HALIFAX CLASS ON-THE-JOB PERFORMANCE REQUIREMENTS FOR DUTY COXSWAIN

MITE Code: 121125

APPLICABLE TO HALIFAX CLASS VESSELS
OPI: Naval Training Development Centre Pacific (C&L Division)
AUTHORITY: Naval Personnel & Trainig Group HQ – Bosn Training Manager
DATE Approved: May 2017
MARPAC RDIMS# 668275

DUTY COXSWAIN TRAINING PACKAGE

1. This On-The-Job Performance Requirement (OJPR) has been developed in accordance with the performance-oriented concept of training in consultation with Sea Training Group (STG). Completion of this OJPR under the direction of the Ship's Coxswain, will qualify the individual to act as Duty Coxn in all ships of the HALIFAX-Class. Specific details are contained in Chapter 3 of this document.

2. This package is to be used for the training of all HALIFAX-Class personnel who will be responsible for carrying out the duties of Duty Coxn. This standard applies to only those personnel judged competent by the Commanding Officer drawn from a roster of PO1, PO2s and qualified MS of the Combat, Deck, Executive, and Logistics departments, and as such, the qualification MITE code must be entered into HRMS.

3. Personnel attempting to qualify as Duty Coxn must satisfy all aspects of this OJPR, including annexes.

4. This document is effective upon receipt.

CHAPTER 1

OVERVIEW

AIM

1. The aim of this document is to specify the performance standards that must be achieved during on-the-job training to qualify for Duty Coxn.

SCOPE AND DURATION

2. The time required to complete training in accordance with this OJPR should not normally exceed three months (at the discretion of the Coxn, non-hard sea trades (otherwise known as Purple Trades, may initially be granted more time). This OJPR applies to all those standing Duty Coxn watches.

> ***NOTE:*** *Trainees who* ***do not*** *complete this package* ***within three months*** *of joining HALIFAX Class Ships, will be subject to supplementary training and may stand a more frequent duty watch rotation, which will include weekends, to assist in completion this OJPR. This will be at the discretion of the Coxswain.*

USE OF ON-THE-JOB PERFORMANCE REQUIREMENT PACKAGE

3. This OJPR shall be used by all Commands, Formations, and Units as the primary document governing the content, organization, and conduct of the required on-job training (OJT).

4. This OJPR is used:

   a. to ensure that all eligible members are afforded the opportunity to train to a known and expected standard; and

   b. as a control document to ensure that the member has completed the necessary training to the standard detailed in Chapter 4 to safely perform Duty Coxn duties.

5. On completion of this OJPR, the MSE Training PO shall request MITE update by emailing (scanned) the completed Annex D to:

   a. +NFS (A) MITE@NFS (A)@Halifax; or

   b. +NFS (P) MITE@NFS (P)@Esquimalt, as appropriate.

CHANGES TO THE ON-THE-JOB -PERFORMANCE PACKAGE

6. To request changes to this document, written substantiation must be forwarded to Sea Training Group (Halifax) (STG). Upon receipt of change request, the proposal shall be evaluated and forwarded by STG to the designated Trade Manager as identified on the title page.

    a. NPTG Training Manager – Revisions to chapters within the package, filing within RDIMS and placement within repository for distribution to fleet users.

CHAPTER 2

ON-THE-JOB TRAINING MANAGEMENT DETAILS

GENERAL

1. This chapter summarizes the pertinent information, data, and documents that may be required by training officers and supervisors when organizing and conducting on-the-job training.

2. Problems concerning implementation of this OJPR should be referred to the Naval Training Development Centre Pacific, (C&L Division) through the applicable chain-of-command.

SUMMARY OF PERTINENT DATA

3. The Duty Coxn is the Coxswain's representative during non-working hours. He is acting as senior NCM on board ship and is responsible to the OOD for the safety and security of the ship and all personnel onboard. The Duty Coxn is the advisor to the OOD on all matters concerning personnel, duty watch, physical security, standards and procedures of HMC ships. In the chain of command, (s) he is ranked immediately below the OOD, regardless of the rank of any other person onboard. The Duty Coxn's responsibilities include:

a. all duties listed in current version SSOs Chapter 2;

b. additional responsibilities in accordance with the most up to date Naval Force Protection SOP;

c. in foreign ports, verify that the ships company is correct at leave expiration and report to the OOD;

d. be prepared to assist or assume OOD's responsibilities, if necessary;

e. supervise ceremonial procedures; and

f. supervise alongside seamanship evolutions.

4. PREREQUISITES – The requirements listed below must be met prior to commencement of this OJPR:

a. be the rank of PO1 or PO2, and select MS (subject to current version SSO's) of the Combat, Deck, Executive, and Logistics departments; and

b. NETP modules 1 thru 4 (MITE codes 118531,118532,118533, 118534), the NETP OJPR (MITE code 118535) may be completed in conjunction with this OJPR.

c. All candidates must have completed Bystander Intervention Training and Harassment and Inappropriate Sexual Behaviour Training (HISB).

5. REQUIREMENTS - The Duty Coxn Qualification may only be granted once the following requirements have been met:

a. all candidates shall have a current first aid qualification;

b. all candidates shall have a current small arms qualification;

c. all candidates have Annex F of Ch.2 of current version SSOs completed in its entirety;

d. an understanding of the duties and responsibilities of all other duty positions has been established;

e. all candidates shall have HISB Facilitator training;

f. all candidates shall have HISB Bystander training;

g. all candidates must have completed the Duty Coxn/computer based assessment package through DLN (when implemented);

h. all candidates must have completed the Know Your Ship book computer based assessment package through DLN(when implemented);

i. completion of this OJPR and all its Annexes; and

j. BDCS OP Course (MITE code 120070, 120071, or 119162).

PLANNING AND CONTROLLING ON-THE-JOB TRAINING

7. The Commanding Officer shall direct the Coxswain to be responsible to establish a training system and methodology onboard to ensure the proper and timely training of Duty Coxn's. They are not to permit anyone to stand duty as Duty Coxn until satisfied in their abilities and successful completion of this OJPR. To accomplish the objectives of this OJPR package, the following shall be established/adhered to:

a. a single point of contact in the Executive, CBT, DECK, MSE and CSE departments for related Performance Objectives be designated;

b. a Duty Coxn Coordinator to coordinate and control Duty Coxn training and maintain individual progress in the MM training tracker be designated;

c. a maximum rotation of one in ten overnight double banked duty watches are to be stood prior to performing the final walkthrough/board examination;

d. if the member goes beyond the required timeline or is significantly behind on their package they shall be placed in a one in five rotation; and

e. that all those standing Duty Coxn watches have had Annex A through E completed and assigned a MITE code.

INSTRUCTIONS FOR TRAINEES

8. Any problem encountered during the training period should be immediately brought to the attention of the Duty Coxn Coordinator.

9. It is in the trainee's best interest to progress with his/her training as quickly as possible. Each PO shall be practiced in slow time until the required measure of proficiency is attained. When the trainee considers that (s) he has the knowledge and dexterity to complete the PO under the stated conditions, and to the standard required, (s) he shall request a designated assessor to examine their abilities. On successful completion of the POs, (s) he shall ensure their OJPR is updated.

CHAPTER 3

ASSESSMENT OF TRAINEE

GENERAL

1. Each PO in Chapter 4 shall be considered as a progress test. The member's ability to perform the POs collectively is a test of his/her ability to perform the duty.

ASSESSING PERFORMANCE

2. Once the trainee has successfully practiced the PO, such that (s) he is confident and capable of independently performing the task to the standard stated in Paragraph 3, (s) he shall be assessed by the designated assessor; this assessment is as equally important as the instruction itself. Ideally, the number of assessors at each unit should be kept to a minimum to avoid a diversity of acceptable performance. It is therefore essential that specific senior personnel be assigned to evaluate the OJPR and performance assessment.

3. Paragraph 3 of each PO describes the acceptable standard of performance, i.e. the acceptable manner or performance required. Paragraph 3 of the POs is to be used by both instructors and assessors to instruct and evaluate trainees. While every effort has been made to ensure that the PO are accurate and complete, there may be instances, where because of differences in ships with the Class, i.e. machinery fitted or piping layout, a PO can be omitted or altered at the discretion of the Coxn (or his designate). The applicable PO shall be annotated in the OJPR by the Duty Coxn Coordinator with substantiation.

4. If, after a period of instruction and practice, the trainee cannot perform the PO in accordance with the stated standard, the instructor and assessor should together ascertain the cause. It must be remembered that individuals will differ greatly in dexterity, ability to learn, speed of reaction, motivation, application, etc. In most cases, an additional period of practice and/or study will suffice. If, however, all avenues have been explored and the trainee cannot perform the PO to the stated standard, the Divisional Chief Petty Officer shall be informed. Under no circumstances shall a trainee be checked off as having completed a PO unless (s) he has completed it successfully. To do so would jeopardize both the trainee and the ship. If, for reasons of equipment unavailability, a trainee cannot practice or be checked out on his/her own ship, alternate arrangements shall be explored on other units.

5. Completion of this OJPR, including successful completion of a Duty Coxn Board (consisting of not less than the XO, COXN, SNR HT or the equivalent QL6b MARTECH, PA and CBM), qualifies an individual to stand as Duty Coxn onboard any Halifax-Class frigate, an individual need not re-qualify for that same class of vessel unless his/her qualification is later revoked by the Commanding Officer.

ON- THE- JOB PERFORMANCE REQUIRMENT PACKAGE

6. This OJPR has been designed to meet the following:

   a. to record a trainee's ability to perform the duties in accordance with the OJPR;

   b. to assist in planning and controlling the OJT for each trainee by providing a record of progress in this training;

   c. to provide the Coxn with a performance record on which to grant a qualification; and

   d. to provide the information required by the trainee's record system.

ACTION ON POSTING OR TRANSFER

7. Each unit is to use and update Monitor Mass training tracker on a regular basis to ensure the training progress is captured. When a trainee has been posted or transferred to another ship prior to completion of the training, his/her OJPR is to be reviewed by the Duty Coxn Coordinator. The name of the ship, in which the training was conducted, is to be entered in the "Remarks" column against each completed PO and the percentage completed is to be annotated. Once reviewed the original OJPR is to be forwarded to the Duty Coxn Coordinator of the gaining ship via a DND 728.

CHAPTER 4

PERFORMANCE OBJECTIVES

PO 401 KNOW YOUR SHIP

1. Performance: Proficient in HFX class ship's Damage Control (DC) and Emergency Systems.

2. Conditions:

   a. Given:

      (1) access to ship's drawings (electronic copies available);
      (2) references;
      (3) opportunity to complete FF tours;
      (4) experience standing double bank duty watches;
      (5) access to shipboard DC and emergency equipment; and
      (6) Know Your Ship Booklet.

   b. Denied:

      (1) assistance.

   c. Environment:

      (1) HFX Class ship alongside, day or night.

3. Standard: The Duty Coxn shall be proficient in the location of HFX class DC systems and equipment; and be able to operate them in normal and emergency conditions.

4. Remarks: This performance objective will be assessed by the successful completion of:

   a. Know Your Ship Booklet;
   b. Fire Fighting tours;
   c. Fire Fighting exam;
   d. Duty Coxn computer based assessment package (when implemented); and
   e. Know Your Ship Book computer based assessment package (when implemented).

PO 402 NON-EMERGENCY DUTIES

1. Performance: Perform non-emergency duties of the Duty Coxn as set out in current version of SSOs, chapter 2.

2. Conditions:

   a. Given:

      (1) references;
      (2) experience standing double bank duty watches;
      (3) access to required ship's logs; and
      (4) supervision of qualified Duty Coxn.

   b. Denied:

      (1) assistance.

   c. Environment:

      (1) HFX Class ship alongside, day or night.

3. Standard: The Duty Coxn shall perform non-emergency duties of the Duty Coxn IAW SSOs, to include:

   a. conducting a watch turnover IAW STG Duty Watch Muster Aide-Memoire;
   b. conducting a Duty Watch Muster IAW STG Duty Watch Muster Aide-Memoire;
   c. enforcing appropriate conduct IAW CAF and RCN policies, regulations, directives and orders; and
   d. informing Brow Watch Keepers of harbour SITREP.

PO 403 RESPOND TO SHIPBOARD EMERGENCIES

1. Performance: Respond to alongside shipboard emergencies.

2. Conditions:

   a. Given:

      (1) references;
      (2) DC emergencies;
      (3) duty watch personnel;
      (4) experience standing double bank duty watches; and
      (5) supervision of qualified Duty Coxn.

   b. Denied:

      (1) assistance.

   c. Environment:

      (1) HFX Class ship alongside, day or night.

3. Standard: The Duty Coxn shall respond to shipboard emergencies, taking measures to offset or minimize damage to the ship and its personnel IAW current version of SSOs:

   a. fire;
   b. flood;
   c. bomb threat;
   d. missile emergencies;
   e. explosive vapour alarm;
   f. hazardous material spill/leak;
   g. respond to emergencies on other units in harbour;
   h. man overboard;
   i. casualty; and
   j. DCS alarm.

PO 404 SECURITY

1. Performance: Enforce security policies, procedures and regulations.

2. Conditions:

   a. Given:

      (1) references;
      (2) duty watch personnel;
      (3) experience standing double bank duty watches; and
      (4) supervision of qualified Duty Coxn.

   b. Denied:

      (1) assistance.

   c. Environment:

      (1) HFX Class ship alongside, day or night.

3. Standard: The Duty Coxn shall ensure the security of the ship, its resources and personnel by enforcing:

   a. current FP SOPs;
   b. duties as per SSO's; and
   c. security policies, procedures and regulations as per RCN directives.

PO 405 FORCE PROTECTION

1. Performance: Respond to Security Threats.

2. Conditions:

   a. Given:

      (1) references;
      (2) duty watch personnel;
      (3) experience standing double bank duty watches; and
      (4) supervision of qualified Duty Coxn.

   b. Denied:

      (1) assistance.

   c. Environment:

      (1) HFX Class ship alongside, day or night.

3. Standard: As Duty Coxn respond to security threats IAW the current FP SOP and current version SSOs to include threats directed at:

   a. own ship;
   b. other ships in harbour; and
   c. assuming a higher force protection/security posture when required.

PO 406 SEAMANSHIP

1. Performance: Supervise Alongside Seamanship Evolutions.

2. Conditions:

   a. Given:

      (1) references;
      (2) experience standing double banked duty watches;
      (3) duty watch personnel; and
      (4) supervision of a qualified Duty Coxn.

   b. Denied:

      (1) assistance.

   c. Environment:

      (1) HFX Class ship alongside, day or night.

3. Standard: The Duty Coxn shall supervise personnel during alongside seamanship evolutions, to include:

   a. line handling;
   b. ship's movements;
   c. responding to weather conditions;
   d. installation of equipment to include:
      i. SUBSAR;
      ii. Hurricane Relief;
   e. supervising use of ship's crane; and
   f. safety of personnel and equipment.

PO 407 CEREMONIAL PROCEDURES

1. Performance: Ensure proper ceremonial procedures are followed.

2. Conditions:

   a. Given:

      (1) references;
      (2) experience standing double bank duty watches;
      (3) duty watch personnel; and
      (4) supervision of examining personnel.

   b. Denied

      (1) assistance.

   c. Environment:

      (1) HFX Class ship alongside, day or night.

3. Standard: The Duty Coxn shall ensure proper ceremonial procedures are observed and conducted by duty watch personnel, to include;

   a. reception of officers;
   b. piping the side;
   c. passing honours;
   d. colours and sunset;
   e. half-masting;
   f. absentee indicators;
   g. lighting;
   h. courtesy flags;
   i. flag recognition; and
   j. personal and distinguishing flags.

PO 408 ASSUME OOD DUTIES DURING EMERGENCY

1. Performance: In the absence of a qualified OOD the Duty Coxn shall assume the duties pertaining to this position during an emergency.

2. Conditions:

   a. Given:

      (1) references;
      (2) experience standing double bank Duty Coxn watches;
      (3) duty watch personnel;
      (4) supervision; and
      (5) assistance of examining personnel.

   b. Denied:

      (1) Nil.

   c. Environment:

      (1) HFX Class ship alongside, day or night.

3. Standard: The Duty Coxn shall assume duties as OOD during an alongside emergency in which the OOD is suddenly unavailable IAW SSOs Vol I, to include:

   a. conducting on scene management;
   b. establishing boundaries; and
   c. maintaining the integrity of the ship.

4. Remarks: This PO is to be assessed with the understanding that the Duty Coxn is not OOD qualified, they have not completed an OOD package nor have specific experience in the role and therefore assistance and guidance may be required and is permitted. Their overall success is to be measured on the ability to take charge of an emergency situation and employ the duty watch to best ensure the safety of the ship and its crew until relieved by qualified personnel.
