HALIFAX CLASS ON-THE-JOB PERFORMANCE REQUIREMENTS FOR DUTY PETTY OFFICER

MITE Code: 121693

APPLICABLE TO HALIFAX CLASS VESSELS
OPI: Naval Force Readiness/ Sea Training Group
AUTHORITY: CNPTG/CSTG
DATE Approved: 15 Nov 2019
MARPAC RDIMS# 1012036

DUTY PETTY OFFFICER TRAINING PACKAGE

1. This On-The-Job Performance Requirement (OJPR) has been developed by Sea Training Group (STG) in accordance with the performance-oriented concept of training. Completion of this OJPR under the direction of the Ship's Coxswain will qualify the individual to act as Duty Petty Officer on all ships of the HALIFAX Class. Specific details are contained in Chapter 3 of this document.

2. This OJPR package is to be used for the training of all personnel, drawn from a roster of PO2/Sgt – PO1/WO, judged competent by the Commanding Officer of a HALIFAX Class ship to carry out the responsibilities of Duty Petty Officer. Personnel attempting to qualify as Duty Petty Officer must satisfy all aspects of this OJPR, including annexes. The qualification MITE code 121693 will be entered into HRMS only upon completion of the entire package.

3. This document is effective upon receipt.

RECORD OF CHANGES

Date	Chapter	Description Change	Approval Authority
18 Oct 19	All	Initial Approval	CSTG
15 Nov 19	All	NPTG HQ Approval	CNPTG

CHAPTER 1

AIM

1. The aim of this document is to specify the performance standards that must be achieved during on-the-job training to qualify for Duty Petty Officer (DPO).

SCOPE AND DURATION

2. The time required to complete training in accordance with this OJPR should not normally exceed three months. This OJPR applies to all those standing Duty Petty Officer watches.

USE OF ON-THE-JOB PERFORMANCE REQUIREMENT PACKAGE

3. This OJPR shall be used by all HALIFAX Class Ships as the primary document governing the content, organization and conduct of the required on-job training (OJT).

4. This OJPR is used:

   a. to provide the training required to perform the duties of DPO alongside;

   b. to ensure that all eligible members are afforded the opportunity to train to a known and expected standard; and

   c. as a control document to ensure that the member has completed the necessary training to the standard detailed in Chapter 4.

5. To request changes to this document written substantiation must be forwarded to Sea Training Group (STG) in Halifax. Upon receipt of a change request the proposal shall be evaluated by STG.

   a. NPTG Training Manager – Revisions to chapters within the package, filing within RDIMS and placement within repository for distribution to fleet users.

CHAPTER 2

ON-THE-JOB TRAINING MANAGEMENT DETAILS

GENERAL

1. This chapter summarizes the pertinent information, data, and documents that may be required by training officers and supervisors when organizing and conducting on-the-job training.

2. Problems concerning implementation of this OJPR should be referred to Sea Training Group who will liaise as necessary with NPTG for changes.

SUMMARY OF PERTINENT DATA

3. The DPO acts as the senior NCM on the duty watch and is responsible to the OOD for the safety and security of the ship and all personnel onboard, as well as supervising engineering configurations and considerations. The DPO is the advisor to the OOD on all matters concerning personnel, duty watch, state of the ship and physical security. The DPO's responsibilities include:

a. all duties listed in the STG DPO SOP (to be formalized in SSOs);

b. additional responsibilities in accordance with the most up to date Naval Force Protection guidance in SSOs; and

c. being prepared, when necessary, to assist or assume the responsibilities of the OOD.

4. PREREQUISITES – The requirements listed below must be met prior to commencement of this OJPR:

a. rank of PO2/Sgt or PO1/WO;

b. completion of the Know Your Ship Book assessment on DLN; and

5. REQUIREMENTS - The DPO qualification may only be granted upon successful completion of this OJPR and all of its Annexes.

PLANNING AND CONTROLLING ON-THE-JOB TRAINING

7. The Commanding Officer shall direct the Coxswain to establish a training system and methodology onboard to ensure the proper and timely training of DPOs. They are not to permit anyone to stand duty as DPO until they have successfully completed either the DPO DELTA OJPR or this DPO OJPR. All three Final Assessment Checklist items found in ANNEX B of the NEW OJPR shall be completed. To accomplish the objectives of this OJPR package the following shall be established/adhered to:

a. a single point of contact in the Executive, Operations, Logistics, Deck, MSE and CSE departments for related Performance Objectives;

b. a Duty Coordinator to coordinate and control DPO training and maintain individual progress in the MM training tracker; and

c. job shadowing during working hours. Trainees may be directed to job shadow as required after working hours should there be difficulty in achieving the training objectives.

INSTRUCTIONS FOR TRAINEES

8. Any problem encountered during the training period must be immediately brought to the attention of the DPO Coordinator.

9. It is in the trainee's best interest to progress this OJPR as quickly as possible. Each Performance Objective shall be practiced in slow time until the required measure of proficiency is attained. When the trainee considers that they have the knowledge and dexterity to complete a Performance Objective under the stated conditions, and to the standard required, they shall request a designated assessor to examine their abilities. On successful completion of the Performance Objective, the examiner shall ensure that the trainees OJPR is annotated.

CHAPTER 3

ASSESSMENT OF TRAINEE

GENERAL

1. Each Performance Objective (PO) in Chapter 4 shall be considered as a progress test toward final completion of the OJPR; only the member's ability to perform the POs collectively is the proof of their ability to perform the duty. Candidates shall complete the OJPR in three months.

ASSESSING PERFORMANCE

2. The trainee shall be assessed once they have successfully practiced the PO such that they are capable of independently performing the task to the set standard. Ideally, the number of designated assessors at each unit should be kept to a minimum to help ensure consistency. It is therefore essential that specific senior personnel be assigned to evaluate the trainee's performance.

3. Paragraph 3 of each PO describes the acceptable standard of performance and is to be used by both supervisors and assessors to instruct and evaluate trainees. While every effort has been made to ensure that the POs are accurate and complete, there may be instances where, because of differences in ships within the Class (i.e. machinery fitted or piping layout) a PO must be altered at the discretion of the Department Head or their designate in order to accommodate these differences. In such cases, the applicable PO shall be annotated in the OJPR by the DPO Coordinator with substantiation. If, for reasons of equipment unavailability, a trainee cannot practice or be checked out on his/her own ship, alternate arrangements shall be explored on other units.

4. If, after a period of instruction and practice the trainee cannot perform the PO in accordance with the stated standard, the instructor and assessor should together ascertain the cause. It must be remembered that individuals differ greatly in dexterity, learning style, speed of reaction and application. In most cases an additional period of practice and/or study will suffice. However, if all avenues have been explored and the trainee cannot perform the PO to the stated standard the Divisional Chief Petty Officer shall be informed. Under no circumstances shall a trainee be checked off as having completed a PO unless they have completed it successfully.

5. Completion of this OJPR qualifies an individual to stand as DPO onboard any HALIFAX Class ship. A qualified DPO need not re-qualify for that same class of vessel unless their qualification is revoked by a Commanding Officer.

ON-THE-JOB PERFORMANCE REQUIREMENT PACKAGE

6. This OJPR has been designed to meet the following:

   a. to record a trainee's ability to perform the duties in accordance with the OJPR;

b. to assist in planning and controlling the on job training for each trainee by providing a record of progress in their training;

c. to provide the Coxswain with a performance record on which to grant a qualification; and

d. to provide the information required by the trainee's record system.

ACTION ON POSTING OR TRANSFER

7. Each unit is to use and update Monitor Mass training tracker on a bi-monthly basis to ensure the training progress is captured. When a trainee has been posted or transferred to another ship prior to completion of training, their OJPR is to be reviewed by the DPO Coordinator. The name of the ship on which the training was conducted is to be entered in the "Remarks" column against each completed PO and the percentage completed is to be annotated. Once reviewed the original OJPR is to be forwarded to the DPO Coordinator of the gaining ship via a DND 728.

CHAPTER 4

PERFORMANCE OBJECTIVES

PO 401 RESPOND TO SHIPBOARD EMERGENCIES

1. Performance: Respond to Shipboard Emergencies

2. Condition:

   a. Given:

      (1) necessary reference books; and
      (2) supervision of a qualified Duty Petty Officer;

   b. Denied: Assistance; and

   c. Environment: HALIFAX Class ship alongside.

3. Standard: The DPO shall respond to shipboard emergencies, taking measures to offset or minimize damage to the ship and its personnel IAW the STG DPO SOP and subsequently in SSOs AL11 to include:

   a. fire;

   b. flood;

   c. spill;

   d. man overboard;

   e. casualty;

   f. explosive vapour alarm;

   g. bomb threat; and

   h. respond to emergencies on other units.

4. **Remarks**: Candidates must complete the final FIRE exercise as per Annex B. They shall be assessed by the Chief MARTECH who will determine if they can successfully fulfill the role of DPO while maintaining the safety of the ship and its' personnel.

PO 402 ENFORCE SHIP SECURITY

1. Performance: Enforce Ship Security

2. Conditions:

   a. Given:

      (1) references;
      (2) duty watch personnel;
      (3) experience standing double bank duty watches; and
      (4) supervision of the DPO;

   b. Denied: Assistance; and

   c. Environment: HALIFAX Class ship alongside.

3. Standard: The DPO shall enforce the security of the ship, its resources and personnel through active monitoring of all ship activities by:

   a. conducting rounds IAW appropriate SOPs/SSOs;

   b. confirming bag check policy being enforced at the brow;

   c. enforcing wireless policy;

   d. confirming control of the brow is maintained;

   e. verifying brow log maintenance;

   f. enforcing Mess regulations;

   g. enforcing visitors/civilian guest policy; and

   h. enforcing the civilian workers policy.

PO 403 RESPOND TO ASYMMETRIC THREATS (FORCE PROTECTION)

1. Performance: Respond to Asymmetric Threats (Force Protection)

2. Conditions:

   a. Given:

      (1) references;
      (2) duty watch personnel;
      (3) experience standing double bank duty watches; and
      (4) supervision of qualified Duty Petty Officer;

   b. Denied: Assistance; and

   c. Environment: HALIFAX Class ship alongside.

3. Standard: The DPO shall respond to security threats IAW SSOs to include:

   a. assuming a higher force protection/security posture when required to protect;

      (1) ship;
      (2) equipment; and
      (3) personnel;

   b. reacting to threats IAW FP policies;

   c. ensuring proper use of personnel;

   d. assessing threats directed at:

      (1) own ship; and
      (2) other ships in harbour;

   e. initiating security alert as required;

   f. initiating intruder alert as required;

   g. supervising active aggressor protocols;

   h. initiating ship's recall as required;

   i. enforcing applicable ROE; and

   j. supervising function test of weapons.

4. Remarks: Candidates must complete the final Force Protection exercise as per Annex B. They shall be assessed by the Operations Officer who will determine if they can

successfully fulfill the role of DPO while maintaining the safety of the ship and its' personnel.

PO 404 SUPERVISE DUTY WATCH TECHNICAL RESPONSIBILITIES

4. Performance: Supervise Duty Watch Technical Responsibilities

5. Condition:

   a. Given:

      (1) References; and
      (2) supervision of a qualified Duty Petty Officer;

   b. Denied: Assistance; and

   c. Environment: HALIFAX Class ship alongside

6. Standard: The DPO shall supervise ship technical activities to include:

   a. application of cold weather precautions;

   b. operation of capstans and cranes;

   c. providing recommendations for ventilation and smoke control;

   d. enforcing proper procedures for assuming/reverting different DC conditions;

   e. rebooting Shincom using provided checklist or contacting W Eng Communication Technician if unable;

   f. identifying magazine adjacent compartments;

   g. reading and signing the Night Order Book;

   h. enforcing shipboard environmental regulations;

   i. supervising MCR Watchkeeper in the event of Blackout;

   j. visually confirming Safe Exhuast / Whistles to support man-aloft work; and

   k. recalling qualified personnel when required.

PO 405 SUPERVISE DUTY WATCH GENERAL RESPONSIBILITIES

1. 1. Performance: Supervise Duty Watch General Responsibilities

2. Conditions:

a. Given:

(1) references;
(2) experience standing double bank duty watches;
(3) duty watch personnel; and
(4) supervision of qualified Duty Petty Officer;

b. Denied: Assistance; and

c. Environment: HALIFAX Class ship alongside.

2. Standard: The DPO shall supervise ship general activities to include:

a. ceremonial procedures to include:

(1) piping the side;
(2) passing honours;
(3) colours and sunset;
(4) half-masting;
(5) absentee indicators;
(6) safety and procedural flags and indicators;
(7) lighting; and
(8) appropriate flag recognition, including personal and distinguishing flags;

b. dress and deportment of all NCMs onboard;

c. ensuring that personnel conducting rounds complete the appropriate sections of the Rounds Log at the Brow;

d. preparing information for the subsequent investigation of any alleged offences that occurred during the tour of duty;

e. managing alleged HISB incidents with OOD; and

f. supervision of personnel under punishment;

PO 406 ASSUME OFFICER OF THE DAY DUTIES DURING AN EMERGENCY

1. Performance: Assume Officer Of the Day duties during an Emergency

2. Conditions:

   a. Given:

      (1) references;
      (2) experience standing double-bank DPO watches;
      (3) duty-watch personnel;
      (4) supervision of qualified OOD; and
      (5) assistance of examining personnel;

   b. Denied: Nil; and

   c. Environment: HALIFAX Class ship alongside.

3. Standard: The DPO shall assume duties of the OOD during an alongside emergency in which the OOD is suddenly unavailable IAW SSOs, to include:

   a. conducting on scene management;
   b. establishing boundaries; and
   c. maintaining the integrity of the ship.

4. Remarks:

   a. This Performance Objective is to be assessed with the understanding that the DPO has not completed an OOD package and has no specific experience in the role. Therefore, assistance and guidance may be required and is permitted. The overall success of the DPO candidate is to be measured on their ability to take charge of a DC emergency situation and employ the duty watch to best ensure the safety of the ship and its crew until relieved by qualified personnel.

   b. Candidates should table top the response to emergencies in the role of the OOD. This table top should be conducted with a qualified OOD. Following table topping, the PO can be challenged with the designated examiner.

ANNEX A: OJPR SIGN OFF SHEET FOR HALIFAX CLASS DPO QUALIFICATION

SHIP _____ RANK _____ NAME _____

RESPOND TO SHIPBOARD EMERGENCIES					
PO 401	**Description**	**Examiner**	**Signature**	**Date**	**Tracked**
	1. FIRE				
	A. Rapid Response	Chief MARTECH			
	B. Rig hoses	Chief MARTECH			
	C. Establish Comms with OOD	Chief MARTECH			
	D. On-scene leadership	Chief MARTECH			
	E. Brief attack team	Chief MARTECH			
	F. Post-action requirements	Chief MARTECH			
	2. FLOOD				
	A. Describe all actions taken by DPO in a response to a FLOOD	Chief MARTECH			
	3. SPILL - HAZARDOUS MATERIAL or FUEL				
	A. Describe the actions of the DPO to take in the event of a spill	Chief WEng			
	B. Understand where the fuel spill kits are located	Chief MARTECH			
	4. CASUALTY				
	A. Understand and describe actions to be taken for a Casualty event.	PA			
	5. MAN OVERBOARD				
	A. Understand and describe actions to be taken for a Man Over Board emergency.	CBM			
	6. BOMB THREAT				
	A. Understand the response to a Bomb Threat	COXN			
	B. Describe DPO response to Explosive Vapour Alarm	Chief MARTECH			
	7. RESPOND TO EMERGENCIES ON OTHER UNITS				
	A. Describe DPO actions to be carried out when an emergency occurs on adjacent ship	Chief MARTECH			

ENFORCE SHIP'S SECURITY					
PO 402	**Description**	**Examiner**	**Signature**	**Date**	**Tracked**
	1. Conduct rounds IAW SSOs/SOPs:	Qualified DPO			
	2. Understand and enforce bag check policy	USO			
	3. Understand and enforce wireless policy	USO			
	4. Understand and confirm control of the brow through the various Log Books/Policies	Qualified DPO			
	5. Understand and enforce Mess regulations	Qualified DPO			

RESPOND TO ASYMMETRIC THREATS (FORCE PROTECTION)					
PO 403	**Description**	**Examiner**	**Signature**	**Date**	**Tracked**
	1. Assume Higher Force Protection Posture	OpsO			
	A. Understands the different levels of FP	OpsO			
	2. FP Reactions IAW SSOs / NAVORDs	OpsO			
	A. Armed sentry on Upper Deck within 15 minutes	OpsO			
	3. Supervise active aggressor protocol	OpsO			
	A. Supervise function test of weapons	CBM			
	4. Inspect FP equipment	Qualified DPO			
	5. Once armed presence established	Qualified DPO			
	A. close all Red openings	Qualified DPO			
	B. bring ship to Damage Control Condition Yankee	Qualified DPO			
	C. is the ship in cold weather precautions? Upper deck Hydrants de-isolated?	Qualified DPO			
	D. assist the OOD by calling Coxn and all five CHODs to initiate ship recall	Qualified DPO			

SUPERVISE DUTY WATCH TECHNICIAL RESPONSIBILITIES					
PO 404	**Description**	**Examiner**	**Signature**	**Date**	**Tracked**
	1. Apply cold and hot weather precautions	Chief MARTECH			
	2. Operate capstans and cranes	CBM			
	3. Execute ventilation and smoke control	Chief MARTECH			
	4. Understand when and how to assume/revert DC conditions	Chief MARTECH			
	5. Reboot SHINCOM	W Eng Manager			
	6. Demonstrate understanding of the ammunition magazines adjacent compartments	W Eng Manager			
	7. Read, comprehend, and sign for the night orders promulgated in the night order book	Chief MARTECH			
	8. Adhere to shipboard environmental regulations	U Env O			
	9. With use of an aide memoire, demonstrates knowledge of electrical blackout procedures to assist the MCR Watchkeeper	Chief MARTECH			
	10. Visually confirm Safe Exhaust / Whistles to support man-aloft work (LOTO)	Chief MARTECH			
	11. Understand recall procedures; to include recall of appropriately qualified personnel for unexpected situations	Qualified DPO			

SUPERVISE DUTY WATCH GENERAL RESPONSIBILITIES					
PO 405	**Description**	**Examiner**	**Signature**	**Date**	**Tracked**
	1. Conduct Ceremonial Procedures	CBM			
	A. reception of officers	CBM			
	B. piping the side	CBM			
	C. passing honours	CBM			
	D. colours and sunset	CBM			
	E. half-masting	CBM			
	F. absentee indicators	Snr NavComm			
	G. lighting	Snr NavComm			
	H. courtesy flag	Snr NavComm			
	I. flag recognition	Snr NavComm			
	2. Dress and deportment of all NCMs	COXN			
	3. Ensure discipline on Ship	COXN			
	A. know how to prepare necessary information concerning all alleged offenses	COXN			
	B. know how to muster and supervise work of personnel under punishment	COXN			
	C. be prepared, with the OOD, to manage alleged HISB situations	COXN			
	4. Conduct turnover using checklist	Qualified DPO			

ASSUME OOD DUTIES DURING AN EMERGENCY					
PO 406	**Description**	**Examiner**	**Signature**	**Date**	**Tracked**
	1. Perform on-scene management	EO			
	2. Establish boundaries	EO			
	3. Effectively communicate sitrep to ship's company on public-address system	EO			

ANNEX B: FINAL ASSESSMENT CHECKLIST

Qualification Requirements	Signature	Date
Assessed performance as a DPO during a FIREX IAW PO 401	Chief MARTECH	
Assessed performance as a DPO during a Force Protection EX IAW PO 403.	OpsO	
Assessed performance as a DPO to ensure discipline on ship including HISB situation IAW PO 405-3	COXN	

ANNEX C: CERTIFICATE OF QUALIFICATION

I certify that _____has completed the training to the expected standard of the CO and is qualified to perform the role of DUTY PETTY OFFICER alongside on HALIFAX class ships.
