ROYAL CANADIAN NAVY QUALIFICATION STANDARD AND PLAN

Boatswain MOSID 00105-1/2

Boatswain MOSID 00105- 5

ORCA Class Senior Boatswains Mate

Competency Code AJLS

MITE CODE 117758

QSP Date: 20 Mar 2013
MARPAC RDIMS # 622569

RECORD OF AMENDMENTS

This QSP is developed under the authority of the Royal Canadian Navy (RCN). RCN, through its Training Authority (TA), Director Naval Training and Education (DNTE) has delegated “authority” of this QSP to the Curriculum Control Authority (CCA). Authority for Chapters 1 and 2 of this QSP resides with the Curriculum Control Authority (CCA) Canadian Forces Fleet School Esquimalt Commandant.

The approval date should appear in the bottom right corner of every page (the change being made in the footer). The Revision column is intended to provide a short indication of where the change(s) was/were made. Details on the change(s) must be amplified in Annex J “Course History”.

REVISION	APPROVAL DATE	AUTHORITY

FOREWORD

1. This training document is developed under the authority of the Chief Maritime Staff and in accordance with the following references:

   a. A-P9-050 Series, Canadian Forces Manual of Individual Training and Education; and

   b. A-PD-055/PP-001 Occupation Specialty Specification (Officer and NCM); and

   c. A-PD-055-033/PQ-001 ORCA Class Senior Boatswains Mate OSS.

2. This publication is effective on receipt. Performance Objectives (POs) are explained fully in Chapter 2. The Lesson Specifications (LSs)/Enabling Objectives (EOs), Enabling Checks (ECs) and Performance Checks (PCs) which specify the standards that the candidate must achieve to become qualified are listed in Chapter 4.

3. Suggestions for amendments may be initiated by anyone. Amendments must be forwarded through the normal chain of command. Specifically, training establishments are to summarize all requested amendments in writing to the applicable approving authority(ies). QSP revision procedures are outlined in the NTI. Final approvals for amendments are as follows:

   a. Chapters 1 and 2 – Commandant of CFFSE. Suggested amendments must first have the approval of the Curriculum Control Authority - Canadian Forces Fleet School Esquimalt (CFFSE); and

   b. Chapters 3 and 4 – Commandant of CFFSE. Training Establishments that conduct training and are not the CCA must forward suggested amendments to CFFSE Seamanship Division for approval.

4. The designated CCA(s) for this training is indicated below:

CCA	PHASE	QUALIFICATION
CFFSE	ORCA Senior Boatswains Mate • Formal Course; and • OJPR.	AJLS

CHAPTER 1: TRAINING MANAGEMENT DETAILS

AUTHORIZATION FOR THIS CHAPTER AND AMENDMENTS MUST BE GRANTED BY THE COMMANDANT CANADIAN FORCES FLEET SCHOOL ESQUIMALT

AIM

1. The aim of the ORCA Senior Boatswain Mate Course is to train qualified Regular Force QL5 Boatswains and Reserve Force QL2 Boatswains to perform their duties as the ORCA Class Senior Boatswain Mate onboard an ORCA Class vessel.

COURSE DURATION CALCULATION

2. Course duration is calculated in accordance with ref MARCORDS 9-30

Actual Training Days (ATT)	1
Training Administrative Time (TAT) (	50 min
Base Administrative Time	0
Physical Training (PT)	0
Training Travel Time (if required)	0
Embedded OJPR	4
Course Duration (total calendar days)	5

RESOURCES

3. Identify key resources required to conduct the training. Additional training establishment resources can be found at Annex H. (add extra lines to table as necessary)

REQUIRED COURSE STAFFING				
TITLE	**RANK**	**QUALIFICATION**	**QTY**	**REMARKS**
Course Officer	Lt (N) – CPO2	• QL 7 BOSN (AIXS)	1	SBM Course Officer shall be familiar with the ORCA Class Vessel. Other Course Officers as approved by CFFSE Seamanship Division may be used.
SBM Instructor	PO2 – MS	• QL2 Bosn (MITE IDs: 108821, 188822, 108823, 108824, 108825, 108826); or QL5 Bosn (AALD). • ORCA Class SBM (AJLS); and	1	Instructor must be QL2 or QL5 qualified in addition to ORCA SBM and BIT qualified.

REQUIRED COURSE STAFFING				
TITLE	**RANK**	**QUALIFICATION**	**QTY**	**REMARKS**
		• Basic Instructional Techniques (AHCH).		
SBM Assessor	PO2 – MS	• QL2 Bosn (MITE IDs: 108821, 188822, 108823, 108824, 108825, 108826); or QL5 Bosn (AALD). • ORCA Class SBM (AJLS);	1	It is recommended that the SBM Assessor be NTS staff (core ORCA crew) or Sea Div Stds personnel. OJPR items shall be signed by the SBM Assessor
OCE Instructor/ Assessor	PO2 – MS	• OCE Qualified (AJLQ)	1	For PO 001 content and the OJPR
NTS Ammo Custodian	CPO2 – LS	• Unit Ammunition Representative Qualification (AJRK) • Minimum Bosn QL2 or QL5 Qualified	1	For PO 006 and the OJPR

4. Notes:

CRITICAL TRAINING RESOURCES	NO. OF DAYS
1 Classroom (ORCA Classroom to be used)	1 Day
ORCA Class Vessel (At Sea)	4 days

COURSE CAPACITY

5. Planning for the conduct of training is based on the following guidelines:

   a. Maximum – 8;

   b. Minimum – 2 ; and

   c. Optimum – 4.

COURSE PREREQUISITES

6. During the ORCA Class Senior Boatswains Mate course, candidates will be expected to display leadership qualities that are typically gained through on the job experience at an operational unit. Therefore, personnel must meet the following requirements to be selected for this training (unless otherwise approved through the member's unit and CFFSE Seamanship Division Standards):

   a. 00105-1 BOATSWAIN QL5 (AALD) **or** 00105-5 BOATSWAIN QL2 (MITE IDs: 108821, 188822, 108823, 108824, 108825, 108826)

b. Personnel must have twelve (12) months on-the-job experience at the QL 5 / QL 2 level (unless otherwise approved through the member's unit and CFFSE Seamanship Division Standards); and

c. Attack Team Leader Training completed within 1 yr of intake for SBM training;

RELATED DOCUMENTS

7. N/A

EVALUATION

8. Program evaluation shall be conducted in accordance with the guidance provided in A-P9-050-000 CFITES Vol. 11 Evaluation and Validation Techniques.

VALIDATION

9. The training will be validated every five years in accordance with Naval Training Instructions, based on the task list in Annex B.

QUALIFICATION

10. Successful completion of the formal course and the OJPR at Annex E constitutes the primary means of attaining the ORCA Class Senior Boatswains Mate qualification. (Competency Code AJLS, MITE ID 117758).

PRIOR LEARNING ASSESSMENT

11. Prior Learning Assessment shall be conducted in accordance with A-P9-050-000/PT-012 Canadian Forces Military Equivalencies Program and MARCORD 9-47.

SPECIAL INSTRUCTIONS

12. To ensure that all trainees have an equal opportunity to complete the OJPR associated with this training, it is recommended that the SBM Course be held independent of another course or concurrent with either of the following:

a. OCE course;

b. FNO course day sails; or

c. Cadet training.

13. The recommended period of validity for this training is six (6) months. If ORCA Class SBM graduates do not have the opportunity to sail on an ORCA class vessel within that time frame, it is strongly encouraged that the member complete a "Walk-Through" with an NTS staff member. This will ensure that the graduate's level of competence is assessed prior to sailing as an ORCA SBM.

CHAPTER 2: PERFORMANCE OBJECTIVES

AUTHORIZATION FOR THIS CHAPTER AND AMENDMENTS MUST BE GRANTED BY THE COMMANDANT CANADIAN FORCES FLEET SCHOOL ESQUIMALT

PO 001 Operate Bridge Control Console (BCC)

1. Performance: Operate Bridge Control Console (BCC)

2. Conditions:

a. Given:

(1) Operational ORCA Class vessel; and
(2) References.

b. Denied:

(1) Assistance; and
(2) Supervision.

c. Environmental: At sea or alongside in any naval environmental condition.

3. Standard.The ORCA Senior Boatswains Mate shall operate the BCC IAW references and with due regard to safety and regulations by:

a. Navigating / manipulating the BCC IPCS;

b. Identifying engineering emergencies and difficulties; and

c. Operating the steering control system;

d. Interpreting BCC page information; and

e. Responding to BCC page information.

4. References.

A1, A3, A4, C1, C5, C7, C8, C9, C12, C13

5. Specification Task Numbers.

AT0030/T0007, AT0035/T0005, AT0040/T0004

6. Supporting Skills. N/A

7. Supporting Knowledge.

K00016, K0017, K0018, K0019, K0020, K0023, K0031, K0032, K0037, K0038, K0044, K0046

8. Training Limitations.

It is recommended that this content be instructed by a qualified ORCA Class Engineer.

PO 002 Operate Deck Equipment

1. Performance: Operate Deck Equipment

2. Conditions:

   a. Given:

      (1) ORCA Class vessel with an operational deck crane; and
      (2) References.

   b. Denied:

      (1) Assistance; and
      (2) Supervision.

   c. Environmental: At sea or alongside in any naval environmental condition.

3. Standard. The ORCA Class Senior Boatswain shall operate deck equipment IAW references and with due regard to safety and regulations by:

   a. Flashing Up / Shutting down the Anchor Windlass;

   b. Verifying the brake is engaged;

   c. Verifying the chain stopper / bottle screw slip is engaged;

   d. Disengaging the clutch;

   e. Employing the Anchor Windlass;

   f. Flashing up / Shutting down the deck crane;

   g. Controlling the movement of the deck crane; and

   h. Launching / Recovering the IRB.

4. References.

   A1, A2, A3, A4, B1, C2, C3, C12, C13

5. Specification Task Numbers.

   ET0085/T0003, DT0005/T0001, DT0015/T0001, ET0150/T0003, ET0075/T0003, FK0060/T0009

6. Supporting Skills. N/A

7. Supporting Knowledge.

   K0001, K0002, K0003, K0004, K0005, K0006, K0013, K0014, K0015

8. Training Limitations. Nil.

PO 003 Advise Command

1. Performance: Advise Command

2. Conditions:

   a. Given:

      (1) Operational ORCA Class vessel; and
      (2) References.

   b. Denied:

      (1) Assistance; and
      (2) Supervision.

   c. Environmental: At sea or alongside in any naval environmental condition.

3. Standard. The ORCA Class Senior Boatswain shall Advise Command IAW references and with due regard to safety and regulations by:

   a. Verifying composition, positions and duties of watch;

   b. Briefing watch personnel;

   c. Inspecting watch personnel;

   d. Conducting rounds;

   e. Reporting the state of the watch to the OIC each time the watch is closed up;

   f. Performing pre-sail checks; and

   g. Verbally reporting ship's readiness state; and

   h. Reporting compassionate and disciplinary situations.

4. References.

   A1, A3, A4.

5. Specification Task Numbers.

   AT0005/T0005, AT0010/T0005, ET0210/T0009

6. Supporting Skills. N/A

7. Supporting Knowledge.

   K0019, K0020, K0021, K0022, K0023, K0024, K0052

8. Training Limitations. Nil.

PO 004 Direct Seamanship Evolutions

1. Performance: Direct Seamanship Evolutions

2. Conditions:

   a. Given:

      (1) Operational ORCA Class vessel; and
      (2) References.

   b. Denied:

      (1) Assistance; and
      (2) Supervision.

   c. Environmental: At sea or alongside in any naval environmental condition.

3. Standard. The ORCA Class Senior Boatswain shall Direct the following Seamanship Evolutions IAW references and with due regard to safety and regulations:

   a. Anchoring;

   b. Berthing / Slipping;

   c. Launching / Recovering the IRB;

   d. Towing Operations; and

   e. Mooring Operations.

4. References.

   A1, A2, A3, A4, B1, C2, C3

5. Specification Task Numbers.

   ET0025/T0006, ET0030/T0006, ET235/T0006, ET0080/T0003, FT0010/T0002, FT0015/T0002, FT0020/T0002, ET0140/T0003, FT0025/T0009, ET0035/T0006, DT0010/T0001, DT0020/T0001

6. Supporting Skills. N/A

7. Supporting Knowledge.

   K0001, K0002, K0003, K0004, K0005, K0006, K0007, K0008, K0009, K0010, K0011, K0012, K0013, K0014, K0015, K0020, K0021, K0022, K0023, K0024, K0025, K0026, K0028, K0029, K0030, K0036, K0041, K0043, K0047, K0052

8. Training Limitations. Nil.

PO 005 Respond to Emergencies

1. Performance: Respond to Emergencies

2. Conditions:

   a. Given:

      (1) ORCA Class vessel;
      (2) References; and
      (3) DC Incident Board.

   b. Denied:

      (1) Assistance; and
      (2) Supervision.

   c. Environmental: At sea or alongside in any naval environmental condition.

3. Standard. The ORCA Class Senior Boatswain shall respond to emergencies IAW references and with due regard to safety and regulations by:

   a. Conducting the duties of an IRB/SR2 boats Coxn during a rescue;

   b. Perform the duties of boats Coxn during a harbour rescue;

   c. Performing duties of Rapid Response and Attack Team Leader;

   d. Briefing all ships personnel on the operation of fitted systems; and

   e. Conducting a Fire Fighting Tour.

4. References.

   A1, A3, A4, C4, C6, C8, C9, C12, C13

5. Specification Task Numbers.

   FT0055/T0007, FT0080/T0002, FK0065/T0007

6. Supporting Skills. N/A

7. Supporting Knowledge.

   K0017, K0019, K0020, K0031, K0032, K0033, K0034, K0035, K0036, K0037, K0038, K0039, K0040, K0041, K0042, K0043, K0044, K0046, K0047

8. Training Limitations.

Fitted CO2 will not be dispersed during training.

PO 006 Manage Pyrotechnics

1. Performance: Manage Pyrotechnics

2. Conditions:

   a. Given:

      (1) ORCA Class vessel; and
      (2) References.

   b. Denied:

      (1) Assistance; and
      (2) Supervision.

   c. Environmental: At sea or alongside in any naval environmental condition.

3. Standard. The ORCA Class Senior Boatswain shall Operate Pyrotechnics in response to emergencies IAW references and with due regard to safety and current regulations by:

   a. Managing pyrotechnics:

   b. Preparing pyrotechnics for use; and

   c. Adhering to all safety precautions.

   d. Identifying the following pyrotechnics:

      (1) RADA Flare (C-74-370-BAE-TA-000);

      (2) PARA Flare; and

      (3) Orange Smoke Marker (Series two pains Wessex).

   e. Operating pyrotechnics;

   f. Identifying Ammo Markings.

4. References.

   A1, A3, A4, C10, C12, C13

5. Specification Task Numbers.

   FT0090/T0008

6. Supporting Skills. N/A

7. Supporting Knowledge.

   K0048, K0049, K0050, K0051

8. Training Limitations.

Pyrotechnics will not be fired during training.

PO 007 Fuel an ORCA Class Vessel

1. Performance: Fuel an ORCA Class Vessel

2. Conditions:

   a. Given:

      (1)ORCA Class vessel; and
      (2)References.

   b. Denied:

      (1)Assistance; and
      (2)Supervision.

   c. Environmental: At sea or alongside in any naval environmental condition.

3. Standard.The ORCA Class Senior Boatswain shall Fuel an ORCA Class Vessel IAW references and with due regard to safety and current environmental regulations by:

   a. Explaining safety hazards and environmental precautions;

   b. Acting as Fuelling Dump I/C, to include:

      (1) Preparing the fuelling area;

      (2) Operating fuelling equipment; and

      (3) Reporting the status of fuelling equipment.

   c. Secure the fuelling point.

4. References.

   A3

5. Specification Task Numbers.

T0007

6. Supporting Skills. NA

7. Supporting Knowledge.

FK0065

8. Training Limitations.

Not all SBM courses will have the opportunity to fuel an ORCA as part of this course. At a minimum, candidates will be expected to explain their roles and responsibilities as a Fuelling Dump I/C if the ship does not fuel during their course session. The lack of

opportunity to participate in a live fuelling should not preclude an ORCA Class SBM candidate from successfully completing the embedded OJPR portion of this course.

CHAPTER 3: ASSESSMENT OF TRAINEE

AUTHORIZATION FOR THIS CHAPTER AND AMENDMENTS MUST BE GRANTED BY THE CANADIAN FORCES FLEET SCHOOL ESQUIMALT SEAMANSHIP DIVISION COMMANDER

GENERAL

1. This is a pass/ fail course and all training is performance oriented. This course will be conducted in two phases:

   a. Formal Course; and
   b. OJPR.

During the Formal Course, there will be no Performance Checks (PCs). Instead, the OJPR will act as the summative assessment tool for the ORCA SBM Course as it is based on the Performance Objectives in Chapter 2 of this QSP and must be successfully completed in order to achieve the qualification AJLS.

PERFORMANCE CHECKS

2. Candidate Evaluation - Summative. Summative evaluation for this course is in the form of the OJPR and is designed to assess the accomplishment of the performance under the conditions and to the standards stated in the Performance Objectives outlined in Chapter 2.

3. Unless otherwise stipulated, failure of one part of the OJPR requires reassessment on that part only, and does not require the candidate to be reassessed on the entire OJPR.

4. All failures will be dealt with IAW MARCORD 9-60.

PROGRESS MONITORING

5. Candidate Evaluation - Formative. Formative evaluation during this training is in the form of Enabling Checks (ECs). ECs are designed as progress checks and are intended to provide the instructor and the candidate with a measure of the candidate's progress towards achieving the EOs and POs. Continuous monitoring of candidate progress is required to provide the following:

   a. Early warning of candidate difficulties;
   b. Equitable distribution of training assignments;
   c. Feedback on the effectiveness of training; and
   d. Information for review boards (if required).

6. This frequent monitoring of progress should uncover any problem areas. Based on EC results, candidates will be more aware of the requirement for additional study or practice and the instructor will be more aware of the requirement for remedial training. In the event a significant training problem, a Training Review Board (TRB) may be convened IAW Training Establishment (TE)/Unit SOPs.

UNSATISFACTORY TRAINING PROGRESS

7. The training review process is contained in MARCORD 9-60 Volume 1.

8. CFFSE SOPs should be referred to for specific guidance in dealing with candidates who are demonstrating unsatisfactory training progress. This may include various training interventions, divisional interviews, and TRBs.

9. Unsatisfactory progress procedures IAW MARCORD 9-60 and CFFSE SOPs, are available to staff and candidates for dealing with unsatisfactory course progress and to confirm the candidates suitability for continued training.

TRAINING REVIEW BOARD

10. Training Review Board requirements are contained in MARCORD 9-60 Volume 1.

11. Course removal for medical, compassionate or other reasons will require the convening of an administrative TRB as prescribed in MARCORD 9-60.

12. A qualified OCE is required to be a member of the TRB only if the TRB is a direct result of an engineering difficulty.

COURSE REPORTS

13. Course reports (CF 377) are to be completed IAW DAOD 5031-9.

14. Training limitations or incomplete training must be identified on the course report and copies forwarded to DMTE. DMTE is responsible for tracking these training limitations or incomplete training, and for ensuring that proper follow up and required career action is taken.

ASSESSMENT

15. For written ECs a minimum pass mark of 70% is required.

16. Practical ECs and the OJPR will be assessed pass/fail based on the associated checklists.

CHAPTER 4: LESSON SPECIFICATIONS

AUTHORIZATION FOR THIS CHAPTER AND AMENDMENTS MUST BE GRANTED BY THE CANADIAN FORCES FLEET SCHOOL ESQUIMALT SEAMANSHIP DIVISION COMMANDER

PO 001 Operate Bridge Control System (BCC)

EO 001.01 Navigate / Manipulate the IPCS

1. Performance: Navigate / Manipulate the IPCS

2. Conditions:

   a. Given:

      (1)Operational IPCS system;
      (2)Assistance;
      (3)Supervision; and
      (4)References.

   b. Denied: Nil

   c. Environmental: At sea or alongside in any naval environmental condition.

3. Standard.The SBM candidate shall navigate / manipulate the IPCS during normal operations and engineering emergencies IAW references by:

   a. Retrieving data pages from the display manager;

   b. Identifying Engineering emergencies / difficulties;

   c. Interpreting page information;

   d. Responding accordingly to page information;

   e. Starting / stopping equipment using IPCS console; and

   f. Configuring IPCS for operation.

4. Time.

   1 x 25 min lecture

5. Method / Media.

   Lecture / Demo / Practice

6. References.

   A1, A4

7. Training Aids.

   ORCA Class Vessel with functioning IPCS Console.

8. Test Details.

There will be no formal EC for this EO. Navigate / Manipulate the IPCS will be evaluated during the embedded OJPR phase. OJPR items related to the content of PO 001 will act as the formal PC and successful completion of these items will indicate that the SBM candidate has achieved the required standard.

9. Remarks. Nil.

10. Teaching Points.

a. IPCS terminology;

b. IPCS pneumonic(s);

c. Retrieval of data pages from the display manager:

(1) Propulsion overview;

(2) Port propulsion data;

(3) Port propulsion warning and alarms;

(4) Starboard propulsion data;

(5) Starboard propulsion warning and alarms;

(6) Electrical overview;

(7) Gen Set data;

(8) Battery chargers/UPS system;

(9) Fire detection and fire main systems;

(10) Fuel oil system;

(11) Black, grey and fresh water system;

(12) Compressed air system;

(13) Bilge system;

(14) Liquid levels management;

(15) Steering, navigation & communication system;

(16) Auxiliary miscellaneous;

(17) IPCS communication overview; and

(18) Serial links.

d. Identify Engineering emergencies/difficulties;

e. Interpret page information;

f. Appropriate response to page information;

g. Start / Stop equipment using IPCS console; and

h. Configuration of IPCS for operation.

i. Explain the function of the IPCS during an ORCA Class Duty Watch.

EO 001.02 Operate Steering Control System

1. Performance: Operate Steering Control System

2. Conditions:

   a. Given:

      (1) Functioning ORCA Class vessel;
      (2) IPCS console;
      (3) Assistance; and
      (4) Supervision.

   b. Denied: Nil.

   c. Environmental: At sea or alongside in any naval environmental condition.

3. Standard. The SBM candidate shall operate steering control system IAW references by:

   a. Follow Up (FU) mode (electric wheel);

   b. Non-follow up (NFU) mode (jog levers);

   c. Steering ship with auto pilot; and

   d. Steering by main engines.

4. Time.

   1 X 25 minute period

5. Method / Media.

   Lecture / Demo

6. References.

   A1, A2, A3, A4, C4, 13, C10, C11, C13

7. Training Aids.

   ORCA Classroom and IPCS Console

8. Test Details.

There will be no formal EC for this EO. Operation of the Steering Control System will be evaluated during the embedded OJPR phase. OJPR items related to the content of PO 001 will act as the formal PC and successful completion of these items will indicate that the SBM candidate has achieved the required standard.

9. Remarks. Nil.

10. Teaching Points.

a. Control Modes;

(1) Follow up;

(2) Non Follow up; and

(3) Auto Pilot.

b. High speed control button; and

c. Trolling feature.

PO 002 Operate Deck Equipment

EO 002.01 Operate the Anchor Windlass

1. Performance: Operate the Anchor Windlass

2. Conditions:

   a. Given:

      (1) Functioning ORCA Class vessel;
      (2) ORCA Crew;
      (3) Assistance;
      (4) Supervision; and
      (5) References.

   b. Denied: Nil.

   c. Environmental: At sea or alongside in any naval environmental condition.

3. Standard.The ORCA Senior Boatswain candidate shall Operate the Anchor Windlass in IAW references by:

   a. Flashing Up / Shutting down the Anchor Windlass;

   b. Verifying the break is engaged;

   c. Verifying the chain stopper/ Bottle Screw Slip is engaged;

   d. Disengaging the clutch; and

   e. Employing the Anchor Windlass to:

      (1) Heave Lines; and

      (2) Let go / Recover the anchor.

4. Time.

   1 X 50 minute period.

5. Method / Media.

   Lecture / Demo

6. References.

   A1, A2, A3, B1, C3

7. Training Aids. Nil.

8. Test Details.

There will be no formal EC for this EO. Operation of the Anchor Windlass will be evaluated during the embedded OJPR phase. OJPR items related to the content of PO 002 will act as the formal PC and successful completion of these items will indicate that the SBM candidate has achieved the required standard.

9. Remarks. Nil.

10. Teaching Points.

a. Anchor windlass flash-up and shut-down:

(1) Power supply location;

(2) Windlass controller hook-up;

(3) Breaker location; and

(4) Safety.

b. Chain stopper / Bottle Screw Slip:

(1) Operation.

c. Anchor Windlass:

(1) Capabilities and limitations.

(2) Anchor Terminology

d. Capstan:

(1) Heaving in berthing lines; and

(2) Checking away berthing lines.

EO 002.02 Operate Deck Crane

1. Performance: Operate Deck Crane

2. Conditions:

   a. Given:

      (1) Functioning ORCA Class vessel;
      (2) Operational ORCA Class Deck Crane;
      (3) IRB;
      (4) Assistance;
      (5) Supervision; and
      (6) References.

   b. Denied: Nil.

   c. Environmental: At sea or alongside in any naval environmental condition.

3. Standard.IAW references the ORCA Class Senior Boatswain Mate candidate shall Supervise Deck Crane Operation by:

   a. Directing the movement of the deck crane; and

   b. Supervising the launch / recovery of the IRB.

4. Time.

   1 x 50 min period lecture

5. Method / Media.

   Lecture / Demo

6. References.

   A1, A4

7. Training Aids. Nil.

8. Test Details.

There will be no formal EC for this EO. Operation of the Deck Crane will be evaluated during the embedded OJPR phase. OJPR items related to the content of PO 002 will act as the formal PC and successful completion of these items will indicate that the SBM candidate has achieved the required standard.

Remarks.

   a. Candidates will launch and recover the IRB as part of the OJPR.

9. Teaching Points.

a. Supervising Crane operation;

(1) Role;

(2) Responsibility;

(3) Parameters; and

(4) Limitations.

b. Safety procedures;

c. RADHAZ considerations; and

d. Methods of Operation.

(a) Operate using local controls;

(b) Operate using belly pack; and

(c) Operate using SOLAS.

PO 003 Advise Command

EO 003.01 Supervise Watch on Deck (WOD)

1. Performance: Supervise Watch On Deck (WOD)

2. Conditions:

   a. Given:

      (1) Functioning ORCA Class vessel;
      (2) Assistance;
      (3) Supervision; and
      (4) References.

   b. Denied: Nil.

   c. Environmental: Any Naval Environmental Conditions, day or night.

3. Standard. IAW references, the ORCA SBM Candidate shall supervise the Watch on Deck (WOD) by:

   a. Verifying composition of watch;

   b. Verifying watch positions and duties;

   c. Briefing watch personnel on the following:

      (1) Positions;
      (2) Duties; and
      (3) Responsibilities.

   d. Inspecting watch personnel on the following:

      (1) Positions;
      (2) Duties; and
      (3) Responsibilities.

   e. Conducting rounds; and

   f. Reporting watch turnover to the Officer of the Watch (OOW).

4. Time.

No Time allocated during Formal Course, this content is briefed during the Alongside portion of the OJPR from either NTS or CFFSE Staff and then confirmed during the At Sea phase of the OJPR.

5. Method / Media.

OJPR only.

6. References.

A1, A3

7. Training Aids. Nil.

8. Test Details.

a. There will be no formal EC for this EO. The SBM candidate will be assessed by the OIC and NTS staff on their ability to Supervise the WOD during the Sea phase of the embedded OJPR.

b. There will be no formal EC for this EO. PO 003 Advise Command will be evaluated during the embedded OJPR phase. OJPR items related to the content of PO 003 will act as the formal PC and successful completion of these items will indicate that the SBM candidate has achieved the required standard.

9. Remarks. Nil.

10. Teaching Points.

a. Watch On Deck Supervisor;

(1) Roles; and

(2) Responsibilities.

b. Composition of watch;

c. Positions and duties of watch;

d. Watch briefing requirements:

(1) Positions;

(2) Duties; and

(3) Responsibilities.

e. Watch inspection requirements:

(1) Positions;

(2) Duties; and

(3) Responsibilities.

f. Conducting rounds;

g. State of the watch Report

(1) Content

(2) Format

(3) Persons concerned

EO 003.02 Advise Command

1. Performance: Advise Command

2. Conditions:

a. Given:

(1) Functioning ORCA Class vessel;
(2) Assistance;
(3) Supervision; and
(4) References.

b. Denied: Nil.

c. Environmental: At sea or alongside in any naval environmental condition.

3. Standard.IAW references the ORCA Class Senior Boatswain Mate candidate shall complete pre-sail checks by:

a. Performing pre-sail checks;

b. Reporting ship's readiness state by:

(1) Apprising OIC of seamanship capabilities and limitations; and

c. Reporting compassionate and disciplinary situations.

4. Time.

1 x 50 min period

5. Method / Media.

Lecture / Demo / Practice

6. References.

A1, A4, A5

7. Training Aids. N/A

8. Test Details.

a. There will be no formal EC for this EO. The SBM candidate will be assessed by the OIC and NTS staff on their ability to Advise Command during the Sea phase of the embedded OJPR.

b. There will be no formal EC for this EO. PO 003 Advise Command will be evaluated during the embedded OJPR phase. OJPR items related to the content of PO 003 will act as the formal PC and successful completion of these items will indicate that the SBM candidate has achieved the required standard.

9. Remarks. N/A

10. Teaching Points.

a. Perform Pre-sail checks:

(1) Checklists:

(i) Anchor

(ii) Boat Checks

(iii) Part ship gear

(iv) Safety equipment

(v) Secure for sea

(vi) Personnel to include Watch and Station Bill.

b. Reporting ship's readiness state by:

(1) Apprising OIC of seamanship capabilities and limitations to include operational impact of deficiencies.

c. Reporting compassionate and disciplinary situations to include:

(1) SBM's recommended course of action;

(2) Operational impact; and

(3) Update Watch and Station Bill as required.

PO 004 Direct Seamanship Evolutions

EO 004.01 Direct Seamanship Evolutions

1. Performance: Direct Seamanship Evolutions

2. Conditions:

   a. Given

      (1) Functioning ORCA Class vessel;
      (2) Assistance;
      (3) Supervision; and
      (4) References.

   b. Denied: Nil.

   c. Environmental: Any Naval Environmental Conditions, day or night.

3. Standard.IAW references the ORCA Class Senior Boatswains Mate candidate shall Direct the following Seamanship Evolutions:

   a. Anchoring;

   b. Berthing / Slipping;

   c. Launch / Recover IRB;

   d. Towing Operations; and

   e. Mooring Operations.

4. Time.

   1 x 50 minute period.

5. Method / Media.

   a. Lecture/ Demo / Practice

   b. Formal Course and OJPR

6. References.

   A1, A2, A3, A4, B1, C2, C3

7. Training Aids. N/A

8. Test Details.

   a. There will be no formal EC for this EO. This EO will be confirmed by at sea performance during Group Evolutions.

b. PO 004 Direct Seamanship Evolutions will be evaluated during the embedded OJPR phase. OJPR items related to the content of PO 004 will act as the formal PC and successful completion of these items will indicate that the SBM candidate has achieved the required standard.

9. Remarks.

For steering gear breakdown - the SBM will both supervise and respond to this emergency/evolution.

10. Teaching Points.

a. Anchoring;

b. Berthing / Slipping;

c. Launch / Recover IRB;

d. Towing Operations;

e. Mooring Operations;

f. Direct Seamanship Evolution:

(1) Roles; and

(2) Responsibilities.

g. Sequence of events for each evolution;

h. Evolution brief and debrief to all personnel, including OIC;

(1) Content; and

(2) Format.

PO 005 Respond to Emergencies

EO 005.01 Respond Emergencies

1. Performance: Respond to Emergencies

2. Conditions:

   a. Given:

   (1) Functioning ORCA Class vessel;
   (2) IPCS console;
   (3) Assistance;
   (4) Supervision; and
   (5) References.

   b. Denied: Nil.

c. Environmental: Any Naval Environmental Conditions, day or night.

3. Standard.IAW references the ORCA Class Senior Boatswains Mate candidate shall respond to Emergencies to include:

   a. Conducting the duties of an IRB/SR2 boats Coxn during a rescue;

   b. Perform the duties of boats Coxn during a harbour rescue

   c. Respond to a steering gear breakdown;

   d. Performing duties of Rapid Response and Attack Team Leader;

   e. Briefing all ships personnel on operation of fitted systems; and

   f. Conducting a Fire Fighting Tour.

4. Time.

   0.5 x 50 minute period

5. Method / Media.

   Lecture / Demo / Practice

6. References.

   A1, A2, A3, A4

7. Training Aids. Nil.

8. Test Details.

   a. There will be no formal EC for this EO. PO 005 Respond to Emergencies will be evaluated during the embedded OJPR phase. OJPR items related to the

content of PO 005 will act as the formal PC and successful completion of these items will indicate that the SBM candidate has achieved the required standard.

9. Remarks.

The ORCA SBM will be a part of the RRT and will act as the attack team leader.

10. Teaching Points.

a. Respond to a steering gear breakdown:

(1) Roles;

(2) Responsibilities;

(3) Sequence of events:

(a) Convert to emergency steering; and

(4) Steering terminology.

b. DC procedures;

c. Fire;

(1) Attack team leader:

(a) Dress;

(b) Brief;

(c) Equipment;

(d) Route; and

(e) Communication.

(2) Sentries / Security of fire scene.

d. Floods:

(1) Rapid response:

(a) Confinement;

(b) DC Considerations; and

(c) Confined space considerations.

(2) Sentries / Security of flood scene.

e. Briefing all ships personnel on Operation of fitted systems;

f. Conducting a Fire Fighting Tour to include the identification and location of all DC gear.

PO 006 Manage Pyrotechnics

EO 006.01 Manage Pyrotechnics

1. Performance: Manage Pyrotechnics

2. Conditions:

   a. Given:

      (1) Functioning ORCA Class vessel; and
      (2) References.

   b. Denied: Nil.

   c. Environmental: Any Naval environmental conditions day or night.

3. Standard.IAW references the ORCA Class Senior Boatswains Mate candidate shall Manage Pyrotechnics IAW references and due regard to all current safety procedures and regulations by:

   a. Managing pyrotechnics;

   b. Preparing pyrotechnics for use;

   c. Adhering to all safety precautions;

   d. Identifying pyrotechnics and Ammo markings; and

   e. Operating pyrotechnics.

4. Time.

   2.0 x 50 minute periods

5. Method / Media.

   Lecture / Demo / Practice

6. References.

   A1, A4

7. Training Aids.

   a. Ammunition Incident Scenario; and

   b. CF 410s

8. Test Details.

   a. There will be no formal EC for this EO.

b. PO 006 Operate Pyrotechnics will be evaluated during the embedded OJPR phase. OJPR items related to the content of PO 006 will act as the formal PC and successful completion of these items will indicate that the SBM candidate has achieved the required standard.

9. Remarks.

a. During the Formal Course and the OJPR, Pyrotechnics will not be expended unless there is an emergency situation which confirms the necessity to Operate Pyrotechnics.

b. The Formal Course portion of this content will be instructed by the NTS AMMO Custodian.

10. Teaching Points.

a. Managing pyrotechnics to include:

(1) Maintain Pyro Log;

(2) Storing pyrotechnics to include:

(a) Compatibility:

(b) Classification; and

(c) Stowage, including

(i) acceptable humidity levels;

(ii) acceptable Max / Min temperatures; and

(iii) Actions in case of abnormal humidity / temperature readings.

(3) Ammo / Pyro Forms; and

(4) Ammo / Pyro Incidents / Misfires.

(a) Preparing an Ammo / Pyro expenditure statement

(b) Identify what to report;

(c) When to report;

(d) Who to report to;

(5) Mustering pyrotechnics;

b. Preparing pyrotechnics for use; and

c. Adhering to all safety precautions to include:

(1) Hazards related to each type of pyrotechnic; and

(2) Safety precautions for firing pyrotechnics.

d. Identifying the following types of pyrotechnics:

(1) RADA Flare (C-74-370-BAE-TA-000);

(2) PARA Flare; and

(3) Orange Smoke Marker (Series two pains Wessex).

e. Operating pyrotechnics to include:

(1) RADA Flare (C-74-370-BAE-TA-000);

(2) PARA Flare; and

(3) Orange Smoke Marker (Series II Paynes Wessex).

(4) Occasions when pyrotechnics would be used

PO 007 Fuel an ORCA Class Vessel

EO 007.01 Fuel an ORCA Class Vessel

1. Performance: Fuel an ORCA Class Vessel

2. Conditions:

   a. Given:

      (1) Functioning ORCA Class vessel;
      (2) Fuelling equipment;
      (3) Fuel spill clean-up kit;
      (4) Assistance;
      (5) Supervision; and
      (6) References.

   b. Denied: Nil.

   c. Environmental: Any Naval Environmental Conditions, day or night.

3. Standard. The ORCA Class Senior Boatswain shall Fuel an ORCA Class Vessel IAW references and with due regard to safety and current environmental regulations by:

   a. Explaining safety hazards and environmental precautions;

   b. Acting as Fuelling Dump I/C, to include:

      (1) Preparing the fuelling area;

      (2) Operating fuelling equipment; and

      (3) Reporting the status of fuelling equipment.

   c. Secure the fuelling point.

4. Time.

   0.5 x 50 minute period

5. Method / Media.

   Lecture / Demo / Practice

6. References.

   A3

7. Training Aids.

   a. Fuelling Checklist.

8. Test Details.

There will be no formal EC for this EO. PO 007 Fuel an ORCA Class Vessel will be evaluated during the embedded OJPR phase. OJPR items related to the content of PO 007 will act as the formal PC and successful completion of these items will indicate that the SBM candidate has achieved the required standard.

9. Remarks.

Not all SBM courses will have the opportunity to fuel an ORCA as part of this course. At a minimum, candidates will be expected to explain their roles and responsibilities as a Fuelling Dump I/C if the ship does not fuel during their course session. The lack of opportunity to participate in a live fuelling should not preclude an ORCA Class SBM candidate from successfully completing the embedded OJPR portion of this course.

10. Teaching Points.

a. Describe safety hazards;

b. Describe environmental precautions, to include Fuel Spill Immediate Actions:

(1) Stop pumping;
(2) Contain the spill;
(3) Report the spill to the OCE / OIC / QHM;
(4) Clean-up; and
(5) Report.

c. Prepare for a fuelling, to include:

(1) Brow control;
(2) Fire hose rigged Port / Stbd side;
(3) Launch the IRB;
(4) Fuel dump area layout:

(a) Boom;
(b) fuel spill kit location;
(c) hazard areas;

d. Responsibilities of the Fuelling Dump I/C during a fuelling;

(1) Prepare the fuelling dump with absorbent materials;
(2) Connect fuelling hoses;
(3) Ensure coupling is secure (with zap strap);
(4) Open fuelling valve;
(5) Handle the nozzle (as required);
(6) Check Lines for leaks;
(7) Report pump pressure to OCE;
(8) Report quantity of fuel embarked;
(9) Report line status (leaks / kinks / bends / breaks / etc…)
(10) Respond to 5 min warning; and
(11) Close up on fuelling valve, maintain awareness, report status;

e. Securing a fuelling, to include:

(1) Ensure line is drained;
(2) Close valve;
(3) Disconnect cam lock;
(4) Return hose; and
(5) Clean-up.

ANNEX C - QUALIFICATION STANDARD AND PLAN WRITING BOARD RECORD OF PROCEEDINGS

Dates:

October 22 2007 - November 02 2007

Location:

Sea Div - Theatre, N67

Board Members:

SURNAME	INITIALS	RANK	MOSID	UNIT
Mitchell	DM	Lt(N)	00204-01	Sea Div
Gilbert	JM	PO1	00105-01	Sea Div
Steunenberg	SJ	MS	00105-01	Sea Div
Roberts	MJ	LS	00105-01	MOG4 NTS
Taylor	SJ	Capt	00201	CFFSE HQ
Langager	CA	PO1	00105-05	Sea Div

Board Objective:

Complete the QSP for the ORCA Class Senior Boatswain Mate.

Specification Task – No Train Decisions:

1. The tasks selected for training are detailed at Annex B. Tasks not selected for training are listed below with substantiation:

TASK SERIAL	TASK ELEMENT	SUBSTANTIATION

Discussions / Decisions:

Record of Proceedings

1. Sea Div Commander is recommended to enclose a cover letter to the Record of Proceedings to MOG 4 and DMTE to highlight the safety issue of the proper number of core crew required to operate the ORCA.

2. According to NTS SOP only 3 pers are required to launch and recover the seaboat. It is the board's recommendation that it is a requirement that the SBM remains on board and that a qualified small boat coxn become a member of the core crew so that the SBM can remain on board and continue their duties.

3. It was decided by the board that the while the SBM will be a QL5/2 Boatswain. The instructor will be a MS (PLQ).

4. The BCC and IMCS phases of the course will be held in conjunction with the Engineering phase of the course. This phase will be taught by CFFSE Eng Div.

5. It is the board's recommendation that having only one boatswain on the ORCA is not safe. For the SBM to properly carry out their duties, the qualifications of the 2 deckhands should increase from NETP/O qualified to QL4 AB Boatswain.

6. The SBM is responsible for the proper conduct of Seamanship on the ORCA Class Patrol Vessel. Who ever signs out the vessel (Venture, CFFSE, NAVRES) for training purposes, they are to ensure that there is a person of required rank and qualification to supervise and train the candidates. Core crew is not to be seconded as instructors.

7. It is the board's recommendation that the task "Operate Sea boats" come out of the OSS and deemed "No Train" and not listed as an OSS Task because it is not special to the ORCA. Operate Sea Boats are already taught in Boatswain core training.

8. It was previously recommended and briefed to the Admiral that a time limit be imposed for the length that this qualification stays in effect after training has occurred. Due to skill fade, it is the board's concurrence that this recommendation is applicable. Ref: PP Brief to the CMS below:

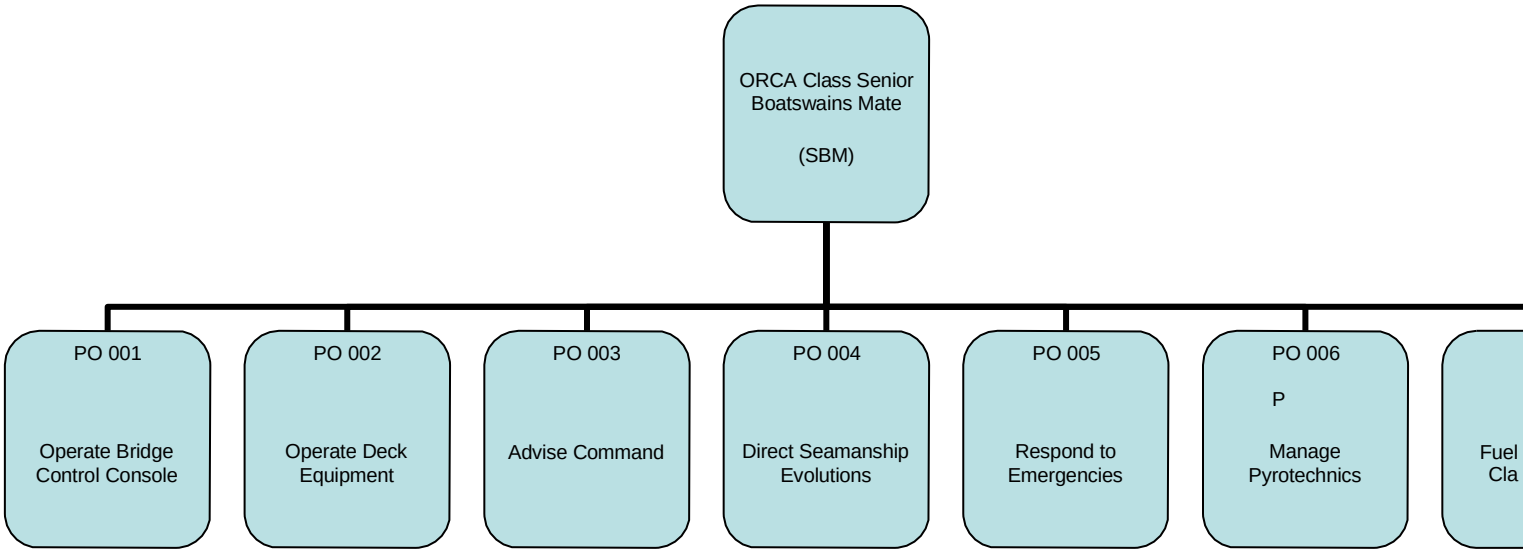
ANNEX D - QUALIFICATION STANDARD AND PLAN WRITING BOARD SCALAR



ANNEX E - ON-JOB PERFORMANCE RECORD

(CERTIFICATE OF QUALIFICATION)

NAME and INITIALS RANK SN

Date Training Started Expected Date of Completion

THE OJPR MUST BE COMPLETED IN ACCORDANCE WITH THE INSTRUCTIONS BELOW. INCORRECT OR INCOMPLETE OJPR WILL BE RETURNED FOR RE-SUBMISSION.

INSTRUCTIONS

1. One copy of this OJPR, hereinafter referred to as the master copy, shall be made up for each SBM candidate beginning OJT. It shall be kept and maintained by the ORCA Class Senior Boatswains Mate (SBM) candidate. In the event of an incomplete OJPR following the scheduled period for SBM candidates to complete the OJPR, the Training Establishment shall make a duplicate copy for retention by the candidate and the Master Copy shall be given to NTS for the purpose of recording and reviewing individual progress until such time that the SBM candidate is successful in completing the OJPR.

2. As a SBM candidate completes each of the items in the checklist for each of the Performance Objectives (PO) to the required standard, the appropriate NTS staff member or other approved staff will date and sign the applicable item on the master and any duplicate copies of the OJPR sheet and inform the individual of the action taken.

3. If a SBM candidate demonstrates the ability to perform additional duties not specified in this QSP, an appropriate entry shall be made under “Additional Duties” at the end of the OJPR.

4. The timeline for completion of this OJPR is two days at sea and two days alongside at NTS. A four day opportunity to complete this OJPR will be scheduled following the one day formal course to provide all SBM candidates the opportunity to successfully complete their OJT. In the event of an incomplete OJPR, NTS and CFFSE Seamanship Standards shall make arrangements as required.

5. Upon completion of the entire OJPR, the following action will be taken:

(1.) NTS Chief shall review and sign Training Completion Certificate (below);

(2.) NTS shall forward the completed Master copy of the OJPR (Annex E) to CFFSE Seamanship Division Standards Section for review and signature of the Certification of Qualification (below);

(3.) CFFSE Seamanship Division Standards is to forward results by message to NTS, parent unit and DPCOR detailing the successful completion of the SBM course; and

(4.) CFFSE Seamanship Division Standards shall create and issue course reports to SBM candidates.

6. The OJPR shall be retained on the individual's UER until update action is reflected on the Personal Record Resume.

7. After completing the OJPR, the SBM candidate will be granted MITE Course ID 117758 to obtain competency as an ORCA Class Senior Boatswains Mate (AJLS).

PROGESS REVIEW

Progress review shall be carried out by the NTS Chief Boatswains Mate and/or CFFSE Seamanship Division Standards.

OJPR REVIEWED BY (RANK, POSITION, NAME)	SIGNATURE	DATE

TRAINING COMPLETION CERTIFICATE

Date training completed: _____

_____

NTS Chief **Date**

CERTIFICATION OF QUALIFICATION

I certify that_____has completed training to the standards stated in QSP except as noted has is qualified to perform the duties of ORCA Class SBM.

_____

CFFSE Seamanship Division Standards **Date**

ON-JOB PERFORMANCE RECORD SHEET

1. The remarks column in this annex shall be used for the following information only:

    a. The unit in which the training and assessment were carried out; and

    b. Any unusual circumstances which preclude compliance with an objective.

INDIVIDUAL/ GROUP	AT SEA OR ALONGSIDE	PERFORMANCE STATEMENT	DATE	PRINT NAME & SIGNATURE	REMARKS (INCLUDE UNIT)
Individual		**Complete ORCA Class Know Your Ship Book**		NTS/CFFSE Staff	
PO 001		**OPERATE BRIDGE CONTROL SYSTEM**			
Individual		Steer Ship in: **Follow Up**		NTS/CFFSE Staff	
Group		Steer Ship in: **Non-Follow Up**		NTS/CFFSE Staff	
		Steer Ship in: **Auto Pilot**		NTS/CFFSE Staff	
		Steer Ship by: **Main Engines**		NTS/CFFSE Staff	
		Respond to Propulsion / IPCS warnings and alarms		NTS ENG / CFFSE OCE	
		Brief Command following response to Propulsion / IPCS warnings & alarms		NTS/CFFSE Staff	
Individual		Retrieve specified pages and explain their purpose		NTS ENG / CFFSE OCE	
PO 002		**OPERATE DECK EQUIPMENT**			
Individual		Demonstrate Anchor Windlass Flash up Procedures		NTS/CFFSE Staff	

INDIVIDUAL/ GROUP	AT SEA OR ALONGSIDE	PERFORMANCE STATEMENT	DATE	PRINT NAME & SIGNATURE	REMARKS (INCLUDE UNIT)
Individual		Explain Safety Precautions & Terminology for Line Handling on ORCA Class Vessel		NTS/CFFSE Staff	
Individual		Explain Safety Precautions for Anchorage on ORCA Class Vessel		NTS/CFFSE Staff	
CRANE OPERATION					
Group		Explain Role & Responsibility		NTS/CFFSE Staff	
		Explain Safety & RADHAZ Procedures		NTS/CFFSE Staff	
		Explain & Operate SOLAS		NTS/CFFSE Staff	
Individual		Operate Crane in Local Control		NTS/CFFSE Staff	
Individual		Operate Belly Pack		NTS/CFFSE Staff	
Individual		Launch/Recover Sea Boat		NTS/CFFSE Staff	
PO 003		**ADVISE COMMAND**			
Individual		Complete Vessel Sign In/Out Requirements		NTS/CFFSE Staff	
Complete in Groups of 2		Verify Anchor		NTS/CFFSE Staff	
		Boat Checks		NTS/CFFSE Staff	
		Part Ship Gear		NTS/CFFSE Staff	
		Safety Equipment		NTS/CFFSE Staff	
		Secure for Sea		NTS/CFFSE Staff	

INDIVIDUAL/ GROUP	AT SEA OR ALONGSIDE	PERFORMANCE STATEMENT	DATE	PRINT NAME & SIGNATURE	REMARKS (INCLUDE UNIT)
		Personnel / Nominal Roles		NTS/CFFSE Staff	
		Prepare W&S Bill		NTS/CFFSE Staff	
Individual		Complete Departure Brief		NTS/CFFSE Staff	
Group		Brief Command on Compassionate / Disciplinary Situation (Scenario)		NTS/CFFSE Staff	
PO 004		**SUPERVISE SEAMANSHIP EVOLUTIONS**			
Group Evolution		Act as Cable Party IC		NTS/CFFSE Staff	
		Rig for Berthing / Secure for Sea		NTS/CFFSE Staff	
		Rig for Tow FWD / AFT		NTS/CFFSE Staff	
PO 005		**RESPOND TO EMERGENCIES**			
Complete in Groups of 3		Complete Fire Fighting Tour and Identify Location of DC Gear		NTS ENG / CFFSE OCE Instr	
Individual		Respond to a Steering Gear Breakdown		NTS/CFFSE Staff	
Individual		Explain Operation of Fitted Systems		NTS ENG / CFFSE OCE Instr	
PO 006		**MANAGE PYROTECHNICS**			
Individual		Explain Handling and Storage Procedures		NTS Ammo Custodian	
Individual		Complete & Maintain Ammo Log (Complete Trg Aids / HOs from NTS)		NTS Ammo Custodian	
Individual		Explain Incident Report Procedures		NTS Ammo Custodian	

INDIVIDUAL/ GROUP	AT SEA OR ALONGSIDE	PERFORMANCE STATEMENT	DATE	PRINT NAME & SIGNATURE	REMARKS (INCLUDE UNIT)
PO 007		**FUEL AN ORCA CLASS VESSEL**			
Individual		Describe fuelling safety hazards		NTS/CFFSE Staff	
Individual		Describe fuelling environmental precautions		NTS/CFFSE Staff	
Group		Act as Dump IC during Fuelling		NTS/CFFSE Staff	

ANNEX F - ACRONYMS / ABBREVIATIONS

ACRONYM / ABBREVIATION	TERM/DEFINITION
IRB	Inflatable Rescue Boat

ANNEX G - SUGGESTED SEQUENCING AND TIMINGS

Note: The Suggested Schedule for the ORCA SBM course includes two options, one for an SBM course with four (4) trainees and one for a course with five (5) or six (6) trainees. If there are only four trainees, each will have the opportunity to act as Senior Boatswainmate of the Day (SBMOD) during the At Sea phase of the course and sign off their OJPR. If there are five or six trainees, there will be two SBMOD per day at sea and the last day will be used to give weaker trainees an opportunity to practice any areas that they experienced difficulty.

		Time in periods		
PO/EO	**OBJECTIVE (EO / PO Title)**	**EO**	**EC**	**PC/CEC**
001	**Operate Bridge Control System (BCC)**			
001.01	Navigate / Manipulate the IPCS	0.5		
001.02	Operate Steering Control System	0.5		
002	**Operate Deck Equipment**			
002.01	Operate the Anchor Windlass	1.0		
002.02	Operate Deck Crane	1.0		
003	**Advise Command**			
003.01	Supervise Watch on Deck (WOD)	briefed during Sea phase		
003.02	Advise Command	1.0		
006	**Manage Pyrotechnics**			
006.01	Manage Pyrotechnics	2.0		
005	**Respond to Emergencies**			
005.01	Respond to Emergencies	0.5		
007	**Fuel an ORCA Class Vessel**			
007.01	Fuel an ORCA Class Vessel	0.5		
004	**Direct Seamanship Evolutions**			
004.01	Direct Seamanship Evolutions	1.0		
OJPR	**At Sea Phase**			**31.0**
	(ATT) EO /EC / PC Totals	8.0	0.0	31.0
	Total Weeks of ATT (based on 40 periods of Instruction per week / 8 periods per day)	1.0		

	Pds	days	Weeks
Class room time (Not used in total calculation - Part of ATT)	8.0	1.0	(Based on an 8 pd training day not to include Lunch)
At Sea Time (not used in total calculation - Part of ATT)	31.0	3.9	
ATT Sub Total (Trainer, Classroom, Assessment, Practice etc)	39.0	4.9	
BAT (As required - fill in manually)	0.0	0.0	
TAT (End Course Critique - completed at CFFSE CAL lab on At Sea Day #4)	1.0	0.1	
PT (5 x 50 minute periods / week)	0.0	0.0	
Couse Duration Calcuation	**40.0**	**5.0**	**1.0**

TIME	Mon	Tue	Wed	Thu	Fri	REMARKS
	Day 1	Day 2	Day 3	Day 4	Day 5	
Day 1: SBM students to meet at NTS and "Sign-Out" the ORCA. Each following day, the SBMOD will complete a "mock Sign-Out"						
0745 – 0830	Welcome & Ship Famil	**AT SEA DAY#1**	**AT SEA DAY#2**	**AT SEA DAY#3**	**AT SEA DAY#4**	1. Students will receive KYSB and be given time on tour to complete KYSB and ask questions 2. Instructors are to pass out the scenarios for **PO 006: Operate Pyrotechnics** 3. Trainees are to hand in PO 006 Pyrotechnic scenarios to instructors for assessment NLT day #4 at sea. *******NOTE: NTS Ammo Custodian must sign OJT package for this requirement.** 4. During normal "watch rotations" trainees will be expected to: • steer the ship in "Follow-Up" mode; • retrieve pages using the IPCS and explain their purpose 5. Trainees will be expected to "Brief Command on a Compassionate / Disciplinary Situation" IAW instructor initiated scenarios during their tour as SBMOD. 6. During "down time" SBM trainees are expected to "Explain the Operation of Fitted Systems" to the appropriate OJT signing authority
0830 – 0920	EO 001.01 / 001.02 BCC (IPCS)					
0920 – 0930	**STAND EASY**					
0930 – 1020	EO 002.01 Operate Anchor Windlass	**SBMOD #1 (4 trainees)**	**SBMOD #2 (4 trainees)**	**SBMOD #3 (4 trainees)**	**SBMOD #4 (4 trainees)**	
1020 – 1110	EO 002.02 Crane Operations					
1110 – 1200	EO 003.02 Advise Command					
1200 – 1300	**LUNCH**					
1300 – 1350	EO 006.01 Manage Pyro	**SBMOD #1 & #2 (5 – 6 trainees)**	**SBMOD #3 & #4 (5 – 6 trainees)**	**SBMOD #5 & #6 (5 – 6 trainees)**	End of Course Critique to be scheduled 1400 – 1500 with CAL lab	
1350 – 1440	EO 006.01 Manage Pyro					
1440 – 1450	**STAND EASY**					
1450 – 1540	EO 005.01 Respond to Emergencies EO 007.01 Fuelling				Complete Sign-In	
1540 – 1630	EO 004.01 Direct Seamanship Evolutions					
Day 1: SBM students to meet at NTS and "Sign-In" the ORCA. Each following day, the SBMOD will complete a "mock Sign-In"						

AT SEA DAY 1:

TIME	0 – 4 SBM trainees	5 – 6 SBM trainees	
	SBMOD #1	**SBM #1**	**SBM #2**
0800 – 0900	**PO 003: Advise Command** Trainees to individually complete: • Sign Out requirements • Pre-Sail Checks (with an assistant) • departure brief to OIC	**PO 003: Advise Command** Both trainees to individually complete: • Sign Out requirements • Pre-Sail Checks (with an assistant) • Each to complete a departure brief to OIC	
	PO 002: Operate Deck Equipment **SBM #1 to act as FX I/C** Instructor to assess Windlass flash-up / operation and quiz trainee on line-handling terminology and safety	**PO 002: Operate Deck Equipment** **SBM #1 to act as FX I/C** Instructor to assess: Windlass flash-up / operation and quiz trainee on line-handling terminology and safety	**PO 002: Operate Deck Equipment** **SBM #2 to act as AX I/C** Instructor to quiz trainee on line-handling terminology and safety
0900 - 1000	**PO 005: Respond to Emergencies** **FF / DC Tour** Trainees to split into two groups. Instructors are to conduct FF / DC tour and ID location of DC gear		
1000 – 1100	**MOBEX #1**		
	PO 002: Operate Deck Equipment **SBM #1:** To act as launch I/C for MOBEX	**PO 002: Operate Deck Equipment** **SBM #1:** • To act as launch I/C for MOBEX	**PO 002: Operate Deck Equipment** **SBM #2:** • To act as crane operator for MOBEX. (Use local control for launch & belly pack for recovery or vice versa) • Instructors to quiz crane operator on role & responsibility; safety and RADHAZ and SOLAS

TIME	0 – 4 SBM trainees	5 – 6 SBM trainees	
	SBMOD #1	**SBM #1**	**SBM #2**
1100 – 1200	**PO 005: Respond to Emergencies** SGBD for SBM #1	**PO 005: Respond to Emergencies** SGBD for SBM #1	
1200 – 1300	**LUNCH**		
1300 – 1400	**MOBEX #2**		
	PO 002: Operate Deck Equipment **SBM #1:** • To act as crane operator for MOBEX. (Use local control for launch & belly pack for recovery or vice versa) • Instructors to quiz crane operator on role & responsibility; safety and RADHAZ and SOLAS	**PO 002: Operate Deck Equipment** **SBM #1:** • To act as crane operator for MOBEX. (Use local control for launch & belly pack for recovery or vice versa) • Instructors to quiz crane operator on role & responsibility; safety and RADHAZ and SOLAS	**PO 002: Operate Deck Equipment** **SBM #2:** • To act as launch I/C for MOBEX
1400 – 1500	**PO 002: Operate Deck Equipment** **PO 004: Supervise Seamanship Evolutions** **SBM #1 to act as AX I/C** Instructor to quiz trainee on line-handling terminology and safety		**PO 005: Respond to Emergencies** SGBD for SBM #2
1500 – 1600		**PO 002: Operate Deck Equipment** **PO 004: Supervise Seamanship Evolutions** **SBM #1 to act as AX I/C** Instructor to quiz trainee on line-handling terminology and safety	**PO 002: Operate Deck Equipment** **PO 004: Supervise Seamanship Evolutions** **SBM #2 to act as FX I/C** Instructor to assess Windlass flash-up / operation and quiz trainee on line-handling terminology and safety

AT SEA DAY 2:

TIME	0 – 4 SBM trainees SBMOD #2	5 – 6 SBM trainees SBM #3	SBM #4
0800 – 0900	**PO 003: Advise Command** Trainees to individually complete: • Sign Out requirements • Pre-Sail Checks (with an assistant) • departure brief to OIC	**PO 003: Advise Command** Both trainees to individually complete: • Sign Out requirements • Pre-Sail Checks (with an assistant) • Each to complete a departure brief to OIC	
	PO 002: Operate Deck Equipment **SBM #2 to act as FX I/C** Instructor to assess Windlass flash-up / operation and quiz trainee on line-handling terminology and safety	**PO 002: Operate Deck Equipment** **SBM #3 to act as FX I/C** Instructor to assess Windlass flash-up / operation and quiz trainee on line-handling terminology and safety	**PO 002: Operate Deck Equipment** **SBM #4 to act as AX I/C** Instructor to quiz trainee on line-handling terminology and safety

0900 - 1000	**PO 001: Operate Bridge Control System**
	As a group, trainees are to:
	• Steer the ship in:
	  ○ Non-Follow Up (NFU) mode
	  ○ Auto Pilot
	  ○ Main Engines.
	• Respond to propulsion / IPCS warnings and alarms
	• Brief Command in response to propulsion / IPCS warnings and alarms.		

1000 – 1100	**MOBEX #3**		
	PO 002: Operate Deck Equipment **SBM #2:** To act as launch I/C for MOBEX	**PO 002: Operate Deck Equipment** **SBM #3:** • To act as launch I/C for MOBEX	**PO 002: Operate Deck Equipment** **SBM #4:** • To act as crane operator for MOBEX. (Use local control for launch & belly pack for recovery or vice versa) • Instructors to quiz crane operator on role & responsibility; safety and RADHAZ and SOLAS

TIME	0 – 4 SBM trainees SBMOD #2	5 – 6 SBM trainees SBM #3	SBM #4
1100 – 1200	**PO 005: Respond to Emergencies** SGBD for SBM #2	**PO 005: Respond to Emergencies** SGBD for SBM #3	
1200 – 1300	**LUNCH**		
1300 – 1400	**MOBEX #4**		
	PO 002: Operate Deck Equipment **SBM #2:** • To act as crane operator for MOBEX. (Use local control for launch & belly pack for recovery or vice versa) • Instructors to quiz crane operator on role & responsibility; safety and RADHAZ and SOLAS	**PO 002: Operate Deck Equipment** **SBM #3:** • To act as crane operator for MOBEX. (Use local control for launch & belly pack for recovery or vice versa) • Instructors to quiz crane operator on role & responsibility; safety and RADHAZ and SOLAS	**PO 002: Operate Deck Equipment** **SBM #4:** • To act as launch I/C for MOBEX
1400 – 1500	**PO 002: Operate Deck Equipment** **PO 004: Supervise Seamanship Evolutions** **SBM #2 to act as AX I/C** Instructor to quiz trainee on line-handling terminology and safety		**PO 005: Respond to Emergencies** SGBD for SBM #4
1500 – 1600		**PO 002: Operate Deck Equipment** **PO 004: Supervise Seamanship Evolutions** **SBM #3 to act as AX I/C** Instructor to quiz trainee on line-handling terminology and safety	**PO 002: Operate Deck Equipment** **PO 004: Supervise Seamanship Evolutions** **SBM #4 to act as FX I/C** Instructor to assess Windlass flash-up / operation and quiz trainee on line-handling terminology and safety

AT SEA DAY 3:

TIME	0 – 4 SBM trainees	5 – 6 SBM trainees	
	SBMOD #3	**SBM #5**	**SBM #6**
0800 – 0900	**PO 003: Advise Command** Trainees to individually complete: • Sign Out requirements • Pre-Sail Checks (with an assistant) • departure brief to OIC	**PO 003: Advise Command** Both trainees to individually complete: • Sign Out requirements • Pre-Sail Checks (with an assistant) • Each to complete a departure brief to OIC	
	PO 002: Operate Deck Equipment **SBM #3 to act as FX I/C** Instructor to assess Windlass flash-up / operation and quiz trainee on line-handling terminology and safety	**PO 002: Operate Deck Equipment** **SBM #5 to act as FX I/C** Instructor to assess Windlass flash-up / operation and quiz trainee on line-handling terminology and safety	**PO 002: Operate Deck Equipment** **SBM #6 to act as AX I/C** Instructor to quiz trainee on line-handling terminology and safety
0900 - 1000	**PO 004: Supervise Seamanship Evolutions (Anchoring)** As a group, trainees are to participate in an anchorage: • Act as Cable Party I/C: • Instructors are to ensure trainees can explain / demo anchorage procedures, etc…		
1000 – 1100	**MOBEX #5**		
	PO 002: Operate Deck Equipment **SBM #3:** To act as launch I/C for MOBEX	**PO 002: Operate Deck Equipment** **SBM #5:** • To act as launch I/C for MOBEX	**PO 002: Operate Deck Equipment** **SBM #6:** • To act as crane operator for MOBEX. (Use local control for launch & belly pack for recovery or vice versa) • Instructors to quiz crane operator on role & responsibility; safety and RADHAZ and SOLAS

TIME	0 – 4 SBM trainees	5 – 6 SBM trainees	
	SBMOD #3	**SBM #5**	**SBM #6**
1100 – 1200	**PO 005: Respond to Emergencies** SGBD for SBM #3	**PO 005: Respond to Emergencies** SGBD for SBM #5	
1200 – 1300	**LUNCH**		
1300 – 1400	**MOBEX #6**		
	PO 002: Operate Deck Equipment **SBM #3:** • To act as crane operator for MOBEX. (Use local control for launch & belly pack for recovery or vice versa) • Instructors to quiz crane operator on role & responsibility; safety and RADHAZ and SOLAS	**PO 002: Operate Deck Equipment** **SBM #5:** • To act as crane operator for MOBEX. (Use local control for launch & belly pack for recovery or vice versa) • Instructors to quiz crane operator on role & responsibility; safety and RADHAZ and SOLAS	**PO 002: Operate Deck Equipment** **SBM #6:** • To act as launch I/C for MOBEX
1400 – 1500	**PO 002: Operate Deck Equipment** **PO 004: Supervise Seamanship Evolutions** **SBM #3 to act as AX I/C** Instructor to quiz trainee on line-handling terminology and safety		**PO 005: Respond to Emergencies** SGBD for SBM #6
1500 – 1600		**PO 002: Operate Deck Equipment** **PO 004: Supervise Seamanship Evolutions** **SBM #5 to act as AX I/C** Instructor to quiz trainee on line-handling terminology and safety	**PO 002: Operate Deck Equipment** **PO 004: Supervise Seamanship Evolutions** **SBM #6 to act as FX I/C** Instructor to assess Windlass flash-up / operation and quiz trainee on line-handling terminology and safety

AT SEA DAY 4:

TIME	0 – 4 SBM trainees **SBMOD #4**	5 – 6 SBM trainees **Based on Instructor assessment, trainees requiring additional practice at any of the OJT requirements should be selected to perform in that role on Day #4 at sea.**	
0800 – 0900	**PO 003: Advise Command** Trainee to individually complete: • Sign Out requirements • Pre-Sail Checks (with an assistant) departure brief to OIC	**PO 003: Advise Command** Trainees to individually complete: • Sign Out requirements • Pre-Sail Checks (with an assistant) • A departure brief to OIC **Based on Instructor assessment, trainees requiring additional practice as FX I/C or AX I/C procedure should be selected to perform in this capacity on Day #4.**	
	PO 002: Operate Deck Equipment **SBM #4 to act as FX I/C** Instructor to assess Windlass flash-up / operation and quiz trainee on line-handling terminology and safety	**PO 002: Operate Deck Equipment as FX I/C** Instructor to assess Windlass flash-up / operation and quiz trainee on line-handling terminology and safety	**PO 002: Operate Deck Equipment as AX I/C** Instructor to quiz trainee on line-handling terminology and safety
0900 - 1000	**PO 004: Supervise Seamanship Evolutions (Towing FWD / AFT)** As a group, trainees are to participate in towing operations (fwd and aft) including demo / explanation of safety briefing and evolution procedures.		
1000 – 1100	**PO 004: Supervise Seamanship Evolutions (Dump I/C for Fuelling)** As a group, trainees are to act as Dump I/C for fuelling including demo / explanation of safety briefing and evolution procedures.		
1100 – 1200	MOBEX # 7 **PO 002: Operate Deck Equipment** **SBM #4:** To act as launch I/C for MOBEX	**FLEX TIME to be used at instructors discretion** SGBD or MOBEXes as required	

TIME	0 – 4 SBM trainees SBMOD #4	5 – 6 SBM trainees Based on Instructor assessment, trainees requiring additional practice at any of the OJT requirements should be selected to perform in that role on Day #4 at sea.	
	PO 006: Operate Pyrotechnics Trainees are to hand in PO 006 Pyrotechnic s scenarios to instructors for assessment. *******NOTE: NTS Ammo Custodian must sign OJT package for this requirement.**		
1200 – 1300	**LUNCH**		
1300 – 1400	**PO 005: Respond to Emergencies** SGBD for SBM #4 MOBEX # 8 **PO 002: Operate Deck Equipment** **SBM #4:** • To act as crane operator for MOBEX. (Use local control for launch & belly pack for recovery or vice versa) • Instructors to quiz crane operator on role & responsibility; safety and RADHAZ and SOLAS	**FLEX TIME to be used at instructors discretion** SGBD or MOBEXes as required **PO 002: Operate Deck Equipment** **PO 004: Supervise Seamanship Evolutions** **SBM #5 to act as AX I/C** Instructor to quiz trainee on line-handling terminology and safety	**PO 002: Operate Deck Equipment** **PO 004: Supervise Seamanship Evolutions** **SBM #6 to act as FX I/C** Instructor to assess Windlass flash-up / operation and quiz trainee on line-handling terminology and safety
1400 – 1500	**PO 002: Operate Deck Equipment** **PO 004: Supervise Seamanship Evolutions** **SBM #4 to act as AX I/C** Instructor to quiz trainee on line-handling terminology and safety	Course critiques to be conducted at CFFSE CAL lab	

ANNEX H - TRAINING RESOURCES

In accordance with Chapter 1 paragraph 3 add any extra tables or paragraphs used for Resources in this annex. (**Not** to be deleted.)

ANNEX I - COSTING INFORMATION

Include information about cost in whichever format is applicable.

This annex is optional (**Not** to be deleted).

ANNEX J - COURSE HISTORY

This annex is to record course history issues such as explanations of amendments, pertinent findings, trends, resource problems and modifications. Focus should be given to both excellent and questionable issues of the course. Capturing important course history information is a useful managerial tool for amendment considerations by future course developers.

Note: This annex shall NOT be deleted. This annex must be annotated with every update / modification to this QSP. This is in addition to making the appropriate entry in the Record of Amendments table. Detail as to the nature and reasons for amendments is to be provided here.

Oct 2009

CFFSE Standards discovered that the SBM QSP on hand was a Draft version. Through investigation it was discovered that a valid Pilot Course Evaluation had never been conducted, however the course had been running in a continuous state using only a Draft QSP.

Nov 2009

NTS was contacted as part of the investigation, at that time CFFSE Seamanship Division Standards discovered that although there was a Draft QSP of ORCA SBM it was inadequate and instruction of the 5 day course had never actually been aligned with the QSP content and did not provide a means to determine whether or not a candidate had met require level of performance.

Feb 2010

CFFSE QA Cell was contacted by Seamanship Division seeking guidance WRT correcting the QSP and how to redesign the QSP to better reflect the required training training. CFFSE Seamanship Division developed a proposal of QSP changes, conducted a meeting with NTS Staff and Seamanship Division Staff to confirm that the changes were reflective of the current training practices. CSE Division Staff were also contacted in order to assist in the development of the required ammunition storage training.

March 2010

A first draft of the ORCA SBM OJPR was created and forwarded to NTS for concurrence before submission to CFFSE QA.

April 2010

Changes submitted to QA Cell. Further discussions with NTS and CFFSE Seamanship Div Standards indicated that significant changes to QSP, including the addition of an OJPR would need to occur to ensure that ORCA Class Senior Boatswains training was both efficient and effective.

May 2010

Meeting with QA, NTS, and Sea Div Standards was held to "fine tune" OJPR and assign specific tasks in creating scenarios.

Jun 2010

Meeting with CFFSE QA, Sea Div Standards, and NTS and was held to "fine tune" OJPR and assign specific tasks in creating scenarios.

Revised QSP structure and content briefed to CFFSE XO. Approval in principle received.

CFFSE QA vetted the revised QSP to NTS, Sea Div Stds and trade specific SMEs for feedback.

Sept 2010

Serials 0017 and 0018 of the ORCA SBM course were conducted at CFFSE / NTS.

Serial 0017

5 Trainees were loaded on this serial. The 1 day of alongside training and 4 days of at sea training were ideal for this course.

Feedback:

- “Piggy-Backing” the SBM course with an OCE course is ideal.
- SBM student manual would be helpful.
- Small class sizes were ideal to allow more “take charge time” for trainees.

Serial 0018

4 Trainees were loaded on this serial. The 1 day of alongside training and 4 days of at sea training were ideal for this course.

Feedback:

- BCC console should be at the school to help the students learn
- A BCC console at the fleet school would be beneficial
- Anchor system on the ORCA seems like it could be very dangerous

Mar 2013

- Max load increased to 8

ANNEX K - EVALUATION MATRIX

For the purposes of the ORCA Class Senior Boatswains Mates QSP, there are no formal Enabling Checks or Performance Checks. Instead, formative assessment of the content of the QSP will occur through an embedded OJPR which can be found at Annex E. The successful completion of the OJPR is confirmation that a SBM candidate can perform at the required level as indicated in the Performance Objectives.
