ROYAL CANADIAN NAVY
EXPERIENCE QUALIFICATION
Weapons Engineering Technician (W ENG Tech)
00366 – 02
Submarines
EQ 1

Course Code: 122837

Record of Amendments

1. This EQ is developed under the authority of the Royal Canadian Navy (RCN) through Director Naval Personnel and Training. The approval or revision date should appear in the footer of every page as an additional means of verification.

Revision	Approval Date	Authority
1.0	19 Oct 2022	DNP 3

FOREWORD

1. This EQ is developed under the authority of the CRCN and in accordance with the following references:
   a. Weapons Engineering Technician 00366 JBS dated 02 August 2016;
   b. A-PD-055-002/PP-002 Non-Commission Member General Specification dated 09 February 2011;

2. This EQ consists of Performance Objectives (POs) and Enabling Objectives (EOs). A Trainee will achieve the EQ when the standards listed in the POs have been met and they successfully complete the board

3. This EQ is effective upon approval and supersedes previous versions.
4. Suggestions for amendments to this EQ may be initiated by anyone and shall be forwarded in writing to the D Nav P 3 for approval.

EXPEREINCE MANAGEMENT DETAILS

AUTHORIZATION FOR THIS EQ AND AMENDMENTS
MUST BE GRANTED BY
D Nav P & T

AIM

The aim of this Experience Qualification (EQ) is to establish the requirements for attaining the course code 122837 EQ for Junior Weapons Engineering Technician 00366-02.

DURATION

1. The time to complete this EQ is 6 months, and if necessary:

   a. The Trainee's Commanding Officer (CO) may grant a maximum extension of 2 months;
   b. A second 2-month extension may be granted by the D Nav P 3 if required;
   c. Trainee's Commanding Officers are to ensure that every opportunity is afforded to the Trainee to complete their EQ within the allocated time required; and
   d. Under exceptional circumstances and with the concurrence of D Nav 3 and the CM, this EQ may be completed in no less than 4 months.

RESOURCES

1. Identify key resources required to conduct the training. Additional training references can be found at Annex F.

REQUIRED COURSE STAFFING				
TITLE	RANK	Qualification	QTY	Remarks
Final Authority	PO1	CSE CHOD	1	
PO Authority	MS/PO2	Sr W ENG Tech	1	
EO Authority	S1/PO2	Sr W ENG Tech System Maintainer	3	One of each specialty occupation
Mentor	S1/MS	W ENG Tech System Maintainer	3	One of each specialty occupation

CRITICAL TRAINING RESOURCES	
Submarine environment	At sea or alongside
Shore based Training Establishments	May be necessary due to availability of submarines

2. Prerequisite.
   a. Junior W ENG Tech RQ-OS AKNU.
3. Qualification. Successful completion of this EQ constitutes the primary means of attaining the Jr W ENG Tech EQ1 Course Code 122837 in Guardian:
   a. Course Code - 122837

RELATED DOCUMENTS

1. Related documents are as follows:
   a. Job Based Specification for W ENG Tech; and
   b. Job Description for Jr W ENG Tech 00366-02.

SPECIAL INSTRUCTIONS

1. The development of the trainee through the EQ process is critical to the creation of skilled and quality technicians. To this end, the signature of the supervisors indicating completion of EOs and POs must reflect a high standard of accomplishment by the trainee. It is essential that all the required Enabling Objectives are not only completed but, completed with competence every time. If deemed essential by the Sr Maintainer or Manager, the trainee may have to perform more than the required amount of times specified to satisfactorily complete the EO/PO at the high level of proficiency expected to obtain the signature.
2. Supervisors are to understand that the purpose of this EQ is not about signatures but about proficiency.
3. For the purpose of completing signatures within the EQ checklist, senior W ENG Tech Maintainers and Managers shall refer regularly to the Enabling Objectives attached with the trainee's EQ to determine appropriate job based activities and level of Planned Maintenance complexity.
4. Supervision: The following definitions of Supervision are provided for the purpose of the Jr W ENG Tech and W ENG Tech training programs. The Jr W ENG Tech shall be under constant supervision during their training. The degree of direct versus normal supervision shall be determined according to the level of training the Jr W ENG Tech has received in specific areas and the level of experience they may gain through the course of their EQ1 package:

a. It is intended that the Junior W ENG Tech shall achieve the ability to operate under normal supervision by the end of their EQ.
b. It is anticipated that when the Jr W ENG Tech first arrives on submarines, they will be under the direct, continuous supervision of a qualified supervisor. An acceptable supervisor shall be deemed to be a qualified W ENG Tech 00366-01 as a minimum.
c. Direct Supervision shall be:

   (1) Supervisor and Junior W ENG Tech shall be physically in the same space or under constant open communications as operational circumstances dictate.
   (2) Includes all equipment, procedural and safety related tasks.

d. Normal Supervision shall be:
   (1) Physical co-location is not a requirement;
   (2) Supervisor would be required to conduct spot checks to confirm performance; and
   (3) Supervisor shall ensure the job is completed according to direction. The W ENG Tech will be under normal supervision by a W ENG Tech Maintainer.

5. The Jr W ENG Tech is expected to accomplish all performance objectives to a proficiency level 2 and as described in the following:

Proficiency Level	Definition
1	The level of proficiency required to perform parts or elements of duties and tasks under continuous supervision.
2	The level of proficiency normally required to perform duties and tasks under normal supervision.
3	The level of proficiency required to independently and correctly perform duties and tasks.
4	The level of proficiency which usually can be acquired by considerable training and extensive practical job experience.
5	The level of proficiency indicated by a mastery of techniques and expert application procedures.
*The proficiency levels detailed above are IAW CFITES Vol 3, Table 9	

GENERAL

1. The experience attained through the Performance Objectives of this EQ are critical to the development of the W ENG Tech and shall be treated as such.

PERFORMANCE CHECKS

1. Each of the assigned Enabling Objectives must be completed to the required standard and assessed by the indicated appropriate system maintainer.

2. Once all the Enabling Objectives within a PO are completed the Sr W ENG Tech shall confirm the trainee's experience of the PO before signing off the Performance Objective.

3. The overall progress must be monitored and the final assessment of the candidate shall be done by a W ENG Tech Manager. Once all the POs are completed the CHOD shall conduct a walk-through with the trainee. This is to ensure the trainee has attained the required scope of knowledge within each of the Performance Objectives. The CHOD will sign off the EQ upon satisfactory completion of walk-through. If the trainee does not meet the standard, the CHOD shall not grant the final signature and the trainee shall
undergo supplementary training. This requirement is also reflected in MMTT as the Completion Event.

4. This walkthrough is defined as the completion event in MMTT, and the package shall not be signed off or completed in MMTT until this event is completed with the CHOD.

PROGRESS MONITORING

1. Trainee progress shall be monitored by the Departmental Training Petty Officer and reported monthly IAW NAVORDs and maintained in Monitor Mass. Commanding Officers are to ensure that sufficient opportunity is granted to the Trainee to enable the completion within the required timeframe.

UNSATISFACTORY TRAINING PROGRESS

1. If it is evident that the trainee is experiencing difficulties with some areas of the EQ, the W ENG Tech Manager is to ensure that the trainee receives the remedial assistance to meet the required standard. The training review process is contained in NAVORDs.

TRAINING REVIEW BOARD

1. TRBs shall be convened and conducted IAW with NAVORD 4500-22 Training Review Board Process.

EQ COMPLETION

1. Upon Completion of the EQ package, the trainee's Commanding Officer shall ensure action is taken IAW the Administrative instructions provided in Annex C and E.

ANNEX A: EXPERIENCE QUALIFICATION RECORD

_____

NAME and INITIALS Rank SN

_____

Date Training Started Expected Date of Completion

Note: THE EQ MUST BE COMPLETED IN ACCORDANCE WITH THE INSTRUCTIONS BELOW. INCORRECT OR INCOMPLETE EQ WILL BE RETURNED FOR RE-SUBMISSION.

INSTRUCTIONS

1. One copy of this EQ will be provided to the trainee and one copy of Annex A and B, hereinafter referred to as the master copy, shall be made up for each Trainee and be retained by the Departmental Training Petty Officer.

   a. The development of the Trainee through the EQ process is critical for the development of highly skilled and experienced technicians. To this end, the signatures of the supervisors indicating completion of the EQ's Performance Objectives (POs) and Enabling Objectives (EOs) must reflect a high standard of accomplishment by the Trainee;

b. It is essential that all the required POs and EOs are not only completed but completed with competence; and

c. If deemed essential by the Sr Maintainer or Manager, the Trainee may have to perform more than the required amount of times specified IOT satisfactorily complete the POs/EOs at the expected high level of proficiency.

2. Supervisors are to understand that the purpose of this EQ is not about signatures but about proficiency, therefore:

a. The EOs shall be signed and dated by the appropriate W ENG Tech Specialist S1/PO2;

b. All POs shall be signed and dated by a Snr W ENG Tech or W ENG Tech Manager;

c. As the Trainee completes each EO and PO to the required standard, the Departmental Training PO shall record the progress of the Trainee in MM, including the completion event, and provide the Trainee with a copy and report the progress to the CHOD on a monthly basis.

3. It may not be possible to conduct some EOs/POs. If for example the necessary equipment is not onboard or fitted on the submarine, or is not on issue to the submarine, or is otherwise unavailable, therefore:

a. The Departmental Training PO shall arrange an alternate unit/training establishment to conduct the POs and EOs. Maintenance Procedural Trainer (MPT) may be utilised as a last resort if no other option is available within the timeframe of the EQ.

b. If a Trainee demonstrates the ability to perform additional duties not specified in this EQ, an appropriate entry shall be made under “Additional Duties” at the end of the package.

4. EQ Completion: The following action will be taken upon completion of the EQ:

a. the Commanding Officer shall:

(1) Complete Annex C of the EQ Certificate of Qualification;

(2) Ensure a message is sent to the CM and info D Nav PAND T OTTAWA as per Annex E;

(3) Issue a Certificate of Achievement to the trainee to recognize their EQ; and

(4) Ensure Annex C once complete is retained in the Trainee's Personnel Employment Record (PERs) file and ensure update action is reflected in HRMS and on the Military Personal Record Resume (MPRR).

ANNEX B: PROGRESS REVIEW

1. Progress review shall be carried out monthly by the Departmental Training PO.

ANNEX D: Experience Qualification Checklist

1. The remarks column in this checklist shall be used for the following information only:
    a. The unit in which the training and assessment were carried out;
    b. Any pertinent remarks that will guide the trainee in completing an objective; and
    c. Additional duties (see end of EQ checklist) not specified in the EQ.

PO/EO	Performance Statement	Date	Signature	Remarks (Include Unit)
PO 001 Comply with Safety Procedures				
EO 001.01	Adhere to Personal Safety		Sr W ENG Tech Maintainer (S1/PO2)	
	1. Employing person aloft procedures (2x), by: a. Completing a DND 2145 person aloft chits, IAW applicable Ref(s);			

	b. Demonstrating the correct procedures for wearing a 5-point harness; and; c. Demonstrating safe use of hand tools while aloft.			
	2. Employing Lockout/Tagout procedures (3x), by: a. Following the Lockout/Tagout procedure for the following; - SSE -Echo Sounder			
	3. Recognizing confined space entry hazards by: a. Stating the steps that must be taken before entering a tank b. Before proceeding under the casing			
	4. Utilizing Personal Protective Equipment (PPE) by: a. Selecting and employing the correct PPE for using power tools; b. Selecting and employing the correct PPE for using hand tools.			
EO 001.02	Adhere to Equipment Safety		Sr W ENG Tech Maintainer (S1/PO2)	
	1. Adhere to equipment safety, by: a. Explaining and demonstrating the use of the non-ionizing radiation meter (RADMON); and b. Specifying the locations of the nonionizing radiation hazards throughout the CSE Department.			
	2. Adhere to equipment safety, by: a. Employing ESD equipment and procedures when handling ESD susceptible CCA (3x), to include:			

	(1) Using grounding straps; Approved: (2) Desktop and deck grounding mats; and (3) ESD protective packaging.			
	3. Adhere to equipment safety, by: a. Specifying the locations of the ionizing radiation hazards throughout the CSE Dept; and b. Explaining the actions taken in the event of a radiation release.			
PO 001	Comply with Safety Procedures		Sr W ENG Tech (MS/PO2)	

PO/EO	Performance Statement	Date	Signature	Remarks (Include Unit)
PO 002 Utilize DRMIS As A Maintainer				
EO 002.01	Identify a Submarine's DRMIS Roles and Responsibilities		Sr W ENG Tech Maintainer (S1/PO2)	
	1. Identifying the roles and responsibilities of: a. The Maintainer; b. Senior Maintainer; c. Section Head;			

	d. DMC; and e. AMC.			
EO 002.02	Record Corrective Maintenance		Sr W ENG Tech Maintainer (S1/PO2)	
	1. Record Corrective Maintenance (CM) in the DRMIS, by: a. Logging on to the DRMIS; b. Navigating DRMIS screens; c. Accessing DRMIS tasks; d. Searching for data; e. Creating CM notifications f. Creating CM work order; g. Entering a component against a work order h. Entering time confirmation against a work order; and i. Completing a work order. j Entering OQE Documents.			
EO 002.03	Record Preventative Maintenance		Sr W ENG Tech Maintainer (S1/PO2)	
	1. Record Preventative Maintenance (PM) in the DRMIS, by: a. Logging on to the DRMIS; b. Navigating DRMIS screens; c. Accessing a N017Document Information Record; d. Entering a component against a work order; e. Entering time confirmation against a work order; f. Completing a work order; and g. Entering counter readings.			

	h. Entering OQE Documents.			
PO 002	Utilize DRMIS as a Maintainer		Sr W ENG Tech (MS/PO2)	

PO/EO	Performance Statement	Date	Signature	Remarks (Include Unit)
PO 003 Perform Duties of a HAZMAT Team Member				
EO 003.01	HAZMAT Organization		Sr W ENG Tech Maintainer (S1/PO2)	
	1. Identify Members of the HAZMAT Team to Include;			

	a. Members Positions and, b. Responsibility's			
	2. Locate and Identify a. Spill Response Kits b. Otto Fuel 2 Monitors c. PPE Lockers			
EO 003.02	HAZMAT Response		Sr W ENG Tech Maintainer (S1/PO2)	
	1. Participate as a HAZMAT Team Member to include; a. Donning PPE b. Conducting Cleanup			
PO 003	Perform Duties of a HAZMAT Team Member		Sr W ENG Tech (MS/PO2)	

PO/EO	Performance Statement	Date	Signature	Remarks (Include Unit)
PO 004 Repair Echo Sounders				
EO 004.01	Operate		Sr W ENG Tech Maintainer (S1/PO2)	

	1. Describe and locate Power Isolations and Ship Systems Supplies			
	2. Conduct Flash Up (3x) by; a. Obtain Command Authorization b. Ensure power/ ship systems are available c. Performing Functional Checks d. Shut down			
EO 004.02	Repair		Sr W ENG Tech Maintainer (S1/PO2)	
	1. Comply with all safety requirements that apply; a. Lockout/tagout procedures; b. Man Aloft procedures; c. Confined space procedures; d. PPE procedures e. Other relevant safety requirements.			
	2. Identify fault to the LRU.			
	3. Demand a replacement part.			
	4. Replace the faulty LRU.			
	5. Validate repair			
	6. Record and complete maintenance action, by: a. Using DRMIS; b. Completing the CF942 tag; c. Completing supply return document.			
PO 004	Repair Echo Sounders		Sr W ENG Tech (MS/PO2)	

PO/EO	Performance Statement	Date	Signature	Remarks (Include Unit)
PO 005 Repair SDM				
EO 005.01	Operate		Sr W ENG Tech Maintainer	

			(S1/PO2)	
	1. Describe and locate Power Isolations and Ship Systems Supplies			
	2. Conduct Flash Up (3x) by; a. Obtain Command Authorization b. Ensure power/ ship systems are available c. Performing Functional Checks d. Shut down			
EO 005.02	Repair		Sr W ENG Tech Maintainer (S1/PO2)	
	1. Comply with all safety requirements that apply; a. Lockout/tagout procedures; b. Man Aloft procedures; c. Confined space procedures; d. PPE procedures e. Other relevant safety requirements.			
	2. Identify fault to the LRU.			
	3. Demand a replacement part.			
	4. Replace the faulty LRU.			
	5. Validate repair			
	6. Record and complete maintenance action, by: a. Using DRMIS; b. Completing the CF942 tag; c. Completing supply return document.			
PO 005	Repair SDM		Sr W ENG Tech (MS/PO2)	

PO/EO	Performance Statement	Date	Signature	Remarks (Include Unit)
PO 006 Repair BWA				

EO 006.01	Operate		Sr W ENG Tech Maintainer (S1/PO2)	
	1. Describe and locate Power Isolations and Ship Systems Supplies			
	2. Conduct Flash Up (3x) by; a. Obtain Command Authorization b. Ensure power/ ship systems are available c. Performing Functional Checks d. Shut down			
EO 006.02	Repair		Sr W ENG Tech Maintainer (S1/PO2)	
	1. Comply with all safety requirements that apply; a. Lockout/tagout procedures; b. Man Aloft procedures; c. Confined space procedures; d. PPE procedures e. Other relevant safety requirements.			
	2. Identify fault to the LRU.			
	3. Demand a replacement part.			
	4. Replace the faulty LRU.			
	5. Validate repair			
	6. Record and complete maintenance action, by: a. Using DRMIS; b. Completing the CF942 tag; c. Completing supply return document.			
PO 006	Repair BWA		Sr W ENG Tech (MS/PO2)	

PO/EO	Performance Statement	Date	Signature	Remarks (Include Unit)

PO 007 Repair EW Suite				
EO 007.01	Operate		Sr W ENG Tech Maintainer (S1/PO2)	
	1. Describe and locate Power Isolations and Ship Systems Supplies			
	2. Conduct Flash Up (3x) by; a. Obtain Command Authorization b. Ensure power/ ship systems are available c. Performing Functional Checks d. Shut down			
EO 007.02	Repair		Sr W ENG Tech Maintainer (S1/PO2)	
	1. Comply with all safety requirements that apply; a. Lockout/tagout procedures; b. Man Aloft procedures; c. Confined space procedures; d. PPE procedures e. Other relevant safety requirements.			
	2. Identify fault to the LRU.			
	3. Demand a replacement part.			
	4. Replace the faulty LRU.			
	5. Validate repair			
	6. Record and complete maintenance action, by: a. Using DRMIS; b. Completing the CF942 tag; c. Completing supply return document.			
PO 007	Repair EW Suite		Sr W ENG Tech (MS/PO2)	

PO/EO	Performance Statement	Date	Signature	Remarks

				(Include Unit)
PO 008 Repair SSE				
EO 008.01	Operate		Sr W ENG Tech Maintainer (S1/PO2)	
	1. Describe and locate Power Isolations and Ship Systems Supplies			
	2. Conduct Flash Up (3x) by; a. Obtain Command Authorization b. Ensure power/ ship systems are available c. Performing Functional Checks d. Shut down			
EO 008.02	Repair		Sr W ENG Tech Maintainer (S1/PO2)	
	1. Comply with all safety requirements that apply; a. Lockout/tagout procedures; b. Man Aloft procedures; c. Confined space procedures; d. PPE procedures e. Other relevant safety requirements.			
	2. Identify fault to the LRU.			
	3. Demand a replacement part.			
	4. Replace the faulty LRU.			
	5. Validate repair			
	6. Record and complete maintenance action, by: a. Using DRMIS; b. Completing the CF942 tag; c. Completing supply return document.			
PO 008	Repair SSE		Sr W ENG Tech (MS/PO2)	

PO/EO	Performance Statement	Date	Signature	Remarks (Include Unit)
PO 009 Perform the Duties of Magazine Yeoman				
EO 009.01	Conduct Magazine Rounds		Magazine Yeoman	
	1. Conducting Magazine rounds (3x), by; a. Drawing the magazine keys; b. Recording temperature and humidity levels; c. Reporting any abnormal levels; d. Confirming the security of magazines and lockers.			
	2. Ensuring the proper condition of magazines and lockers (3X) by; a. Maintaining cleanliness; b. Free from hazards, such as: (1) wet ammunition; (2) Corrosion. c. Ammunition is properly stowed; d. Free of prohibited articles; e. Reporting any discrepancies.			
EO 009.02	Perform Ammunition Issues and Returns to end users		Magazine Yeoman	
	1. Prepare ammunition for issue, by, a. Selecting ammunition by type and lot number; b. Confirming amount; c. Documenting the issued ammunition.			
	2. Accepting returns of ammunition from end users by; a. Confirming ammunition type and lot number; b. Inspecting ammunition; c. Repacking ammunition; d. Completing fraction tags; e. Stowing ammunition;			

	f. Completing expenditure voucher; g. Updating ammunition data cards (CF1040).			
EO 009.03	Perform Ammunition Embarkation and Disembarkation From CFAD		Magazine Yeoman	
	1. Embark ammunition by; a. Interpreting ammunition orders; b. Confirming entitlement; c. Completing ammunition demands; d. Confirming ammunition meets demands by inspecting ammunition e. Confirming quantities and types f. Stowing ammunition in magazines, lockers, and ready use lockers.			
	2. Disembark ammunition by; a. Interpreting ammunition orders; b. Inspecting ammunition; c. Completing ammunition returns, including: (1) Defective ammunition; (2) Surplus ammunition; (3) Ammunition salvage, confirming salvage is certified free from explosives.			
PO 009	Perform the Duties of Magazine Yeoman		Magazine Custodian	

PO/EO	Performance Statement	Date	Signature	Remarks (Include Unit)
PO 010 Perform PM on Designated CSE Equipment				
EO 010.01	Perform 1 Months of Ship Staff Minor Preventative Maintenance		W ENG Tech (S1-PO2)	
	1. Echo Sounder to include a. Identify in DRMIS the required PM activities b. Retrieve the PM routine c. Comply with all safety requirements that apply; (1) Lockout/tagout procedures; (2) Man Aloft procedures; (3) Confined space procedures; (4) PPE procedures (5) Other relevant safety requirements. d. Complete PM Routine e. Record and complete maintenance administration		(Sonar Tech)	
	2. SDM to include a. Identify in DRMIS the required PM activities b. Retrieve the PM routine c. Comply with all safety requirements that apply; (1) Lockout/tagout procedures; (2) Man Aloft procedures; (3) Confined space procedures; (4) PPE procedures (5) Other relevant safety requirements. d. Complete PM Routine e. Record and complete maintenance administration		(Sonar Tech)	
	3. BWA to include		(Comm Tech)	

	a. Identify in DRMIS the required PM activities b. Retrieve the PM routine c. Comply with all safety requirements that apply; (1) Lockout/tagout procedures; (2) Man Aloft procedures; (3) Confined space procedures; (4) PPE procedures (5) Other relevant safety requirements. d. Complete PM Routine e. Record and complete maintenance administration			
	4. EW Suite to include a. Identify in DRMIS the required PM activities b. Retrieve the PM routine c. Comply with all safety requirements that apply; (1) Lockout/tagout procedures; (2) Man Aloft procedures; (3) Confined space procedures; (4) PPE procedures (5) Other relevant safety requirements. d. Complete PM Routine e. Record and complete maintenance administration		(Comm Tech)	
	5. SSE to include a. Identify in DRMIS the required PM activities b. Retrieve the PM routine c. Comply with all safety requirements that apply; (1) Lockout/tagout procedures; (2) Man Aloft procedures; (3) Confined space procedures;		(FC Tech)	

	(4) PPE procedures (5) Other relevant safety requirements. d. Complete PM Routine e. Record and complete maintenance administration			
	6. Ammunition Lockers to include a. Identify in DRMIS the required PM activities b. Retrieve the PM routine c. Comply with all safety requirements that apply; (1) Lockout/tagout procedures; (2) Man Aloft procedures; (3) Confined space procedures; (4) PPE procedures (5) Other relevant safety requirements. d. Complete PM Routine e. Record and complete maintenance administration		(FC Tech)	
PO 010	Perform PM on Designated CSE Equipment		W ENG Tech Mgr (PO1)
