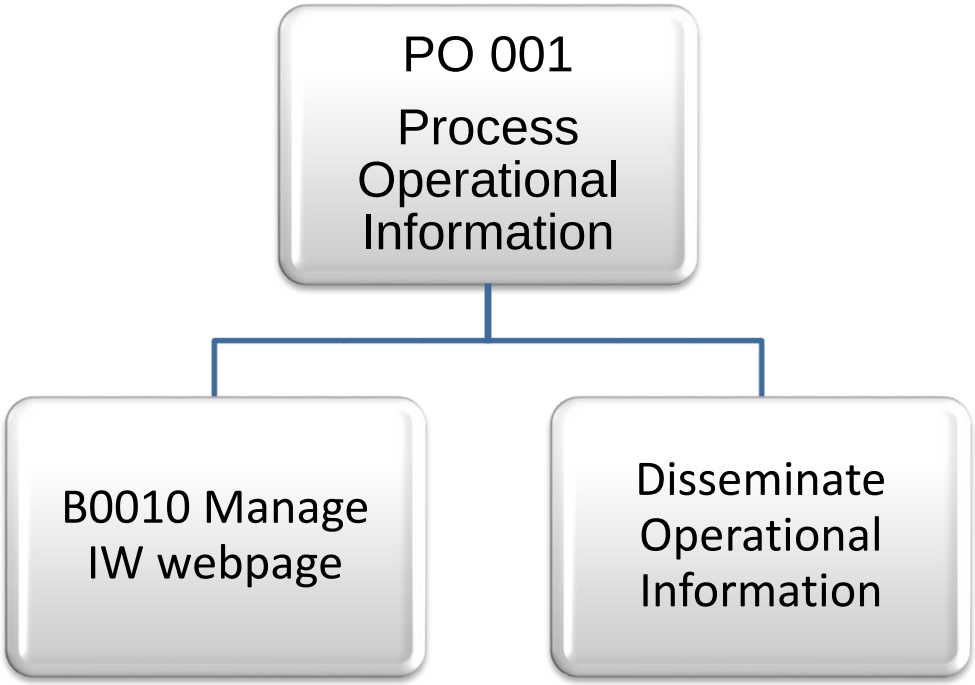
43.

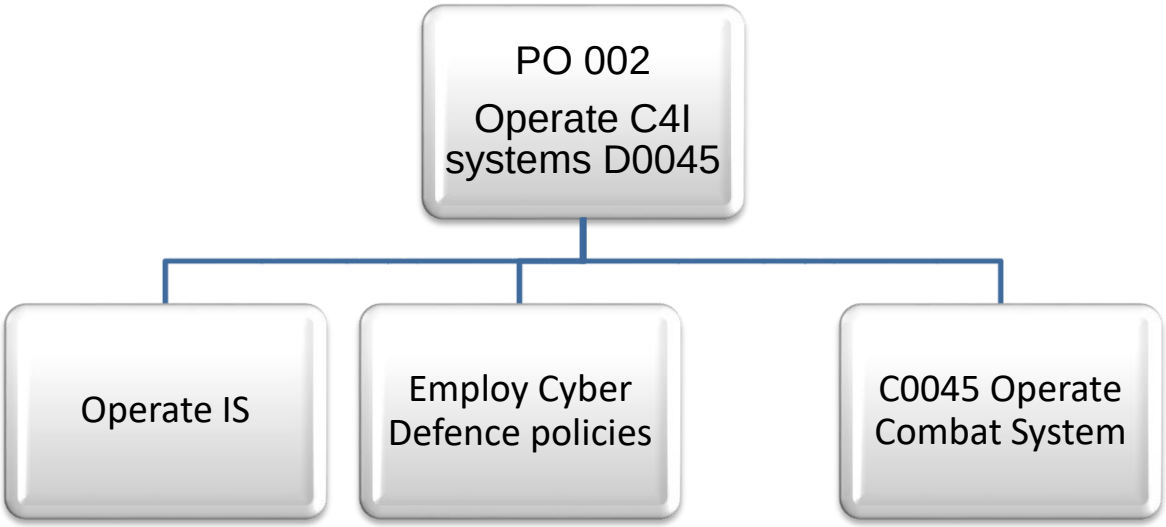
<u>Follow Up Action</u>:

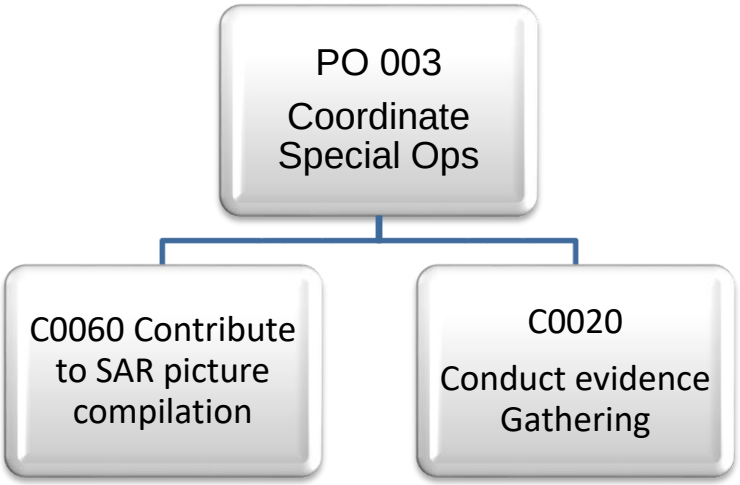
Item	Action	OPI	Expected Date of Completion
1	Complete SPQR forms to add tasks N 0005-0025	TDO (TDC (A))	07/2017
2			

Other Considerations (if applicable):

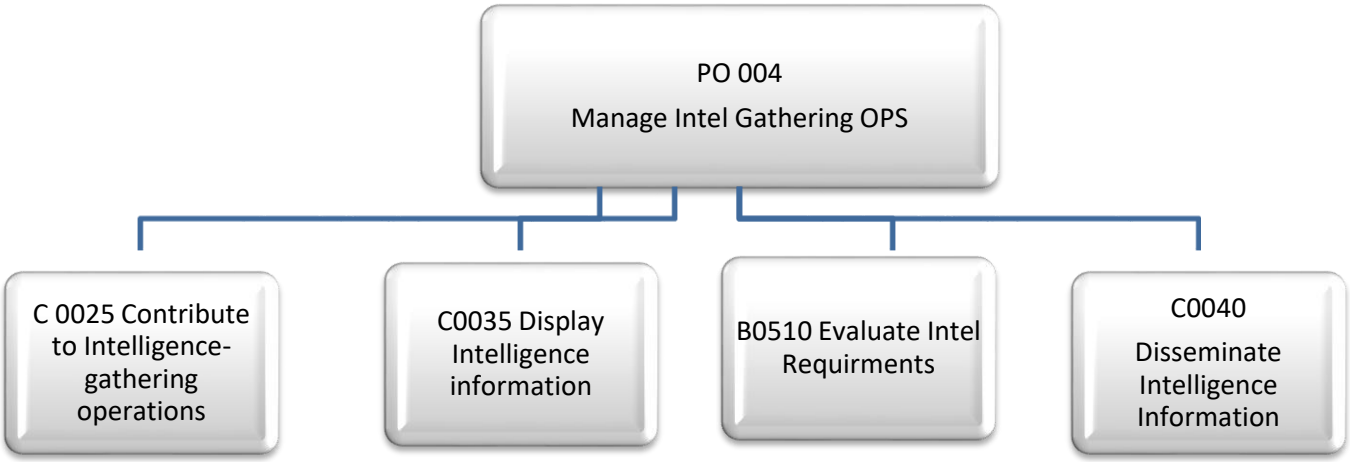
ANNEX D – SCALARS



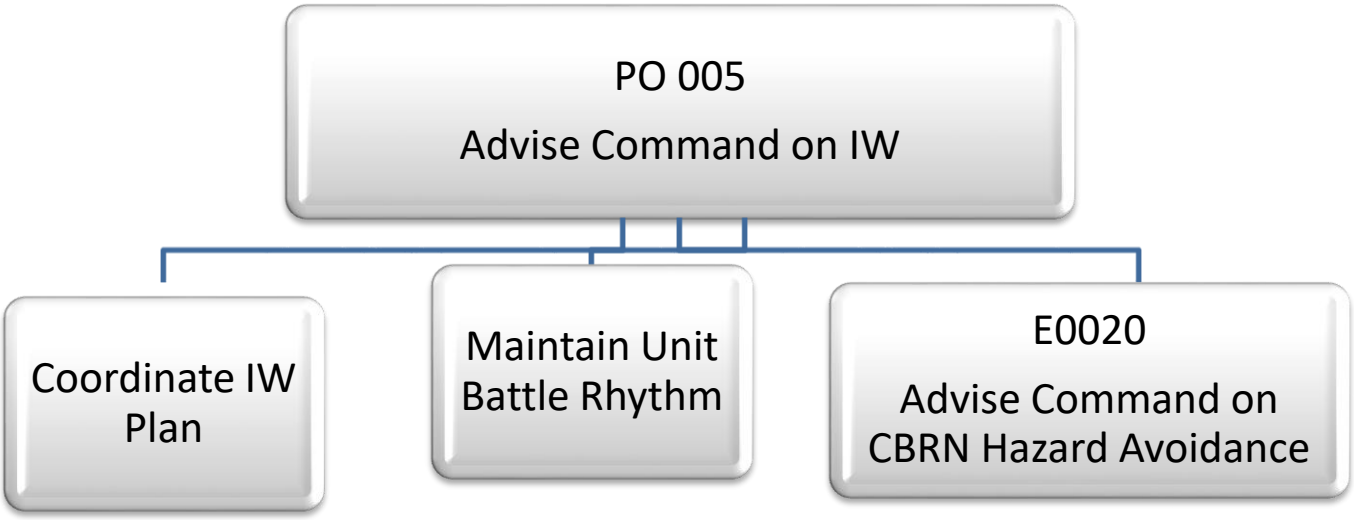




PO 003
Coordinate Special Ops
C0060 Contribute to SAR picture compilation
C0020
Conduct evidence Gathering



PO 004
Manage Intel Gathering OPS
C 0025 Contribute to Intelligence-gathering operations
C0035 Display Intelligence information
B0510 Evaluate Intel Requirments
C0040
Disseminate Intelligence Information



PO 005
Advise Command on IW
Coordinate IW Plan
Maintain Unit Battle Rhythm
E0020
Advise Command on CBRN Hazard Avoidance

ANNEX E – ON JOB PERFORMANCE RECORD (OJPR)

Nil

ANNEX G – MODULARIZATION AND SUGGESTED TIMINGS

Module 1

	Suggested timings	EO	EC*	PC*	PO
Content	**Title**				
PO 001	**Process Operational Information**				
EO 001.01	Manage IW Webpage	18	1		
EO 001.02	Disseminate Operational Information	33	2		54
PO 002	**Operate C4I Systems**				
EO 002.01	Operate Information Systems	24	1		
EO 002.02	Employ Cyber Defence Policies	8			33
	Total	**83**	**4**		**87**
PO 002	**Operate C4I Systems**				
EO 002.03	Operate Combat Systems	25	8		33
	Total	**25**	**8**		**33**
PO 003	**Coordinate Special Operations**				
EO 003.01	Conduct Evidence Gathering	24	4		
EO 003.02	Contribute to SAR Picture Compilation	6	1	12	47
	Total	**30**	**5**	**12**	**47**
PO 004	**Manage Intelligence**				
EO 004.01	Contribute to Intelligence Gathering Operations	49			
EO 004.02	Display Intelligence Information	30			
EO 004.03	Evaluate Intelligence Requirements	7			
EO 004.04	Disseminate Intelligence Information	12	8		74
PO 005	**Advise Command on Information Warfare**				
EO 005.01	Coordinate IW plan	28	2		
EO 005.02	Maintain Unit Battle Rhythm	17	4		
EO 005.03	Advise Command on CBRN Hazard Avoidance	12	5	40	92
	Total	**165**	**19**	**40**	**224**

* Include review and debrief time.

ANNEX H – ADDITIONAL TRAINING RESOURCES

In accordance with Chapter 1, paragraph 3, add any extra tables or paragraphs used for training resources in this annex. (**Not to be deleted**)

#	Resource	QTY	Days
1	NATO e-Learning account	12	1
2	DSLR Camera with SD Card	12	3
3	Evidence Gathering kit	12	3
4	Smart Board/ Projector	1	49
5	Instructional Materials (Texts, pubs, logs, Crypto, Training Messages)	12	49
6	SARboard template	1	2
7	CSNI User account form completed/submitted 30 prior to attending course	12	N/A
8	PP & S	12	49

Guest Lectures

Organization	Periods required	Recommended Personnel	Notes
MARLANT/MARPAC	18	Web Administrator	EO 001.01
CFMWC	24	OIC Wargaming & Education	EO 005.01
CJOC/ CFMWC	8	J7/ OIC LL/KMS	EO 001.02
MARPAC/MARLANT	2	N6 IM/IT Project Manager	EO 002.01
Military Police Unit Halifax/Esquimalt	2	MP	EO 003.01

ANNEX I – COSTING INFORMATION

Include information about cost in whichever format is applicable (**Not to be deleted**).

Costing Annex_Template.xlsx

Estimates only, based on CF Cost Factors Manual FY 2012/13 verify that this link is the most updated version

****5 year total based on one course per year INCLUDING Initial Set-Up. Costs may be adjusted accordingly.**

Course: TDL 300		Serial:				
TD	No. Of Students / instructors /	Cost per each	# Days (if applicable)	Initial TE Set-up	Each successive course	5 Year total
Airfare (Return)	14	$1,000.0		$14,000	$14,000	$70,000.00
R&Q	14	$36.0	51	$25,704	$25,704	$128,502.00
Incidentals	14	$17.5	51	$12,495	$12,495	$62,475.00
Subtotal				**$28,980**	**$28,980**	**$260,997.00**
Material	Quantity	Cost per each	# Days (enter 1 if not applicable)			
PP&S (Estimate)	16	$50.0	1	$800	$800	$4,000.00
Classroom (square meters)	30	$13.00	49	…	…	…
Computer requirements	16	$1,000.0	1	$16,000	$0	$16,000.00
IT Equip (Proj, Smart board etc.)	1	$6,000.0	1	$6,000	$0	$6,000.00
DWAN connection (Set up)	1	$5,000.0	1	$5,000	$0	$5,000.00
Link Toolkit (on DVD)	15	$1.0	1	$15	$15	$75
Instructional Materials (Printed / Handouts etc.)	15	$30.0	1	$450	$450	$2,250.00
Subtotal				**$28,265**	**$1,265**	**$33,325.00**
PYs (only if course includes incremental on SWE, or course to be delivered off site	Quantity	Cost per day* (SWE if necessary)	# Days (if applicable)			
Instructor (PO1/WO) (incremental)2	2	$223.0	20	$8,920	$8,920	$44,600.00
Incremental Civilian Instructor		XXX				
		subtotal		**$8,920**	**$8,920**	**$44,600.00**
	Total Estimated Costs			**$66,165**	**$39,165**	**$338,902**

ANNEX J – COURSE HISTORY

This annex is to record course history issues such as explanations of amendments, pertinent findings, trends, resource problems and modifications. Focus should be given to both excellent and questionable issues of the course. Capturing important course history information is a useful managerial tool for amendment considerations by future course developers.

Note: This annex shall NOT be deleted. This annex must be annotated with every update or modification to this QSP. This is in addition to making the appropriate entry in the Record of Amendments table. Details as to the nature and reasons for amendments are to be provided here.

The Original Qualification Standard and Plan Writing Board took place at Canadian Forces Naval Operations School Halifax 10 May – 11 June 2004. A further review took place before the first Pilot course on direction from DMTE OTTAWA 3371-4500-1 (DMTE 2-2/38134) dated 07 February 2005 to shorten the course; the review shortened the course length from 120 training days to 102 training days. Pilot courses session 0001 Fall 2005 and 0002 Spring 2006 were administered and further amendments were required based on pilot course documentation. Session 0003 was zero loaded to give the school the necessary time to convene another Board to determine best course of action. The board consisting of SMEs from the school and ashore provided further cuts to the training schedule resulting in a course of 91 training days, which was approved by DMTE, which consisted of 14 QSP change requests submitted by CFNOS/CT/CI. After completion of Pilot courses session 0004 Spring 2007 and session 0005 Fall 2007, the IMD QSP became steady state on 07 December 2007 3371-4798-1 (DMTE 2/128749). IMD session 0006 spring 2008 has been the only steady state course run for this qualification.

An IMD QSP Board was convened in CFNOS in July 2008. This QSP is the result of that board. The QSP was amended to reflect comments from previous student critiques and from experienced IMD input iot reflect fleet requirements. The QSP changes were subtle, consisting mainly of a re-organization to reflect updated skills and knowledge (see Record of Proceedings [ROP] for detailed description). This QSP will be utilized during the Fall 2008 IMD Course, Session 0007, which will be developed by the CCA (CFNOS) as a (semi) pilot course (the majority of teaching points are taken directly from previous QSP and have not been amended). The course was reduced from 86 Actual Training Days to 69 Actual Training Days due to some course content found to be repetitive, other

course content being allocated more training periods than required and some course content removed due to it not being pertinent to the IMD position.
A review of chapters 3 and 4 was conducted in January 2010 after CFFS Esquimalt had conducted the initial West coast serial (0011) and assumed CCA for the QSP. It was apparent during the 0011 sea phase, that the PC 005 checklist in the QSP had not been updated since version 1, despite the fact that an alternate checklist had been in use for some time. The original checklist was seen by staff as being overly detailed and assigned a great deal of the marks to trivial tasks (ie. send email). The result was that students could completely fail to support the Command team and still attain a passing score on PC 005. A major redesign of the checklist was conducted in order to re-balance weight factors and place much greater emphasis on the support to the Command team.
Some references were deleted as they were no longer current or relevant to the content of the course. The location of CFMWC and previously existing SLAs were no longer relevant, and were updated to reflect MARPAC resources. Some of the Teaching points within the Enabling Objectives were either modified or combined to emphasize practical skills and ensure relevance. Training periods were removed from some knowledge-based lessons and re-allocated to the practical portions of the corresponding Enabling Objectives.
The critical Enabling Check (003.01 - Evidence Gathering) was changed from a written test, to a practical evaluation that includes collection onboard an HMC ship. Command briefs during the 0011 sea phase were consistently weak due to lack of development prior to the sea phase. The conduct of Enabling Objective 005 was therefore updated to require students to conduct situational/intelligence briefs prior to embarkation.

A review of course sequence and timings was conducted by CFFSE in November 2010 with the purpose of rationalizing the training schedule to better reflect the time required to teach the material. Both instructor experience and student critiques since the course moved to CFFSE reflect that some sections had been allocated too much training time while others did not provide enough time for students to practice relevant skills. CFFSE intent was to eliminate the slack and refocus on practical vice lecture-based training.
As a result of this review the course was reduced from 76 to 62 training days. The previous QSP was based on a 7 period training day, which does not match the CFFSE standard 8 period day. Re-structuring the training for an 8 period day resulted in a savings of 9 training days. A further 9 day reduction resulted from a re-examination of the time allotted to each subject.
Proposed changes to Chapter 1 and 2 were primarily administrative; the reduction of the course length being the most substantive change. A number of

minor changes were made to reflect that CFFSE is now CCA and MARPAC resources are supporting training. Two items were removed from Chapter 2 performance objectives:

a. from PO 001 "Provide Input to OPORDs" – This stems from the JB/OSS. Although the requirement to provide input remains, such input is based on the knowledge and skills taught throughout the course. This instruction is redundant and no training is required for IMDs to meet the JB/OSS; and,

b. from PO 002 "Resolve IM Equipment Casualties" – Although listed in the JB/OSS, this task requires technical training well beyond the scope of this course. Even were IMDs trained to rectify IS/IT, they lack the required system privileges to effectively perform this task. This task is carried out by ship ISA and therefore is redundant.

The minimum IMD sea phase was reduced from 12 days to 9. Due to scheduling difficulties, IMD 0012 sea phase was conducted successfully with only 10 days at sea. Following an in depth review, CFFSE staff is confident that 9 days represents the true minimum required to orient, develop and assess candidates to the proper standard. A 12 day sea phase is now stated as 'preferred' and will continue to be the standard, however the reality of current fleet operations is that 12 days in not always achievable.

EO 001 was refocused on skills applicable to an IMD at sea. Contracted training in application software no longer required 'Level III' training as the skills taught in these sections have very limited application on ship. Practical exercises were created in lieu of the level III courses to reinforce and focus skills learned from contracted training towards real world applications relevant to the management of tactical and operational information.

PO/EO 002 has been a consistent weak area identified in course critiques and validated by instructors. Although the knowledge and skills contained in PO 002 are relevant, the sequence of training and the depth of certain subjects required re-examination. The terminology in PO 002 was updated to reflect both current terminology and clarify the vague phrasing inherited from the JB/OSS. No required subjects were removed from the training, (except as noted above), however all of EO 002 was restructured to provide a more logical and coherent flow.

The last three IMD serials have expanded CEC 003.01 (Evidence Gathering) to a full two days of shipboard instruction, development and assessment. This has proven successful to the point that it provides a better assessment of students than the at sea assessment as part of PC 005. Evidence Gathering has been removed from PC 005 as is it now redundant to the CEC and of lower quality.

EO 004 has been a highlight of the course, as has consistently been reflected in course critiques. This training was refined and expanded. In particular, the open-source intelligence cell from CDI was expanded from 2 periods to 2 days. The resource and data-mining training provided by CDI for this phase has been very well received by students and validated by graduates at sea over the course of the last year.

14 Dec 12 – Below changes were never approved but have been rolled into changes made in Nov 14
The MESIP review was conducted for this revision. It was found that that the QSP complied with the requirements laid out in the revised Information manager job description. This revision of the QSP references Rank qualifications (RQ) in Chapter 1 versus qualification levels (QL) as well as updating other administrative terms of reference.
Minor changes were made to chapter 4 by removing the instruction of basic computer terminology. More periods were added to Knowledge management system (KMS) where the IMD's role is expanding. More time was added to Command view as well to further explore this CF wide information tool. More changes were made to update terminology and finally, more time was added to GCCS 4X to prepare for the transition to FELEX. C2PC will no longer be supported and the IMD will play a major role in the profiling of GCCS 4X.

QSP Review – 7-9 Nov 2014

Significant changes have been implemented to the IMD course. CNTG directed that the sea phase be removed from the course. This Tiger team was assembled in order to meet CNTG direction as well as update the QSP to bring in HCM core training and CBRN.

Members:

CPO2 Goulet	CFFSE	Chairman
CPO2 Thompson	CFNOS (VTC)	SOTM
PO1 Mossman	CFFSE	Secretary
PO1 Bucci	CFFSE	SME
Lt(N) Yates	CFFSE	SME
Lt(N) Beardmore	MARPACHQ	SME

Day 1

PO 001 was reviewed. It was decided to go forward with previous CR's that had yet to be approved. Civilian instruction was removed with the exception of the Web page portion, which would be taught by MARPAC at no cost.
EO 001.01: 12 periods were removed from the database creation portion as it was agreed that IMD's do not create databases, but maintain and manipulate them. TP2 Design Databases was removed. 4 periods were added for to cover image databases. 8 periods were added for KMS and lessons learned as well as adding 4 periods for CRR's and ARMOUR. 4 periods and a new TP were also added to cover designing and prepare presentations.
EO002.02 TP2, HTML, 5 periods was removed from EO 001.02 after discussion that IMD's did not require HTML knowledge to manage web pages. TP3 and TP4 were removed as they were already covered in TP1. A new TP was added with 5 practical periods to cover project consolidation.

PO 002 was heavily modified to include changes that were made in Dec 2012 but were never finalized.
EO 002.01 Para 3 Standards was reduced to just Operate IW Networks. 2 periods were removed bringing the instruction down to 3 periods. TP1 was deleted.
EO 002.02 TP1 was removed. 4 periods were added to TP2 to include file and records management. Sametime was changed to SharePoint in TP3 and periods were reduced to 1.
EO 002.03 Analyze Information System Requirements was removed as those tasks now fall under the CISO.
EO 002.04 was moved to .EO 002.03. C2PC was removed as it is no longer supported and replaced by GCCS 4x. Periods were reduced to 8 from 24.
A new EO 002.04 was created to cover HCM core training requirements, Operate and Configure CMS. This covers 29 periods plus 1 period for an EC and includes 5 new TPs.

Day 2
PO 003.
EO 003.01 had 10 periods added to it to greatly increase the ability to cover imagery and equipment. As well a new TP was added to cover final disposition of evidence.
EO 003.02 There was much discussion on SAR operations and the way it is currently tested and evaluated on course. Because it is a small section and has limited points on the final PC checklist, there is a greater chance of failing that portion due to limited points for marking. Reduced to 2 periods. It was decided to

move EO 003.02 to PO 005 and have it fall under the Advise Command portion. This would make PO 003 just evidence gathering which is covered by its CEC. EO 003.03 removed as it is already covered in EO 004.02.

PO 004 – Only minor changes.
EO 004.01 added Background intelligence on AGI's to TP5.

PO 005.
EO 005.02 added additional points to TP2. Web Manger, CRR Coordinator, Flex Manager, Lessons Learned and AGi operations.
EO 005.03 Advise on C4ISR was removed due to the tasks now falling under the CISO position.
EO 005.04 was changed to 005.03.
New EO 005.05 Perform duties of CBRN Tactical Director. Based on direction from CNTG, CBRN has been added into the course. After discussion with various units and agencies and much table topping it was agreed to add in the CBRN requirements as outlined in the NCIOP JBS. 5 TP were created to cover the required tasks and knowledge. 10 periods was allotting for lectures and 6 periods for practical. This EO will include an EC.
EO 005.06, moved from EO 003.02. Changes noted above.

Day 3
Assessment checklist was reviewed. Title was amended to remove the 'Sea Phase' and PO 003 was removed. A CBRN section was added to PO 005. Minor scoring adjustments.

Annex A Main references was updated to include CBRN refs.
Annex B Task List was updated to include NCIOP CBRN related tasks.
Annex G was updated to reflect changes to the PO/EO's.

13. Chapter 1, 2 and 3 were amended to include all changes made to Chapter 4 in the PO and EO's. As well all references to a sea phase were removed. References and Task Lists were updated as require
14.
15.
16. Form found in NPTORD 4500-22 Annex B
17.
18. NPTORD 4500-22 Annex B_QSP Amend

ANNEX K – ASSESSMENT PLAN

EC/PC	Scope Covered	Purpose	How	Pass/Fail Criteria
EC 001.01	001.01	To assess trainees competence when managing IW webpage	Practical Assessment	Trainee must achieve 7 of 10 SATs.
EC 001.02	001.01	To assess trainees competence when disseminating operational information	Practical Assessment	Trainee must achieve 21 of 29 SATs.
PC 001	001.01-001.02	To assess trainees competence when processing operational information	Practical Assessment	Trainee must achieve 7 of 10 SATs.
EC 002.01	002.01	To assess trainees competence when operating Information Systems	Practical Assessment	Trainee must achieve 5 of 7 SATs.
EC 002.03	002.03	To assess trainees competence when operating Combat Systems	Practical Assessment	Trainee must achieve 12 of 16 SATs.
PC 002	002.01-002.02	To assess trainees competence when operating C4I systems	Practical Assessment	Trainee must achieve 7 of 8SATs.
EC 003.01	003.01	To assess trainees competence when conducting evidence gathering	Practical Assessment	Trainee must achieve 10 of 14 SATs.
EC 003.02	003.02	To assess trainees competence when contributing to SAR picture compilation	Practical Assessment	Trainee must achieve 7 of 10 SATs.
PC 003	003.01-003.02	To assess trainees competence when coordinating Special Operation	Practical Assessment	Trainee must achieve 13 of 18 SATs.
EC 004.04	004.01-004.04	To assess trainees competence when managing intelligence gathering operations	Practical Assessment	Trainee must achieve 7 of 10 SATs.
PC 004	004.01-004.04	To assess trainees competence when manage intelligence gathering operations	Practical Assessment	Trainee must achieve 5 of 7 SATs.
EC 005.01	005.01	To assess trainees competence when coordinating IW plan	Practical Assessment	Trainee must achieve 7 of 8 SATs.

EC 005.02	005.02	To assess trainees competence when maintaining unit Battle Rhythm	Practical Assessment	Trainee must achieve 7 of 10 SATs.
EC 005.03	005.03	To assess trainees competence when advising Command on CBRN hazard avoidance	Practical Assessment	Trainee must achieve 5 of 7 SATs.
PC 005	005.01-005.03	To assess trainees competence when advising command on information warfare	Practical Assessment	Trainee must achieve 7of 10 SATs.

ANNEX L – TEL DEVELOPMENT

Information about development of Technology Enabled Learning (TEL) can be found in the embedded document:

Spirals.docx
