Chap. 3 & 4: DD/MM/YYYY

RECORD OF AMENDMENTS

1. This Qualification Standard and Plan (QSP) is developed under the authority of the Royal Canadian Navy (RCN) through the Training Authorities (TA), Naval Personnel and Training Group (NPTG) and the Commanding Officer (CO) of the Naval Training Development Center Atlantic (NTDC (A)). The approval or revision date should appear in the footer of every page as an additional means of verification. Details on the changes must be amplified in Annex J "Course History".

Revision	Approval Date	Authority
Original	26/06/2012	CFNOS
2	Chap. 1 & 2: DD/MM/YYYY	C/NPTG
	Chap. 3 & 4: DD/MM/YYYY	CO NTDC (A)

FOREWORD

1. This training document is developed under the authority of Commander Naval Personnel and Training Group (C/NPTG) and Commanding Officer Naval Training Development Center Atlantic (CO NTDC (A)) in accordance with (IAW) the following references:

a. A-P9-050 Series, Canadian Forces Manual of Individual Training and Education;

b. A-PD-055-002/PP-004, Canadian Armed Forces Military Employment Structure (MES), Volume 2 – General Specifications, Part 4 – Non-Commissioned Member General Specifications dated 09 Feb 2011;

c. A-PD-055-002/PP-002 Job-Based Specification (JBS) for the Boatswain (Bosn's) dated 9 Mar 2017;

d. NAVORD 4500-0; and

e. NPTORD 4500-22.

2. This QSP consists of specific Performance Objectives (POs) in Chapter 2 and Lesson Specifications and Enabling Objectives (EOs) in Chapter 4. A trainee will achieve the qualification when the standards listed in the POs have been met.

3. This QSP is effective upon approval and supersedes previous versions.

4. Suggestions for amendments to this QSP may be initiated by anyone and shall be forwarded in writing to NTDC (A), who will forward to NPTG for approval, as appropriate.

5. The designated Training Establishments (TE) for this training are indicated below:

TE	Module	MITE ID	NQual
Naval Fleet Schools	Deck Department Administration/Mod 1	121786	AALE
	Seamanship/Mod 2	121787	
	Rigging/Mod 3	121788	
	Small Arms & Demolition/Mod 4	121789	

CHAPTER 1: TRAINING MANAGEMENT DETAILS

AUTHORIZATION FOR THIS CHAPTER AND AMENDMENTS MUST BE GRANTED
BY
COMMANDER NAVAL PERSONNEL AND TRAINING GROUP

AIM

1. The aim of this Qualification Standard and Plan (QSP) is to establish the requirements and training for the Seamanship Supervisor (Sea Supr). This QSP is designed to assist NTDC (A) in developing, Naval Fleet Schools (NFS) in conducting and evaluating, and NPTG in validating the training.

COURSE DURATION

2. Course duration is calculated IAW NPTORD 4500-22, Annex B para 3.0. For this course, a training day is 400 minutes in duration.

Course Duration	
Actual Training Time (ATT)	**Time in min**
Sum of all EOs	12650
Sum of all ECs	10640
Sum of all PCs	8600
Sub-total 1	**31890**
BAT, TAT, TTT and PT IAW NPTORD 4500-22, Annex B, Table B 3.1	
Base Administrative Time (BAT)	950
Training Administrative Time (TAT)	950
Training Travel Time (TTT)	
Physical Fitness (PT)	2550
Sub-total 2	**4450**
Total	**36340**
Course Duration (Sub-total 1+Sub-total 2)/400 minutes	**91 Trg days**

RESOURCES

3. Identify key personnel and facilities required to conduct the training. Additional TE resources can be listed in Annex H, if required.

Required Course Staffing				
Position	Rank	Qualifications Required	Qty	POs
Course Director	CPO2	RQ-CPO2/QL7 (AIXS)	1	PO 001-PO 014
Sr. Instructor	PO1	RQ-PO2/QL6 (AALE)	1	PO 001-PO 014
DRMIS Instructor	MS - PO1	DRMIS Trainer Qualified	1	PO 002
Small Arms Range Staff	CPO2 & PO2	Range IC & RSO	2	PO 009 PO 010
Demolition OIC	Lt(N)/ CPO2	OIC	1	PO 011 PO 012

Senior Demolition Instructor	PO1	RQ-PO2/QL6 (AALE), RSO	1	PO 011 PO 012
Demolition Instructor	PO2	RQ-PO2/QL6 (AALE)	2	PO 011 PO 012
FDU/ EOD	MS - PO1	PLQ (AINR), IEDD Operator (AJFA)	1	PO 013
NBP Supervisor	MS - PO1	RQ-PO2/QL6, NBP Basic(AIKL), NBP Supervisor (AIKM)	2	PO 009
FMF Rigger	Civilian	Dockyard Rigger	2	PO 008
Navigation simulator operator	Civilian	Navigation Simulator Operator Qualified	1	PO 005 EO 005.03

Critical Training Resources	No of Days
Demo Range	16
Small Arm Range	22
CEASS Range	3
RAS Trainer	10
HMC Ship	24
Small Boats	6
Crane and Davits	4
DRMIS trainer	4
FMF – Rigging Facility	2
Navigation Simulator	1

COURSE CAPACITY

4. Planning for the conduct of training is based on the guidelines in NPTORD 4500-40.

   a. Maximum – 12;

   b. Minimum – 1; and

   c. Optimum – 10.

MILITARY INDIVIDUAL TRAINING AND EDUCATION (MITE)

5. The authority to load members onto this course lies with the NFS. NPTG is to be included as an INFO addressee on all loading messages.

6. Each session of this course shall be scheduled, in MITE, IAW NPTORD 4500-1 and NPTORD 4500-40 by NFS, and NPTG through the Quantity Control section. The course length in MITE is to be based on the course duration, planned annual leave, training breaks, weekends and training system holidays. Course sessions for Naval Reserve Force may be scheduled during training system holidays.

7. To be selected for this course, the loading authority must ensure that trainees have the following prerequisites:

a. Primary Leadership Qualification (PLQ) (AINR); and

b. RQ-LS (QL5) with DRMIS Modules as per QSP (AALD).

8. Successful completion of all modules constitutes the primary means of attaining the Seamanship Supervisor National Qualification (AALE). To successfully attain competency, members must have completed the following 4 modules with the associated MITE codes indicated below:

a. Deck Department Administration/Mod 1 – 121786;

b. Sea Supr/Seamanship/Mod 2 – 121787;

c. Sea Supr/Rigging/Mod 3 – 121788; and

d. Sea Supr/Small Arms & Demolition/Mod 4 – 121789.

COURSE REPORTING

9. Upon passing this course, trainees shall receive a Course Report (CF 377) and/or Certificate of Military Achievement (CF 289) completed IAW DAOD 3031-9 and NPTORD 4500-51.

EVALUATION

10. Program evaluation shall be conducted IAW CFITES Vol. 11.

VALIDATION

11. This training will be validated every five years IAW CFITES Vol. 8 and based on the task list in Annex B.

PRIOR LEARNING ASSESSMENT AND RECOGNITION (PLAR)

12. PLARs shall be conducted IAW NPTORD 4500-27, DAOD 5031-1 and CFITES Vol. 12.

SPECIAL INSTRUCTIONS

13. Throughout the duration of the course, the instructor shall offer context to the subject by relating the topic to an Operational Scenario provided. Time will be provided within the Teaching Points of each PO. The students will have access to the scenario details on their computers, as noted in the PO Conditions.

CHAPTER 2: PERFORMANCE OBJECTIVES

AUTHORIZATION FOR THIS CHAPTER AND AMENDMENTS MUST BE GRANTED
BY
COMMANDER NAVAL PERSONNEL AND TRAINING GROUP

PO 001 Implement Deck Department Administration

1. **Performance**: Implement deck department administration.

2. **Conditions**:

   a. Given:

      (1) Assistance;
      (2) Blank special parties list;
      (3) Blank watch and station bill;
      (4) Bridge package;
      (5) Brow package;
      (6) Computer;
      (7) DWAN access;
      (8) Log books;
      (9) Nominal list;
      (10) References; and
      (11) Supervision.

   b. Denied: Nil.

   c. Environment:

      (1) At sea or alongside;
      (2) Any weather; and
      (3) Day or night.

3. **Standard**: The Seamanship Supervisor (Sea Supr) shall implement deck department administration, IAW A2, by:

   a. managing pre-deployment considerations;

   b. managing watch on deck (A0720) including:

      (1) coordinating watch and station bill;

      (2) managing special parties board; and

   c. performing the duties of the Chief Quarter Master (CQM).

4. **Training Limitations**: Nil.

PO 002 Utilize DRMIS SAPGUI as a Maintenance Manager

1. **Performance**: Utilize DRMIS SAPGUI as a maintenance manager.

2. **Conditions**:

   a. Given:

      (1) Assistance;
      (2) Computer/Microsoft Suite;
      (3) DRMIS account;
      (4) DWAN account;
      (5) References; and
      (6) Supervision.

   b. Denied: Nil.

   c. Environment:

      (1) At sea or alongside;
      (2) Any weather; and
      (3) Day or night.

3. **Standard**: The Sea Supr shall utilize DRMIS SAPGUI as a maintenance manager, IAW B3,B4,B5,B6,B7,B8,B9,B10, and B11, by:

   a. navigating DRMIS SAPGUI;

   b. performing maintenance functions in DRMIS SAPGUI;

   c. managing projects in DRMIS SAPGUI; and

   d. processing naval maintenance documentation in DRMIS SAPGUI.

4. **Training Limitations**: Nil.

PO 003 Supervise Shipboard Maintenance

1. **Performance**: Supervise shipboard maintenance (B0330).

2. **Conditions**:

   a. Given:

      (1) Assistance;
      (2) Computer/Microsoft Suite
      (3) Boat logs;
      (4) Maintenance schedule;
      (5) References; and
      (6) Supervision.

   b. Denied: Nil.

   c. Environment:

      (1) At sea or alongside;
      (2) Any weather; and
      (3) Day or night.

3. **Standard**: The Sea Supr shall supervise shipboard maintenance (B0330), IAW A3,A14,A16, by:

   a. managing a paint ship routine; and

   b. supervising maintenance of boats (B0270).

4. **Training Limitations**: Nil.

PO 004 Supervise Towing Operations

1. **Performance**: Supervise towing operations.

2. **Conditions**:

   a. Given:

      (1) Computer/Microsoft Suite;
      (2) Assistance;
      (3) 12” snatch block;
      (4) Axe and 4x4;
      (5) Baldt shackle;
      (6) Binoculars;
      (7) Bull ropes;
      (8) Cable bag;
      (9) Cable jack;
      (10) Capstan;
      (11) Center line blake slip;
      (12) Communications;
      (13) Grappling hook;
      (14) Hard hats;
      (15) Hazardous duty life jackets;
      (16) Heavy messenger;
      (17) HMC ship;
      (18) Knife/spike;
      (19) Light messenger;
      (20) NATO link;
      (21) Paddles/wands/vests;
      (22) PPE;
      (23) Projectiles;
      (24) Ranging line;
      (25) Recovery messenger;
      (26) References;
      (27) Safety harnesses;
      (28) Ship’s cable;
      (29) Shot mats;
      (30) Sledgehammer;
      (31) Supervision;
      (32) Tag lines;
      (33) Tommy bars;
      (34) Towing hawser;
      (35) Towing pendant;
      (36) Towing shackle;
      (37) Towing slip; and
      (38) Two line-throwing devices.

b. Denied: Nil.

c. Environment:

(1) At sea or alongside;
(2) Any weather; and
(3) Day or night.

3. **Standard**: The Sea Supr shall supervise towing operations, IAW A1, to include:

a. receiving a tow FWD;

b. supplying a tow FWD;

c. receiving a tow AFT; and

d. supplying a tow AFT.

4. **Training Limitations**: Nil.

PO 005 Supervise Mooring Operations

1. **Performance**: Supervise mooring operations.

2. **Conditions**:

   a. Given:

      (1) Computer/Microsoft Suite;
      (2) Assistance;
      (3) 12” Snatch Block;
      (4) Associated equipment;
      (5) Boat and buoy jumper(s);
      (6) Boat with crew;
      (7) Bollard Strop and Slip;
      (8) Bull Ropes;
      (9) Buoy Jumper Bag;
      (10) Cable bag;
      (11) Capstan;
      (12) Centerline Blake Slip;
      (13) Communications;
      (14) Hard hats;
      (15) Hazardous duty life jackets;
      (16) Heaving line;
      (17) HMC ship;
      (18) Knife/spike
      (19) Light messenger;
      (20) Mooring Cable;
      (21) Mooring equipment;
      (22) Personnel;
      (23) Picking Up/Slipping Rope;
      (24) PPE;
      (25) Ranging Line;
      (26) References;
      (27) Safety harnesses;
      (28) Ship-to-Buoy Shackle;
      (29) Shot Mat;
      (30) Supervision; and
      (31) Tommy Bar.

   b. Denied: Nil.

   c. Environment:

      (1) At sea or alongside;
      (2) Any weather; and
      (3) Day or night.

3. **Standard**: The Sea Supr shall supervise mooring operations, IAW A1, to include:

   a. coming to a buoy including:

      1) briefing command on sequence of events for coming to a buoy;
      2) directing coming to a buoy; and
      3) ensuring sequence of events is adhered to IAW safety practices.

   b. slipping from a buoy; and

   c. supervising anchorage.

4. **Training Limitations**: Nil.

PO 006 Supervise Replenishment at Sea Operations

1. **Performance**: Supervise Replenishment at Sea (RAS) operations (A0560).

2. **Conditions**:

   a. Given:

      (1) Computer/Microsoft Suite;
      (2) Assistance;
      (3) Cargo drop reel;
      (4) Cheater pennant;
      (5) Communications.
      (6) Distance line messenger;
      (7) Distance line;
      (8) Easing out pennant;
      (9) Fueling equipment;
      (10) Heavy jackstay equipment;
      (11) Paddles and wands;
      (12) Personnel;
      (13) PPE;
      (14) References;
      (15) Safety equipment;
      (16) Shot mat;
      (17) Supervision; and
      (18) Temporary guard rail.

   b. Denied: Nil.

   c. Environment:

      (1) At sea or alongside;
      (2) Any weather; and
      (3) Day or night.

3. **Standard**: The Sea Supr shall supervise RAS operations (A0560), IAW A1, by:

   a. supervising a liquid cargo transfer;

   b. supervising a heavy jackstay transfer; and

   c. briefing command on a seamanship evolution.

4. **Training Limitations**: Nil.

PO 007 Supervise Launch and Recovery of Ship's Boats

1. **Performance**: Supervise launch and recovery of ship's boats (A0570).

2. **Conditions**:

   a. Given:

      (1) Computer/Microsoft Suite;
      (2) Assistance;
      (3) Associated equipment;
      (4) Communications;
      (5) Crane;
      (6) Davit;
      (7) Diver/rescue swimmer;
      (8) HMC ship;
      (9) Personnel;
      (10) PPE;
      (11) References;
      (12) Ships cranes;
      (13) Small boats; and
      (14) Supervision.

   b. Denied: Nil.

   c. Environment:

      (1) At sea or alongside;
      (2) Any weather; and
      (3) Day or night.

3. **Standard**: The Sea Supr shall supervise launch and recovery of ship's boats (A0570), IAW A1, by:

   a. launching ship's boats;

   b. recovering ship's boats; and

   c. supervising Diver Recovery Position (DRP) crew (A0520).

4. **Training Limitations**: Nil.

PO 008 Supervise Rigging Operations

1. **Performance**: Supervise rigging operations (A0530).

2. **Conditions**:

   a. Given:

      (1) Computer/Microsoft Suite;
      (2) Assistance;
      (3) Articulating ladder;
      (4) Associated equipment;
      (5) Crane;
      (6) Load to be rigged;
      (7) Personnel;
      (8) PPE;
      (9) References;
      (10) Rigging appliances; and
      (11) Supervision.

   b. Denied: Nil.

   c. Environment:

      (1) At sea or alongside;
      (2) Any weather; and
      (3) Day or night.

3. **Standard**: The Sea Supr shall supervise rigging operations (A0530), IAW A1,C1, by:

   a. enforcing rigging safety (A0440);

   b. supervising rigging (A0420) ; and

   c. supervising articulating ladder .

4. **Training Limitations**: Nil.

PO 009 Direct a Live Fire Range

1. **Performance**: Direct a live fire range.

2. **Conditions**:

   a. Given:

      (1) Computer/Microsoft Suite;
      (2) Assistance;
      (3) Ammunition;
      (4) Communications equipment;
      (5) Emergency vehicle (ashore);
      (6) First aid kit;
      (7) Holsters;
      (8) PPE;
      (9) References;
      (10) Stretcher;
      (11) Supervision;
      (12) Targets;
      (13) Weapon accessories; and
      (14) Weapons.

   b. Denied: Nil.

   c. Environment:

      (1) At sea or alongside;
      (2) Any weather; and
      (3) Day or night.

3. **Standard**: The Sea Supr shall direct a live fire range, IAW A9, by:

   a. performing the duties of a firing point supervisor (FPS);

   b. performing the duties of a small arms range safety officer (RSO) (C0140) by:

      (1) enforcing small arms range safety (C0130);

      (2) conducting post incident reports;

   c. supervising Close Engagement Ammunition Simulation System (CEASS) training; and

   d. supervising Naval Boarding Party (NBP) weapons handling training.

4. **Training Limitations**: Nil.

PO 010 Supervise .50 Cal Heavy Machine Gun Operations

1. **Performance**: Supervise .50 Cal Heavy Machine Gun (HMG) operations.

2. **Conditions**:

   a. Given:

      (1) .50 cal gun mount;
      (2) .50 cal HMG;
      (3) Assistance;
      (4) Associated tools and equipment;
      (5) Cleaning supplies;
      (6) Log book;
      (7) PPE;
      (8) Computer/Microsoft Suite;
      (9) References; and
      (10) Supervision.

   b. Denied: Nil.

   c. Environment:

      (1) At sea or alongside;
      (2) Any weather; and
      (3) Day or night.

3. **Standard**: The Sea Supr shall Supervise .50 Cal HMG Operations, IAW A8,A9,A10,A13, by:

   a. performing the duties of a firing point supervisor (C0160) by:

      (1) supervising .50 Cal HMG firing point;

   b. supervising weapons maintenance (B0220) by:

      (1) performing level 2 first-line maintenance;

4. **Training Limitations**: Nil.

PO 011 Perform the Duties of a Demolition Officer in Charge (E0090)

1. **Performance**: Perform the Duties of a Demolition Officer in Charge (OIC) (E0090).

2. **Conditions**:

   a. Given:

      (1) Computer/Microsoft Suite;
      (2) Assistance;
      (3) Demolition accessories;
      (4) Demolition targets;
      (5) Demolition tasking;
      (6) Demolition team;
      (7) Detonating cord (C3);
      (8) Electric detonator (M6);
      (9) M60 igniter.
      (10) Non-electric detonator (no.12);
      (11) Plastic explosives (C4);
      (12) References;
      (13) Safety fuse;
      (14) Shape charge devices;
      (15) Supervision; and
      (16) Tools and equipment.

   b. Denied: Nil.

   c. Environment:

      (1) At sea or alongside;
      (2) Any weather; and
      (3) Day or night.

3. **Standard**: The Sea Supr shall perform the duties of a demolition OIC (E0090), IAW A2, A4, A6, A7.

4. **Training Limitations**: This PO shall be instructed in a single EO due to the logical sequence of instruction and concurrent assessments.

PO 012 Perform the Duties of a Demolition Range Safety Officer

1. **Performance**: Perform the Duties of a Demolition Range Safety Officer (RSO) (E0080).

2. **Conditions**:

   a. Given:

      (1) Computer/Microsoft Suite;
      (2) Assistance;
      (3) CAF approved range;
      (4) Demolition accessories;
      (5) Demolition team;
      (6) Detonating cord (C3);
      (7) Detonator no.12 (non-electric);
      (8) M60 igniter;
      (9) Plastic explosives (C4);
      (10) References;
      (11) Safety eyewear;
      (12) Safety fuse;
      (13) Secondary charges; and
      (14) Supervision.

   b. Denied: Nil.

   c. Environment:

      (1) At sea or alongside;
      (2) Any weather; and
      (3) Day or night.

3. **Standard**: The Sea Supr shall perform the duties of a demolition RSO (E0080), IAW A2, A4, A6, A7.

4. **Training Limitations**: This PO shall be instructed in a single EO due to the logical sequence of instruction and concurrent assessments.

PO 013 Supervise Ship's Explosive Ordinance Identification Team (E0040)

1. **Performance**: Supervise ship's Explosive Ordinance Identification Team (EOIT) (E0040).

2. **Conditions**:

   a. Given:

      (1) Computer/Microsoft Suite;
      (2) Assistance;
      (3) Camera;
      (4) EOIT tool kit;
      (5) Flash light/batteries;
      (6) PPE;
      (7) References; and
      (8) Supervision.

   b. Denied: Nil.

   c. Environment:

      (1) At sea or alongside;
      (2) Any weather; and
      (3) Day or night.

3. **Standard**: The Sea Supr shall supervise ship's EOIT (E0040), IAW A2, A12.

4. **Training Limitations**: This PO shall be instructed in a single EO due to the logical sequence of instruction.

PO 014 Conduct Naval Tactical Planning

1. **Performance**: Conduct naval tactical planning.

2. **Conditions**:

   a. Given:

      (1) Computer/Microsoft Suite;
      (2) References; and
      (3) Supervision.

   b. Denied: Nil.

   c. Environment:

      (4) At sea or alongside;
      (5) Any weather; and
      (6) Day or night.

3. **Standard**: The Sea Supr shall conduct naval tactical planning, IAW A19 by:

   a. conducting mission risk assessment; and

   b. conducting mission analysis.

4. **Training Limitations**: This PO shall be instructed at the end of the Seamanship Module.

CHAPTER 3: ASSESSMENT OF TRAINEE

AUTHORIZATION FOR THIS CHAPTER AND AMENDMENTS MUST BE GRANTED
BY
COMMANDING OFFICER NAVAL TRAINING DEVELOPMENT CENTER ATLANTIC

GENERAL

1. All Performance Checks (PCs) are based on Performance Objectives (POs) in Chapter 2 of this Qualification Standard and Plan (QSP) and the standard listed must be met to achieve this qualification. PCs will be administered in the form of written and performance-based assessments, and the trainee must obtain a pass in all POs to successfully complete this course.

ENABLING AND PERFORMANCE CHECKS

2. Enabling Checks (ECs) are formative tests that help the trainee and the instructors recognize progress or gaps in learning, so that confirmation or corrective action (such as additional practice or remedial instruction) can be provided. They also reinforce learning, so that it will be better retained for longer periods. Formative tests are designed to give feedback to both the instructors and trainees. Each EO must have at least one EC. Marks for ECs are not calculated in the trainee's final mark.

3. PCs are summative tests used to determine if the trainee has met the standard under the conditions (where possible) of the PO and hence can do the job. Supplemental PCs are administered upon failure of a PC and must be in the same format and have the same standard as the original PC.

RESPONSIBILITY FOR TESTING

4. Assessment of trainees is to be done IAW CFITES Vol. 7.

5. The NFS (A) & (P) provide quality control by designing, administering and scoring all Performance Checks. All PCs shall be administered or invigilated by instructional staff designated by the senior instructor. ECs are the responsibility of the instructional staff.

PROGRESS MONITORING

6. Monitoring learning is the responsibility of all instructional staff and instructional supervisors. Monitoring, including unsatisfactory progress, is done IAW CFITES Vol. 6, and NFS SOs or SOPs.

7. Continuous monitoring of candidate progress is required on this course in order to provide the following:

   a. Early warning of trainee difficulties;

   b. Feedback on the effectiveness of training;

   c. Information for the Training Review Board (TRB) or Progress Review Board (PRB) (if required); and

   d. Information to assist in completion of the CF 377 Course Report.

8. Trainees experiencing difficulty in any area of performance are to be counselled with regard to the nature of their shortcomings and suggested corrective action IAW NFS SOs or SOPs.

9. PC failures and supplemental PC failures are to be handled IAW NFS SOs or SOPs. Supplemental ECs and PCs shall not be given prior to 24 hours having elapsed since trainee was informed of their EC or PC failure.

TRAINING REVIEW BOARD

10. TRBs shall be convened and conducted IAW with NPTORD 4500-54.

COURSE REPORTS

11. Course reports (CF 377) shall be prepared and distributed IAW CFAO 26-12 and NPTORD 4500-51.

12. Trainee will be graded pass or fail. Students will not be ranked IAW NPTORD 4500-51.

13. Where necessary for Rank Qualifications (RQ), the narrative will indicate trainee's strengths and weaknesses based on PC results to provide information to the Career Manager. Training limitations and/or incomplete training must also be included in the course report. Record of trainee counselling is to be maintained by NFS.

CHAPTER 4: LESSON SPECIFICATIONS

AUTHORIZATION FOR THIS CHAPTER AND AMENDMENTS MUST BE GRANTED
BY
COMMANDING OFFICER NAVAL TRAINING DEVELOPMENT CENTER ATLANTIC

AIM

1. The aim of the training resulting from this Training Plan (TP) is to prepare personnel who can perform the duties of a Seamanship Supervisor (AALE).

OUTLINE OF TRAINING

2. This TP contains Lesson Specifications with associated Enabling Objectives (EOs), ECs and PCs that the candidate shall achieve.

TRAINING STRATEGY

3. The training requirement will be achieved through the following modules:

Module	Delivery	Reg/P Res	MITE ID	NQual
Sea Supr Deck Department Administration – Mod 1	In-house		MITE	N/A
Sea Supr Seamanship – Mod 2	In-house		MITE	N/A
Sea Supr Rigging – Mod 3	In-house		MITE	N/A
Sea Supr Small Arms & Demolition – Mod 4	In-house		MITE	N/A

4. Further details can be found at Annex G – Modularization and Suggested Timings.

OCCUPATION REQUIREMENT ORGANIZATION

5. Occupation requirements were organized under the following categories:

PO	EO	Maintain Readiness	Plan	Train	Execute
001	01				
	02	Manage Watch on Deck	Manage Watch on Deck	Manage Watch on Deck	Manage Watch on Deck
	03	Perform Duties of CQM	Perform Duties of CQM	Perform Duties of CQM	Perform Duties of CQM

PO 001 Implement Deck Department Administration

EO 001.01 Manage Pre-Deployment Considerations

1. **Performance**: Manage Pre-Deployment Considerations.

2. **Conditions**:

   a. Given:

      (1) Assistance;
      (2) Computer/Microsoft Suite;
      (3) DWAN access;
      (4) References; and
      (5) Supervision.

   b. Denied: Nil.

   c. Environment:

      (1) Classroom.

3. **Standard**: The trainee shall manage pre-deployment considerations, IAW A1 and A2, by:

   a. developing context via scenario based training;

   b. reviewing mission specific references;

   c. managing departmental administration;

   d. confirming equipment status;

   e. confirming departmental stores required; and

   f. securing for sea.

4. **Time Required**:

   a. EO – 150 minutes; and

   b. EC – 50 minutes.

5. **Instructional Methods**:

   a. Interactive lecture; and

   b. Guided discussion.

6. **Training Aids**:

a. Power Point Presentation; and

b. Scenario.

7. **Test Details**: EO 001.01 will be tested in EC 001.01 and PC 001.

8. **Remarks**: TEL to be developed.

9. **Teaching Points**:

Main Teaching Point	Instructional Technique (Time in min)			References	Delivery Approach/ Spirals	Comments
	T	D	P			
Develop context via scenario based training						
1. Develop context via scenario based training by: • Discussing employment application • Experience share activity • Reviewing application to example scenario • Verify application to all EOs	50				Interactive lecture & Guided Discussion	
Review mission specific references						
2. Review mission specific references to include: • Post Deployment reports (PDR) and how to access information; • Orders; Considerations: • How long is the trip; • Departure times; • Storing plan; • Training required: - PD day - Briefs • Type of Mission:	45				Interactive lecture & Guided Discussion	

- Humanitarian - Disaster Relief - NATO - Lakes • Mission specific Kit: - Panama Canal anchor - Ladder - Fenders - Small Arms						
Manage departmental administration						
3. Manage departmental administration by: • DAG • Personnel Landed - Replacement procedures • Leave • Qualifications • Packages • Personal Kit - Stores	15				Interactive lecture & Guided Discussion	
Confirm equipment status						
4. Confirm equipment status to include: • Testing: - RAS gear - Rigging gear - Cranes - Life lines - Horse collars - Life Rafts (Transport Canada regs) - HDLJ - Capstan - Weapons	15				Interactive lecture & Guided Discussion	
Confirm departmental stores required						
5. Confirm departmental stores required to include: • Storing Plan (short notice departures)	15				Interactive lecture & Guided Discussion	

• Spare parts: - Prop - Impellor - Gas - Fuel lines - Oil - Filters - Collars - Skirts - HDLJ - CO2 canisters and bobbins • Personal kit: - Camel Back - Hats - Glasses - Gloves • Toiletries: - everything • Maintenance: - Paint - Grease - LPS - Tools						
Secure for sea						
6. Secure for sea by: • Checking all spaces with a member of command team and reporting to CHODs	10				Interactive lecture & Guided Discussion	

EC 001.01 Manage Watch on Deck

PART I – ADMINISTRATIVE INSTRUCTIONS

Material and Facilities Instructions

1. Classroom.

Arrangements and Procedures

2. EC 001.01 will be a written assessment based on content from EO 001.01.

3. To pass this EC, the trainee must achieve 70%.

4. Time required: 50 minutes total.

5. References will not be required.

PART II – WRITTEN ASSESSMENT INSTRUCTIONS GIVEN TO TRAINEE

1. EC 001.01 will be a written assessment based on content from EO 001.01.

2. References will not be provided.

3. Pass mark is 70%.

4. You will have 50 minutes to complete this assessment.

5. Do you have any questions before you start?

PART III – ENABLING CHECK NOTES

1. This assessment will have the students provide pre-sail checklists. It will be marked by evaluating the relevance of the checklists developed within the assessment.

PO 001 Implement Deck Department Administration

EO 001.02 Perform the Duties of the Chief Quarter Master

1. **Performance**: Perform the duties of the Chief Quarter Master (CQM).

2. **Conditions**:

   a. Given:

      (1) Assistance;
      (2) Blank special parties list;
      (3) Blank watch and station bill;
      (4) Bridge package;
      (5) Brow package;
      (6) Computer/Microsoft Suite;
      (7) DWAN access;
      (8) Log books;
      (9) References; and
      (10) Supervision.

   b. Denied: Nil.

   c. Environment:

      (1) Classroom; and
      (2) HMC Ship.

3. **Standard**: The trainee shall perform the duties of the CQM, IAW A2: Ch10, Para 10003, by:

   a. identifying emergency pipes;

   b. maintaining sea/harbour daily routine pipes;

   c. maintaining brow/bridge references and log books;

   d. enforcing dress regulations;

   e. advising on ceremonial procedures to include:

      (1) colours/sunset;

      (2) salutes and honours;

      (3) ceremony side party.

   f. administering quartermaster exams IAW ref A2: Ch10, para 4;

g. enforcing damage control plotting;

h. applying force protection SOPs.

4. **Time Required**:

a. EO – 150 minutes; and

b. EC – 50 minutes.

5. **Instructional Methods**:

a. Interactive lecture; and

b. Guided Discussion.

6. **Training Aids**:

a. Power Point Presentation; and

b. Brow Shack on HMC Ship.

7. **Test Details**: EO 001.02 will be tested in EC 001.02 and PC 001.

8. **Remarks**: TEL to be developed.

9. **Teaching Points**:

Main Teaching Point	Instructional Technique (Time in min)			References	Delivery Approach/ Spirals	Comments
	T	D	P			
Identify Emergency Pipes						
1. Identify emergency pipes to include: • Emergency Stations; • Emergency Flying Stations; • Bomb threat; • Casualty; • Man overboard; • HAZMAT spill; • Fuel Spill; • Explosive Vapor; • Action Stations;	15	5	10	A2: Ch10, Para 10003.	Interactive lecture & Guided discussion	

Force Protection: • Security Threat; • Intruder Alert; and • Increase in Force Protection Level.						
Maintain Sea/Harbour Daily Routine Pipes						
2. Maintain sea/harbour daily routine pipes to include: • All pipes as per SSO's; • Standardized schedules; • Standardized wording; and • use of Boatswain call.	20			A2: Ch10, Para 10003.	Interactive lecture & Guided discussion	
Maintain Brow/Bridge References and Log Books						
3. Maintain brow/bridge references and log books to include: • Maintain brow pack; • Maintain bridge pack; • Ensure recall list is available; • Civilian/DND worker log; • Guest log; • Duty ashore log; • Night rounds log; and • Ship's log.	30			A2: Ch10, Para 10003.	Interactive lecture & Guided discussion	
Enforce Dress Regulations						
4. Enforce dress regulations to include: • Regulations when crossing the brow; • Marks of respect; • Haircuts; • Backpacks; • Uniforms; and • Civilian attire.	10			A2: Ch10, Para 10003.	Interactive lecture & Guided discussion	

Advise on Ceremonial Procedures						
5. Advise on ceremonial procedures to include: • Colours; • Sunset; • Salutes and Honours; and • Ceremony Side Party.	5	5	5	A2: Ch10, Para 10003.	Interactive lecture & Guided discussion	
Administer Quartermaster Exams						
6. Administer quartermaster exams to include: • Templates; • Required information; • Methods; and • Review sample exams.	5			A2: Ch10,Para 10003.	Interactive lecture & Guided discussion	
Enforce Proper Damage Control Plotting						
7. Enforce damage control plotting to include: • BDCS; • Practical exercise; and • Provide refresher training.	5	5	15	A2: Ch10, Para 10003.	Interactive lecture & Guided discussion	
Apply Force Protection SOPs						
8. Apply force protection SOPs to include: • Ensure appropriate equipment is available to QM; • Pipe; • Dress; • Actions; and • ROE.	15			A2: Ch10, Para 10003.	Interactive lecture & Guided discussion	

EC 001.02 Perform the Duties of the Chief Quarter Master

PART I – ADMINISTRATIVE INSTRUCTIONS

Material and Facilities Instructions

1. Classroom.

Arrangements and Procedures

2. EC 001.02 will be a written assessment based on content from EO 001.02.

3. To pass this EC, the trainee must achieve 70%.

4. Time required: 50 minutes total.

5. References will not be required.

PART II – WRITTEN ASSESSMENT INSTRUCTIONS GIVEN TO TRAINEE

1. EC 001.02 will be a written assessment based on content from EO 001.02.

2. References will not be provided.

3. Pass mark is 70 %.

4. You will have 50 minutes to complete this assessment.

5. Do you have any questions before you start?

PART III – ENABLING CHECK NOTES

1. Give guidance for the development of the assessment.

PO 001 Implement Deck Department Administration

EO 001.03 Manage Watch on Deck

1. **Performance**: Manage Watch on Deck (WOD) (A0720).

2. **Conditions**:

   a. Given:

      (1) Assistance;
      (2) Blank special parties list;
      (3) Blank watch and station bill;
      (4) Bridge package;
      (5) Brow package;
      (6) Computer/Microsoft Suite;
      (7) DWAN access;
      (8) Log books;
      (9) Nominal list;
      (10) References; and
      (11) Supervision.

   b. Denied: Nil.

   c. Environment:

      (1) Classroom.

3. **Standard**: The trainee shall manage WOD (A0720), IAW A2: Ch2, Sect 4, Sub Sect 2044, by:

   a. coordinating watch and station bill;

   b. managing special party requirements; and

   c. preparing special parties board.

4. **Time Required**:

   a. EO – 200 minutes;

   b. EC – 200 minutes; and

   c. PC – 200 minutes.

5. **Instructional Methods**:

   a. Interactive lecture; and

b. Demonstration – performance.

6. **Training Aids**:

a. Power Point Presentation;

b. Scenario; and

c. Prepared templates (Watch and Station Bill, Special Parties Board).

7. **Test Details**: EO 001.03 will be tested in EC 001.03 and PC 001.

8. **Remarks**: TEL to be developed.

9. **Teaching Points**:

Main Teaching Point	Instructional Technique (Time in min)			References	Delivery Approach/ Spirals	Comments
	T	D	P			
Coordinate Watch and Station Bill						
1. Coordinate watch and station bill to include: • Degrees of readiness; • Rescue; • RAS; • Bomb Zone; • Entering/Leaving Harbour; • Emergency Stations; • Special Sea Duty men; • Survival Stations; • Underway Force protection states; • Special parties; • Employment; • Boarding Stations; • Mess Deck; • Emergency Flying Stations; and • Shelter Stations.	20	20	30	A2: Ch2, Sect 4, Sub Sect 2044.	Interactive lecture & Demonstration - performance	
Balance Watch and Station Bill						

2. Balance watch and station bill to include: • 1 in 2; • 1 in 3; and • 1 in 4;	5	10	15	A2: Ch2, Sect 4, Sub Sect 2044.	Interactive lecture & Demonstration - performance	
Manage Special Party Requirements						
3. Manage special party requirements to include: • Special Sea Duty men (SSD); • Entering/Leaving Harbour; • Rescue Watch; • RAS and Towing; • Boarding Stations; • Underway Force Protection; • NBP • Flying Stations/Emergency; • Flying Stations; • SWOAD • Part Ship Hands; • Demolition team; • SAR team; and • SBT 3.	20	20	40	A2: Ch2, Sect 4, Sub Sect 2044.	Interactive lecture & Demonstration - performance	
Troubleshoot Special Parties Board						
4. Troubleshoot special parties board: • Explaining the coordination between departments; and • Giving examples.	20			A2: Ch2, Sect 4, Sub Sect 2044.	Interactive lecture & Demonstration - performance	

EC 001.03 Manage Watch on Deck

PART I – ADMINISTRATIVE INSTRUCTIONS

Material and Facilities Instructions

1. Classroom.

Arrangements and Procedures

2. EC 001.03 will be a practical assessment based on content from EO 001.03.

3. To pass this EC, the trainee must achieve 10/14 SATs.

4. Time required: 200 minutes total.

5. References will not be required.

PART II – PRACTICAL ASSESSMENT INSTRUCTIONS GIVEN TO TRAINEE

6. EC 001.03 will be a practical assessment based on content from EO 001.03.

7. During this practical assessment, you will manage watch on deck. You must pass this EC to pass EO 001.03.

8. References will not be provided.

9. Pass mark is 10/14 IAW ECL 001.03.

10. You will have 200 minutes to complete this assessment.

11. Do you have any questions before you start?

PART III – ENABLING CHECK NOTES

12. This assessment will be a paper-based assignment where the trainee will receive adequate information regarding a plausible scenario in order to create a watch and station bill and special party's board.

PART IV – ENABLING CHECK LIST

Item	EC 001.03 Manage Watch on Deck	SAT	UNSAT	Remarks
Watch and Station Bill				
1.	All personnel accounted for	☐	☐	
2.	All columns populated	☐	☐	
3.	All positions filled	☐	☐	
4.	Qualified person for job	☐	☐	
5.	Evenly divided for 1 & 2	☐	☐	
6.	Evenly divided for 1 & 3	☐	☐	
7.	Evenly divided for 1 & 4	☐	☐	
8.	Proper abbreviations used	☐	☐	
Special Parties Board				
9.	Proper format used	☐	☐	
10.	All required positions accounted for	☐	☐	
11.	Watches balanced	☐	☐	
12.	Personnel in correct positions abiding by watch and station bill	☐	☐	
13.	Other departmental personnel in appropriate positions	☐	☐	
14.	Shortages identified	☐	☐	

Score: /14

The trainee must achieve 10/14 SATs to pass this EC.

PART I – ADMINISTRATIVE INSTRUCTIONS

Material and Facilities Instructions

1. Classroom.

Arrangements and Procedures

2. PC 001 will be a written assessment based on content from PO 001.
3. To pass this PC, the trainee must achieve 80%.
4. Time required: 200 minutes to complete this assessment.
5. References will not be required.

PART II – WRITTEN ASSESSMENT INSTRUCTIONS GIVEN TO TRAINEE

1. PC 001 will be a written assessment based on content from PO 001.
2. References will not be provided.
3. Pass mark is 80%.
4. You will have 200 minutes to complete this assessment.
5. Do you have any questions before you start?

PART III – ENABLING CHECK NOTES

1. Give guidance for the development of the assessment.

PO 002 Utilize DRMIS SAPGUI as a Maintenance Manager

EO 002.01 Navigate DRMIS SAPGUI

1. **Performance** Navigate DRMIS SAPGUI.

2. **Conditions**:

   a. Given:

      (1) Assistance;
      (2) Computer;
      (3) DRMIS account;
      (4) DWAN account;
      (5) References; and
      (6) Supervision.

   b. Denied: Nil.

   c. Environment:

      (1) Classroom.

3. **Standard**: The trainee shall navigate DRMIS SAPGUI, IAW references, by:

   a. logging into DRMIS SAPGUI;

   b. managing trouble tickets;

   c. navigating SAPGUI screens;

   d. accessing transactions; and

   e. setting “Menu Settings”.

4. **Time Required**:

   a. EO – 95 minutes;

   b. EC – 15 minutes; and

5. **Instructional Methods**:

   a. Interactive lecture;

   b. Demonstration – performance; and

   c. Case study.

5. **Training Aids**:

a. Course Exercise Book/CD;

b. Supervisor Quick Reference guides;

c. Variant job aid; and

d. DMMS-MIS Process Flow charts.

6. **Test Details**: Utilize a self-test simulator for evaluating the student's progress. The instructor shall check student's final confirmation screen to ensure a minimum score of 60% was obtained. Instructor shall choose one of the simulations used during the EO to evaluate the student's progress.

7. **Remarks**: All exercises are done using DRMIS simulations and MT-2 client. References can be found on the DRMIS website.

8. **Teaching Points**:

Main Teaching Point	Instructional Technique (Time in min)			References	Delivery Approach/ Spirals	Comments
	T	D	P			
Log into DRMIS SAPGUI in a Maximum of Two Attempts						
1. Log into DRMIS SAPGUI in a maximum of two attempts to include: • Account Management; • Change/Reset Password; • Log on requirements; and • Walk-through logging on.	5	5	5		EDI	
Manage Trouble Tickets						
2. Manage trouble tickets to include: • Create a Trouble Ticket; • Log into MS Outlook; • TO: +DRMIS service desk;	5	5	5		EDI	

• Cc: +dmms 3 fdm; • Subject: Navy – reason & importance; • Body contains details; • Display Trouble Tickets; • DRMIS home page in explorer; and • Select “new trouble ticket report” link.						
Navigate SAPGUI Screens						
3. Navigate SAPGUI screens to include: • How to navigate screens; and • Easy access screens.	5	5	5		EDI	
Access Transactions						
4. Access transactions to include: • Transaction Codes; and • Accessing transaction codes.	5	5	5		EDI	
Set “Menu Settings”						
5. Set “Menu Settings” to include: • Displaying technical names; • Creating favorites; and • Use multiple sessions.	5	15	15		EDI

9. **Teaching Points**:

Main Teaching Point	Instructional Technique (Time in min)			References	Delivery Approach/ Spirals	Comments
	T	D	P			
Create List Edits						
1. Create list edits to include : • Introduction to variants and layouts.	5	5	5		EDI	
Access Master Data						
2. Access master data to include : • Introduction to Master Data in SAPGUI including: ▪ Display Functional Location In SAPGUI; ▪ Display Equipment Master Record in SAPGUI; ▪ Display a Material Master Record; ▪ Create Variant for EMR search; and	10	10	40		EDI	

▪ Create Layout for EMR search.						
Process Corrective Maintenance						
3. Process corrective maintenance to include : • Ship's Staff Maintenance: ▪ Corrective Maintenance Objects; ▪ N016 Order and associated N1 Notification; ▪ Create Work Order; ▪ Release Order; ▪ Add Components; ▪ Time Confirmations; ▪ Cancel time confirmation; ▪ Complete Work Order (TECO); ▪ Corrective Maintenance Flow Ship's Staff; • Accountable Items: ▪ Locate Accountable items on Orders; ▪ Material Return Report; • RF perform Corrective Maintenance: ▪ Create N1 Notification; ▪ Pass N1 Notification to Repair Facility; ▪ Close RF Notification; and ▪ Describe Workflow to Repair Facility.	100	100	225		EDI	

• Ship's Staff and Repair Facility Perform Shared CM: ▪ Create Work Order; ▪ Pass N1 Notification to Repair Facility; ▪ Request Assistance from RF Supervisor; • Complete Corrective Maintenance: ▪ Complete notification; ▪ Corrective Maintenance Flow for work returning from Repair Facility; ▪ Changing Work Order Status (DFRF, SSWO); • Initiate Rejection Process: ▪ How to reject/cancel SS Work Order (Un-TECO); ▪ ZEIW38 transaction; ▪ Order type N016; ▪ Execute (F8); ▪ Instructor select random work order at CRTD status; ▪ Instructor TECO Work Order (checkered flag); ▪ Uncheck "complete notifications" box green check mark; ▪ Reselect same work order; ▪ Instructor demonstrates UN-TECO (order						

menu/functions/complete/cancel TECO) hit “save disk” icon; • How to decline SS Notifications; • How to decline returned RF Notifications; • Equipment Transfer: ▪ Identify/create Structure Gap report; ▪ Equipment Transfer Overview; ▪ Validate/update Serial Numbers; ▪ Identify/Create TRANREQ N7 Notification; and ▪ Create N016 From N7 Notification.						
Process Preventive Maintenance						
4. Process preventive maintenance to include : • Describe the PM process in SAPGUI: ▪ Display N017 Order and Associated N9; ▪ Notification in SAPGUI; ▪ Log into MT2; ▪ IW33; ▪ Instructor selects work order “820000313”; ▪ Instructor walks through work order and notification; ▪ Accessing DIR’s for CFTO; ▪ Accessing DIR’s;	50	50	90		EDI	

▪ Access DIR Exercise; • Search for Preventative Maintenance: ▪ List of Preventive Maintenance in SAPGUI; ▪ Log into MT2; ▪ ZEIW39; ▪ Main work center (hull or elec); ▪ Execute; ▪ Select staircase icon “current”; ▪ Add maintenance cycle text, etc.; • Determine PM Flow; • Ship Staff Maintenance: ▪ Add Components; ▪ Time Confirmation – Instructor to inform class time confirmation for PM not to be done until further notice; ▪ Time Confirmation; • Closing PM Order: ▪ List of Preventive Maintenance in SAPGUI; ▪ Log into MT2; ▪ ZEIW39; ▪ Main work center (hull or elec); ▪ Execute; ▪ Select staircase icon “current”; ▪ Add maintenance cycle text, etc; ▪ Instructor select order (<6M) periodicity; ▪ Instructor TECOs include notification;						

▪ Instructor select order (6M+); ▪ Instructor verify if RF is involved via operation tab; ▪ If RF involved (tombstone data, PTRF, clone, forward, DFRF work order); ▪ If RF not involved TECO, include notification is checked; ▪ Instructor demo mass TECO from ZEIW38 list select multiple work orders, select checkered flag; ▪ Explain complete order and include notification buttons; Ship Staff Only PM Flow • Repair Facility Alone or Ship Staff and RF: ▪ Add Components; ▪ Time Confirmation; ▪ Recommend PM for RF; ▪ Describe PM Approval Process for RF; ▪ Forward Notification to RF; ▪ Complete PM Notification for RF; ▪ RF and RF/SS Flow; • Counter Readings: ▪ Describe measuring points and entry lists and						

how to create in DRMIS SAP GUI; ▪ Create Measurement Entry List; and ▪ Enter Measurement Document.						
Display RF Work						
5. Display RF work to include : ▪ Explain RF; ▪ Explain RF Statuses; and ▪ Display/Discuss RF Work Orders.	5	10	20		EDI	
Manage Maintenance						
6. Manage maintenance to include: • Introduction to managing maintenance: ▪ Create Variant/Layout to Manage Maintenance; • CM: ▪ ZEIW38 or 39, n016, elec, save variant, exec; ▪ Create layout for CM, attach layout to variant, re-save variant, discuss scenarios; • PM: ▪ ZEIW38 or 39, n017, elec, save variant, exec ▪ Create layout for PM, attach layout to variant, re-save variant, save, discuss	20	20	60		EDI	

▪ R-run ZEIW39, demonstrate how to load in previously created variants (get variant from menu or staircase icon); • Describe actions to be taken for various statuses: ▪ RERF, SPRF, APRF, PTRF, COMP, CANC, ORCO, ACRF, DPIP, DCAN, and ADIN; and ▪ Review Scenarios; • Create Variant/Layout to Manage Maintenance.						
Generate PM and CM Reports						
7. Generate PM and CM reports to include: • Introduction to generating reports including: ▪ Create PM Report; ▪ Outstanding PM; ▪ Completed PM; ▪ Generate Final Completion Report (export to excel); and ▪ Create CM Report.	20	20	40		EDI

PO 003 Supervise Shipboard Maintenance

EO 003.02 Supervise Maintenance of Boats (B0270)

1. **Performance**: Supervise maintenance of boats.

2. **Conditions**:

   a. Given:

      (1) Assistance;
      (2) Boat logs;
      (3) Maintenance schedule;
      (4) Computer/Microsoft Suite;
      (5) References; and
      (6) Supervision.

   b. Denied: Nil.

   c. Environment:

      (1) Classroom; and
      (2) HMC Ship.

3. **Standard**: The trainee shall supervise maintenance of boats (B0270), IAW ref A16: Part 3, Sect 1, by:

   a. verifying maintenance schedules are complete;

   b. verifying boat logs IAW ref: A16: Part 3, Sect 9, Fig 3-9-1; and

   c. verifying pre-sail checks IAW ref: A16: Part 3, Sect 9, Fig 3-9-9.

4. **Time Required**:

   a. EO – 100 minutes;

   b. EC – 50 minutes; and

   c. PC – 50 minutes.

5. **Instructional Methods**:

   a. EDI

6. **Training Aids**:

   a. Power Point Presentation;

b. Sample Schedule; and

c. Maintenance Doctrine.

7. **Test Details**: EO 003.02 will be tested in EC 003.02 and PC 003.

8. **Remarks**: TEL to be developed.

9. **Teaching Points**:

Main Teaching Point	Instructional Technique (Time in min)			References	Delivery Approach/ Spirals	Comments
	T	D	P			
Verify Maintenance Schedules Are Complete						
1. Verify maintenance schedules are complete by: • Reviewing: ▪ References; ▪ Daily checks; ▪ Planned maintenance; • Supervising: ▪ Fueling procedures; ▪ Safety equipment; • Liaising with: ▪ MSE dept.; ▪ NFS; ▪ LCMM; ▪ Civilian contractors; ▪ FMF; ▪ TEME; and ▪ Stores dept.	5	5	10	A16: Part 3, Sect 1	EDI	
Verify Boat Logs						
2. Verify boat logs including: • Maintenance logs; and • Operation logs.	20	20	20	A16: Part 3, Sect 1	EDI	

Verify Pre-Sail Checks						
3. Verify Pre-Sail Checks by: • Reviewing: ▪ Responsibilities; ▪ Checklists; ▪ Paperwork.	5	5	10	A16: Part 3, Sect 1	EDI	

EC 003.02 Supervise Maintenance of Boats

PART I – ADMINISTRATIVE INSTRUCTIONS

Material and Facilities Instructions

1. Classroom.

Arrangements and Procedures

2. EC 003.02 will be a written assessment based on content from EO 003.02.

3. To pass this EC, the trainee must achieve 70%.

4. Time required: 50 minutes to complete this assessment.

5. References will be required.

PART II – WRITTEN ASSESSMENT INSTRUCTIONS GIVEN TO TRAINEE

1. EC 003.02 will be a written assessment based on content from EO 003.02.

2. During this written assessment, you will supervise maintenance of boats. You must pass this EC to pass EO 003.02.

3. References will be provided.

4. Pass mark is 70%.

5. You will have 50 minutes to complete this assessment.

6. Do you have any questions before you start?

PART III – ENABLING CHECK NOTES

1. Instructor will set the scene with a scenario that applies to the EC.

2. Give guidance for the development of the assessment.

3. This EC can be give as an open book test or as a homework assignment.

4. Trainees will be required to locate all references identified in EC 003.02 that are drawn from the Maintenance Manual C-23-343-000/MS-001.

5. Implement a tracking program to track the progress of maintenance. (Paper based/Excel)

PART IV – ENABLING CHECK LIST

Item	EC 003.02 Supervise Maintenance of Boats	SAT	UNSAT	Remarks
The trainee must locate and explain the Maintenance of Boats to include the following:				
1.	Verify maintenance is complete IAW A16 Sect 3 Part 3, to include: • Daily inspection and service; • Biweekly inspection and service; and • Quarterly inspection and service.	☐	☐	
2.	Validating maintenance & operational Logs are up to date.	☐	☐	
3.	Examining Pre-Sail Checks Log	☐	☐	

Score: /3

The trainee must achieve 2/3 SATs to pass this EC.

EC 005.02 Slip from a Buoy

PART I – ADMINISTRATIVE INSTRUCTIONS

Material and Facilities Instructions

1. HMC Ship.

Arrangements and Procedures

2. EC 005.02 will be a practical assessment based on content from EO 005.02.

3. To pass this EC, the trainee must achieve 17/24 SATs and all critical factors.

4. Time required: 200 minutes divided equally amongst all trainees to complete this assessment.

5. References will not be required.

PART II – PRACTICAL ASSESSMENT INSTRUCTIONS GIVEN TO TRAINEE

1. EC 005.02 will be a practical assessment based on content from EO 005.02.

2. During this practical assessment, you will slip from a buoy. You must pass this EC to pass EO 005.02.

3. References will not be provided.

4. Pass mark is 17/24 SATs IAW ECL 005.02.

5. You will have 200 minutes divided equally amongst all trainees to complete this assessment.

PART III – ENABLING CHECK NOTES

1. Give guidance for the development of the assessment.

2. Provide a Scenario based upon the assessment with guidance and context while evaluating performance IAW Check lists.

PART IV – ENABLING CHECK LIST

Item	EC 005.02 Slip from a Buoy	SAT	UNSAT	Remarks
Direct equipment layout				
1. All equipment correct: • Cable bag • Hard hats • Axe 4x4 • Sledge hammer • HDLJ • Capstan tested • Shot mats/boards • Tag line's • Baldt Shackle • Ship to buoy Shackle • Slipping rope • Bollard strop and senhouse slip		☐	☐	
2. Mousing and Seizing completed		☐	☐	
3. Tools and PPE available		☐	☐	
4. Equipment inspection • All equipment certified		☐	☐	**CRITICAL**
Conduct a Safety brief				
5. Standard Seamanship evolution		☐	☐	**CRITICAL**
6. Danger zones		☐	☐	**CRITICAL**
7. No cable work or line handling while Buoy jumpers on the buoy		☐	☐	**CRITICAL**
8. Buoy worker direction		☐	☐	**CRITICAL**
Brief the Sequence of events				
9. Approach		☐	☐	
10. Pass tag line		☐	☐	
11. Buoy Jumpers on the buoy		☐	☐	
12. Pass picking up rope		☐	☐

PC 005 Supervise Mooring Operations

PART I – ADMINISTRATIVE INSTRUCTIONS

Material and Facilities Instructions

1. HMC Ship.

Arrangements and Procedures

2. PC 005 will be a practical assessment based on content from PO 005.

3. To pass this PC, the trainee must achieve 24/30 SATs and all critical factors.

4. Time required: 400 minutes total.

5. References will not be required.

PART II – PRACTICAL ASSESSMENT INSTRUCTIONS GIVEN TO TRAINEE

1. PC 005 will be a practical assessment based on content from PO 005.

2. During this practical assessment, you will supervise mooring operations. You must pass this PC to pass PO 005.

3. References will not be provided.

4. Pass mark is 24/30 SATs IAW PCL 005.

5. You will have 400 minutes divided equally amongst all trainees to complete this assessment.

6. Do you have any questions before you start?

PART III – ENABLING CHECK NOTES

1. Give guidance for the development of the assessment.

2. Provide a Scenario based upon the assessment with guidance and context while evaluating performance IAW Check lists.

PART IV – PERFORMANCE CHECK LIST

Item	PC 005 Supervise Mooring Operations	SAT	UNSAT	Remarks
Trainee will Supervise Mooring Operations IAW Checklist:				
1.	Gear inspected prior to commence rigging	☐	☐	
2.	Communications are established with the bridge	☐	☐	
3.	Ensure safety gear	☐	☐	**CRITICAL**
4.	Ensure all associated gear is present	☐	☐	
5.	Centerline Blake slip secured (lead pellet) to deck clench	☐	☐	
6.	Ensure power is available to the windlass	☐	☐	
7.	Ship's cable veered on deck to lugless joining shackle (clutch engaged, brake off, KIN(devil's claw & RBS left on)	☐	☐	**CRITICAL**
8.	Ship's cable broken at lugless joining shackle	☐	☐	
9.	Tommy bar removed, using bull ropes, ship's cable is ranged on deck (enough slack to allow putting at Hanging Judas – 4-6 ft above water)	☐	☐	
10.	Ship-to-Buoy shackle secured to cable using lugless joining shackle	☐	☐	
11.	Tag-line attached 8 links above ship-to-buoy shackle	☐	☐	
12.	Picking up rope faked out fore & aft on stbd side, inboard end (snap hook/ wire strop) being led out through the bull ring	☐	☐	
13.	Light messenger faked out athwart ships on the stbd side of FX with the fwd end being attached to the picking up rope	☐	☐	**CRITICAL**
14.	All safety precautions adhered to while preparations are made	☐	☐	**CRITICAL**
DETAIL OFF & BRIEF PERSONNEL				
15.	Designate personnel for all positions (buoy jumpers, boat crew, cable workers, line handlers & windlass operator)	☐	☐	
16.	Brief sequence of events	☐	☐	

17. Ensure all personnel know & understand their duties	☐	☐	**CRITICAL**
Safety briefing to include:			
18. No unauthorized personnel in front of windlass when cable being worked	☐	☐	**CRITICAL**
19. Exercise caution, lines may pay out quickly, check away & heave in hand over hands	☐	☐	
20. Keep hands and/or tools clear of the cable	☐	☐	
21. Never step on, straddle, or wrap lines around limbs or stand in a bight	☐	☐	
22. No cable work or line work while the buoy jumpers are on the buoy	☐	☐	
23. The boat is NEVER to come between the buoy and the ship	☐	☐	**CRITICAL**
24. Cover the dress and safety precautions for buoy jumpers	☐	☐	**CRITICAL**
25. Dress of personnel: HDLJ, helmets for all designated personnel, knife & spike, etc.	☐	☐	
26. Never straddle or cut across cable	☐	☐	
27. Goggles on, at all time when working with cable	☐	☐	
28. Be aware of snap-back zones, stand 2m back from warping drums when handling lines	☐	☐	
29. Use proper lifting techniques	☐	☐	
30. Pay attention to orders, no skylarking	☐	☐	

Score: /30

Trainee must achieve 24/30 SATs on non-critical factors **AND** all critical factors to pass this PC.

Conduct Emergency Breakaway Procedure						
4. Conduct emergency breakaway procedure to include: • 6 Blasts; • Remove Remating Line; • NATO B/Breakable Spool; • EBFC Quick Release Method; and • Distance/Telephone lines.	5	10	25	A1: Ch9, Sub Sect 9.22.7.	EDI	

EC 006.01 Supervise Liquid Cargo Transfer

PART I – ADMINISTRATIVE INSTRUCTIONS

Material and Facilities Instructions

1. RAS trainer.

Arrangements and Procedures

2. EC 006.01 will be a practical assessment based on content from EO 006.01.

3. To pass this EC, the trainee must achieve 30/43 SATs and all critical factors.

4. Time required: 600 minutes divided equally amongst all trainees to complete this assessment.

5. References will not be required.

PART II – PRACTICAL ASSESSMENT INSTRUCTIONS GIVEN TO TRAINEE

1. EC 006.01 will be a practical assessment based on content from EO 006.01.

2. During this practical assessment, you will supervise a liquid cargo transfer. You must pass this EC to pass EO 006.01.

3. References will not be provided.

4. Pass mark is 30/43 SATs IAW ECL 006.01.

5. You will have 600 minutes divided equally amongst all trainees to complete this assessment.

PART III – ENABLING CHECK NOTES

1. Give guidance for the development of the assessment.

2. Provide a Scenario based upon the assessment with guidance and context while evaluating performance IAW Check lists.

PART IV – ENABLING CHECK LIST

Item	EC 006.01 Supervise Liquid Cargo Transfer	SAT	UNSAT	Remarks
Supervise a Liquid Cargo Transfer to include the following:				
Direct equipment layout				
1. All equipment correct: • RAS bag • 12” snatch blocks • Mail bag • Hard hats • Sledge hammer • Axe • 4 x 4 • HDLJ • Safety harnesses • Goggles • Chemlites • Winch tested • Shot mat • Shepherd’s crook • Tag line • Easing out pennant • Remating line		☐	☐	
2. Mousing completed		☐	☐	
3. Tools and PPE available		☐	☐	
4. Equipment inspection • All equipment certified		☐	☐	**CRITICAL**
Conduct a Safety brief				
5. Standard seamanship evolution		☐	☐	
6. Danger zones with tensioned rigs		☐	☐	
7. PPE		☐	☐	
8. Breaking guardrails		☐	☐	
9. Emergency breakaway procedure		☐	☐	
Brief the Sequence of events				
10. Show Red/one blast of the thunder whistle		☐	☐	
11. Take cover/two blasts of the thunder whistle		☐	☐	
12. Avast/gun line in hand		☐	☐	
13. Heave in continuous messenger		☐	☐	
14. Avast/pass light messenger through blocks via cheater pendant		☐	☐	

15. Heave in continuous messenger	☐	☐	
16. Avast/pass distance line to RAS team 3	☐	☐	
17. Heave in continuous messenger by hand	☐	☐	
18. Avast/take turns on winch	☐	☐	
19. Heave in continuous messenger	☐	☐	
20. Avast/connect span wire and remove lashings	☐	☐	
21. Hooked on	☐	☐	
22. Permission to tension down	☐	☐	**CRITICAL**
23. Clear the dump	☐	☐	
24. Tension down	☐	☐	
25. Heave in continuous messenger	☐	☐	
26. Down Goggles	☐	☐	**CRITICAL**
27. Seat the probe	☐	☐	
28. Hooked on	☐	☐	
29. Permission to start pumping	☐	☐	
30. Return continuous messenger	☐	☐	
31. Prepare Easing out pendant	☐	☐	
32. Stop pumping	☐	☐	
33. Secure	☐	☐	
34. Remove remating line	☐	☐	
35. Slip the probe	☐	☐	
36. Permission to de-tension	☐	☐	**CRITICAL**
37. Clear the dump	☐	☐	
38. De-tension	☐	☐	
39. Prepare to slip	☐	☐	
40. Ready to slip	☐	☐	
41. Slip	☐	☐	
42. Check away easing out pendant	☐	☐	
43. Replace guardrails	☐	☐	

Score: /43

Trainee must achieve 30/43 SATs on non-critical factors **AND** all critical factors to pass this EC.

Deliver Safety Brief						
1. Deliver safety briefs to include: • General Safety; • Guard rails; • Line handling; • Danger zones; • Safety goggles; • Fuel spills; • Emergency break away.	10	10	50	A1: Ch9, Sub Sect 9.13.	EDI	
Conduct Heavy Jackstay Procedure						
2. Conduct heavy jackstay procedure to include: • Layout; • Inspect equipment; • Clear commands; and • Signals.	10	10	80	A1: Ch9, Sub Sect 9.13.	EDI	

Conduct Emergency Breakaway Procedure						
3. Conduct emergency breakaway procedure to include: • 6 Blasts; • Initial Action AOR; • Location of Traveler; • Padeye Position; and • Distance Line/Telephone lines.	5	10	15	A1: Ch9, Sub Sect 9.13.	EDI	

EC 006.02 Supervise Heavy Jackstay Transfer

PART I – ADMINISTRATIVE INSTRUCTIONS

Material and Facilities Instructions

1. RAS trainer.

Arrangements and Procedures

2. EC 006.02 will be a practical assessment based on content from EO 006.02.

3. To pass this EC, the trainee must achieve 32/46 SATs and all critical factors.

4. Time required: 600 minutes divided equally amongst all trainees to complete this assessment.

5. References will not be required.

PART II – PRACTICAL ASSESSMENT INSTRUCTIONS GIVEN TO TRAINEE

1. EC 006.02 will be a practical assessment based on content from EO 006.02.

2. During this practical assessment, you will supervise a heavy jackstay transfer. You must pass this EC to pass EO 006.02.

3. References will not be provided.

4. Pass mark is 32/46 SATs IAW ECL 006.02.

5. You will have 600 minutes divided equally amongst all trainees to complete this assessment.

PART III – ENABLING CHECK NOTES

1. Give guidance for the development of the assessment.

2. Provide a Scenario based upon the assessment with guidance and context while evaluating performance IAW Check lists.

PART IV – ENABLING CHECK LIST

Item	EC 006.02 Supervise a Heavy Jackstay Transfer	SAT	UNSAT	Remarks
Supervise a Heavy Jackstay Transfer to include the following:				
Direct equipment layout				
1. All equipment correct: • RAS bag • 12” snatch blocks • Mail bag • Hard hats • Sledge hammer • Axe • 4 x 4 • HDLJ • Safety harnesses • Chemlites • Winch tested • Shot mats • Shepherd’s crook • Tag line • Easing out pennant		☐	☐	
2. Mousing completed		☐	☐	
3. Tools and PPE available		☐	☐	
4. Equipment inspection • All equipment certified		☐	☐	**CRITICAL**
Conduct a Safety brief				
5. Standard seamanship evolution		☐	☐	
6. Danger zones with tensioned rigs		☐	☐	
7. PPE		☐	☐	
8. Breaking guardrails		☐	☐	
9. Emergency breakaway procedure		☐	☐	
Brief the Sequence of events				
10. Show Red/one blast of the thunder whistle		☐	☐	
11. Take cover/two blasts of the thunder whistle		☐	☐	
12. Avast/gun line in hand		☐	☐	
13. Heave in continuous messenger		☐	☐	
14. Avast/pass light messenger through blocks via cheater pendant		☐	☐	
15. Heave in continuous messenger		☐	☐	

16. Avast/pass distance line to RAS team 3	☐	☐	
17. Heave in continuous messenger by hand	☐	☐	
18. Avast/take turns on winch	☐	☐	
19. Heave in continuous messenger	☐	☐	
20. Avast/connect High line and remove lashings	☐	☐	
21. Hooked on	☐	☐	
22. Permission to tension down	☐	☐	**CRITICAL**
23. Clear the dump & Up Pad Eye	☐	☐	
24. Tension down	☐	☐	
25. Down Pad Eye	☐	☐	
26. Heave in continuous messenger by hand	☐	☐	
27. Connect the Flounder Plate	☐	☐	
28. Remove Flounder plate messenger	☐	☐	
29. Hooked on	☐	☐	
30. Up Pad Eye/In-haul and out-haul will come in tension	☐	☐	
31. Permission to send first load	☐	☐	**CRITICAL**
32. Return continuous messenger via salvage strop	☐	☐	
33. Continue passing loads	☐	☐	
34. Prepare Easing out pendant	☐	☐	
35. Secure	☐	☐	
36. Up pad eye/In-haul and out-haul will detension	☐	☐	
37. Replace flounder plate messenger	☐	☐	
38. Slip the flounder plate	☐	☐	
39. Permission to de-tension	☐	☐	**CRITICAL**
40. Clear the dump	☐	☐	
41. De-tension	☐	☐	
42. Prepare to slip	☐	☐	
43. Ready to slip	☐	☐	
44. Slip	☐	☐	
45. Check away easing out pendant	☐	☐	
46. Replace guardrails	☐	☐	
Score: /46			

Trainee must achieve 32/46 SATs on non-critical factors **AND** all critical factors to pass this EC.			
Positive Feedback		**Improvement Feedback**

PC 006 Supervise Replenishment at Sea Operations

PART I – ADMINISTRATIVE INSTRUCTIONS

Material and Facilities Instructions

1. RAS trainer.

Arrangements and Procedures

2. PC 006 will be a practical assessment based on content from PO 006.

3. To pass this PC, the trainee must achieve 34/43 SATs and all critical factors.

4. Time required: 800 minutes divided equally amongst all trainees to complete this assessment.

5. References will not be required.

PART II – PRACTICAL ASSESSMENT INSTRUCTIONS GIVEN TO TRAINEE

1. PC 006 will be a practical assessment based on content from PO 006.

2. During this practical assessment, you will supervise replenishment at sea operations. You must pass this PC to pass PO 006.

3. References will not be provided.

4. Pass mark is 34/43 SATs IAW PCL 006.

5. You will have 800 minutes divided equally amongst all trainees to complete this assessment.

6. Do you have any questions before you start?

PART III – PERFORMANCE CHECK NOTES

1. Provide a Scenario based upon the assessment with guidance and context while evaluating performance IAW Check lists.

2. Trainees will be assessed on either a heavy jackstay or liquid cargo transfer, selected randomly. Use applicable PCL below.

3. The trainee must achieve 34/43 SATs on Supervise Liquid Cargo **OR** 37/46 SATs on Supervise a Heavy Jackstay Transfer to pass this PC.

PART IV – PERFORMANCE CHECK LIST

Item	PC 006 Supervise Replenishment at Sea Operations	SAT	UNSAT	Remarks
SCENARIO 1 – SUPERVISE LIQUID CARGO TRANSFER to include the following:				
Direct equipment layout				
1. All equipment correct: • RAS bag • 12” snatch blocks • Mail bag • Hard hats • Sledge hammer • Axe • 4 x 4 • HDLJ • Safety harnesses • Goggles • Chemlites • Winch tested • Shot mat • Shepherd’s crook • Tag line • Easing out pennant • Remating line		☐	☐	
2. Mousing completed		☐	☐	
3. Tools and PPE available		☐	☐	
4. Equipment inspection • All equipment certified		☐	☐	**CRITICAL**
Conduct a Safety brief				
5. Standard seamanship evolution		☐	☐	
6. Danger zones with tensioned rigs		☐	☐

EC 007.03 Direct Diver Recovery Position

PART I – ADMINISTRATIVE INSTRUCTIONS

Material and Facilities Instructions

1. HMC Ship.

Arrangements and Procedures

2. EC 007.03 will be a practical assessment based on content from EO 007.03.

3. To pass this EC, the trainee must achieve 9/13 SATs and all critical factors.

4. Time required: 150 minutes divided equally amongst all trainees to complete this assessment.

5. References will not be required.

PART II – PRACTICAL ASSESSMENT INSTRUCTIONS GIVEN TO TRAINEE

1. EC 007.03 will be a practical assessment based on content from EO 007.03.

2. During this practical assessment, you will direct diver recovery position. You must pass this EC to pass EO 007.03.

3. References will not be provided.

4. Pass mark is 9/13 SATs IAW ECL 007.03.

5. You will have 150 minutes divided equally amongst all trainees to complete this assessment.

PART III – ENABLING CHECK NOTES

1. Give guidance for the development of the assessment.

2. Provide a Scenario based upon the assessment with guidance and context while evaluating performance IAW Check lists.

PART IV – ENABLING CHECK LIST

Item	EC 007.03 Supervise Diver Recovery Position	SAT	UNSAT	Remarks
The trainee shall Supervise the Diver Recovery Position to include the following:				
Supervise Diver Recovery Position				
1.	Respond to Pipe correctly	☐	☐	
2.	Ensure the DRP is rigged correctly	☐	☐	
3.	Ensure Rescue Swimmers have all safety equipment (knives, flares and marker for night time)	☐	☐	
4.	Ensure proper number of line handlers	☐	☐	
5.	Confirm two Swimmers are dressed	☐	☐	
6.	Connect in to the Fall Restraint Harness	☐	☐	**CRITICAL**
7.	" Ready the Rescue Swimmer"	☐	☐	
8.	Report "DRP Closed up"	☐	☐	
9.	"Away Rescue Swimmer" when ordered	☐	☐	
10.	Direct Line handlers safely	☐	☐	
11.	Man the Kisby Ring for recovery	☐	☐	
12.	Recover all personnel safely	☐	☐	**CRITICAL**
13.	Secure the DRP and repot to OOW	☐	☐	

Score: /13

Trainee must achieve 9/13 SATs on non-critical factors **AND** all critical factors to pass this EC.

PO 008 Supervise Rigging Operations

EO 008.01 **Enforce Rigging Safety** (A0440)

1. **Performance**: Enforce rigging safety.

2. **Conditions**:

   a. Given:

      (1) Assistance;
      (2) Load to be rigged;
      (3) Personnel;
      (4) PPE;
      (5) Rigging Appliances; and
      (6) Rigging Equipment.

   b. Denied: Nil.

   c. Environment:

      (1) Classroom;
      (2) Rigging shop; and
      (3) HMC Ship.

3. **Standard**: The trainee shall enforce rigging safety (A0440), IAW ref C1: Sect 1, by:

   a. developing context via scenario based training;

   b. ensuring team is wearing appropriate PPE;

   c. ensuring all shackles are moussed;

   d. ensuring all snap hooks are functioning correctly;

   e. ensuring personnel adhere to safety regulations; and

   f. confirming safety lines are rigged, signs posted and appropriate pipes are made when ladders and hatches are removed.

4. **Time Required**:

   a. EO – 150 minutes.

5. **Instructional Methods**:

   a. EDI; and

b. Field Trip.

6. **Training Aids**:

a. Power Point Presentation; and

b. HMC Ship.

7. **Test Details**: EO 008.01 will be tested in EC 008.02 and PC 008.

8. **Remarks**: Modernized videos to be produced.

9. **Teaching Points**:

Main Teaching Point	Instructional Technique (Time in min)			References	Delivery Approach/ Spirals	Comments
	T	D	P			
Develop context via scenario based training						
1. Develop context via scenario based training by: • Discussing employment application • Experience share activity • Reviewing application to example scenario • Verify application to all EOs	50				Interactive lecture & Guided Discussion	
Ensure Team Is Wearing Appropriate PPE						
2. Ensure team is wearing appropriate PPE including: • Steeled toed boots; • Hard Hats; • Gloves; • Eye protection; • 5 point harness (when required); and • Sleeves rolled down.	5		15	C1: Sect 1.	EDI	
Ensure All Shackles Are Moussed						

3. Ensure all shackles are moussed including: • …	5		15	C1: Sect 1.	EDI	
Ensure All Snap Hooks Are Functioning Correctly						
4. Ensure all snap hooks are functioning correctly including: • …	5		15	C1: Sect 1.	EDI	
Ensure Personnel Adhere to Safety Regulations						
5. Ensure personnel adhere to safety regulations including: • Never stand under a load; • Never place personnel between the load and a bulkhead; and • Never turn your back to the load.	5		15	C1: Sect 1.	EDI	
Confirm Safety Lines Are Rigged, Signs Posted and Appropriate Pipes Are Made when Ladders and Hatches Are Removed						
6. Confirm safety lines are rigged, signs posted and appropriate pipes are made when ladders and hatches are removed including:	5		15	C1: Sect 1.	EDI	

PO 008 Supervise Rigging Operations

EO 008.02 **Supervise Rigging** (A0420)

1. **Performance**: Supervise rigging.

2. **Conditions**:

   a. Given:

      (1) Assistance;
      (2) Load;
      (3) PPE;
      (4) References;
      (5) Rigging Appliances; and
      (6) Rigging Equipment.

   b. Denied: Nil.

   c. Environment:

      (1) Classroom;
      (2) FMF Rigging Shop; and
      (3) HMC Ship.

3. **Standard**: The trainee shall supervise rigging (A0420), IAW ref C1: Sect 5, Pg 106, by:

   a. confirming certification of required equipment;

   b. supervising placement of lifting appliances;

   c. inspecting equipment for damage or wear; and

   d. monitoring the transfer.

   e. inspecting load to be rigged;

   f. planning route;

   g. determining appropriate equipment is available;

   h. confirming calculations of load; and

   i. briefing the plan

4. **Time Required**:

   a. EO – 900 minutes; and

b. EC – 400 minutes.

5. **Instructional Methods**:

a. EDI; and

b. Field Trip.

6. **Training Aids**:

a. Power Point Presentation; and

b. HMC Ship.

7. **Test Details**: EO 008.02 will be tested in EC 008.02 and PC 008.

8. **Remarks**:

a. Modernized videos to be produced.

b. Trainees will report to FMF rigging shop for 2 days of job shadowing for a total of 800 minutes.

9. **Teaching Points**:

Main Teaching Point	Instructional Technique (Time in min)			References	Delivery Approach/ Spirals	Comments
	T	D	P			
Confirm Certification of Required Equipment						
1. Confirm certification of required equipment by: • Looking up the the rigging certification; • Knowing certification requirements; • Understanding limitations of rigging equipment; Consider the following equipment: • Chain Falls; • Strops; • Slings;	5		5	C1: Sect 5, Pg 106.	EDI	

• Shackles; • Hooks; • Swivels; • Hard points; • Come alongs; and • Beam Clamps.						
Supervise Placement of Lifting Appliances						
2. Supervise placement of lifting appliances to include: • …	5		5	C1: Sect 5, Pg 106.	EDI	
Inspect Equipment for Damage or Wear						
3. Inspect equipment for damage or wear to include: • …	5		5	C1: Sect 5, Pg 106.	EDI	
Monitor the Transfer						
4. Monitor the transfer by ensuring: • adequate clearance; • proper techniques; Ensure overall Safety considerations are being observed	5		5	C1: Sect 5, Pg 106.	EDI	
Assess Load to Be Rigged						
1. Assess load to be rigged by: • Conducting a RECCE to include: • Hard points; • Lifting points; • Estimated weight; • Height of lift required; • Swing distances (if required); •	5		5	C1: Sect 5, Pg 106.	EDI	
Plan Route						

2. Plan route by: • Considering sizes of doors, hatches, and thoroughfares; • Considering passages that are and/or shall be placed out of bounds; and • Ensuring hard points are available for required lifts.	5		5	C1: Sect 5, Pg 106.	EDI	
Determine Appropriate Equipment Is Available						
3. Determine appropriate equipment is available by: • Determining the SWL required; • Using equipment with valid inspection and certification; • Inspecting gear for damage and/or wear; and • Enforcing use of PPE.	5		5	C1: Sect 5, Pg 106.	EDI	
Confirm Calculations of Load						
4. Confirm calculations of Load including: • SWL of hard point; • SWL of lifting device; • SWL of strop or sling considering method of rigging; • Weight of packaging; • Weight of contents (ie. Oil, fuel, etc); • Angle of vectors; and • Friction (if applicable).	5		10	C1: Sect 5, Pg 106.	EDI	
Brief the Plan						
5. Brief the plan including:	5		10	C1: Sect 5, Pg 106.	EDI	

• Load details; • Equipment required; • PPE; • General Safety; • Timings; • Route; • Out of bounds requirements; • Tasks; • Coordinating departments (ie. MSE to dismount part) • Constraints.						
6. Job Shadowing	800				EDI	FMF Rigging shop

EC 008.02 Supervise Rigging

PART I – ADMINISTRATIVE INSTRUCTIONS

Material and Facilities Instructions

1. HMC Ship.

Arrangements and Procedures

2. EC 008.02 will be a practical assessment based on content from EO 008.01 and EO 008.02.

3. To pass this EC, the trainee must achieve 15/22 SATs and all critical factors.

4. Time required: 400 minutes divided equally amongst all trainees to complete this assessment.

5. References will not be required.

PART II – PRACTICAL ASSESSMENT INSTRUCTIONS GIVEN TO TRAINEE

1. EC 008.02 will be a practical assessment based on content from EO 008.01 and EO 008.02.

2. During this practical assessment, you will supervise rigging. You must pass this EC to pass EO 008.01 and EO 008.02.

3. References will not be provided.

4. Pass mark is 15/22 SATs IAW ECL 008.02.

5. You will have 400 minutes divided equally amongst all trainees to complete this assessment.

PART III – ENABLING CHECK NOTES

1. Give guidance for the development of the assessment.

2. Provide a Scenario based upon the assessment with guidance and context while evaluating performance IAW Check lists.

PART IV – ENABLING CHECK LIST

Item	EC 008.02 Supervise Rigging	SAT	UNSAT	Remarks
The Trainee Shall Supervise Rigging to include the following:				
Supervise Rigging				
1.	Conduct Reece	☐	☐	
2.	Form a plan	☐	☐	
3.	Select route to move the load	☐	☐	
4.	Choose proper equipment to include: • Chain hoist • Strops • Shackles • Beam clamps • Strong points	☐	☐	
5.	Brief team on plan	☐	☐	
6.	Supervise rigging of portable lifting appliances properly to include	☐	☐	
7.	Ensure all equipment is certified	☐	☐	**CRITICAL**
8.	Inspect equipment for damage and wear	☐	☐	
9.	Ensure shackle pins tight	☐	☐	
10.	Ensure hooks moused	☐	☐	
11.	Ensure portable lifting appliances clear of chaffing	☐	☐	
12.	Ensure load is centered	☐	☐	
13.	Ensure load is lifted IAW rigging manual	☐	☐	
14.	Move load along proposed route	☐	☐	
15.	Load under control at all times	☐	☐	
16.	Safety equipment to include: Hard hats, Footwear and Gloves	☐	☐	
17.	No personnel under suspended load	☐	☐	**CRITICAL**
18.	Ensure when ladders and hatches are removed, safety lines are rigged and signs are posted	☐	☐	**CRITICAL**
19.	Load is placed in proposed location	☐	☐	
20.	Inspect equipment for damage and wear	☐	☐	
21.	Ensure equipment is secured	☐	☐

2. PC 008 will be a practical assessment based on content from PO 008.

3. To pass this PC, the trainee must achieve 18/23 SATs and all critical factors.

4. Time required: 800 minutes divided equally amongst all trainees to complete this assessment.

5. References will not be required.

PART II – PRACTICAL ASSESSMENT INSTRUCTIONS GIVEN TO TRAINEE

1. PC 008 will be a practical assessment based on content from PO 008.

2. During this practical assessment, you will supervise rigging operations. You must pass this PC to pass PO 008.

3. References will not be provided.

4. Pass mark is 18/23 SATs IAW PCL 008.

5. You will have 800 minutes divided equally amongst all trainees to complete this assessment.

6. Do you have any questions before you start?

PART III – ENABLING CHECK NOTES

1. Give guidance for the development of the assessment.

2. Provide a Scenario based upon the assessment with guidance and context while evaluating performance IAW Check lists.

PART IV – PERFORMANCE CHECK LIST

Item	PC 008 Supervise Rigging Operations	SAT	UNSAT	Remarks
Supervise Rigging Operations				
1.	Conduct Reece	☐	☐	
2.	Form a plan	☐	☐	
3.	Select route to move the load	☐	☐	
4.	Choose proper equipment to include: • Chain hoist • Strops • Shackles • Beam clamps • Strong points	☐	☐	
5.	Brief team on plan	☐	☐	
6.	Supervise rigging of portable lifting appliances	☐	☐	
7.	Ensure all equipment is certified	☐	☐	**CRITICAL**
8.	Inspect equipment for damage and wear	☐	☐	
9.	Ensure shackle pins tight	☐	☐	
10.	Ensure hooks moused	☐	☐	
11.	Ensure portable lifting appliances clear of chaffing	☐	☐	
12.	Ensure load is centered	☐	☐	
13.	Ensure load is lifted IAW rigging manual	☐	☐	
14.	Move load along proposed route	☐	☐	
15.	Load under control at all times	☐	☐	
16. 17.	Safety equipment and safety to include: Hard hats, Footwear and Gloves	☐	☐	
18.	No personnel under suspended load	☐	☐	**CRITICAL**
19.	Ensure when ladders and hatches are removed, safety lines are rigged and signs are posted	☐	☐	**CRITICAL**
20.	Load is placed in proposed location	☐	☐	
21.	Inspect equipment for damage and wear	☐	☐	
22.	Ensure equipment is secured	☐	☐	
23.	**OVERALL SAFETY**	☐	☐	**CRITICAL**
Score: /23				

Trainee must achieve 18/23 SATs on non-critical factors **AND** all critical factors to pass this PC.

EO 009.01 Perform the Duties of a Firing Point Supervisor

1. **Performance**: Perform the Duties of a Firing Point Supervisor (C0160)

2. **Conditions**:

   a. Given:

      (1) Ammunition;
      (2) Communication equipment;
      (3) Emergency vehicle;
      (4) First Aid Kit;
      (5) PPE;
      (6) Range;
      (7) References;
      (8) Stretcher;
      (9) Supervision;
      (10) Targets;
      (11) Weapon accessories; and
      (12) Weapons.

   b. Denied: Nil.

   c. Environment:

      (1) Classroom;
      (2) CAF Range; and
      (3) HMC Ship.

3. **Standard**: The trainee shall perform the duties of a firing point supervisor (C0160)by:

   a. developing context via scenario based training;

   b. co-ordinating the Range Setup IAW Range Standing Orders;

   c. selecting the firing exercise IAW A17: Ch2, Annex A;

   d. directing the marker gallery IAW Range Standing Orders; and

   e. enforcing small arms range safety (C0130) IAW ref A9: Ch1, Sect 2, Para 25.

4. **Time Required**:

   a. EO – 650 minutes; and

b. EC – 1000 minutes.

5. **Instructional Methods**:

a. EDI;

b. Field trip.

6. **Training Aids**:

a. Power Point Presentation; and

b. CAF Range.

7. **Test Details**: EO 009.01 will be tested in EC 009.01 and PC 009.

8. **Remarks**: Modernized videos to be produced.

9. **Teaching Points**:

Main Teaching Point	Instructional Technique (Time in min)			References	Delivery Approach/ Spirals	Comments
	T	D	P			
Develop context via scenario based training						
1. Develop context via scenario based training by: • Discussing employment application • Experience share activity • Reviewing application to example scenario • Verify application to all EOs	50				Interactive lecture & Guided Discussion	
Co-ordinate the Range Setup						
2. Co-ordinate the Range Setup by: • Orders • Range Safety Officer responsibilities (RSO) • Weapons to be used	10	50	90	IAW Range Standing Orders	EDI	

• Appropriate targets • Communication devices • Appropriate target patch's • Target markers • Range safety vehicle • Ammo Point • CEASS range considerations • Duties of a DSO • Conduct Range Recce •						
Select Firing Exercise						
3. Select firing exercises to include: • Requalification shoots; • Force Protection refresher; • Boarding Party training; Weapons: • C8; • C9; • Sig Sauer 9mm.	10	50	90	A17: Ch2, Annex A.	EDI	
Direct Marker Gallery						
4. Direct Marker Gallery by: • Communication • Targets • Sequence	10	50	90	IAW Range Standing Orders	EDI	
Enforce Small Arms Range Safety						
5. Enforce Small Arms Range Safety by: • Issuing safety brief with RSO; • Giving clear commands;	10	50	90	A9: Ch1, Sect 2, Para 25.	EDI	

• Communicating with RSO, coaches, and Range Control; • Supervising the relay; • Maintaining control of personnel.						

EC 009.01 Perform the Duties of a Firing Point Supervisor (C0160)

PART I – ADMINISTRATIVE INSTRUCTIONS

Material and Facilities Instructions

1. CAF Range.

Arrangements and Procedures

2. This EC will require two invigilators.

3. EC 009.01 will be a practical assessment based on content from EO 009.01.

4. To pass this EC, the trainee must achieve 15/21 SATs and all critical factors.

5. Time required: 1000 minutes divided equally amongst all trainees to complete this assessment.

6. References will not be required.

PART II – PRACTICAL ASSESSMENT INSTRUCTIONS GIVEN TO TRAINEE

1. EC 009.01 will be a practical assessment based on content from EO 009.01.

2. During this practical assessment, you will perform the duties of a firing point supervisor. You must pass this EC to pass EO 009.01.

3. References will not be provided.

4. Pass mark is 15/21 SATs IAW ECL 009.01.

5. You will have 1000 minutes divided equally amongst all trainees to complete this assessment.

PART III – ENABLING CHECK NOTES

1. Two students can be assessed by two invigilators per relay during this EC, one as FPS and the other as RSO IAW ECL 009.01 and ECL 009.02.

2. Give guidance for the development of the assessment.

3. Provide a Scenario based upon the assessment with guidance and context while evaluating performance IAW Check lists.

PART IV – ENABLING CHECK LIST

Item	EC 009.01 Perform the Duties of a Firing Point Supervisor	SAT	UNSAT	Remarks
The Trainee shall perform the duties of the FPS to include the following:				
Preparations				
1.	Communication Check	☐	☐	
2.	Pre-Firing brief	☐	☐	
3.	Load magazines	☐	☐	
Conducting the shoot				
4.	Explain the relays	☐	☐	
5.	Orders and responses	☐	☐	
6.	Orders were loud and clear			**CRITICAL**
7.	Firing positions	☐	☐	
8.	Firing lines	☐	☐	
9.	Targets and scoring	☐	☐	
10.	Permission to go live via RSO			**CRITICAL**
11.	Make Safe (on completion)			**CRITICAL**
Firing point safety				
12.	Fire when ordered	☐	☐	
13.	Muzzle control	☐	☐	
14.	FCS Safety	☐	☐	
15.	Stoppage responses	☐	☐	
16.	PPE	☐	☐	
17.	Flags	☐	☐	
18. 19.	Supervised & Maintained control of personnel on firing line			**CRITICAL**
20.	Recognise & correct errors			**CRITICAL**
Post firing				
21.	Clean up	☐	☐	

Score: /21

Trainee must achieve 15/21 SATs on non-critical factors **AND** all critical factors to pass this EC.

Perform Post Incident Procedures						
6. Perform Post Incident Procedures to include: • Controlling and isolating the scene; • Maintaining records; • Ammunition Incident; and • Filing reports.	10	10	40	A4: Ch1, Para 44.	EDI	

EC 009.02 Perform the Duties of a Small Arms Range Safety Officer

PART I – ADMINISTRATIVE INSTRUCTIONS

Material and Facilities Instructions

1. CAF Range.

Arrangements and Procedures

2. This EC will require two invigilators.

3. EC 009.02 will be tested in two parts. Part A will be a written range safety exam, and Part B will be a practical assessment on EO 009.02.

4. Trainees must pass Part A. of EC 009.02 prior to proceeding to Part B of EC 009.02.

5. The trainee must achieve 100% to pass EC 009.02-A and 11/16 SATs **AND** all critical factors to pass EC 009.02-B.

6. Time required:

   a. Part A – 50 minutes; and
   b. Part B –950 minutes.

7. References will not be required.

PART II – WRITTEN ASSESSMENT INSTRUCTIONS GIVEN TO TRAINEE

1. EC 009.02-A will be a written assessment based on content from EO 009.02.

2. References will not be provided.

3. Pass mark is 100%.

4. You will have 50 min to complete this assessment.

5. Do you have any questions before you start?

PART II – PRACTICAL ASSESSMENT INSTRUCTIONS GIVEN TO TRAINEE

1. EC 009.02-B will be a practical assessment based on content from EO 009.02-B.

2. During this practical assessment, you will perform the duties of a small arms range safety officer. You must pass this EC to pass EO 009.02.

3. References will not be provided.

4. Pass mark is 11/16 SATs IAW ECL 009.02.

5. You will have 950 minutes divided equally amongst all trainees to complete this assessment.

PART III – ENABLING CHECK NOTES

1. Provide a Scenario based upon the assessment with guidance and context while evaluating performance IAW Check lists.

2. Two students can be assessed by two invigilators per relay during this EC, one as FPS and the other as RSO IAW ECL 009.01 and ECL 009.02.

3. Give guidance for the development of the assessment.

PART IV – ENABLING CHECK LIST

Item	EC 009.02 Perform the Duties of a Small Arms Range Safety Officer	SAT	UNSAT	Remarks
The trainee shall perform the duties of the RSO to include the following:				
Range Setup				
1.	Range Inspection	☐	☐	
2.	Flags	☐	☐	**CRITICAL**
3.	Targets	☐	☐	
4.	Communications Check	☐	☐	**CRITICAL**

      (12) Supervision.

   b. Denied: Nil.

   c. Environment:

      (1) Classroom; and
      (2) CEASS trainer.

3. **Standard**: The trainee shall Supervise CEASS Training, IAW ref A11: Sect 4, A4: Ch1, Para 278 by:

a. acting as OIC for CEASS Training to include:

   (1) creating scenarios for CEASS training;

   (2) preparing scenario set up;

   (3) running scenarios; and

   (4) debriefing scenarios.

b. acting as RSO for CEASS Training to include:

   (1) controlling the training area;

   (2) presenting RSO safety brief; and

(3) performing the duties of a small arms range safety officer (RSO) (C0140)

4. **Time Required**:

a. EO – 400 minutes; and

b. EC – 800 minutes.

5. **Instructional Methods**:

a. EDI; and

b. Field Trip.

6. **Training Aids**:

a. Power Point Presentation; and

b. CEASS trainer.

7. **Test Details**: EO 009.03 will be tested in two parts:

a. Part A will be a practical assessment on the directing a CEASS range; and

b. Part B will be a practical assessment on enforcing range safety with CEASS.

8. **Remarks**: Modernized videos to be produced.

9. **Teaching Points**:

Main Teaching Point	Instructional Technique (Time in min)			References	Delivery Approach/ Spirals	Comments
	T	D	P			
Prepare Range Layout						
1. Prepare range layout to include: • Inspect training area; • Ensure range is clear of lethal and impact weapons; • Signs posted; • Windows covered; • Sentries briefed and in place;	10	15	45	A11: Sect 4, A4: Ch1, Para 278.	EDI	

• Informative pipes; • Inspect training weapons and magazines; • Inspect ammunition; • Communication checks; • First Aid equipment Conduct Safety loops as required: • Initial Range opening; • Prior to each scenario; and • After each scenario.						
Present RSO Safety Brief						
2. Present RSO safety brief to include: General Safety: • PPE; • Weapons handling; • ROE; • Firing distances; • Actions in case of emergency; • Check Check Check; • Cease fire procedures;	10	15	40	A11: Sect 4, A4: Ch1, Para 278.	EDI	
Enforcing small arms range safety						
3. Enforcing small arms range safety to include: • PPE is worn; • Direction is clear; • Safe firing distances are observed; • Announce “Range Hot/Cold”; and • Declaration.	10	15	40	A11: Sect 4, A4: Ch1, Para 278.	EDI	
Introduction to CEASS SOPs						
4. Introduction to CEASS SOPs to include:	5	10	20	A11: Sect 4, A4: Ch1, Para 278.	EDI	

• Duties and responsibilities: ▪ OIC; ▪ RSO; ▪ Role players; • Considerations: ▪ Equipment Required; ▪ Safety; ▪ Personnel; ▪ Scenario goal; • Training Area Layout: ▪ Muster point; ▪ Staging area; and ▪ Range types.						
Create Scenarios for CEASS Training						
5. Create scenarios for CEASS training to include: • Realistic events; • Progressive escalation; and • ROE development.	10	10	10	A11: Sect 4, A4: Ch1, Para 278.	EDI	
Prepare Scenario Set Up						
6. Prepare scenario set up to include: • Provide scenario information to set the scene for participants; • Brief RSO on scenario and expected results; • Brief role players; and • Provide scenario brief to personnel.	10	10	20	A11: Sect 4, A4: Ch1, Para 278.	EDI	
Run Scenarios						
7. Run scenarios to include:	10	15	40	A11: Sect 4, A4: Ch1, Para 278.	EDI	

• Sequence Of Events for a CEASS range : ▪ Instruct participants to mask up; ▪ Verification Loop: - Conducted by OIC; - Conducted by RSO; ▪ Instruct participants to Load weapons once “Range Hot”; ▪ Announce “Start Scenario”; ▪ Monitor and provide direction to Role players as required: - Check Check Check; - Hand signals; ▪ Provide feedback to participants; ▪ Instruct Participants to unload weapons; ▪ Verification Loop: - Conducted by RSO; - Conducted by OIC; ▪ Participants to remove masks when “Range Cold”						
Debrief Scenarios						
8. Debrief scenarios to include: • Intent; • Progression; and • Assessment.	10	10	10	A11: Sect 4, A4: Ch1, Para 278.	EDI	

EC 009.03 Supervise CEASS Training

PART I – ADMINISTRATIVE INSTRUCTIONS

Material and Facilities Instructions

1. CEASS trainer.

Arrangements and Procedures

2. This EC will require two invigilators.

3. EC 009.03 will be tested in two parts. Part A will assess the trainee on directing a CEASS range, and Part B will assess the trainee on enforcing range safety.

4. To pass this EC, the trainee must achieve 15/21 SATs and all critical factors on Part A and 11/16 SATs and all critical factors on Part B.

5. Time required: 800 minutes divided equally amongst all trainees to complete this assessment.

6. References will not be required.

PART II – PRACTICAL ASSESSMENT INSTRUCTIONS GIVEN TO TRAINEE

1. EC 009.03 will be tested in two parts. Part A will assess the trainee on directing a CEASS range, and Part B will assess the trainee on enforcing range safety.

2. References will not be provided.

7. Pass mark is 15/21 SATs and all critical factors on Part A and 11/16 SATs and all critical factors on Part B IAW ECL 009.03 – A and ECL 009-03 – B.

3. You will have 800 minutes divided equally amongst all trainees to complete this assessment.

PART III – ENABLING CHECK NOTES

1. Two students can be assessed by two invigilators per relay during this EC, one as OIC and the other as RSO IAW ECL 009.03 - A and ECL 009.03 - B.

2. Provide a Scenario based upon the assessment with guidance and context while evaluating performance IAW Check lists.

a. EDI.

6. **Training Aids**:

a. Power Point Presentation;

b. CEASS trainer; and

c. CAF range.

7. **Test Details**: EO 009.04 will be tested in EC 009.04.

8. **Remarks**:

a. TE will be responsible to arrange NBP qualified instructor for this EO.

b. Modernized videos to be produced.

9. **Teaching Points**:

Main Teaching Point	Instructional Technique (Time in min)			References	Delivery Approach/ Spirals	Comments
	T	D	P			
Demonstrate Fundamental Skills of Tactical Shooting						
1. Demonstrate fundamental skills of tactical shooting to include: • Grip; • Sight Alignment; • Sight Management; • Trigger Control; and • Scan and Breathe. Holster Drills - Principles of The Draw:	50	50	100	A15	EDI	

• Drawing the weapon must be done in one fluid motion: “slow is smooth, smooth is fast”; • Re-holstering the Weapon; • Work Space; • Low Ready Position; and • Threat Ready Position.						
Conduct Sig Sauer Drills						
2. Conduct general weapons drills to include: • Load, Ready, Press Check; • Unload; • Reload Drills; • Tactical Reload; • Stoppages and IA Drills; • Failure Types; • Ejection; and • Immediate Action Drills.	50	50	100	A15	EDI	
Conduct C-8 Sling Drills						
3. Conduct C-8 sling drills to include: • C8 Sling Drills; • Sight Alignment; • Work Space; • Low Ready Position; • Threat Ready Position; • Drills; • Load, Be Ready; • Unload; • Reload Drills; • Tactical Reload; and • Stoppages and IA Drills.	50	50	100	A15	EDI	
Conduct Transition Drills (Classroom)						

4. Conduct transition trills to and from: • C8; and • Sig Sauer 9mm.	25	25	300	A15	EDI	
Conduct Transition Drills (Live firing)						
5. Conduct transition drills to and from: • C8; and • Sig Sauer 9mm; • Static turns (left, right, about); • Roll out from cover; • Tactical reload; • Emergency reload;	15	15	1120	A15	EDI	

EC 009.04 Supervise Naval Boarding Party Weapons Handling Training.

PART I – ADMINISTRATIVE INSTRUCTIONS

Material and Facilities Instructions

1. CAF Range.

Arrangements and Procedures

2. EC 009.04 will be a practical assessment based on content from EO 009.04.

3. To pass this EC, the trainee must achieve 70%.

4. Time required: 150 minutes divided equally amongst all trainees to complete this assessment.

5. References will not be required.

PART II – PRACTICAL ASSESSMENT INSTRUCTIONS GIVEN TO TRAINEE

1. EC 009.04 will be a practical assessment based on content from EO 009.04.

2. During this practical assessment, you will supervise naval boarding party weapons handling. You must pass this EC to pass EO 009.04.

3. References will not be provided.

4. Pass mark is 70% IAW ECL 009.04.

5. You will have 150 minutes divided equally amongst all trainees to complete this assessment.

PART III – ENABLING CHECK NOTES

1. This assessment will be conducted in the classroom as “Dry Land” training and “live fire”.

2. Give guidance for the development of the assessment.

3. Trainee must achieve 22/32 SATs on non-critical factors on EC 009.04 Part-A and 38/54 SATs on EC 009.04 Part-B

4. Provide a Scenario based upon the assessment with guidance and context while evaluating performance IAW Check lists.

PART IV – ENABLING CHECK LIST

Item	EC 009.04-A Supervise Naval Boarding Party Weapons Handling Training	SAT	UNSAT	Remarks
C8 HANDLING TEST – Part – 1 – SAFETY PRECAUTIONS				
SCENARIO: Weapon is laying on the ground loaded (no ammunition) FCS to Repetition				
Order "Pick up the weapon."				
1.	Pick up the C8 and attempt to switch FCS to **SAFE**	☐	☐	
2.	Go down on one knee	☐	☐	
3.	Remove the magazine and place the magazine in pouch	☐	☐	
4.	Cant the weapon to the right rack the action. Cycle the action 2 to 3 times to clear any possible obstruction.	☐	☐	
5.	Lock action to the rear	☐	☐	
6.	Visually and physically inspect	☐	☐	
7.	**"Clear"**	☐	☐	
8.	Once weapon is cleared, leave action to the rear and weapon is slung on back. FCS to **SAFE**	☐	☐	
C8 HANDLING TEST – Part – 2 – LOAD				
Order: "Load and Be Ready."				
9.	Weapon is rotated to ready position, action to the rear, FCS to **SAFE**	☐	☐	
10.	Remove magazine from Tac Vest and inspect	☐	☐	
11.	Insert magazine into the weapon, ensure properly seated	☐	☐	
12.	Cant the weapon to the left and rack the action, watch the action go forward and strike the Forward Assist.	☐	☐	
13.	FCS to **SAFE**	☐	☐	
C8 HANDLING TEST – Part – 3 – I/A's & Stoppages				
Order: "Engage"				
14.	Adopt firing position, FCS to repetition, and Engage	☐	☐	
Order: "Weapon fires, weapon stops, bolt fully forward."				
15.	**"Check"** - Tap, Rack, and continue to engage	☐	☐	
Order: "Weapon fires, weapon stops, bolt to the rear."				

16. **"Check"** – Rotate the weapon, remove magazine, insert new magazine, rack the action, strike the forward assist, and continue to engage.	☐	☐	
Order: "Weapon fires, weapon stops, bolt partially forward."			
17. **"Check"** – FCS to **SAFE** and Go down on one knee.	☐	☐	
18. Lock action to the rear, cant the weapon to the right, and attempt to remove the obstruction.	☐	☐	
19. "**Obstruction persists**" – Remove the magazine	☐	☐	
20. Cant the weapon to the right Cycle the action in order to clear the obstruction	☐	☐	
21. Visually and Physically Inspect the chamber	☐	☐	
22. "**Clear**"	☐	☐	
23. Insert magazine into the weapon, ensure properly seated	☐	☐	
24. Cant weapon to the left, rack the action, watch the action go forward, and strike the forward assist	☐	☐	
25. FCS to repetition, stand up, and continue to engage	☐	☐	
C8 HANDLING TEST – Part – 4 – UNLOAD			
Order: "Unload clear weapon for inspection."			
26. FCS to **SAFE** and Go down on one knee.	☐	☐	
27. Remove the Magazine	☐	☐	
28. Cant the weapon to the right Rack The Action. Cycle the action 2 to 3 times to clear any possible obstruction.	☐	☐	
29. Lock the action to the rear	☐	☐	
30. Visually and physically inspect the chamber.	☐	☐	
31. "**Clear**" - Once weapon is cleared, FCS to **SAFE**, leave action to the rear and the weapon is slung on back.	☐	☐	
32. Overall Safety:			**CRITICAL**

• Trigger control – Finger is off the trigger unless given order to Engage.			

Score: /32

Trainee must achieve 23/32 SATs on non-critical factors **AND** all critical factors to pass this EC.

Candidate	Name:	Date:	Signature:

Item	EC 009.04-B Supervise Naval Boarding Party Weapons Handling Training	SAT	UNSAT	Remarks
SIG SAUER HANDLING TEST – Part – 1 – SAFETY PRECAUTIONS				
SCENARIO: Weapon is laying on the ground loaded (no ammunition)				
Order "Pick up the weapon."				
1.	Pick up Sig Sauer, remove the source	☐	☐	
2.	Cant the weapon to the right Rack the Action 2 to 3 times	☐	☐	
3.	Lock the Slide to the rear	☐	☐	
4.	Visually and physically inspect the weapon	☐	☐	
5.	**"Clear" –** Disengage the slide catch, de-cock, thumb behind the hammer, shoulder checks and holster the weapon.	☐	☐	
SIG SAUER HANDLING TEST – Part – 2 – LOAD				
Order: "Load and Be Ready."				
6.	Access withdraw Sig Sauer, bring the weapon into the work space	☐	☐	
7.	Remove Magazine from Tac Vest and Inspect	☐	☐	
8.	Insert magazine into the weapon, ensure properly seated	☐	☐	
9.	Rack the Action	☐	☐	
10.	Press Check – ensure round was loaded into chamber	☐	☐	
11.	De-cock, Low Ready, Shoulder Check	☐	☐	
12.	Thumb behind the hammer, re-holster	☐	☐	
SIG SAUER HANDLING TEST – Part – 3 – I/A's & Stoppages				
SCENARIO: Member to Engage on the direction of Staff and conduct I/A's & Stoppages as directed.				
Order: "Engage"				
13.	Access withdraw Sig Sauer, adopt the firing position, and engage	☐	☐	
Order: "Weapon fires, weapon stops, action fully forward."				
14.	**"Check"** - Weapon shall come into work space, Tap, Rack, and continue to engage	☐	☐	
Order: "Weapon fires, weapon stops, action to the rear."				

15. **"Check"** - Weapon shall come into work space, remove magazine, insert new magazine	☐	☐	
16. Rack the Action	☐	☐	
17. Press check, and continue to engage	☐	☐	
Order: "Weapon fires, weapon stops, action partially forward."			
18. **"Check"** - Weapon shall come into work space Lock action to the rear, and attempt to remove the obstruction.	☐	☐	
19. **"Obstruction persists"** – Remove the magazine and clear the obstruction.	☐	☐	
20. Insert New Magazine, Rack the Action, Press check, and continue to engage.	☐	☐	
SIG SAUER HANDLING TEST – Part – 4 – UNLOAD			
Order: "Unload clear weapon for inspection."			
21. Bring weapon into workspace, Go down on one knee, and remove the magazine.	☐	☐	
22. Cant the weapon to the right Rack the Action 2 to 3 times.	☐	☐	
23. Lock the Slide to the rear	☐	☐	
24. Visually and Physically inspect the weapon	☐	☐	
25. **"Clear"** – Disengage the slide catch, de-cock, thumb behind the hammer, shoulder checks and holster the weapon.	☐	☐	
Part – 5 – TRANSITION DRILLS			
SCENARIO: Trainee has come under Engagement and must complete drills.			
Order: "On the line with your Sig Sauer load and be ready."			
Order: "On the Line with your C8 load and be ready."			
Order: "Engage" On the third engage: "Weapon fires, weapon stops, bolt partially forward."			
26. **"Check"** - Cant the weapon to the left, inspect the action	☐	☐	
27. FCS to **SAFE**, weapon comes down to the side. Access withdraw the Sig Sauer, engage with two rounds, **"I need Cover."**	☐	☐	
Order: Partner to conduct shoulder check and gives "Clear."			

28. Trainee shall de-cock, shoulder check, thumb behind the hammer, and re-holster.	☐	☐	
29. **C8** – Lock action to the rear, cant the weapon to the right, and attempt to remove the obstruction.	☐	☐	
30. "**Obstruction persists**" – Remove the magazine	☐	☐	
31. Cant the weapon to the right Cycle the action in order to clear the obstruction	☐	☐	
32. Visually and Physically Inspect the chamber	☐	☐	
33. "**Clear**"	☐	☐	
34. Insert magazine into the weapon, ensure properly seated	☐	☐	
35. Cant weapon to the left, rack the action, watch the action go forward, and strike the forward assist	☐	☐	
36. FCS to repetition "**Ready**"	☐	☐	
Order: Partner to conduct shoulder check and gives "Clear."			
37. Once clear is given, FCS to **SAFE**, shoulder check, stand up, adopt the firing posture, and continue to engage.	☐	☐	
Order: "Weapon fires, weapon stops, bolt partially forward."			
38. **"Check"** - Cant the weapon to the left, inspect the action	☐	☐	
39. FCS to **SAFE**, weapon comes down to the side. Access withdraw the Sig Sauer, engage with two rounds, **"I need Cover."**	☐	☐	
Order: "Weapon fires, weapon stops, action to the rear."			
40. Student shall conduct an emergency reload on Sig Sauer prior to proceeding.	☐	☐	
41. **"Check"** - Weapon shall come into work space, remove magazine, insert new magazine	☐	☐	
42. Rack the Action	☐	☐	
43. Press check, **"I need cover"**	☐	☐	
Order: Partner to conduct shoulder check and gives "Clear."			

44. Trainee shall de-cock, shoulder check, thumb behind the hammer re-holster.	☐	☐	
45. **C8** – Lock action to the rear, cant the weapon to the right, and attempt to remove the obstruction.	☐	☐	
46. "**Obstruction persists**" – Remove the magazine	☐	☐	
47. Cant the weapon to the right Cycle the action in order to clear the obstruction	☐	☐	
48. Visually and Physically Inspect the chamber	☐	☐	
49. "**Clear**"	☐	☐	
50. Insert magazine into the weapon, ensure properly seated	☐	☐	
51. Cant weapon to the left, rack the action, and strike the forward assist	☐	☐	
52. FCS to repetition "**Ready**"	☐	☐	
Order: Partner to conduct shoulder check and gives "Clear."			
53. Once clear is given, FCS to **SAFE**, shoulder check, stand up, adopt the firing posture, and continue to engage.	☐	☐	
54. Overall Safety: • De-cock/FCS on Safe during shoulder checks; • Trigger control – Finger is off the trigger unless given order to Engage.	☐	☐	**CRITICAL**
Order: "**On the line with your C8 Unload clear weapon for inspection"**			
Order: "**On the Line with your Sig Sauer Unload clear weapon for inspection"**			

Score: /54

Trainee must achieve 38/54 SATs on non-critical factors **AND** all critical factors to pass this EC.

PC 009 Direct a Live Fire Range

PART I – ADMINISTRATIVE INSTRUCTIONS

Material and Facilities Instructions

1. CAF Range.

Arrangements and Procedures

2. This PC will require two invigilators.

3. PC 009 will be a practical assessment based on content from PO 009. This assessment will be tested in two parts. Part A will assess the role of FPS and Part B will assess the role of RSO.

4. To pass this PC, the trainee must achieve 16/20 SATs on Part A and 13/16 SATs on Part B.

5. Time required: 2000 minutes total.

6. References will not be required.

PART II – PRACTICAL ASSESSMENT INSTRUCTIONS GIVEN TO TRAINEE

1. PC 009 will be a practical assessment based on content from PO 009. This assessment will be tested in two parts. Part A will assess the role of FPS and Part B will assess the role of RSO.

2. During these practical assessments, you will direct a live fire range as FPS and RSO. You must pass these PCs to pass PO 009.

3. References will not be provided.

4. Pass mark is 16/20 SATs on Part A and 13/16 SATs on Part B IAW PCL 009A and PCL 009B.

5. You will have 2000 minutes divided equally amongst all trainees to complete these assessment.

6. Do you have any questions before you start?

PART III – PERFORMANCE CHECK NOTES

1. Two students can be assessed by two invigilators per relay during this PC, one as FPS and the other as RSO and is required to pass both.

2. Give guidance for the development of the assessment.

3. Provide a Scenario based upon the assessment with guidance and context while evaluating performance IAW Check lists.

PART IV – PERFORMANCE CHECK LIST

PO 010 Supervise .50 Cal HMG Operations

EO 010.01 Supervise .50 Cal HMG Firing Point

1. **Performance**: Supervise .50 Cal HMG Firing Point.

2. **Conditions**:

   a. Given:

      (1) .50 cal HMG;
      (2) Assistance;
      (3) Associated equipment;
      (4) Blank firing attachments with gauge;
      (5) CLP;
      (6) HMG tools;
      (7) PPE;
      (8) References;
      (9) Supervision;
      (10) Training area; and
      (11) Training rounds.

   b. Denied: Nil.

   c. Environment:

      (1) Classroom; and
      (2) CAF Range.

3. **Standard**: The trainee shall supervise .50 Cal HMG Firing Point, IAW ref A5: Ch1, Part 2, by:

   a. developing context via scenario based training;

   b. mentoring the Weapon Directing Officer (WDO);

   c. ensuring the pre and post fire cleaning is complete;

   d. supervising the use of the blank firing attachment (BFA);

   e. supervising 9 point checks of the .50 Cal HMG; and

   f. supervising .50 cal HMG weapons handling drills.

4. **Time Required**:

   a. EO – 150 minutes; and

b. EC – 300 minutes.

5. **Instructional Methods**:

a. EDI.

6. **Training Aids**:

a. Power Point Presentation; and

b. .50 Cal firing positions.

7. **Test Details**: EO 010.01 will be tested in EC 010.01 and PC 010.

8. **Remarks**: Modernized videos to be produced.

9. **Teaching Points**:

Main Teaching Point	Instructional Technique (Time in min)			References	Delivery Approach/ Spirals	Comments
	T	D	P			
Develop context via scenario based training						
1. Develop context via scenario based training by: • Discussing employment application • Experience share activity • Reviewing application to example scenario • Verify application to all EOs	50				Interactive lecture & Guided Discussion	
Mentor WDO						
2. Mentor WDO by: • Assuming role of WDO for training; • Giving clear and loud orders; and • Ensuring gun positions use proper responses.	5		5	A5: Ch1, Part 2.	EDI	

Ensure the Pre and Post Fire Cleaning Is Complete						
3. Ensure the pre and post fire cleaning is complete to include: • Hot barrel precautions; • Use of CLP; and • Cleaning procedures.	5		10	A5: Ch1, Part 2.	EDI	
Supervise the use of the BFA						
4. Supervise the use of the BFA by: • Ensuring BFA maintenance has been completed; • Inspecting for correct installation; • Disassembly; • Theory of operation; and • Adjustments.	5		5	A5: Ch1, Part 2.	EDI	
Supervise 9 Point Checks of the .50 Cal HMG						
5. Supervise 9 point checks of the .50 cal HMG to include: • firing pin hole wear; • firing pin protrusion; • bore wear; • buffer assembly; • buffer disk assembly; • feed mechanism; • feed slide; • head spacing; • timing; and • Ensure Function test is completed.	5		15	A5: Ch1, Part 2.	EDI	
Supervise .50 cal HMG weapons handling drills						

6. Supervise .50 cal HMG weapons handling drills including: • Closing up • Proving weapon safe • Load • Length of burst • Round in “T” slot • Unload • Unload hot barrel • Clear gun • Make safe • IAs and stoppages • Ensure all safety precautions are observed.	5		40	A5: Ch1, Part 2.	EDI	

EC 010.01 Supervise .50 Cal HMG Firing Point

PART I – ADMINISTRATIVE INSTRUCTIONS

Material and Facilities Instructions

1. CAF Range.

Arrangements and Procedures

2. EC 010.01 will be a practical assessment based on content from EO 010.01.

3. To pass this EC, the trainee must achieve 12/17 SATs and all critical factors.

4. Time required: 300 minutes divided equally amongst all trainees to complete this assessment.

5. References will not be required.

PART II – PRACTICAL ASSESSMENT INSTRUCTIONS GIVEN TO TRAINEE

1. EC 010.01 will be a practical assessment based on content from EO 010.01.

2. During this practical assessment, you will supervise .50 Cal HMG firing point. You must pass this EC to pass EO 010.01.

3. References will not be provided.

4. Pass mark is 12/17 SATs IAW ECL 010.01.

5. You will have 300 minutes divided equally amongst all trainees to complete this assessment.

PART III – ENABLING CHECK NOTES

1. EC 010.01 will be assessed in the classroom as “Dry Land” training.

2. Give guidance for the development of the assessment.

3. Provide a Scenario based upon the assessment with guidance and context while evaluating performance IAW Check lists.

EC 011.01 Execute Demolition of Targets

PART I – ADMINISTRATIVE INSTRUCTIONS

Material and Facilities Instructions

1. CAF Demolition range.

Arrangements and Procedures

2. This EC will require two invigilators.

3. EC 011.01 will be a practical assessment based on content from EO 011.01.

4. To pass this EC, the trainee must achieve 57/81 SATs and all critical factors.

5. Time required: 1000 minutes divided equally amongst all trainees to complete this assessment.

6. References will be required.

PART II – PRACTICAL ASSESSMENT INSTRUCTIONS GIVEN TO TRAINEE

1. EC 011.01 will be a practical assessment based on content from EO 011.01, 011.02, and 011.01.

2. During this practical assessment, you will Co-ordinate Demolition Range Operations, Coordinate Section Tasks for Demolition Projects, and Execute Demolition of Targets. You must pass this EC to pass EO 011.01.

3. References will be provided.

4. Pass mark is 57/80 SATs IAW ECL 011.01.

5. You will have 1000 minutes divided equally amongst all trainees to complete this assessment.

PART III – ENABLING CHECK NOTES

1. Two students can be assessed by two invigilators per run during this EC, one as OIC and the other as RSO IAW ECL 011.01.

2. Give guidance for the development of the assessment.

3. The trainee must achieve 22 Sat's in Part A, 38 Sat's in Part B and all Sat's in part C to pass EC 011.01.

4. Provide a Scenario based upon the assessment with guidance and context while evaluating performance IAW Check lists.

PC 011 Perform the Duties of a Demolition Officer in Charge (E0090)

PART I – ADMINISTRATIVE INSTRUCTIONS

Material and Facilities Instructions

1. CAF Demolition Range.

Arrangements and Procedures

2. This PC will require two invigilators.

3. PC 011 will be a practical assessment based on content from PO 011.

4. To pass this PC, the trainee must achieve 65/81 SATs and all critical factors.

5. Time required: 1000 minutes total.

6. References will be available.

PART II – PRACTICAL ASSESSMENT INSTRUCTIONS GIVEN TO TRAINEE

1. PC 011 will be a practical assessment based on content from PO 011.

2. During this practical assessment, you will perform the duties of a demolition OIC (E0090). You must pass this PC to pass PO 011.

3. References will be available.

4. Pass mark is 65/81 SATs IAW PCL 011.

5. You will have 1000 minutes divided equally amongst all trainees to complete this assessment.

6. Do you have any questions before you start?

PART III – ENABLING CHECK NOTES

1. Two students can be assessed by two invigilators per run during this PC, one as OIC and the other as RSO IAW PCL 011 and PCL 011.

2. Give guidance for the development of the assessment.

3. Provide a Scenario based upon the assessment with guidance and context while evaluating performance IAW Check lists.

PART IV – PERFORMANCE CHECK LIST

Item	PC 011 Execute Demolition of Targets	SAT	UNSAT	Remarks
OIC Brief				
1.	Introduction of OIC Exercise	☐	☐	
2.	Introduction of RSO	☐	☐	
3.	Introduction of Course Instructor	☐	☐	
4.	Introduction of Instructor(s)	☐	☐	
5.	Introduction of Med A	☐	☐	
6.	Introduction of Ambulance Driver	☐	☐	
Range Layout				
7.	Administration Area Location Procedures	☐	☐	
8.	Explosive Location	☐	☐	
9.	Sentries / Signals	☐	☐	
10.	Ambulance Location	☐	☐	
11.	Shelter Location	☐	☐	**CRITICAL**
12.	Routes of movement	☐	☐

PO 012 Perform the duties of a demolition RSO (E0080)

EO 012.01 Enforcing Safety of Demolition Ranges

1. **Performance**: Enforcing safety of demolition ranges (F0200).

2. **Conditions**:

   a. Given:

      (1) Assistance;
      (2) Demolition Accessories;
      (3) Demolition range
      (4) Demolition targets; and
      (5) Demolition tasking;
      (6) Demolition Team;
      (7) Detonating Cord (C3);
      (8) Detonator:
      (9) Electric (M6);
      (10) Inert (C3) Detonating Cord;
      (11) Inert Detonators;
      (12) Inert Explosives;
      (13) Inert M60 Ignitor;
      (14) Inert M700 Safety Fuse;
      (15) Non-Electric (No.12).
      (16) Plastic Explosives (C4);
      (17) References;
      (18) Safety Fuse;
      (19) Shape charge devices;
      (20) Supervision; and
      (21) Tools and equipment.

   b. Denied: Nil.

   c. Environment:

      (1) Classroom;
      (2) CAF Demolitions Range; and
      (3) HMC Ship.

3. **Standard**: The trainee shall enforce safety of demolition ranges (F0200), IAW references, by:

   a. developing context via scenario based training;

   b. planning a demolition range to include:

      (1) complying with RSO responsibilities;

(2) inspecting range facilities;

(3) preparing detailed range instructions; and

(4) planning actions in the event of an accident/incident.

c. conducting range-opening procedures by:

(1) establishing and maintaining communications; and

(2) verifying range set-up.

d. conducting range operations by:

(1) dealing with misfires;

(2) executing one of the following basic demolition tasks:

(a) non-electric basic charge;

(b) shaped charges; and

(c) safe handling of ammunition/salvage.

e. conducting range closing procedures by:

(1) reporting all unsafe actions;

(2) supervising range clean-up, and

(3) completing ammunition control certificate.

4. **Time Required**:

a. EO – 1050 minutes;

b. EC Part A – 50 minutes;

c. EC Part B – 950 minutes; and

d. PC – 1000 minutes.

5. **Instructional Methods**:

a. EDI; and

b. Field Trip.

6. **Training Aids**:

   a. Power Point Presentation; and

   b. Inert demolitions materials.

7. **Test Details**: EO 012.01 will be tested in two parts:

   c. Part A will be a written demolitions safety exam; and

   d. Part B will be a practical assessment on EO 012.01.

8. **Remarks**: This PO shall be instructed in a single EO due to the logical sequence of instruction and concurrent assessments.

9. **Teaching Points**:

Main Teaching Point	Instructional Technique (Time in min)			References	Delivery Approach/ Spirals	Comments
	T	D	P			
Develop context via scenario based training						
1. Develop context via scenario based training by: • Discussing employment application • Experience share activity • Reviewing application to example scenario • Verify application to all EOs	50				Interactive lecture & Guided Discussion	
Plan a Demolition Range						
2. Plan a demolition range to include: • Comply with RSO responsibilities; • Inspect range facilities; • Prepare detailed range instructions; and	20	20	210	A4: Ch7, Sect1, Para 23, Sub para B.	EDI	

• Plan actions in the event of an accident /incident.						
Conduct Range-Opening Procedures						
3. Conduct range-opening procedures to include: • Establish and maintain communications; and • Verify range set-up.	20	20	210	Range Standing Orders	EDI	
Conduct Range						
4. Conduct range to include: • Deal with misfires; • Execute one of the following basic demolition tasks: ▪ Non-electric basic charge; ▪ Shaped charges; and ▪ Safe handling of ammunition/salvage.	20	20	210	A4: Ch7, Sect1, Para 23, Sub para B.	EDI	
Conduct Range Closing Procedures						
5. Conduct range closing procedures to include: • Clean up; and • Declaration.	20	20	210	Range Standing Orders	EDI	

EC 012.01 Enforcing safety of demolition ranges

PART I – ADMINISTRATIVE INSTRUCTIONS

Material and Facilities Instructions

1. CAF Demolition Range.

Arrangements and Procedures

2. This EC will require two invigilators.

3. EC 012.01 will be tested in two parts. Part A will be a written demolitions safety exam, and Part B will be a practical assessment on EO 012.01.

4. The trainees must pass EC 012.01-A prior to proceeding to EC 012.01-B.

5. The trainee must achieve 100% to pass EC 012.01-A and 29/41 SATs **AND** all critical factors to pass EC 012.01-B.

6. Time required:

   a. Part A – 50 minutes; and
   b. Part B – 950 minutes.

7. References will not be required.

PART II – PRACTICAL ASSESSMENT INSTRUCTIONS GIVEN TO TRAINEE

1. EC 012.01 will be a practical assessment based on content from EO 012.01.

2. During this practical assessment, you will ensure range safety. You must pass this EC to pass EO 012.01.

3. References will not be provided.

4. Pass mark is 29/41 SATs IAW ECL 012.01.

5. You will have 1000 minutes divided equally amongst all trainees to complete this assessment.

PART II – WRITTEN ASSESSMENT INSTRUCTIONS GIVEN TO TRAINEE

1. EC 012.01-A will be a written assessment based on content from EO 012.01.

2. References will not be provided.

3. Pass mark is 100%.

4. You will have 50 min to complete this assessment.

5. Do you have any questions before you start?

PART III – ENABLING CHECK NOTES

1. Two students can be assessed by two invigilators per run during this EC, one as OIC and the other as RSO IAW ECL 012.03 and ECL 012.01.

2. Give guidance for the development of the assessment.

3. Provide a Scenario based upon the assessment with guidance and context while evaluating performance IAW Check lists.

PART IV – ENABLING CHECK LIST

Item	EC 012.01-B Enforcing safety of demolition ranges	SAT	UNSAT	Remarks
Open Range				
1.	Ensured Range Cleared and Area Safe for use	☐	☐	
2.	Maintain positive control of personal in Safe Area / Shelter	☐	☐	**CRITICAL**
RSO Brief				
3.	Attend Range Control Brief	☐	☐	
4.	Brief and Coordinate Personnel	☐	☐	
5.	Brief Locations of Sentries	☐	☐	
6.	Brief Location of Flags, Barriers and Fire Index	☐	☐	
7.	Brief Communications and Call Signs	☐	☐	
8.	Identify Medical Personnel and Other Vehicles on Demolition Range	☐	☐	
9.	Identify Adjacent Users in the Immediate area	☐	☐	
Range Emergency Procedures				
10.	An Emergency on Demolition Range will be signalled by 3 Blasts of a Whistle.	☐	☐	**CRITICAL**
11.	Leave all explosives fastened to targets	☐	☐	**CRITICAL**
12.	Return all explosives that have not been fastened to targets the explosive stowage area	☐	☐	**CRITICAL**
13.	Return to the personnel safety shelter, where the OIC or RSO can use you in dealing with the emergency	☐	☐	**CRITICAL**
M60 Misfire Drill				
14.	If the igniter fails to fire Say “MISFIRE”	☐	☐	
15.	Re-cock the igniter and re-fire igniter, you may attempt re-fire twice	☐	☐	
16.	If still not fired grasp the Safety Fuse in front of the M60 Igniter, cut the Safety Fuse and light with Match Fusee.	☐	☐	
17.	When two or more igniters are being fired at the same time the misfire drill must be carried out within10 seconds. If it is not the OIC shall have all	☐	☐	**CRITICAL**

personnel return to the safety area and deal with the misfire after the other charges have fired.			
Electrical Misfire Drill			
18. If the initial firing is unsuccessful, a second firing is immediately attempted	☐	☐	
19. If the second attempt is unsuccessful. A 10 minute waiting period is to be observed and	☐	☐	
20. If dual initiated non – electric and electric, a 30 minute waiting period is to be observed.	☐	☐	
Clear Range Procedures (Electrical)			
21. Did Wait for Smoke to Clear	☐	☐	
22. Visually confirmed discontinuity of det	☐	☐	
23. Located leg wires and confirmed det consumed	☐	☐	**CRITICAL**
24. Checked Det cord trail and locate blow off	☐	☐	**CRITICAL**
25. Visually ensured that all charges and targets were consumed	☐	☐	**CRITICAL**
26. Give all Clear “Signal”	☐	☐	**CRITICAL**
Clear Range Procedures (Non-Electrical)			
27. Did Wait for Smoke to Clear	☐	☐	
28. Visually confirmed discontinuity of Det	☐	☐	**CRITICAL**
29. Located burnt M700 and M60			**CRITICAL**
30. Confirmed Det Consumed	☐	☐	**CRITICAL**
31. Checked Det cord trail and locate blow off	☐	☐	**CRITICAL**
32. Visually ensured that all charges and targets were consumed	☐	☐	**CRITICAL**
33. Gave all Clear	☐	☐	**CRITICAL**
Sympathetic Detonation (Direct Insertion)			
34. Prepare Initiation Set	☐	☐	**CRITICAL**
35. Charge Preparation	☐	☐	**CRITICAL**
36. Crimping Detonator	☐	☐	**CRITICAL**
37. Insert Detonator (Direct Insertion)	☐	☐	**CRITICAL**
38. Charge Placement	☐	☐	**CRITICAL**
39. Did Trainee have: • Crimpers • Stop Watch • Tape; and • Match Fuzzes	☐	☐	**CRITICAL**

40. Announced Intention to Fire	☐	☐	**CRITICAL**
41. Detonation (Boom Time +/- 10 Sec	☐	☐	

Score: /41

Trainee must achieve 29/41 SATs on non-critical factors **AND** all critical factors to pass this EC.

PO 013 Supervise Ship's Explosive Ordinance Identification Team

EO 013.01 Supervise Ship's Explosive Ordinance Identification Team

1. **Performance**: Supervise Ship's Explosive Ordinance Identification Team.

2. **Conditions**:

   a. Given:

      (1) Assistance;
      (2) BCDS Panel;
      (3) Camera;
      (4) Computer/Microsoft Suite;
      (5) EOIT Training Scenarios;
      (6) Flash Light;
      (7) HMC Ship; and
      (8) HMC Ships/Class room;
      (9) IED Identification Training;
      (10) Mirror;
      (11) References; and
      (12) Supervision.

   b. Denied: Nil.

   c. Environment:

      (1) Classroom; and
      (2) HMC Ship.

3. **Standard**: The trainee shall Supervise Ship's Explosive Ordinance Identification Team, IAW A2, by:

   a. developing context via scenario based training;

   b. ensuring safety precautions associated with identifying IED's are taken;

   c. verifying Improvised Explosive Device (IED) (E0040);

   d. briefing the on-scene Commander including:

      (1) reporting location;

      (2) describing the device and time of detonation if possible;

      (3) recommending sentry locations; and

      (4) recommending blast routes.

4. **Time Required**:

   a. EO – 200 minutes;

   b. EC – 50 minutes; and

   c. PC – 200 minutes.

5. **Instructional Methods**:

   a. EDI; and

   b. FDU/EOD guest lecture to provide information on IED identification.

6. **Training Aids**:

   a. Power Point Presentation; and

   b. Inert demolitions materials and sample IEDs.

7. **Test Details**: EO 013.01 will be tested in EC 013.01 and PC 013.

8. **Remarks**: This PO shall be instructed in a single EO due to the logical sequence of instruction.

9. **Teaching Points**:

Main Teaching Point	Instructional Technique (Time in min)			References	Delivery Approach/ Spirals	Comments
	T	D	P			
Develop context via scenario based training						
1. Develop context via scenario based training by: • Discussing employment application • Experience share activity • Reviewing application to example scenario • Verify application to all EOs	50				Interactive lecture & Guided Discussion	
Ensure Safety Precautions Associated with Identifying IED's Are Taken						

2. Ensure safety precautions associated with identifying IED's are taken to include: • Do: ▪ Clear and cordon area; ▪ Recce remotely; ▪ stay under cover; and ▪ maintain safe distance; • Don't: ▪ Touch device; ▪ Stand in open; and ▪ Disturb device.	10	10	30	A2: Ch3, App 2, Table 3-A-2-1.	EDI	
Verify the IED						
3. Verify the IED to include: • RECCE to include: ▪ Reconnaissance kit: - Camera; - Mirrors; - OSC briefing cards; - Binoculars; • Anti-personnel; • Anti-property; • Identify different types of IEDs: ▪ Timed device; ▪ Command device; and ▪ Victim device; and • Potential damage from IED.	10	10	30	A2: Ch3, App 2, Table 3-A-2-1.	EDI	
Brief the on-Scene Commander on Identification of IED						
4. Brief the on-Scene Commander on Identification of IED to include:	10	10	30	A2: Ch3, App 2, Table 3-A-2-1.	EDI	

• Location of IED:
  ▪ Space;
  ▪ Zone;
  ▪ Frame;
  ▪ Location within the space;
• Description of the device and time of detonation if possible;
• Recommend sentry locations; and
• Blast routes.						

EC 013.01 Supervise Ship's Explosive Ordinance Identification Team

PART I – ADMINISTRATIVE INSTRUCTIONS

Material and Facilities Instructions

1. Classroom.

Arrangements and Procedures

2. EC 013.01 will be a practical assessment based on content from EO 013.01.

3. To pass this EC, the trainee must achieve 20/29 SATs and all critical factors.

4. Time required: 50 minutes.

5. References will be available.

PART II – PRACTICAL ASSESSMENT INSTRUCTIONS GIVEN TO TRAINEE

1. EC 013.01 will be a practical assessment based on content from EO 013.01.

2. During this practical assessment, you will Supervise Ship's Explosive Ordinance Identification Team. You must pass this EC to pass EO 013.01.

3. References will be provided.

4. Pass mark is 20/29 SATs and all critical factors IAW ECL 013.01.

5. You will have 50 minutes to complete this assessment.

6. Do you have any questions before you start?

PART III – ENABLING CHECK NOTES

1. This assessment will be a paper-based assignment where the trainees will simulate a bomb search in the classroom and be required to collect the relevant information used as a report for the EOD team. Question sheet available with MLP.

2. Trainees may use EOD turn over sheet.

3. Provide a Scenario based upon the assessment with guidance and context while evaluating performance IAW Check lists.

PC 013 Supervise Ship's Explosive Ordinance Identification Team

PART I – ADMINISTRATIVE INSTRUCTIONS

Material and Facilities Instructions

1. Classroom.

Arrangements and Procedures

2. PC 013 will be a practical assessment based on content from PO 013.

3. To pass this PC, the trainee must achieve 23/29 SATs and all critical factors.

4. Time required: 200 minutes divided equally amongst all trainees to complete this assessment.

5. References will not be required.

PART II – PRACTICAL ASSESSMENT INSTRUCTIONS GIVEN TO TRAINEE

1. PC 013 will be a practical assessment based on content from PO 013.

2. During this practical assessment, you will supervise ship's explosive ordinance identification team. You must pass this PC to pass PO 013.

3. References will not be provided.

4. Pass mark is 23/29 SATs IAW PCL 013.

5. You will have 200 minutes divided equally amongst all trainees to complete this assessment.

6. Do you have any questions before you start?

PART III – ENABLING CHECK NOTES

1. This assessment will be conducted as a bomb threat scenario using FDU assets. Trainees will be required to investigate a suspicious object and respond accordingly.

PART IV – PERFORMANCE CHECK LIST

Item	PC 013 Supervise Ship's Explosive Ordinance Identification Team	SAT	UNSAT	Remarks
General Safety				
1.	PPE: Fragmentation vest Kevlar helmet Ballistic Eye-wear	☐	☐	**CRITICAL**

PO 014 Conduct Naval Tactical Planning

EO 014.01 Conducting mission risk assessment

1. **Performance**: Conducting mission risk assessment.

2. **Conditions**:

   a. Given:

      (1) Assistance;
      (2) Computer/Microsoft Suite;
      (3) References; and
      (4) Supervision.

   b. Denied: Nil.

   c. Environment:

      (1) Classroom; and
      (2) HMC Ship.

3. **Standard**: The trainee shall conduct mission risk assessment, IAW A2 and A19, by:

   a. developing context via scenario based training;

   b. identifying considerations;

   c. identifying relevant references; and

   d. determining the proper questions to ask.

4. **Time Required**:

   a. EO – 200 minutes;

5. **Instructional Methods**:

   a. Interactive lecture; and

   b. Guided discussion.

6. **Training Aids**:

   a. Power Point Presentation; and

   b. Flip Charts.

7. **Test Details**: EO 014.01 will be tested in EC 014.02 and PC 014.

8. **Remarks**: nil.

9. **Teaching Points**:

Main Teaching Point	Instructional Technique (Time in min)			References	Delivery Approach/ Spirals	Comments
	T	D	P			
1. Develop context via scenario based training						
Develop context via scenario based training by: • Discussing employment application • Experience share activity • Reviewing application to example scenario • Verify application to all EOs	50				Interactive lecture & Guided Discussion	
2. Identify considerations						
• Personal Safety • Environmental conditions • Equipment capabilities	10	10	5		Guided Discussion	
3. Identify relevant references						
• What references are available? • Experience is your best resource • Post Deployment Reports • Seamanship evolutions requiring the interaction between two NATO vessels: - ATP 16 - Email	15	15		ATP 16	Guided Discussion	
4. Determine the proper questions to ask						
List of “what if?” style questions:	20	25	50		Guided Discussion	

• RAS with Foreign Navy using different equipment • Injury during Seamanship evolution • Impellor/boat cooling system fails during MOB recovery • Navigation and Communication problems during Over the Horizon operations • Anchor is fouled • Discuss all options, as time permits Prepare a contingency plan: • Discuss possible reactions including SOP solutions and improvised.						

PO 014 Conduct Naval Tactical Planning

EO 014.02 Conduct mission analysis

1. **Performance**: Conduct mission analysis.

2. **Conditions**:

   a. Given:

      (1) Assistance;
      (2) Computer/Microsoft Suite;
      (3) References; and
      (4) Supervision.

   b. Denied: Nil.

   c. Environment:

      (1) Classroom; and
      (2) HMC Ship.

3. **Standard**: The trainee shall conduct mission analysis, IAW A2, by:

   a. reviewing Battle Procedure;

   b. understanding the concept of operations;

   c. conducting a mission analysis; and

   d. understanding plan development.

4. **Time Required**:

   a. EO – 400 minutes;

   b. EC – 400 minutes; and

   c. PC – 800 minutes.

5. **Instructional Methods**:

   a. Interactive lecture; and

   b. Guided Discussion.

6. **Training Aids**:

   a. Power Point Presentation; and

7. **Test Details**: EO 014.02 will be tested in EC 014.02 and PC 014.

8. **Remarks**: nil.

9. **Teaching Points**:

Main Teaching Point	Instructional Technique (Time in min)			References	Delivery Approach/ Spirals	Comments
	T	D	P			
1. Review Battle Procedure						
• Definition of battle procedure • 16 steps of battle procedure • Issue orders via: - SMESC	50				Interactive Lecture & Guided Discussion	
2. Understand the concept of operations						
• Definition of CONOPS • Discuss factors	20				Interactive Lecture & Guided Discussion	
3. Conduct a mission analysis						
• How to organize information in a chart: - Factor - Deduction - Conclusion • Parts: - Mission statement - Facts - Assumptions - Limitations - Assigned task - Implied task - Changes - Points for clarification • Analysis of key factors - Environment - Enemy Force - Friendly force - Time and Space - Assessment of task	20	10	50		Interactive Lecture & Guided Discussion	

4. Understand plan development						
• Presenting COAs • See different chart options • Separate COA by: - Most Likely - 2nd Most Likely - Most Dangerous Assess by: • Summarize	20	30	200		Interactive Lecture & Guided Discussion	

EC 014.02 Conduct Mission Analysis

PART I – ADMINISTRATIVE INSTRUCTIONS

Material and Facilities Instructions

1. Classroom.

Arrangements and Procedures

2. EC 014.02 will be a practical assessment based on content from EO 014.02.

3. To pass this EC, the trainee must achieve 14/20 SATs and all critical factors.

4. Time required: 400 minutes.

5. References will be available.

PART II – PRACTICAL ASSESSMENT INSTRUCTIONS GIVEN TO TRAINEE

6. EC 014.02 will be a practical assessment based on content from EO 014.02.

7. During this practical assessment, you will conduct mission analysis. You must pass this EC to pass EO 014.02.

8. References will be provided.

9. Pass mark is 14/20 SATs and all critical factors IAW ECL 014.02.

10. You will have 400 minutes to complete this assessment and present to the class.

11. Do you have any questions before you start?

PART III – ENABLING CHECK NOTES

12. This assessment will be a practical paper-based assignment assessed in syndicates of 3-4 students according to course load. The trainees will complete the risk assessment and mission analysis and present it to the class.

13. Provide a task that would support the assessment scenario with guidance and context. Evaluate the performance IAW Check lists.

PC 014 Conduct Naval Tactical Planning

PART I – ADMINISTRATIVE INSTRUCTIONS

Material and Facilities Instructions

1. Small boat operations area.

Arrangements and Procedures

2. PC 014 will be a practical assessment based on content from PO 014.

3. To pass this PC, the trainee must achieve 28/35 SATs and all critical factors.

4. Time required: 800 minutes divided equally amongst all trainees to complete this assessment.

5. References will be provided.

PART II – PRACTICAL ASSESSMENT INSTRUCTIONS GIVEN TO TRAINEE

6. PC 014 will be a practical assessment based on content from PO 014.

7. During this practical assessment, you will supervise ship's explosive ordinance identification team. You must pass this PC to pass PO 014.

8. References will be provided.

9. Pass mark is 28/35 SATs IAW PCL 014.

10. You will have 800 minutes divided equally amongst all trainees to complete this assessment.

11. Do you have any questions before you start?

PART III – ENABLING CHECK NOTES

12. This assessment will be conducted as an operational mission scenario (suggested task to be small boat operations, TE to approve alternative scenario) using training support as actors. Trainees will be required to prepare and execute a plan IAW directives and respond accordingly to scenario.

13. Allow ample time to discuss after action reports and faults within the mission analysis as a class.

PART IV – PERFORMANCE CHECK LIST

F0490	Assess BOSN demolition team performance		
F0500	Assess rescue team performance		
F0510	Assess force protection performance		
F0520	Assess NBP performance		
F0530	Certify 40 mm deck gun crew		
F0540	Certify Royal Canadian Sea Cadet (RCSC) training vessel crews		
F0550	Advise on BOSN occupation employment		

Annex C – QSP WORKING GROUP RECORDS OF PROCEEDINGS

Dates:

Location: Naval Training Development Center Atlantic

Working Group Members:

Surname	Initials	Rank	MOSID	Unit
Fitzgerald	PJ	PO2	00105	NTDCA – SEA Div
Nickerson	TR	PO2	00105	NTDCA – SEA Div
Bonneau	MJR	Lt	00211	NTDCA – LSC Div
Breland	MI	Lt		NTDCA – LSC Div

Working Group Objective:

1. Review content's relevance to current operations.

2. Adhere to new QSP format IAW NPTORD 4500-22.

3. Support RCN initiative, FNTS.

4. Update references.

Specification Task – No Train Decisions:

Task #	Task Statement	Substantiation
	Perform the Duties of the Chief Quarter Master	This is a quick lesson plan to inform the trainees on their duties as the CQM and does not go in to detail it is mainly learned on ship.
A0590	Supervise Watch On Deck	Is a no trained is trained on job.

Discussions/Decisions:

5.

Lessons Learned:

6.

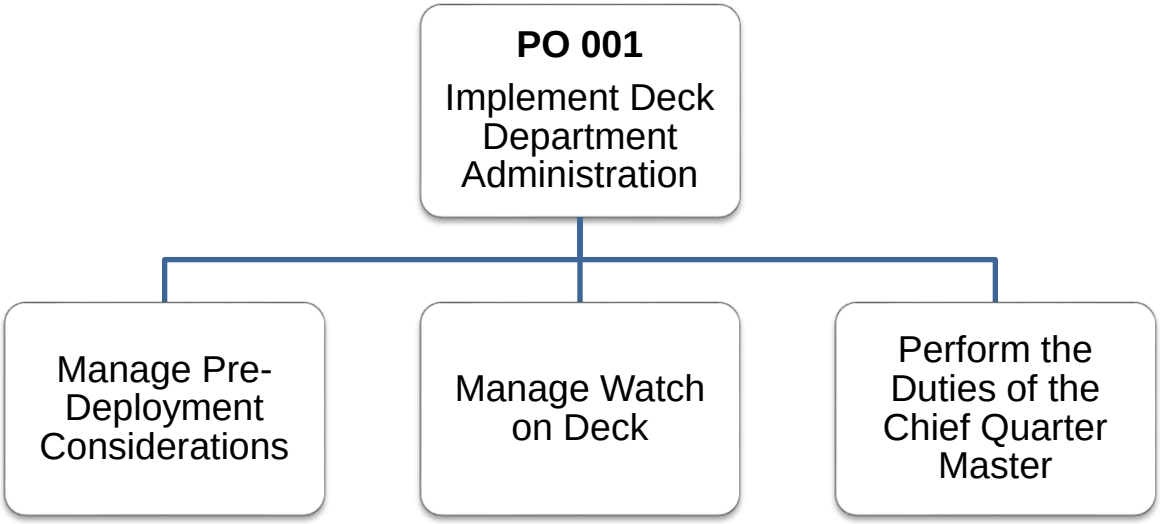
Guidance to Development and/or Instructional Staff:

7.

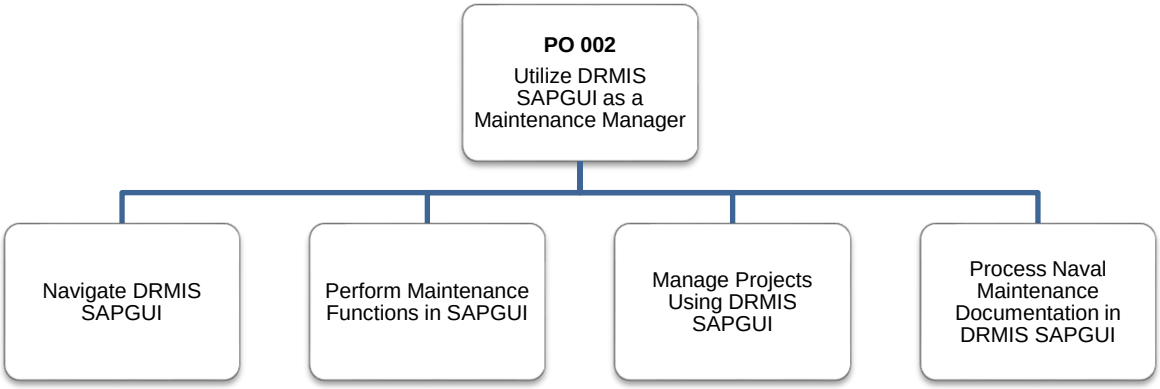
Follow Up Action:

Item	Action	OPI	Expected Date of Completion
1			
2			

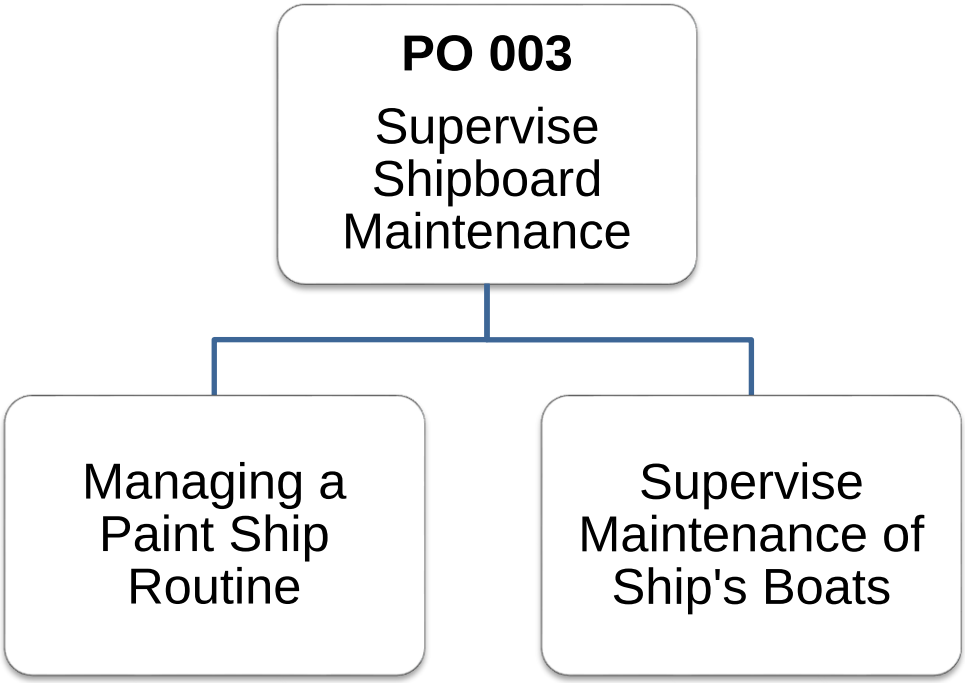
Other Considerations (if applicable):



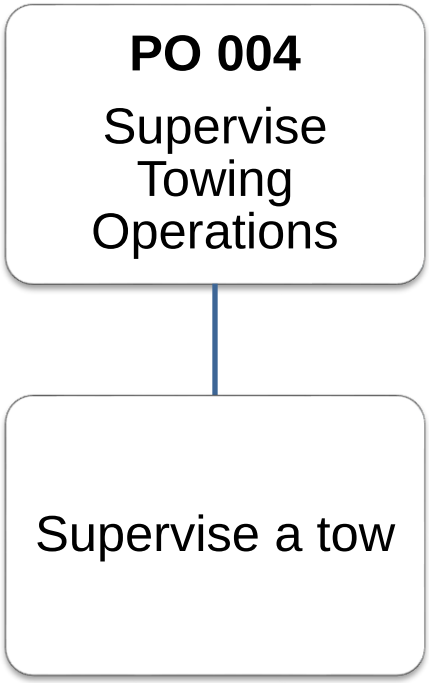
PO 001
Implement Deck Department Administration
Manage Pre-Deployment Considerations
Manage Watch on Deck
Perform the Duties of the Chief Quarter Master



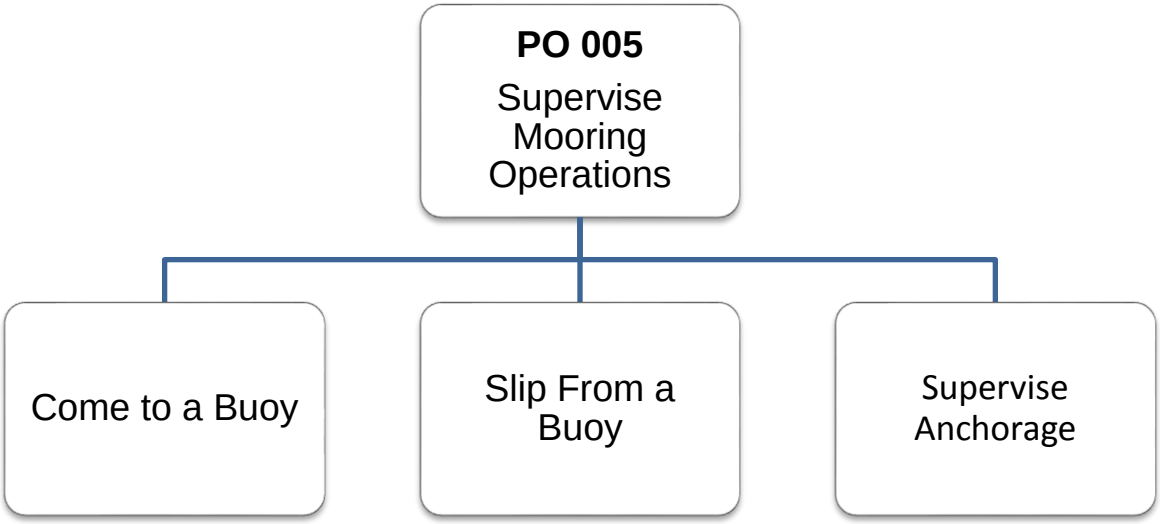
PO 002
Utilize DRMIS SAPGUI as a Maintenance Manager
Navigate DRMIS SAPGUI
Perform Maintenance Functions in SAPGUI
Manage Projects Using DRMIS SAPGUI
Process Naval Maintenance Documentation in DRMIS SAPGUI



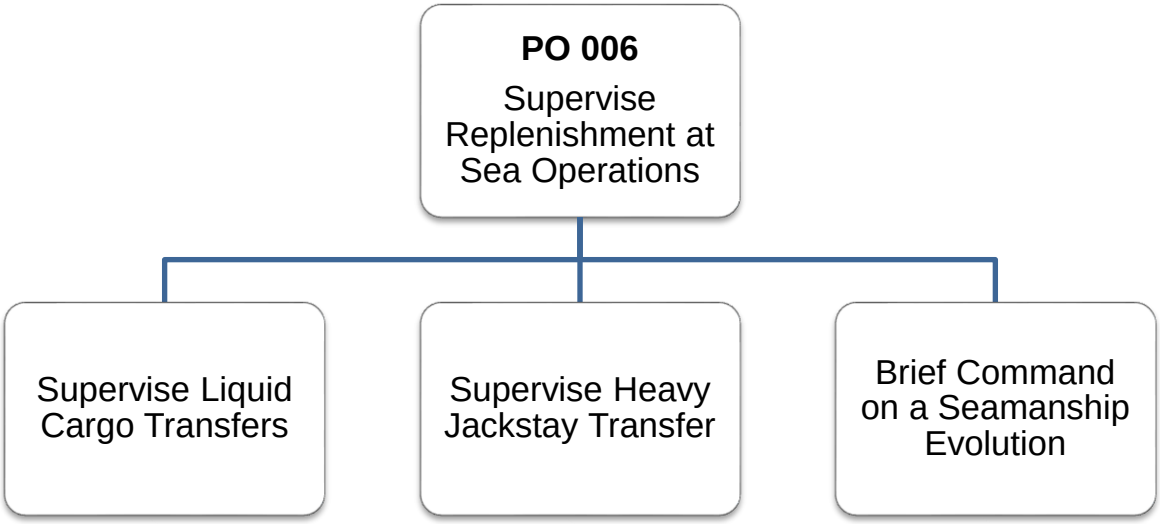
PO 003
Supervise Shipboard Maintenance
Managing a Paint Ship Routine
Supervise Maintenance of Ship's Boats



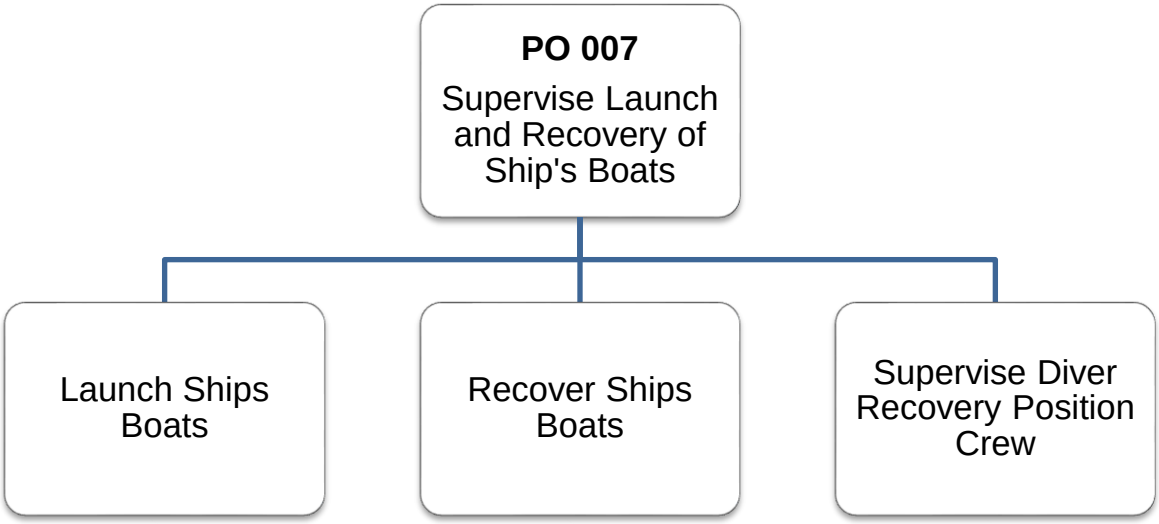
PO 004
Supervise Towing Operations
Supervise a tow



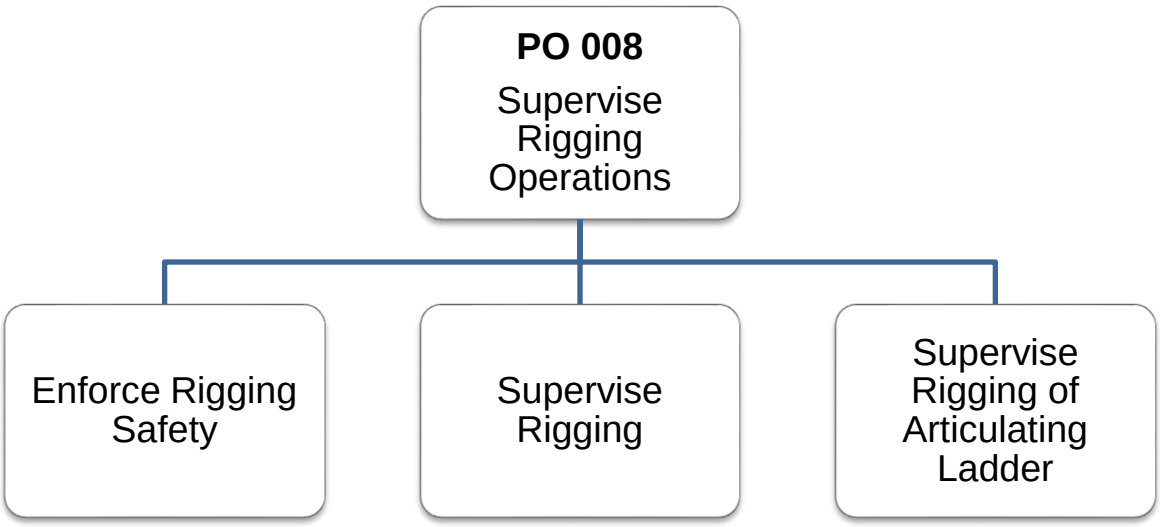
PO 005
Supervise Mooring Operations
Come to a Buoy
Slip From a Buoy
Supervise Anchorage



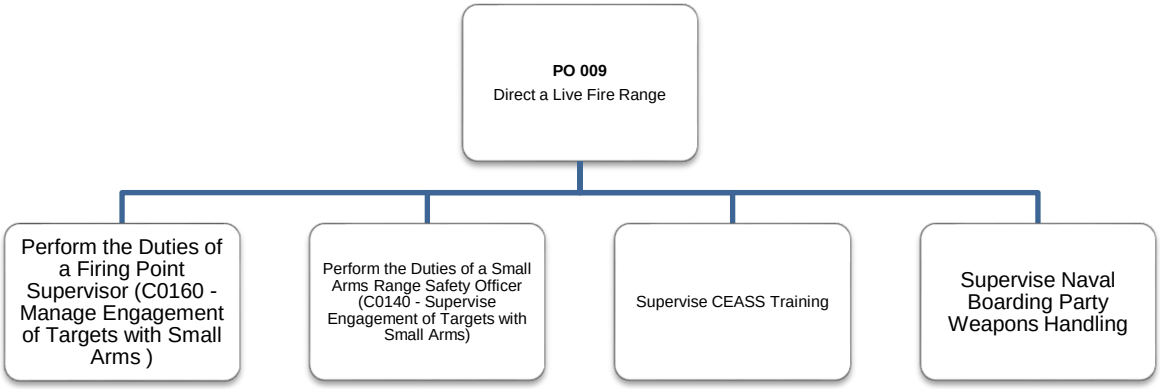
PO 006
Supervise Replenishment at Sea Operations
Supervise Liquid Cargo Transfers
Supervise Heavy Jackstay Transfer
Brief Command on a Seamanship Evolution



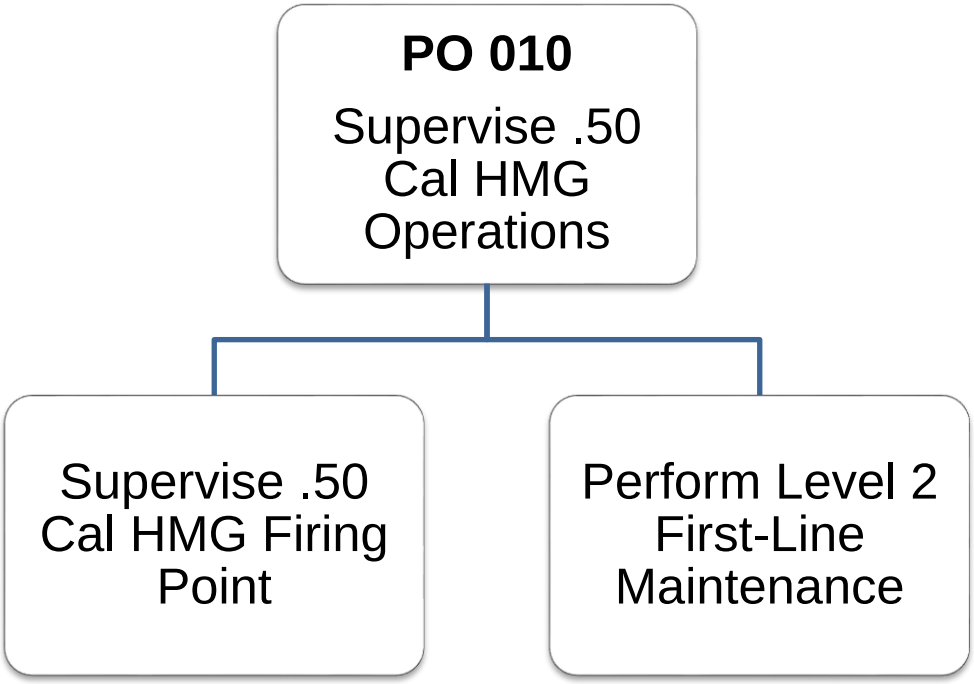
PO 007
Supervise Launch and Recovery of Ship's Boats
Launch Ships Boats
Recover Ships Boats
Supervise Diver Recovery Position Crew



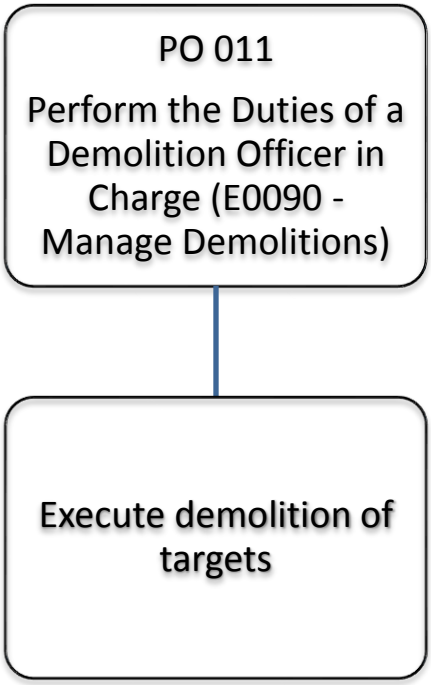
PO 008
Supervise Rigging Operations
Enforce Rigging Safety
Supervise Rigging
Supervise Rigging of Articulating Ladder



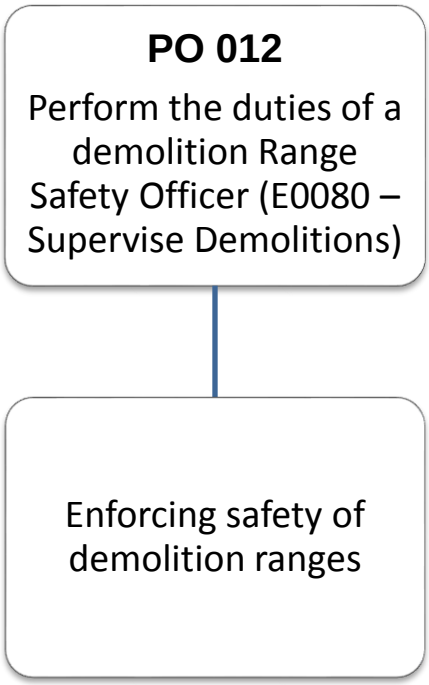
PO 009
Direct a Live Fire Range
Perform the Duties of a Firing Point Supervisor (C0160 - Manage Engagement of Targets with Small Arms)
Perform the Duties of a Small Arms Range Safety Officer (C0140 - Supervise Engagement of Targets with Small Arms)
Supervise CEASS Training
Supervise Naval Boarding Party Weapons Handling



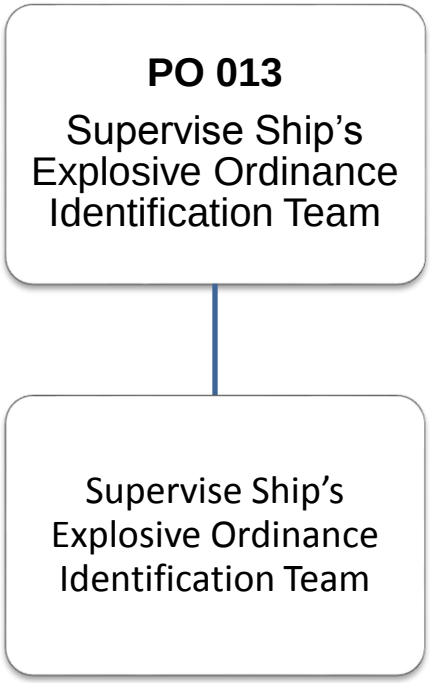
PO 010
Supervise .50 Cal HMG Operations
Supervise .50 Cal HMG Firing Point
Perform Level 2 First-Line Maintenance



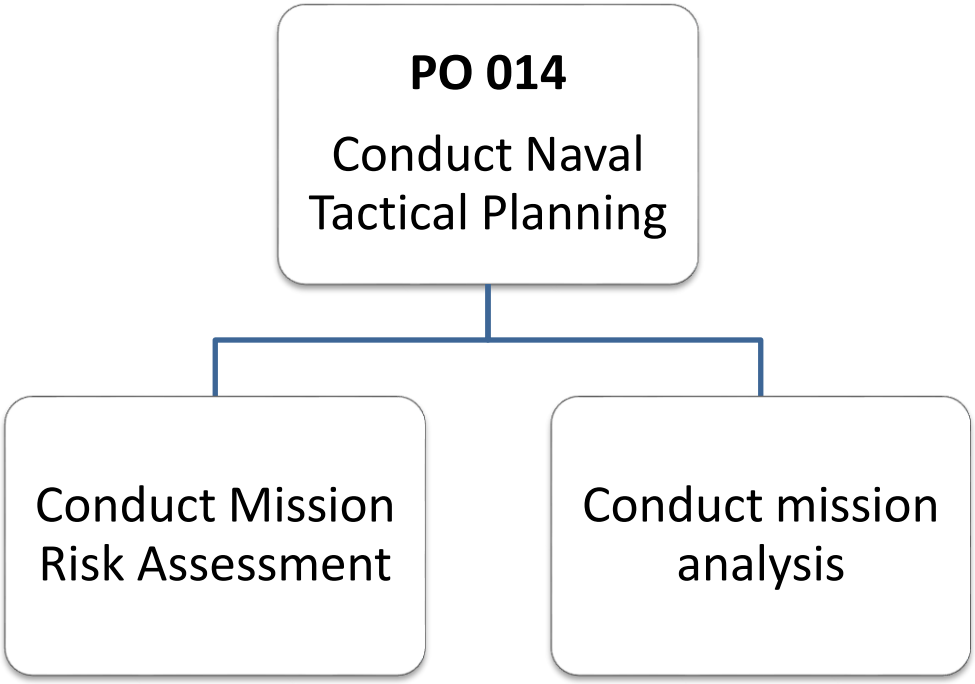
PO 011
Perform the Duties of a Demolition Officer in Charge (E0090 - Manage Demolitions)
Execute demolition of targets



PO 012
Perform the duties of a demolition Range Safety Officer (E0080 – Supervise Demolitions)
Enforcing safety of demolition ranges



PO 013
Supervise Ship's Explosive Ordinance Identification Team
Supervise Ship's Explosive Ordinance Identification Team



PO 014
Conduct Naval Tactical Planning
Conduct Mission Risk Assessment
Conduct mission analysis

PROTECTED B (when completed)

CERTIFICATE OF QUALIFICATION

Name and Initials	Rank	SN
Date Training Started		Expected Date of Completion

NOTES

- The OJPR must be completed in accordance with the instructions below.
- Incorrect or incomplete OJPR will be returned for re-submission.

INSTRUCTIONS

1. One copy of this OJPR, hereinafter referred to as the master copy, shall be made up for each individual beginning OJT. It shall be kept and maintained by the supervisor. The Training Establishment (TE) shall make a duplicate copy for retention by the trainee for the purpose of recording and reviewing individual progress. The TE for the OJPR must maintain Training Tracker fields as outlined in Monitor Mass.

2. As the trainee completes each Performance Objective (PO) to the required standard, the Training PO or Officer will date and sign the applicable item on the master and duplicate copies of the OJPR sheet and inform the individual of the action taken.

3. It may not be possible to conduct OJT for some POs if, for example, the necessary equipment is not fitted on a ship, is not on issue to the unit, or is otherwise unavailable. If the training PO or Officer encounters any of these issues they are directed to contact Naval Fleet Schools for guidance.

PROGESS REVIEW

4. Progress review shall be carried out quarterly by the Divisional Officer and Section Head (NCMs) or Training Officer (Officers),

OJPR Reviewed By:	Signature	Date

INSTRUCTIONS AND CHECKLISTS

PROTECTED B (when completed)

5. The following checklists are to be used to evaluate the candidate's ability to perform the tasks and/or demonstrate the skills necessary to fulfil the requirements of OJT PC 00X, 00X, 00X, and 00X.

a. OJT PC 00X – Title;

b. OJT PC 00X – Title;

c. OJT PC 00X – Title; and

d. OJT PC 00X – Title.

6. Within the period of approximately number months, the candidate shall be required to perform all of the activities listed on the OJT PC checklists under the observation, supervision, and evaluation of a supervisor.

7. The checklists reflect the required performance for the skills/tasks specified in POs add numbers. The OJT supervisor shall complete the checklists for all observed activities until the candidate has successfully completed all activities without assistance.

8. Following each observed session the OJT supervisor will debrief the candidate.

PROTECTED B (when completed)

	Total	**2800**	**3150**	**2400**	**8350**

* Include review and debrief time.

Module 3 – Rigging

	Suggested timings	EO	EC*	PC*	PO
Content	**Title**				
EO 007.01	Launch Ships Boats	150	300	-	
EO 007.02	Recover Ships Boats	100	300	-	
EO 007.03	Supervise Diver Recovery Position Crew	50	150	400	**1450**
EO 008.01	Enforce Rigging Safety	150	-	-	
EO 008.02	Supervise Rigging	900	400	-	
EO 008.03	Supervise Articulating Ladder	100	200	800	**2550**
	Total	**1450**	**1350**	**1200**	**4000**

* Include review and debrief time.

Module 4 – Small Arms and Demolition

		EO	EC*	PC*	PO
Content	**Title**				
EO 009.01	Perform the Duties of a Firing Point Supervisor	650	1000	-	
EO 009.02	Perform the Duties of a Small Arms Range Safety Officer	200	1000	-	
EO 009.03	Supervise CEASS Training	400	800	-	
EO 009.04	Supervise Naval Boarding Party Weapons Handling	2100	150	2150	**8450**
EO 010.01	Supervise .50 Cal HMG Firing Point	150	300	-	
EO 010.02	Perform Level 2 First-Line Maintenance	200	200	400	**1250**
EO 011.01	Co-ordinate Demolition Range Operations	1050	1000	1000	**3050**
EO 012.01	Enforcing safety of demolition ranges	1050	1000	1000	**3050**
	Total	**5800**	**5450**	**4550**	**15800**

* Include review and debrief time.

In accordance with Chapter 1, paragraph 3, add any extra tables or paragraphs used for training resources in this annex. (**Not to be deleted**)

Annex I – COSTING INFORMATION

1. This Annex is optional.

Annex J – COURSE HISTORY

1. This annex is to record course history issues such as explanations of amendments, pertinent findings, trends, resource problems and modifications. Focus should be given to both excellent and questionable issues of the course. Capturing important course history information is a useful managerial tool for amendment considerations by future course developers.

2. Form found in NPTORD 4500-22 Annex B (dated Jan 17)

NPTORD 4500-22
QSP - Amendment -

3. IAW FNTS, this course has been revised to provide a hands on approach to training. Classroom time has been diverted into more practical settings when applicable, teaching the members how to extract information from Doctrine and execute a task in an operational setting.

4. QSP Working Group was directed to develop scenario based training IAW NTDC (A) training plan.

5. Removal of:
   a. Conducting light jackstay;
   b. Directing small boats;
   c. Acting as ammunition custodian;
   d. Conducting Naval ceremonies; and
   e. Explaining the use of force model.

6. Addition of:
   a. Supervising Dive Recovery Position (DRP) crew;
   b. Supervise Naval Boarding Party (NBP) weapons handling instruction;
   c. Departmental pre-deployment preparation; and
   d. Conduct naval tactical planning. This Performance Objective was added as a solution to the training gap between the rank of PO2 and CPO2 to accommodate personnel in CBM position on board Kingston class and AOPS.

Note: This annex shall NOT be deleted. This annex must be annotated with every update or modification to this QSP. This is in addition to making the appropriate entry in the Record of Amendments table. Details as to the nature and reasons for amendments are to be provided here.

16 Sept 18 - Pre pilot review of QSP complete at NPTG HQ. QSP added to RDIMS and uploaded to QSP SharePoint. MITE Codes created. Further development and amendment to be considered post Pilot.
CPO2 A.J. Carnegie, Bosn Training Manager

EC/PC	Scope Covered	Purpose	How	Pass/Fail Criteria
EC 001.01	EO 001.01	To assess candidate's ability to: - Manage pre-deployment considerations.	Written	The trainee must achieve 70%
EC 001.02	EO 001.02	To assess candidate's ability to: Manage watch on deck.	Written/ practical	The trainee must achieve 10/14 SATs
EC 001.03	EO 001.03	To assess candidate's ability to: - Perform the duties of the Chief Quarter Master.	Written	The trainee must achieve 70%
PC 001	PO 001	To assess candidate's ability to: - Implement deck department administration.	Written/ practical	The trainee must achieve 80%.
EC 002.01	EO 002.01	To assess candidate's ability to: - Navigate DRMIS SAPGUI.	Practical	The trainee must achieve 60 %.
EC 002.02	EO 002.02	To assess candidate's ability to: - Perform maintenance functions in SAPGUI.	Practical	The trainee must achieve 60 %.
EC 002.03	EO 002.03	To assess candidate's ability to: - Manage projects using DRMIS SAPGUI.	Practical	The trainee must achieve 60 %.
EC 002.04	EO 002.04	To assess candidate's ability to: - Processing naval maintenance documentation in DRMIS SAPGUI.	Practical	The trainee must achieve 60 %.
PC 002	PO 002	To assess candidate's ability to: - utilize DRMIS SAPGUI as a maintenance manager		NO PC
EC 003.01	EO 003.01	To assess candidate's ability to: - manage a paint ship routine	Written/ practical	The trainee must achieve 11/15 SATs
EC 003.02	EO 003.02	To assess candidate's ability to: - supervise maintenance of boats	Practical/ Written	Trainee must achieve 2/3 SATS.
PC 003	PO 003	To assess candidate's ability to: - supervise shipboard maintenance	Written	The trainee must achieve 80%.
EC 004.01-A	EO 004.01	To assess candidate's ability to: - Supervise a tow.	Practical	The trainee must achieve 16/22 SATs and all critical factors.
EC 004.01-B	EO 004.01	To assess candidate's ability to: - Supervise a tow.	Practical	The trainee must achieve 16/22 SATs

				and all critical factors.
PC 004-A	PO 004	To assess candidate's ability to: - Supervise towing operations.	Practical	Trainee must achieve 18/22 SATs on non-critical factors
PC 004-B	PO 004	To assess candidate's ability to: Supervise towing operations.	Practical	Trainee must achieve 18/22 SATs on non-critical factors
EC 005.01	EO 005.01	To assess candidate's ability to: - Come to a buoy.	Practical	Trainee must achieve 17/24 SATs and all critical factors
EC 005.02	EO 005.02	To assess candidate's ability to: - Slip from a buoy.	Practical	The trainee must achieve 17/24 SATs and all critical factors
EC 005.03	EO 005.03	To assess candidate's ability to: - Supervise anchorage.	Practical	Trainee must achieve 13/18 SATs on non-critical factors AND all critical factors to pass this EC
PC 005	PO 005	To assess candidate's ability to: - Supervise mooring operations.	Practical	Trainee must achieve 24/30 SATs on non-critical factors **AND** all critical factors to pass this PC.
EC 006.01	EO 006.01	To assess candidate's ability to: - Supervise liquid cargo transfers.	Practical	Trainee must achieve 30/43 SATs on non-critical factors **AND**

				all critical factors to pass this EC.
EC 006.02	E0 006.02	To assess candidate's ability to: - Supervise heavy jackstay transfer.	Practical	Trainee must achieve 32/46 SATs and all critical factors to pass this EC
EC 006.03	EO 006.03	To assess candidate's ability to: - Brief command on a seamanship evolution.	Practical	Trainee must achieve 5/7 SATs and all critical factors to pass this EC
PC 006	PO 006	To assess candidate's ability to: - Supervise replenishment at sea operations.	Practical	Trainee must achieve 34/43 SATs on Supervise Liquid Cargo and all critical factors to pass this PC Or 37/46 SATs and all critical factors on Supervise a Heavy jackstay Transfer to pass this PC
EC 007.01	EO 007.01	To assess candidate's ability to: - Launch ship's boats.	Practical	Trainee must achieve 15/21 SATs and all critical factors to pass this EC
EC 007.02	EO 007.02	To assess candidate's ability to: - Recover ship's boats.	Practical	Trainee must achieve 20/29 SATs and all critical factors to pass this EC
EC 007.03	EO 007.03	To assess candidate's ability to: - Supervise diver recovery position crew.	Practical	Trainee must achieve 9/13 SATs and all critical

				factors to pass this EC
PC 007	PO 007	To assess candidate's ability to: - Supervise launch and recovery of ship's boats.	Practical	Trainee must achieve 40/50 SATs and all critical factors to pass this PC.
EC 008.02	EO 008.02	To assess candidate's ability to: - Supervise rigging.	Practical	Trainee must achieve 15/22 SATs and all critical factors to pass this EC.
EC 008.03	EO 008.03	To assess candidate's ability to: - Supervise articulating ladder.	Practical	Trainee must achieve 6/9 SATs and all critical factors to pass this EC.
PC 008	PO 008	To assess candidate's ability to: - Supervise rigging operations.	Practical	Trainee must achieve 18/23 SATs and all critical factors to pass this PC.
EC 009.01	EO 009.01	To assess candidate's ability to: - perform the duties of a firing point supervisor (C0160)	Practical	Trainee must achieve 15/21 SATs and all critical factors to pass this EC.
EC 009.02-A	EO 009.02	To assess candidate's ability to: perform the duties of a small arms range safety officer (C0140)	Written	100%
EC 009.02-B	EO 009.02	To assess candidate's ability to: - perform the duties of a small arms range safety officer (C0140)	Practical	Trainee must achieve 11/16 SATs and all critical factors to pass this EC.

EC 009.03-A	EO 009.03	To assess candidate's ability to: - Supervise CEASS Training.	Practical	Trainee must achieve 15/21 SATs and all critical factors to pass this EC.
EC 009.03-B	EO 009.03	To assess candidate's ability to: - Enforce CEASS safety.	Practical	Trainee must achieve 11/16 SATs and all critical factors to pass this EC.
EC 009.04-A	EO 009.04	To assess candidate's ability to: - Supervise naval boarding party weapons handling.	Practical	Trainee must achieve 23/32 SATs and all critical factors to pass this EC.
EC 009.04-B	EO 009.04	To assess candidate's ability to: Supervise naval boarding party weapons handling.	Practical	Trainee must achieve 38/54 SATs and all critical factors to pass this EC.
PC 009	PO 009	To assess candidate's ability to: - Direct a live fire range.	Practical	Trainee must achieve 16/20 SATs and all critical factors to pass this Part A. PC. Trainee must achieve 13/16 SATs and all critical factors to pass Part B PC.
EC 010.01	EO 010.01	To assess candidate's ability to: - Supervise .50 cal HMG firing point.	Practical	Trainee must achieve 12/17 SATs

				and all critical factors to pass this EC.
EC 010.02	EO 010.02	To assess candidate's ability to: - Perform level 2 first-line maintenance.	Practical	Trainee must achieve 5/7 SATs and all critical factors to pass this EC.
PC 010	PO 010	To assess candidate's ability to: - Supervise .50 cal HMG operations.	Practical	Trainee must achieve 14/17 SATs and all critical factors to pass this PC.
EC 011.01	EO 011.01 EO 011.01 EO 011.01	To assess candidate's ability to: - Co-ordinate demolition range operations. - Coordinate section tasks for demolition projects. - Execute demolition of targets.	Practical	Trainee must achieve 66/80 SATs and all critical factors to pass this EC.
PC 011	PO 011	To assess candidate's ability to: - Perform the duties of a demolition OIC (E0090).	Practical	Trainee must achieve 66/80 SATs on non-critical factors **AND** all critical factors to pass this PC.
EC 012.01-A	EO 012.01	To assess candidate's ability to: - enforcing safety of demolition ranges.	Written	100%
EC 012.01-B	EO 012.01	To assess candidate's ability to: - Enforcing safety of demolition ranges.	Practical	Trainee must achieve 29/41 SATs and all critical factors to pass this EC.
PC 012	PO 012	To assess candidate's ability to: - Perform the duties of a demolition RSO (E0080).	Practical	Trainee must achieve 33/41 SATs

				and all critical factors to pass this PC.
EC 013.01	EO 013.01	To assess candidate's ability to: - Supervise Ship's Explosive Ordinance Identification Team.	Practical	Trainee must achieve 20/29 SATs and all critical factors to pass this EC.
PC 013	PO 013	To assess candidate's ability to: - Supervise ship's explosive ordinance identification team.	Practical	Trainee must achieve 13/16 SATs and all critical factors to this PC.
EC 014.02	EO 014.01 & 014.02	To assess candidate's ability to: - Conduct mission risk assessments; and - Conduct mission analysis.	Written	Trainee must achieve 14/22 SATs and all critical factors to pass this EC.
PC 014	PO 014	To assess candidate's ability to: - Conduct tactical planning.	Practical	Trainee must achieve 28/35 SATs and all critical factors to this PC.

Annex L – TEL DEVELOPMENT
